For Machines for the plastics processing industry; * with exception of machines and apparatus for application of stamping and laminating foils, transfer foils, particularly stamping and laminating foils * machines for the plastics processing industry, in particular for the production of blocks, plates, blanks and moldings of expandable plastics, foundry machinery inclusive of molding tools in the form of machine parts and machines for the recovery and reuse of plastics and metals, in particular cutting, impacting and grinding machines and mills and extruder systems, with the exception of machines and devices for the application of embossing and laminating foils, transfer foils, in particular embossing and laminating foils; soldering stations; machines and devices for the application of low-viscosity up to high-viscosity liquid media and materials, in particular solder pastes, fluxing agents, adhesives, paints, organic and synthetic pastes, as well as silicon; soldering machines, soldering apparatuses, soldering devices and soldering instruments, as far as included in this class and systems composed thereof; gas-driven soldering stations; all of the aforesaid goods as far as included in this class, in particular wave soldering machines and systems composed thereof, protective gas soldering machines and systems composed thereof; overflow and reflow soldering machines and systems composed thereof; selective soldering systems; digital printing machines, namely, stencil printers and screen printers machines for applying solder and related electronic materials in connection with the production of printed circuit boards and other electronic substrates; stencil printing machines; * for application of soldering materials; * manual soldering tools and parts of manual soldering tools; soldering irons as far as included in this class; soldering pumps as far as included in this class; all of the aforesaid goods and parts thereof as well as accessories, as far as included in this class; casting machines; low-pressure casting systems and trimming presses; cutting machines; holders for gas-heated soldering irons; soldering baths
Machinery

For Radiators for soldering irons; electrically heated devices, namely, electrical tin baths and refractory furnaces

Environmental Control Apparatus

For Installation, repair and maintenance of products of mechanical engineering and electronics

Construction and Repair

For Electric soldering irons as well as parts thereof and accessories; measuring and testing devices for electrical engineering and electronics; soldering and desoldering devices; optical, electronic and opto-electronic instruments, measuring devices and control apparatuses, in particular technical microscopes and endoscopes for cavity and gap inspection; * except goods for increasing the security against forgery as well as for the checking of optical, electronic and opto-electronic security features; * objective lenses, ocular lenses and optical components for the aforesaid goods; electric soldering stations; [ electric soldering machines, devices, apparatuses and systems as far as included in this class; ] electric soldering * machines, devices, apparatuses and systems as far as included in this class; electric soldering pumps; soldering accessories, namely, copper tips for soldering irons; electric soldering irons, in particular low-voltage soldering irons and associated transformers, in particular regulating transformers; electric soldering guns; holders for electric soldering irons; laboratory equipment, namely, crucibles which are electrically heated and in which tin is melted

Electrical and Scientific Apparatus

For Foundry services, in particular casting of ferrous and non-ferrous metals as handmade or machine-made castings; heat treatment of metals and metal parts; rental of machine tools; treatment of plastic materials and recycling of plastic materials and metals

Material Treatment

For Services rendered by an architect or engineer, in particular in the field of foundry engineering; technical planning with regard to foundries and foundry installations, machines for working plastic materials, companies, installations and machines for recycling of plastic materials and metals; rental of electronic data processing devices; plastics processing, namely, recovery and reuse of plastics and metals

Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of the word "Tabby" in all capital letters except for the letter "y,", drawn to resemble a cat. The letter "T" in Tabby rises above the word to evoke a cat's head, and there are 2 inverted letter "v"s above the letter "T" to resemble a cat's ears. The bottom of the "legs" of the letter "A" curve slightly to evoke a cat's paws, and the "legs" of the letter "A" dip below the other letters of the word to evoke a cat's front legs, especially the right "leg" of the letter "A" which dips significantly. The descender (or tail) in the letter "y" dips below the word to evoke a cat's hind legs. The descender (or tail) in the letter "y" loops above the word to evoke a cat's tail.
Color Claimed Color is not claimed as a feature of the mark.
