For bags being pouches of plastics, for packaging; bags being pouches of plastics used as packaging for food; bags being pouches of plastics for wrapping; bags for microwave cooking; body cleaning sheet of paper for hygienic purpose, namely, toilet paper, paper towels, towelette, not pre-moistened; cardboard backing for binding books; bookbinding tape; stationery covers being book covers; filter paper; food wrapping plastic bags for commercial use; food wrapping plastic bags for household purposes; food wrapping plastic film for commercial use; food wrapping plastic film for household purposes; food wrapping plastic film for industrial purposes; garbage bags of paper for household purposes; garbage bags of plastic; hand towels of non-woven fabrics being as hand towels of paper; hand towels of paper; handkerchiefs of non-woven fabrics being as handkerchiefs of paper; handkerchiefs of paper; hygienic hand towels of non-woven fabrics being hygienic hand towels of paper; hygienic hand towels of paper; industrial packaging containers of paper; modeling materials being modeling clays, wax and paste, and molds for modeling clays, wax and paste; modelling compounds; modeling materials being modeling clays, wax and paste, and molds for modeling clays, wax and paste for artists; paper and cardboard; paper tissues and tissues of non-woven paper; paper washcloths; parchment paper containing exothermic body or substance for use in microwave; pastes and other adhesives for stationery or household purposes; plastic bags for packaging; plastic bags for packing; plastic bubble packs for wrapping or packaging; plastic cling film, extensible, for palletization; plastic film and sheet used as packaging for food; plastic film for packaging; plastic film for wrapping; plastic films used as packaging for food; plastic food storage bags for commercial use; plastic sheet for packaging; plastic sheet for wrapping; plastic sheets, films and bags for wrapping and packaging; plastic wrap films; stationery; table napkins of non-woven fabrics being table napkins of paper; table napkins of paper; tablecloths of paper; tissues of paper for cosmetic use; towels of paper; towels of paper of non-woven fabrics used as towels of paper; wrapping plastic bags for preserving; wrapping plastic bags for preserving of food, fresh flowers and other perishable items; wrapping plastic bags for the fresh-keeping; wrapping plastic bags for the fresh-keeping of food, fresh flowers and other perishable items; wrapping plastic film for commercial use; wrapping plastic film for preserving of food, fresh flowers and other perishable items; wrapping plastic film for the fresh-keeping; wrapping plastic film for the fresh-keeping of food, fresh flowers and other perishable items; wrapping plastic film for preserving

For acids for industrial purposes, namely, purified terephthalic acid, phosphoric acid, liquefied carbonic acid, carbonic acid, polylactic acid, industrial chemicals, namely, acrylic monomers; acrylic resins, unprocessed; adhesives for industrial purposes; adhesives used in industry; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; alcohols for industrial purposes; alcohols; amino acids for industrial purposes; amyl alcohol; antibacterial agent in the form of a chemical preparation for industrial use; bactericidal agent in the form of a chemical preparation for industrial use; bacteriostatic agent in the form of a chemical preparation for industrial use; antifungal agent in the form of a chemical preparation for industrial use; fungicidal agent for industrial use; fungistatic agent for industrial use; artificial camphor for industrial purposes; artificial camphor for industrial purposes; artificial plant-cultivation soil; artificial plant-cultivation soil made of synthetic pulp; artificial resins, unprocessed; artificial sweeteners being chemical preparations; biochemical and chemical catalysts containing serine; biochemical and chemical catalysts for use in the manufacture of serine; bleaching preparations for industrial use, not for laundry use; bovine bile extraction being taurine for use in industry; camphor for industrial purposes; camphor oil for industrial purposes; carbonic acid gas; complex catalyst for use in the manufacture of rubber, plastics, polymers and industrial chemicals;
catalysts for use in the manufacture of resins and chemicals; catalytic agents containing serine being amino acid; catalytic agents for use in the manufacture of serine being amino acid; catalytic enzyme for use in industry; ceramic glazings in the nature of a dry chemical preparation for use in the manufacture of ceramics; chemical additives containing serine for use in manufacturing in a wide variety of industries, cosmetics and pharmaceuticals; chemical additives for conductive material for use in manufacturing in a wide variety of industries; chemical additives for fluorescent material, namely, chemical additives for use in the manufacture of fluorescent dyes and paints; chemical additives for manufacture of serine being an amino acid for use in the manufacture of food; chemical additives for food manufacturing containing serine being an amino acid; chemical additives for general industrial use for use in the manufacture of a wide variety of goods; chemical additives for use in the manufacture of paints; chemical additives for manufacturing serine being an amino acid for use in pharmaceutical manufacture; chemical additives for use in manufacturing in a wide variety of industries; chemical additives for use in the manufacture of chemicals; chemical additives for use in the manufacture of pharmaceuticals containing serine; chemical additives for use in the manufacture of plastics; chemical additives for use in the manufacture of serine being an amino acid; chemical additives for use in the manufacture of plastic products; chemical binding agent for use in the manufacture of conductive material; chemical coatings for industrial purposes, namely, in the manufacture of printed circuit boards; chemical coatings for plastic lens for use in manufacturing in a wide variety of industries; chemical coatings for use in manufacturing in a wide variety of industries; chemical compositions for developing photographs; chemical enzyme for use in the manufacture of serine being an amino acid for addition to foods and beverages; chemical enzymes for use in the food and beverage industry containing serine; chemical enzymes for use in the manufacture of serine being an amino acid; chemical fertilizers; chemical hardeners for used in the manufacture of paints; chemical preparations for the manufacture of pigments; chemical preparations for use in the manufacture of paints; chemical preparations, namely, industrial antibacterial agent; chemical reagents for non-medical purposes; chemical reagents kits that comprise chemical substances and biochemical substances in the nature of DNA Extraction and DNA amplification reagent, excluding those for medical or veterinary use, for use in industry and science research for bacterial or fungal testing; chemical reagents, other than for medical or veterinary purposes; chemical test paper; chemicals comprising polyol and isocyanate; chemicals containing serine for use in manufacturing in a wide variety of industries, cosmetics and pharmaceuticals; chemicals containing serine for use in industry; chemicals containing serine used as food additive; chemicals for use in the manufacture of pharmaceuticals; chemicals for use in the manufacture of plastics; chemicals for use in the manufacture of serine being an amino acid; chemicals used in industry; chemicals used in the manufacture of plastic molding; condensation plastics, unprocessed; dispersions of plastics for use in the manufacture of a wide variety of goods; distilled water; earth being growing media for growing plants for agriculture and horticultural purposes; substrates for cultivation for agricultural and horticultural purposes; substrates being growing media for plant growing for agricultural and horticultural purposes; elastomer resins, unprocessed for use in manufacturing in a wide variety of industries; electrolyte solution for batteries; electrolyte solution for use in industry; enzyme additives for use in the manufacture of serine for food industry; enzyme containing serine being an amino acid for food processing; enzyme containing serine for use in manufacturing in a wide variety of industries, cosmetics and pharmaceuticals; enzyme containing serine for industrial purposes; enzyme containing serine for use in manufacturing for the food industry; enzyme containing serine for use in industry; enzyme for use in the manufacture of serine being an amino acid for the food industry; enzyme for use in the manufacture of serine being an amino acid; enzyme for use in the manufacture of serine being an amino acid for food processing; enzyme for use in the manufacture of serine being an amino acid; enzyme preparations containing serine being an amino acid for food manufacture industry; enzymes for industrial purposes; ethers for industrial purposes; ethyl alcohol; fatty acids for industrial purposes; fire extinguishing compositions;
flour and starch for industrial purposes; gelatine for industrial purposes; genetic testing reagents for scientific or research use, excluding those for medical or veterinary use; germination inhibitors in the nature of anti-sprouting agents; glue and adhesives for industrial purposes; glue for industrial purposes; glycerine for industrial purposes; glycol; synthetic gum for industrial purposes; gum arabic for industrial purposes; higher fatty acids for industrial purposes; industrial chemicals; industrial chemicals for binders; industrial chemicals for industrial binders; industrial chemicals for use as binding agents for fluorescent material; industrial chemicals for use in the manufacture of serine being an amino acid; industrial chemicals, namely, diisocyanate; industrial chemicals, namely, isocyanate, isocyanate compounds; industrial enzyme for use in the manufacture of serine being an amino acid; inorganic salts for industrial purposes; unprocessed acrylic resins; unprocessed fluorine resin; unprocessed plastics in the nature of filtering materials for use in manufacturing in a wide variety of industries; liquid chemical polishing coatings, namely, chemicals in liquid form for use in the manufacture of automobile polishes; menthol for industrial purposes; industrial chemical modifiers for thermoplastics; mold-release preparations; chemical monomers used in the manufacture of plastic lenses; chemical monomers used in the manufacture of plastic lenses; chemical monomers used in the manufacture of polyurethane resins; polyol; non-metallic elements as raw materials in the form of gas, solid, liquids, powders, pellets and pastes for use in manufacturing in a wide variety of industries; non-metallic minerals as raw materials in the form of gas, solid, liquids, powders, pellets and pastes for use in manufacturing in a wide variety of industries, namely, Sulphur; non-metallic oxides, namely, ethylene oxide and carbonic acid gas; organic acids being citric acid, glutamic acid, acetic acid, lactic acid, phthalic acid, phthalic anhydride, methacrylic acid and their salts for industrial purposes; oxygen for industrial purposes; peppermint oils in the nature of chemical preparations for use in industry; unprocessed phenolic resins; phenolic resins, unprocessed; phosphorus; photoresists; plant growth regulating preparations; plant hormones being phytohormones; plant rearing preparations, namely, growing media for plants; plastic molding compounds for use in the manufacture of molded plastic articles and plastic films; plasticizers; plastics raw material, namely, unprocessed plastics; unprocessed plastics as raw materials for use in the manufacturing of binding agents for ink; polyester polyol; polyether polyol; unprocessed polyethylene resins; polyethylene resins, unprocessed; unprocessed polyethylene terephthalate resin; unprocessed polyimide resin; industrial chemicals, namely, polyisocyanate; polymer polyol; unprocessed polyolefin resin; unprocessed polyolefin resin in dispersion form; unprocessed polyolefin resin in powder form; unprocessed polyolefin resin used as a resin modifier; polyolefin-based thermoplastic elastomer resins for use in manufacturing in a wide variety of industries; polyols for use in the manufacture of a wide variety of goods; polypropylene glycol; unprocessed polypropylene resins; polypropylene resins, unprocessed; polyurethane raw material; unprocessed artificial polyurethane resins; polyurethane resins, unprocessed; chemical preparations for preventing the tarnishing of lenses; protective-surface chemical coating agents for spectacles and spectacle lenses; industrial chemicals for use as protective-surface chemical coating agents; reagent kit for bacterial or fungal testing, excluding those for medical or veterinary use, consisting of reaction mixture, primer, pure water, enzyme, buffer and dNTP mixture, for scientific research and industrial purposes; reagent kit for bacterial or fungal testing, excluding those for medical or veterinary use, consisting of reaction mixture, pure water, enzyme, buffer and dNTP mixture, for scientific research and industrial purposes; reagent kit for bacterial or fungal testing, excluding those for medical or veterinary use, consisting of enzyme and buffer, for scientific research and industrial purposes; reagent kit for diagnostic, chemical or diagnostic reagents, excluding those for medical or veterinary use, which is amplifying specific gene regions by PCR method consisting of reaction mixture, primer, pure water, enzyme, buffer and dNTP mixture, for scientific research and industrial purposes; reagent kit for diagnostic, chemical or diagnostic reagents, excluding those for medical or veterinary use, which is amplifying specific gene
regions by PCR method consisting of reaction mixture, pure water, enzyme, buffer and dNTP mixture, for scientific research and industrial purposes; reagent kit for diagnostic, chemical or diagnostic reagents, excluding those for medical or veterinary use, which is amplifying specific gene regions by PCR method consisting of enzyme and buffer, for scientific research and industrial purposes; research reagents for testing specific bacteria or fungi in specimens, excluding those for medical and veterinary use; unprocessed chemical resin coating agents, other than paints, for industrial purposes; resin modifier, namely, synthetic polymer modified resin and synthetic polymer modified chemicals for use in manufacturing in a wide variety of industries; resin surface modifying chemical preparations; chemicals, namely, rheology modifiers for used in the manufacture of conductive material; chemicals, namely, rheology modifiers for used in the manufacture of fluorescent material; rheology modifiers being chemicals for used in the manufacture of plastics, unprocessed; rheology modifiers being chemicals for used in the manufacture of synthetic resins, unprocessed; saccharin; chemical preparations, namely, salts for industrial use; fertilizer salts; salts for industrial purposes; scientific or research diagnostic reagents, excluding those for medical or veterinary use; scratch-resistant chemical coating agents for industrial purposes; scratch-resistant chemical coating agents for spectacles and spectacle lenses; seafood extraction, namely, taurine being an amino acid for use in industry; chemicals, namely, serine for industrial purposes; serine being an amino acid for scientific purposes; substrates for soil-free growing, namely, plant nutritional preparations; chemicals, namely, sulfur; non-metallic mineral, namely, sulphur; synthetic materials, namely, chemicals for absorbing oil; paper pulp; synthetic pulp, namely, polyolefin; synthetic pulp, namely, unprocessed synthetic resin; wood pulp for manufacturing purposes; unprocessed synthetic resin for paint; unprocessed synthetic resin used in the manufacture of adhesives; synthetic resins, unprocessed; synthetic taurine being an amino acid for industrial purposes; synthetic taurine being an amino acid for industrial purposes for use in the manufacture of pharmaceuticals; testing, chemical and diagnostic reagents, excluding those for medical or veterinary use, for identifying DNA fragments of specific gene regions amplified by PCR method; thermoplastic elastomer resins for use in manufacturing in a wide variety of industries; thermosetting synthetic resin for binder used in the manufacture of brake pads; unprocessed artificial binder resins used in the manufacture of brake pads; unprocessed plastics for paint binder; unprocessed synthetic resins for use in the manufacture of molding compounds; UV curable resin, unprocessed; vitamins and minerals used as raw materials in the manufacture of foods or pharmaceuticals containing serine; irrigation water for agricultural purposes; fungicidal agent in the form of a chemical preparation for industrial use

computer application software for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files for use with mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, and electronic spectacles; recorded computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals for use with mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, and electronic spectacles; downloadable computer application software for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity for use with mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, and electronic spectacles; downloadable computer application software for managing information regarding tracking activity and compliance and motivation with a health and fitness program for use with mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, and electronic spectacles; recorded computer operating programs; computer peripherals; downloadable computer programmes for updating a computer program for correcting eye-sight using for eyeglasses embedded with electro-active lenses; downloadable computer operating programmes for use with electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; recorded computer programs and downloadable computer software for updating a computer program for correcting eye-sight using for eyeglasses embedded with electro-active lenses; recorded computer operating programs and downloadable computer operating software for use with electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; downloadable computer software for accessing, browsing and searching online databases; recorded computer software for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; recorded computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals in the nature of smartwatches, smartglasses, smartrings and smart bracelets; downloadable computer software for use with smartwatches, smartglasses, smartrings and smart bracelets for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity; downloadable computer software for managing information regarding activity tracking and compliance and motivation with a health and fitness program; downloadable computer software for measuring vital signs particularly pulse, blood pressure, respiration and body temperature for use with electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; recorded computer software, namely, database management software and data synchronization software; computer software applications, downloadable for updating computer program of correcting eye-sight using for eyeglasses embedded with electro-active lenses; computer software applications, downloadable for database management for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer software, recorded for simulating visual correction; computer software, recorded for database management for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; downloadable computer software for correcting short-sight, far-sight, presbyopia or astigmatism used with eyeglasses embedded with electro-active lenses; electrical conductive tape for conducting electrical charges; electrical conductive tape for conducting electrical charges for use with industrial robots; electrical conductive tape for conducting electrical charges for use with temperature sensors and piezoelectric sensor; contact lenses; containers for contact lenses; correcting lenses, namely, ophthalmic lenses; data processing equipment, namely, couplers, Central Processing Unit and Micro-Processing Unit; digital audio and video recorders and players; digital cameras; dust masks; ear pads for spectacle frames; earphones; electric current sensors; electric force sensors; electric or magnetic voltage meters and testers; electric wires and cables; electrical adapters; electrical cells and batteries, and structural parts and fittings thereof; electrical connectors; electrical plugs and sockets; electrical power plugs; electrodes; electronic clip-on glasses; electronic clip-on sunglasses; electronic connectors; electronic contact lenses, namely, contact lens featuring electronic circuits and light sensors to help eyes
focus for improved vision; electronic eyewear incorporating functional enhancements and features; electronic fitover glasses;
electronic fitover eye glasses; electronic fitover sunglasses; electronic goggles for safety; electronic goggles for sports;
electronic goggles for dust protection; electronic goggles for swim; electronic goggles for ski; electronic goggles for
protection; electronic goggles for fishing; electronic machines, apparatus, and parts and fittings therefor, namely, receipt
issuing, reading and recording machines and structural parts and fittings therefor; electronic navigational and positioning
apparatus and instruments; electronic spectacle frames; electronic spectacle lenses; electronic spectacle lenses, semi-finished;
electronic eyeglass lenses, semi-finished; electronic eyewear lenses, semi-finished; electronic spectacles; electronic eyeglasses;
electronic eyewear; electronic sunglass lenses; electronic sunglasses; eyeglass chains; eyeglass cords; eyeglass lenses, semi-
finished; eyewear lenses, semi-finished; spectacle lenses, semi-finished; eyeglasses for amblyopia; eyeglasses for medical
purposes; ophthalmic lenses for vision correction; eyewear; eyeglasses; spectacles; fashion eyeglasses; filters for optical
devices; filters for ultraviolet rays, for photography; filters for welding masks; fire boats; fire hose; fire trucks; fitover eye
glasses; fitover sunglasses; gas masks; global positioning systems; safety goggles; goggles for sports; dust protective goggles;
swimming goggles; ski goggles; protective goggles; fishing goggles; goggles for night vision and diving; head-mounted video
displays; hinges being structural parts for spectacle frames; inductive battery chargers; insulated copper wire; insulated copper
wire as a component part for electric sensors; laboratory apparatus and instruments, namely, flasks, test tubes, cylinders,
laboratory animal gauges, cell culture plates and tissue culture plates; laboratory apparatus and instruments, namely, laboratory
experimental machines and apparatus in the nature of incubators, cylinders and laboratory animal gauges, scientific models and
specimens in the nature of Eyeball, head, face and human body, test tube, flasks, dish and plate for cell, tissue or bacteria
culture, and, surgery and treatment training model in the nature of electronic clinicians or ophthalmologist training simulators;
laptop computers; lenses for binoculars; lenses for eyeglasses; lenses for eyewear; lenses for spectacles; lenses for goggles for
sports, swim goggles, safety goggles, protective goggles, electronic goggles, dust protective goggles, ski goggles, virtual
reality goggles, fishing goggles and goggles for night vision and diving; lenses for monocles; lenses for sunglasses; optical
lenses for vision correction; lines being electronic cables that transmit an electric charge sold as a component part for
piezoelectric sensors; magnetic cores; distance measuring apparatus; wire diameter measuring devices, electric; radiation
measuring instruments; measuring or testing machines and instruments, and parts and fittings therefor, namely, home sleep
testing devices other than for medical purposes, namely, atmospheric oxygen monitors, body temperature monitors, pulse rate
monitors, heart rate monitors, respiratory rate monitors, blood pressure monitors and brain waves monitors; medical eyeglasses
for amblyopia; monocles; motion sensitive sensors in sheet form for measuring pressure distribution; motion sensors in the
nature of a vehicle mounted sensor for determining the rate of motion for a vehicle; motion sensors that detect objects trapped
in doors, elevators, and escalators; motion sensors that detect contact with robot arms; motion sensors that detect contact with
objects; multimedia projectors; measuring or testing machines and instruments, namely, timing sensors, touchscreen sensors,
liquid and powder level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for
determining position, displacement sensors, security sensors for detecting intruder motion, vibration sensors, heat sensors for
detecting the presence of humans, motion sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor,
proximity sensors, ultrasonic detectors for measuring distance, ultrasonic flaw detectors, electric sensors, alarm sensors, and
projected capacitive touch sensors; measuring apparatus, namely, timing sensors, touchscreen sensors, liquid and powder level
sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position,
displacement sensors, security sensors for detecting intruder motion, vibration sensors, heat sensors for detecting the presence
of humans, motion sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, proximity sensors, ultrasonic detectors for measuring distance, ultrasonic flaw detectors, electric sensors, alarm sensors, and projected capacitive touch sensors; measuring devices, electric, namely, timing sensors, touchscreen sensors, liquid and powder level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position, displacement sensors, security sensors for detecting intruder motion, vibration sensors, heat sensors for detecting the presence of humans, motion sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, proximity sensors, ultrasonic detectors for measuring distance, ultrasonic flaw detectors, electric sensors, alarm sensors, and projected capacitive touch sensors; dust mask for nose, not for medical purposes; nasal respirators for filtering air, not for medical purposes, for the prevention of accident or injury; navigation apparatus for vehicles being on-board computers; nose pads for eyewear; optical apparatus and instruments, namely, optical inspection apparatus; optical devices, namely, eye pieces for helmet mounted displays; optical devices, namely, lenses and frames; optical frames; optical glasses; optical lenses; optical machines and apparatus, namely, optical character recognition apparatus; optical machines and apparatus, namely, optical inspection apparatus, periscopes, binoculars, telescopes, microscopes, magnifying glasses, stereoscopes, lenses for optical inspection apparatus, lenses for periscopes, lenses for binoculars, lenses for telescopes, lenses for microscopes, lenses for magnifying glasses, lenses for stereoscopes; optical profilers; optical sensors; structural parts and fittings for electronic spectacles; structural parts and fittings for spectacles; personal digital assistants; personal digital assistants in the shape of a watch; phase modifiers, namely, power capacitor; photographic apparatus and instruments, namely, cameras and lenses for cameras; photovoltaic cells; piezoelectric sensors; piezoelectric switches; pince-nez; pince-nez cases; pince-nez chains; pince-nez cords; pince-nez mountings; plug adapters; plug connectors; plug-in connectors; electric plugs, sockets and other contacts; portable communication machines and apparatus, namely, electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; displacement sensors for measuring distance between substances for use in manufacturing field, construction field, security field; displacement sensors for measuring distance; sensors for determining position; power adapters; power adapters for battery chargers; power connectors; power distribution or control machines and apparatus, namely, power controllers; power plug adapters; electrical power plugs; pressure sensors; protective industrial face masks; radio transceivers; rechargeable batteries; rechargeable electric batteries; rechargers for electric accumulators; resistance wires; robotic electronic control apparatus being security surveillance robots for security guarding for facilities and theft protection; rotary converters; satellite navigational apparatus, namely, a global positioning system; security surveillance apparatus, namely, security mirrors, cameras, lights and monitors for surveillance; security surveillance robots; smart rings; smartglasses; smartphones; solar cells and structural parts and fittings thereof; sound reproduction apparatus; sound transmitting apparatus; spectacle cases; spectacle frames; spectacle temples for spectacles; spectacle wipes as accessories of spectacles; static electric sensors; sunglass lenses, semi-finished; sunglasses; swim goggles; tablet computers; telecommunication machines and apparatus, namely, electric capacitors, computer hardware for telecommunications, electrical transformers, telephones, microphones, electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; telecommunication transmitters; telephones; thermal sensors for human detection, namely, thermal sensors for measuring heat emitted from humans; USB battery chargers; USB dongles being wireless network adaptors; wearable computer peripheral apparatus; wearable computers in the nature of wearable activity trackers, connected bracelets being measuring instruments, virtual reality glasses, smart rings, smartglasses, smartwatches, electric eyewear and smart bracelets; wearable peripherals for mobile computer, namely, electronic eyewear, smartwatches, smartglasses, smart rings and smart bracelets; wearable computer peripherals for mobile devices, namely, wearable activity trackers, connected bracelets being measuring instruments, virtual reality glasses, smart rings, smartglasses, smartwatches, electric eyewear and
smart bracelets, each coupled to a mobile device; wearable computer peripherals for mobile information terminal devices
    namely, wearable activity trackers, connected bracelets being measuring instruments, virtual reality glasses, smart rings,
    smartglasses, smartwatches, electric eyewear and smart bracelets, each coupled to a mobile information terminal device;
    wearable personal digital assistants; wearable portable telephones; welding masks; welding masks and structural parts thereof;
    welding masks and protective industrial face masks and structural parts and filters thereof; timing sensors; touchscreen sensors;
    liquid and powder level sensors; sheet tactile sensors for measuring pressure distribution; sensors for determining position;
    displacement sensors for measuring distance between substances for use in manufacturing field, construction field, medical
    field and security field; displacement sensors for measuring distance; security sensors for detecting intruder motion; vibration
    sensors; thermal sensors for human detection, namely, heat sensors for detecting the presence of humans; motion sensors;
    ultrasonic sensors; impact sensors; tactile sensors; piezoelectric sensor; proximity sensors; ultrasonic detectors; ultrasonic flaw
    detectors; electric sensors; projected capacitive touch sensors; measuring or testing machines and instruments, namely, lines
    being electrical wires that transmit an electric charge sold as a component part for piezoelectric sensors; measuring apparatus,
    namely, lines being electrical wires that transmit an electric charge sold as a component part for piezoelectric sensors;
    measuring devices, electric, namely, lines being electrical wires that transmit an electric charge sold as a component part for piezoelectric sensors;
    measuring devices, electric, namely, feedback devices in the nature of tension sensors; measuring equipment in the nature of microsensors for measurement of pressure, acceleration, force and flow, namely, piezoresistive pressure sensors; measuring or testing machines and instruments, namely, diagnostic apparatus, not for medical purposes for the detection of breakdowns and bugs of machines for industrial use; measuring or testing machines and instruments, namely, diagnostic apparatus, not for medical purposes, namely, offset pressure detector, generic vibration detector, water leakage detector, gas leakage detector, automatic tension detector, pressure detector for the detection of breakdowns and bugs of machines for industrial use; measuring or testing machines and instruments, namely, diagnostic apparatus, not for medical purposes, namely, offset detector, generic vibration detector, leakage detector, automatic optical detector, diode detector; measuring or testing machines and instruments, namely, diagnostic apparatus for diagnosing malfunctions and failures of industrial machines, not for medical purposes; measuring or testing machines and instruments, namely, diagnostic apparatus, not for medical purposes, namely, offset pressure detector, generic vibration detector, water leakage detector, gas leakage detector, automatic tension detector, pressure detector for the detection of breakdowns and bugs of machines for industrial use; measuring or testing machines and instruments, namely, inspection apparatus for industrial use, namely, for inspection of textiles using vibration or tactile sensors; measuring apparatus, namely, sensors for measuring vibration, stress, displacement or load shift, other than for medical use, namely, for activity trackers; protective industrial face-shields; face-visors for protective helmets; visors for protective helmets; protective industrial face-masks; protective face shields for protective helmets; fireproof garments; electronic machines, apparatus and their structural parts, namely, piezoelectric switch; electronic machine and apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials and their replacement parts; personal security alarms; burglar alarms; anti-theft warning apparatus, namely, burglar alarms; electronic machines, apparatus and their parts, namely, timing sensors, touchscreen sensors, liquid and powder level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position, vibration sensors, sensors for measuring or testing machines and instruments, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, pressure sensor, piezoelectric line, line for piezoelectric sensors, force sensors, stress sensors, load shift sensors; feedback devices in the nature of tension sensors; proximity sensors; measuring equipment, namely, sensors for measuring vibration,
stress, displacement or load shift, other than for medical use, namely, for wearable activity trackers; measuring equipment in the nature of microsensors for measurement of pressure, acceleration, force and flow, namely, piezoresistive pressure sensors; ultrasonic flaw detectors; safety restraints, other than for vehicle seats and sports equipment as life saving apparatus and equipment, namely, safety harnesses other than for vehicles or sports purposes; safety restraints, other than for vehicle seats and sports equipment in the nature of fall protection as life saving apparatus and equipment, namely, lanyards; protection gloves for personal use against accidents; diagnostic apparatus, not for medical purposes, namely, offset pressure detector, generic vibration detector, water leakage detector, gas leakage detector, automatic tension detector, pressure detector for the detection of breakdowns and bugs of machines for industrial use; security surveillance apparatus in the nature of electric and electronic video surveillance installations; sensors for security surveillance apparatus, namely, motion sensors, vibration sensors, thermal sensors and pressure sensors for security mirrors, cameras, lights and monitors; electric sensors for security surveillance apparatus in the nature of electric and electronic video surveillance installations; ultrasonic level meters; ultrasonic underwater wireless receivers; ultrasonic underwater wireless transmitters; mouse pads; bags adapted for laptops; sleeves for laptops; protective films adapted for computer screens; cover for personal digital assistants [PDAs]; cover for tablet computers; mouse cover; keyboard cover; bags adapted for computers; bags adapted for tablet computers; protective sleeves for computers; sleeves for handheld computers; smartwatches; bags adapted for handheld computers; covers for smartphones; cases adapted for holding smartphones; protective films adapted for smartphones; protective films adapted for cell phones; transmitting sets for telecommunication, namely, telephone sets; intercommunication apparatus, namely, telephones incorporating intercommunication systems; protective films adapted for tablet computers; telecommunication machines and apparatus, and structural parts and fittings therefor, namely, telephones; Structural parts and accessories for eyewear

For Computer network adapters; converters for electric plugs; adapters for wireless network access; adapters for connection between media devices; plug adaptors; port elements for connecting electrical networks and circuits; Downloadable computer application software for network services for Dynamic host configuration protocol, IP address management, Remote authentication dial-in user service trivial file transfer protocol; uninterruptible power supply apparatus, namely, batteries, supercapacitors; electric power distribution apparatus units; apparatus and instruments for conducting electricity; apparatus and instruments for regulating electricity; apparatus and instruments for switching electricity; apparatus and instruments for accumulating electricity; apparatus and instruments for transforming electricity; apparatus and instruments for transforming the use of electricity; apparatus and instruments for transforming the distribution of electricity; traffic control and traffic safety control apparatus, namely, crash attenuators, electronic crash signal tenuators, traffic paddles, traffic lights, cones, drums, delineators being flexible impact resistant posts, message and arrow board, flagger safety equipment, namely, safety flags, hand-signaling devices, STOP/SLOW-paddles with and without LED lights, and automated flagger assistance devices (AFAD); LAN [local area network] access points for connecting network computer users; Downloadable big data management software; computer network bridges; Downloadable business performance management [BPM] software; Downloadable business process management [BPM] software; LAN [local area network] computer cards for connecting portable computer devices to computer networks; Downloadable computer software for administration of local area networks; Downloadable computer software for wireless network communications for connecting network computer users; Downloadable computer software platforms for social networking for internal company communication and to allow users to exchange files and text, audio, and video messages via the cloud or local network from various devices; Downloadable content management software for the coordination of appointments, sales, procurement; docking stations for smartphones; extremely high frequency [EHF] wireless network apparatus, namely, EHF-based telecommunications apparatus, EHF-based full body scanner; EHF-based
traffic enforcement camera; EHF-based motion detector; EHF-based night-vision device; super high frequency [SHF] wireless network apparatus, namely, SHF antennas, SHF-transmitter, SHF-receiver; wireless routers; pressure-to-current converters, namely, flapper nozzle arrangement; electrical adapters; Electric adapter cables; electric batteries for powering electric vehicles; electric power controllers, namely, over-current protection devices, power supplies, voltage regulators, current regulators, power optimizers, charge controller, load regulators; electric charging cables; electric control devices for energy management; power adapters; electric power analyzers; electric current sensors; electric circuit closers; electric circuit interrupters; electric current meters; electric current switches; electric current transformers; electric flow meters; electrical power distribution blocks; traffic guidance apparatus, electronic, namely, traffic lights, safety traffic cones, safety traffic drums, message and arrow board; electronic traffic safety control apparatus, namely, traffic lights, cones, drums, message and arrow board; electric power supply units; electrical power distributors; panels for the distribution of electricity; electric switch points; electrical circuit testers; electromagnetic conduits; electronic load modules, namely, AC or DC programmable load; electronic power controllers; electronic currency converters; electronic power supplies for supplying power to an electrical load, and to convert electric current from a source to the correct voltage, current, and frequency to power the load; electronic control gears [ECGs] for LED lamps and light fixtures; fluorescent lamp ballast for electric lights; energy control devices for loading electrical vehicles; energy regulators for precise energy control, long service life; LAN computer cards; ethernet adapters; fiber optic panels for connecting mutable optical fiber cables and optical equipment; remote control apparatus for controlling lighting; radio-frequency power meters; gateways routers in the nature of computer control hardware; internet of things [IoT] gateway routers in the nature of computer control hardware; apparatus for measuring, monitoring and analyzing electricity consumption; electric current control devices; power line conditioners; apparatus for diagnosing function of electrical power installations; apparatus for improving power efficiency, namely, transformer, autotransformer; regulated power supply apparatus for supplying a stable voltage or current to a circuit or device that must be operated within certain power supply limits; current rectifiers; computer hardware; heat resistant electric wires; pulse operated latching relays; instruments for monitoring traffic, namely, camera, LIDAR, RADAR to monitor traffic on streets; instruments for distributing electrical current, namely, distribution substations, transformers instruments for detecting traffic, namely, camera, LIDAR, RADAR to monitor traffic on streets; intelligent gateway routers in the nature of computer control hardware for data pre-processing; intelligent gateway routers in the nature of computer control hardware for real-time data analysis; intelligent gateway routers in the nature of computer control hardware for communication; intelligent gateway routers in the nature of computer control hardware for software defined storage; identification threads for electric wires; identification sheaths for electric wires; wireless chargers; wireless charging pads for smartphones; USB wireless routers; cable covers being electricity conduits; sheaths for electric cables; capacitive voltage transformers; Downloadable communication and networking software for allowing users to exchange files and text, audio, and video messages via the cloud or local network from various devices; Downloadable communication and networking software, namely, social networking software for internal company communication and to allow users to exchange files and text, audio, and video messages via the cloud or local network from various devices; electric conduit couplings; charging appliances for rechargeable equipment; charging docks; chargers for
decision threshold and a congestion recovery decision threshold of the network component, a management information
acquisition unit to acquire management information of the network component based on the decision information; electric
current collectors; power adapters for use in vehicle lighter sockets; electric current limiters; lighting ballasts; electric current
limiting reactors; power units being batteries; power units, namely, electrical transformers; electrical power wires; electrical
current breakers; electric circuit distributors; electricity conduits; electricity measuring instruments, namely, multi-meter;
Electric current-meters; power adapters; Electrical current shunts; Electric current testers; Electric power regulating
apparatus; Electric current transformers; rectifier modules for frequency inverters, power supplies, transformers; electricity
switchboxes; electrified rails for mounting spot lights; Electrical circuit closers; Electrical voltage surge suppressors; Electric
power line conditioners; static electrical voltage regulators; electricity storage apparatus, namely, batteries, rechargeable
energy storage system; ammeters; Electrical current plugs; Electric voltage surge protectors; Electric current converters;
Electrical flowmeters; circuit breakers; power connectors; electrical current loss indicators; electric fence energizers; electric
power supply sockets; electric power distribution units; power supplies for smartphones; electrical power distributors;
electrical power distribution boxes; converters, electric; power conditioning apparatus, namely, power conditioner, line
conditioner, power line conditioner to improve the quality of the power that is delivered to electrical load equipment; inverters,
electricity; electricity measuring instruments, namely, safe voltage testing device, continuity tester for connection check, multi-
meter for a wide range of measurement; computer network switches; telecommunications apparatus for use with mobile
networks, namely, analogue switches, digital switches, transmission equipment, customer premise equipment; Electrical step-
up transformers; ultracapacitors for electrical energy storage; uninterruptible power supply apparatus being a battery;
uninterruptible electrical power supplies; USB dongles being wireless network adapters; traffic-light signaling apparatus and
devices; traffic guidance apparatus being a luminous sign; junction boxes for electric wires; plugboards, namely, array of jacks
or sockets into which patch cords can be inserted to complete an electrical circuit; Electricity distribution boxes; Electrical
distribution amplifiers; ballasts for electrical lighting fittings; inverters for power supply; wide area network (WAN) routers;
wireless local area network devices, namely, user devices, radio NICs, Access point, router, repeaters, antennae; access
interfaces for managed private circuit networks, namely, user devices, radio NICs, Access point, router, repeaters, antennae

GOODS AND SERVICES INFORMATION
For Pharmaceutical preparations for dental purposes in the of treating dental conditions; dental materials for stopping teeth, fastening and moulding dental material in the nature of fixing materials for dental purposes, dental composite materials, and materials for making dental impressions, all the aforementioned goods being only directed at dental professionals and dental laboratories and excluding medicated toothpaste
International Classes 5 - Primary Classes US Classes 5, 6, 18, 44, 46, 51, 52 International Class Title Pharmaceuticals

For Dental apparatus and instruments in the nature of filling instruments for dental purposes, namely, syringes and syringe tips for dispensing dental materials for dental purposes, dental splints, artificial teeth, dental prostheses, dental crowns, dental bridges, in particular of plastic and ceramic; all the aforesaid goods not in connection with plastic liquid for 3d printing applications in the field of audiology and otoplastic; spatulas for dental use; spoons for dental use; dental composite and dental impressions material dispenser guns' sold empty; bottles in the form of vials for dosing liquids for dental purposes sold empty, mixing pallets for dental use, cannulae, dispenser for dental composite materials, sold empty; all the aforementioned goods being only directed at dental professionals and dental laboratories
International Classes 10 - Primary Classes US Classes 26, 39, 44 International Class Title Medical Apparatus

For Education and training services, namely, offering courses of instruction in medical device production by means of computer-driven software systems; training services relating to application and implementation of cloud-based software to integrate a digital workflow into the daily work routines of dental practices and dental laboratories; training services relating to application and practical use of a digital workflow with the help of computer software and computer programmes; training in the operation of software systems, all within the medical field
For Business advisory and information services provided on-line from a computer database or the Internet; professional administrative consulting services in the field of dental restorations and digital prosthetics generated from a cloud-based 3D software application, namely, business administration services and providing of support services through a Service Center, responding to customers inquiries for others in the field of dental software, apparatus, and instruments

For Downloadable and recorded software for operating 3d printers; downloadable and recorded computer software for use in receiving and manipulating 3d model file data for fabrication of 3d embodiments on a 3d printer; downloadable and recorded computer software used for transmission of 3d file data for printing on a networked 3d printer; downloadable and recorded computer software for operating and monitoring a network of 3d printers; downloadable and recorded computer software for use in 3d designing, 3d printing, and 3d manufacturing, and analyzing, pricing, sharing, online displaying and ordering of parts, prototypes, and models related thereto for personal and commercial use; computer hardware, downloadable and recorded computer aided design (CAD) software for designing dental crowns, dental bridges and false teeth for use by technical dental laboratories; downloadable and recorded computer aided manufacturing (CAM) software for manufacturing three dimensional model designs and devices in the dental field, downloadable and recorded workflow management system software; downloadable and recorded computer software for digital prototyping, graphic design, simulation, visualization, rendering of digital objects and images and data management; downloadable and recorded educational software featuring instruction related to medical device production; downloadable and recorded computer software for generation of 3D production data, 3D visualisation and 3D analysis; software for the management of the product development process, namely, downloadable and recorded software for computer aided design (CAD) for use in the dental field for 3d design, modeling and printing of dental products, downloadable and recorded computer aided manufacture (CAM) software and hardware for use in the dental field, and downloadable and recorded software for data management for use in the medical field, downloadable mobile apps for innovative software solution for the CAD/CAM production of dental products such as splints, crowns and bridges

For Software creation, namely, design and development of cloud-based computer software system for 3D printers; software design services; development services relating to computer programmes, namely computer program development; design and development services of software for 3D printers; development services of computer software for use in the digital design and automated production of CAD / CAM; software programming services, namely, providing temporary use of on-line non-downloadable browser-based computer aided design and manufacturing software (CAD/CAM) for use in product design within the medical field; maintenance, adaption in the nature of updating and customization and error correction services in the nature of troubleshooting software problems of computer software for 3D modelling, 3D visualisation and 3D analysis; software consultancy services, namely, consultancy and advice on computer software and the design and development of computer hardware and technical support services being the troubleshooting of computer software problems via telephone; providing temporary use of online non-downloadable cloud-based computer software for creation, design, visualization, simulation for use in the medical field; providing software as a service (SaaS) services featuring software for creating an on-
line community for registered users to publish and share their own content and images online; electronic online system, namely, providing an interactive website featuring technology which allows their users to create, publish, modify, share and produce 3D models and 3D designs; providing temporary and licensed use of online non-downloadable software featuring technology that enables their users to design two- or three-dimensional objects for dental applications through a website; hosting an Internet website offering software information in the field of computer aided design (CAD) and computer aided manufacturing (CAM)
