GOODS AND SERVICES INFORMATION
For Education services, namely, conferences, seminar, workshops, training sessions, tutorials and webinars in the fields of business processes, business automation, robotic process automation, computer software, and software automation; providing a website featuring non-downloadable newsletters, non-downloadable articles, non-downloadable brochures, non-downloadable books, non-downloadable audio recordings, non-downloadable video recordings, podcasts, webcasts, non-downloadable presentations, non-downloadable slide shows, non-downloadable multimedia files, non-downloadable text files, non-downloadable written documents, non-downloadable editorial articles and blogs in the fields of business processes, business automation, robotic process automation, computer software, and software automation
International Classes 41 - Primary Classes US Classes 100, 101, 107 International Class Title Education and Entertainment

For Providing an online marketplace for buyers and sellers of goods and services; business consulting services in the fields of business processes, business automation, and robotic process automation; providing a website featuring news and information in the fields of business processes, business automation and business automation related to robotic process automation
International Classes 35 - Primary Classes US Classes 100, 101, 102 International Class Title Advertising and Business

For Downloadable computer software, namely, software for use in robotic process automation, software for automating business operations and processes, software for workflow automation, and for automating personal information management; Downloadable computer software for use in robotic process automation, namely, software that accesses, collects and integrates data from databases, software applications and software as a service (SaaS) services for the purpose of designing and automating business processes and workflows and for automating personal information management; Downloadable computer software for use in robotic process automation, namely, software for developing, implementing, monitoring and managing the automation of business operations and processes for enterprises and for automating personal information management;
Downloadable computer software for designing and automating workflows within and between business software applications and business software as a service (SaaS) services; Downloadable computer software tools for use in the development and creation of robotic process automation software; Downloadable computer software tools for use in the development and creation of automation software; Downloadable computer software using artificial intelligence and machine learning to observe, record, and analyze business operations and processes to identify operations and processes for automation, to recommend how to automate such operations and processes and to provide or create robotic process automation software for those operations and processes; downloadable computer software using artificial intelligence and machine learning to observe, record, and analyze personal information management, to identify operations and processes for automation, to recommend how to automate the management of such information and to provide or create robotic process automation software for the management of such information; Downloadable computer software using artificial intelligence and machine learning for processing data, namely, computer software that reads, extracts, classifies, validates and manages data and images from emails, documents, databases, software applications, software as a service (SaaS) services, computer user interfaces, visual images, screenshots, snapshots and files; Downloadable computer software that automates the transformation of unstructured data into structured data; Downloadable computer software using artificial intelligence and machine learning to record, monitor, and analyze business operations and process data and provide analytics and insights on those operations and processes and the effectiveness and efficiency of the operations and processes; downloadable computer software using artificial intelligence and machine learning to record, monitor, and analyze personal information management and provide analytics and insight on the management of such information and the effectiveness and efficiency of such management; downloadable computer software for automating business processes and analysis including collecting data and digital information from databases, software applications and software as a service (SaaS) services and creating, modifying and managing workflows across multiple applications to synchronize files; downloadable computer software for building artificial intelligence models to add intelligence to business workflows; downloadable computer software for creating, viewing, publishing, enabling or disabling workflows and templates for workflows; downloadable computer software for automating personal information management and analysis including collecting data and digital information from databases, software applications and software as a service (SaaS) services and creating, modifying and managing such information across multiple applications to synchronize files; downloadable computer software for workforce optimization through the use of automation, artificial intelligence, machine learning, advanced analytics, and robotic process automation; downloadable graphical user interface software; downloadable graphical user interface software for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; downloadable voice command and recognition software and downloadable voice-enabled software applications for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; downloadable chatbot software applications for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; downloadable computer software and software extensions, plugins and apps, all for robotic process automation, automation of business operations and processes, for workflow automation, and for automating personal information management; downloadable computer software for collaboration between workers and bots across an enterprise; downloadable articles, brochures, presentations, text files, and written documents in the fields of business processes, business automation, robotic process automation, computer software, and software automation provided via a website
For Providing online discussion forums and electronic message boards for the transmission of messages among users in the fields of business processes, business automation, robotic process automation software and software automation; telecommunication services, namely, the electronic transmission of data for automating business and workplace operations and processes including creating and managing workflows

For Computer software consultancy; computer software design and development; Software as a service (SaaS) services featuring software for use in robotic process automation, software for automating business operations and processes, and software for workflow automation, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, namely, software that accesses, collects and integrates data from databases, software applications and software as a service (SaaS) services for the purpose of designing and automating business processes and workflows and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, namely, software for developing, implementing, monitoring and managing the automation of business operations and processes for enterprises and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business operations and processes, and for automating personal information management; Software as a service (SaaS) services featuring software for use in robotic process automation, for automating business processes and analysis including collecting data and digital information from databases, software applications and software as a service (SaaS) services and creating, modifying and managing workflows across multiple applications to synchronize files; software as a service (SaaS) services featuring software for building artificial intelligence models to add
intelligence to business workflows; software as a service (SaaS) services featuring software for creating, viewing, publishing, enabling or disabling workflows and templates for workflows; software as a service (SaaS) services featuring software for automating personal information management and analysis including collecting data and digital information from databases, software applications and software as a service (SaaS) services and creating, modifying and managing such information across multiple applications to synchronize files; Software as a service (SaaS) services featuring software for workforce optimization through the use of automation, artificial intelligence, machine learning, advanced analytics, and robotic process automation; Technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting of computer software problems in the field of robotic process automation; Creating an online community for registered users to participate in discussions, form virtual communities, and engage in networking in the fields of business processes, business automation, robotic process automation, computer software and software automation; Software as a service (SaaS) services featuring graphical user interface software; software as a service (SaaS) services featuring graphical user interface software for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; Software as a service (SaaS) services featuring voice command and recognition software and downloadable voice-enabled software applications for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; Software as a service (SaaS) services featuring voice command and recognition software and downloadable voice-enabled software applications for use in robotic process automation, for automating business operations and processes, for workflow automation, and for automating personal information management; Software as a service (SaaS) services featuring software and software extensions, plugins and apps, all for robotic process automation, automation of business operations and processes, for workflow automation, and for automating personal information management; Software as a service (SaaS) services featuring software for collaboration between workers and bots across an enterprise; computer software consulting in the field of software automation; consulting services in the field of office and workplace processes and automation; providing a website featuring news and information in the field of office and workplace automation; providing a website featuring news and information in the fields of computer software and software automation

For Providing inventory management advice in the field of electrical, electronic and industrial apparatus and components; inventory management services; freight management services, namely, shipment processing, preparing shipping documents and invoices, tracking packages and freight over computer networks, intranets and the internet for business purposes
For Inductors, namely, electrical chip inductors, RF electrical inductors, electrical wound inductors, toroidal electrical inductors; Electronic and electric ferrite inductors; Ohmmeters; Temperature and humidity testers, namely, temperature sensing thermistors, humidity sensors, temperature probes, platinum resistance temperature detectors, temperature control modules, temperature indicating digital panel meters, hand-held digital thermometers not for medical purposes, hand-held digital temperature and humidity testers; Thermometers not for medical purposes; Video microscopes; Sensor apparatus not for medical use, namely, acceleration sensors, liquid level sensors, proximity sensors, electrical tactile sensors and pressure sensors; Electrical and electronic apparatus, accessories and components, namely, testing and measuring apparatus, namely,
analog meters, cable locators, cable testers, clamp meters, current calibrators, current simulators, current testers, current probes, resistance decade boxes, digital multi-meters, electrical outlet testers, electrical timers and counters, electrical transformers, ferrite bead inductors, flash and high potential circuit testers, frequency counters, function generators, computer network testers, oscilloscopes, spectrum analysers, temperature-sensing integrated circuits, test leads, voltage calibrators, voltage simulators, voltage testers, and fibre test kits comprised of power meter and power adapter accessories being launched cables, optical time domain reflectometer (OTDR), fiber test reference cords (TRCs), USB video probes, video probe tips, meter straps, batteries, stand, cleaning swabs, and cleaning chemicals sold together as a unit; Apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electricity conduits, electric and electronic switches and electric cables; Electrical and electronic components, namely, amplifiers, comparators, electronic circuits, and electronic transistors; Memory apparatus, namely, static rams, non-volatile ram, memory modules, eproms, and blank flash memory devices; Flash disk controllers; Microprocessors; Oscillators; Semiconductors; Integrated circuits; Wireless apparatus, namely, wireless computer peripherals, wireless transceiver radio antennae, and wireless bar code scanners; Electronic security and alarm devices, namely, wireless sensors, transducers and buzzers in the nature of electric warning horns and luminous safety beacons; Sleeves, boxes and cabinets specially adapted for electrical appliances in the nature of thermostats, central processing unit (CPU) fans, data interface ports, server hardware, computer hardware, circuit breakers, computer hardware, telecommunications hardware, audiovisual (AV) equipment, and amplifiers; Capacitors; Electrical connectors and electric and electronic connectors; Electrical recorders, namely, electronic recorders for storing and archiving information related to power system faults, pressure and temperature recorders, electronic data recorders, audio recorders, video recorders, and chart recorders; Fuses, circuit breakers and electric switches; Power distribution boards; Circuit boards; Printed circuit boards for instrument gauges; Electric and electronic relays and cylinder coils; Electric and electronic resistors and potentiometers; Batteries; electrical and electronic devices, instruments, accessories and components, namely, printed circuit boards for instrument gauges, AC-DC and DC-DC power supplies, electric and electronic relays and solenoid springs, coils, and valves, closed circuit television sets, and infrared sensors; Antistatic equipment, namely, electrostatic discharge (ESD) protection equipment being protective gloves and protective shoes, earthwires being grounding cables to wrap around the wrist for protection from electrostatic discharge, and electrostatic discharge sensors; Components for telephones, namely, telephone wires, telephone cable assemblies comprising telephone modular cables, telephone cable adapters, telephone connectors, power entry connectors, and cable connector accessories specially adapted for telephones being adapters, bushings, backshells, clamps, crimp tool dies, crimp tool locators, dust covers, gaskets, faceplates, jack screws, jumpers, seals, shields, shunts, and strain reliefs; Radio transmitters and radio receivers; Electrical and electronic test and measurement equipment, namely, voltmeters, electrical current and resistance gauges, electrical supply meters, ammeters, thermometers not for medical purposes, electrical adapters, temperature measurement instruments being temperature meters not for medical use and temperature sensors, humidity measurement instruments being humidity meters and sensors, air-flow meters, noise level meters, and tachometers; Test equipment for electrical installations, namely, circuit testing devices being circuit testers, continuity testers, circuit breaker testers, cable continuity testers, and cable testers, power supply test devices being computer power supply testers and power supply component testers, oscilloscopes, luminous and mechanical signals, namely, strobe lights, rotating lights, and flashing lights, electrical frequency meters, counters being frequency counters and electrical signal counters, transformers, and ferrite and inductance coils; Filters for use in electrical appliances, namely, optical filters, common mode filters, power line filters, electromagnetic interference (EMI) filters, low voltage suppression filters, band pass filters, radio frequency (RF) filters, and surface acoustic wave (SAW) filters; Electro-mechanical products, namely, switches, relays,
opto-electronic components being calibration circuit boards, distance measuring sensors, and silicon photomultiplier (SiPM) sensors, sub-miniature speakers, metering sensors being mass air flow sensors, barometric pressure sensors, capacitive touch sensors, and Hall Effect sensors, metering converters being Time to Digital (TDC) converters, analog to digital converters, digital to analog converters, and voltage to frequency converters, piezo indicators being piezo transducers, piezo sensing transducers, and light emitting diode (LED) indicators, and piezo audio indicators; Central processing unit (CPU) fans; Internal cooling fans for computers

- **Register**: Principal
- **Mark Type**: Service Mark
- **Publication Date**: Feb. 08, 2022

**Mark Information**
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of a super hero wearing a costume with a cape, belt, boots and gloves. The glove on the fisted hand is surrounded by a arc with lines emanating from it, resembling a sun. On the chest of the costume is a quadrilateral shape with the letters "ESE". Four bold lines emanate from the quadrilateral shape. Two rings surround the cape where it attaches to the costume. The super hero is leaning on the letter "E" in "EMERALD". Directly underneath is a shield with lines creating a checkerboard pattern. The shield is leaning on the word SUN followed by ENERGY. Lines and outlining appear underneath the sun and rays, behind the superhero, the shield and all the wording representing shadowing. **Disclaimer**: "SUN ENERGY"

Mark Literal(s) BLUNT GANG

CASE IDENTIFIERS
Serial Number 90367838 Application Filing Date Dec. 08, 2020 Register Principal Mark Type Trademark
Publication Date Feb. 08, 2022

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of the stylized wording "BLUNT GANG" centered on a square multicolored handkerchief with a white and black paisley design border. The letters "B" and "UNT" of the word "BLUNT" are in red text, with a white outline and white scratches and holes that resemble ripped paper. The bottom of these letters feature brown shading that resembles the texture of a cigar wrapper. The letter "L" of "BLUNT" is represented by a brown cigar with brown and black leaves exposed at the top. White and gray smoke surrounds the cigar and appears throughout the center portion of the handkerchief. Directly below the word "BLUNT" is the word "GANG" in black text with white patches resembling paint. Going from left to right, the coloring of the handkerchief consists of vertical strips of blue, green, gray, white, and red gradient coloring, with a black background in the center behind the wording and cigar design. Color Drawing Yes Color Claimed The color(s) blue, red, green, white, black, brown, and gray is/are claimed as a feature of the mark.

mark literal(s) NATURAL CIGAR OF THE GODS A EST. 2004 ADONIS

mark drawing type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) DESCRIPTION OF THE MARK
The mark consists of a center rectangle located between a top rectangle and a bottom rectangle. The top rectangle has three right side horizontal lines extending from the right edge toward the center of the top rectangle and three left side horizontal lines extending from the left edge toward the center of the top rectangle. The three right side and left side horizontal lines stop short of extending into the center of the top rectangle to form a top center rectangular space, wherein the literal element "NATURAL" is located within the top center rectangular space. The bottom rectangle has four right side horizontal lines extending from the right edge toward the center of the bottom rectangle and four left side horizontal lines extending from the left edge toward the center of the bottom rectangle. The four right side and left side horizontal lines stop short of extending into the center of the bottom black rectangle to form a bottom center rectangular space, wherein the literal element "ADONIS" is located within the bottom center rectangular space. Additionally, the bottom rectangle further includes two images which resemble a double-bladed dagger having a diamond shaped center portion located on either side of the literal element "ADONIS". The mark further includes a circular seal located within the center rectangle and having tribal flames extending from the right and left sides of the seal toward the right and left sides of the center rectangle in a sweeping fashion. The circular seal includes three inner circles. The first inner circle has the literal element "A" located in its center with multiple spikes extending from the edge toward the literal element "A". The second inner circle surrounds the first inner circle and includes the literal element "CIGAR OF THE GODS" and the literal element "EST. 2004", wherein the literal element "CIGAR OF THE GODS" is located above the literal element "A" in the first inner circle and wherein the literal element "EST. 2004" is located below the literal element "A" in the first inner circle. Additionally, the second inner circle includes four circular dots extending between the "C" in the literal element "CIGAR OF THE GODS" and the "E" in the literal element "EST. 2004" and four circular dots extending between the "S" in the literal element "CIGAR OF THE GODS" and the "4" in the literal element "EST. 2004". The third inner circle surrounds the second inner circle to form the edge of the seal.

disclaimer "NATURAL" AND "EST. 2004"

**MARK INFORMATION**

- **Standard Character Claim**: No
- **Mark Drawing Type**: 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of a stylized representation of a citrus fruit half showing the fruit sections along with the hands of a clock being represented thereon. The citrus fruit has two leaves at the top. The fruit is being gripped by fluid drops which represent fingers of a human hand. On the fruit design are many circular "bubbles" and cloud like shapes. The bottom of the design consists of a partially bordered rectangle. Inside the rectangle are Arabic characters meaning Aseer Time. **Disclaimer**: THE NON-LATIN CHARACTERS THAT TRANSLITERATE TO "ASEER" Transliteration: The non-Latin characters in the mark transliterate to "ASEER TIME" and this means ASEER means 'juice' and TIME is the transliteration of the English word 'Time' in English.

### Case Identifiers
- **Serial Number**: 90424462  
- **Application Filing Date**: Dec. 29, 2020  
- **Register**: Principal  
- **Mark Type**: Service Mark  
- **Publication Date**: Feb. 08, 2022

### Mark Information
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/LETTER(S)
- **Description of the Mark**: The mark consists of a circular device in which the border is thicker at the top and thinner at the bottom. Inside the circle is a tree-like device with an ornate trunk. The Arabic symbols at the base of the tree represent the English equivalent of the word "MASIC". Underneath the device is the word "MASIC".
- **Transliteration**: The non-Latin characters in the mark transliterate to "MASIC" and this means "HOLDER" in English.

### Goods and Services Information
- **For**: Real estate rental, namely, rental of buildings for permanent occupancy, buildings; Real estate agency; Real estate management; Real estate brokerage; Public funds, namely, investment of funds for others in the field of public equity; Fund investment; Financial services, namely, business fundraising for others, conducting a securities and derivatives exchange; Financial management; Banking services; Capital investment
- **International Classes**: 36 - Primary Classes  
- **US Classes**: 100, 101, 102
