**For** Technological assistance concerning wind turbines, wind power, hybrid power and other renewable energy power projects; consultancy and assistance concerning drafting, planning, engineering and research of energy projects, including wind turbine, wind power plant and hybrid power plant projects; technical analyses, calculations and assessments of specific wind farm projects and preparation of analyses regarding optimal energy production, grid integration and long-term operating solutions; topographical surveying services in the form of preparation of topographic maps and descriptions regarding optimized turbine selection and placement of wind turbines within a certain geographical area; meteorological information, namely, climate, weather and wind analyses and calculations; technological advice and consultancy regarding choice of wind turbine and micrositing of wind turbines for a specific wind energy project; development and testing of wind power, namely, hybrid power and other renewable energy power systems, including wind turbines and wind power plants and components thereto; effecting research projects, namely, conducting scientific research for others in the field of wind turbines, wind power plants, hybrid power plants, other renewable energy plants, power management and power grids; development of new products and concepts with respect to wind turbines, wind power plants and other renewable energy power plants, including plants generating electricity from solar energy, wind energy, including kite energy solutions, geothermal energy, wave energy, sustainable hydro energy, sustainable biomass energy and tidal energy; monitoring and quality control of wind turbines and wind power plants and other renewable energy power plants, including remote monitoring and quality control of wind turbines and wind power plants and other renewable energy power plants; research in connection with and development of equipment for wind turbines, wind power and hybrid power plants; installation, implementation, customization and updating of non-downloadable and downloadable software for the use as a service in connection with wind turbines, wind power and hybrid power plants and other renewable energy power plants; scientific and technological services, namely, providing forecasts in connection with production of wind energy, including forecasts relating to the quantity of generated energy; analysis of technical data, namely, analysis of data for use in connection with forecasting in connection with production of wind energy; providing of technical information and data relating to technical research and development for the production of wind energy; industry analysis and research services in the field of wind energy; meteorological research; climatological research; meteorological information, including climate, weather and wind analysis, including meteorological forecasts; climatological forecasts; electronic storage of data; database development services; preparation of technical reports, namely, forecasting
relating to the quantity of generated energy; provision of scientific surveys, namely conducting geological and engineering
surveys; technological assessment and analysis of wind power, hybrid power and other renewable energy power plants,
namely, analysis of loads, electrical infrastructure and performance of the wind turbines and wind power plants; technological
advice concerning wind power, solar power, hybrid power and other renewable energy power projects and effecting such
projects; research, development and design of computer software and systems for supervisory control and acquisition and
treatment of data from wind turbines and wind power plants as well as for plants for other renewable energy sources;
technological inspection and control of blades for wind turbines, both inside and outside, and of the parts and components
forming or included in a blade for a wind turbine both mechanical, electronic and chemical; consultancy and advisory services
relating to the above mentioned services

Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of a three-dimensional configuration of a gold and black bottle. The bottle cap is black and has the wording "GLEN TURNER" in gold around the circumference. Below the wording is gold wording that says "HIGHLANDS SCOTLAND" on a black background. The wording "GLEN TURNER" also appears indented on the bottle neck. Below this wording is a gold and brown oval label. The label says "GLEN TURNER" in a stylized white font. Underneath this wording is the wording "SINGLE MALT SCOTCH WHISKY" in a stylized gold font and the wording "DOUBLE CASK" is in a stylized white font. There is a gold border around the oval that says "DISTILLED AND MATURED IN THE HIGHLANDS" and "GLEN TURNER COMPANY LTD · SCOTLAND" in a brown stylized font. There is a gold image of a house above the wording "GLEN TURNER." There are gold stylized leaves that make up the right and left hand sides of the oval border. Below the oval is a white square that says "HERITAGE" in a black stylized font and "DOUBLE CASK" in a red stylized font. The rest of the white square has the wording "A FINE SINGLE MALT SCOTCH WHISKY WITH THE BOLD CHARACTER", "OF OAK AND THE DEPTH AND RICH FLAVOUR OF PORT WOOD" and "PORT CASK FINISH" in a stylized black font. There is also a gold image of a double cask and a black shield surrounded by a wording that says "GLEN TURNER - DISTILLED IN THE HIGHLANDS - PRODUCT OF SCOTLAND". The broken lines depicting the outline of the bottle and the bottle cap indicate placement of the mark on the goods and are not being claimed as a feature of the mark. Color Drawing Yes Color Claimed The color(s) gold, brown, white, black, and red is/are claimed as a feature of the mark.
