For Lamp shades; steam accumulators; heat accumulators; defrosting apparatus for vehicles; disinfectant apparatus for medical purposes; distillation apparatus not for scientific purposes; Desiccating units for producing dried fruits, vegetables and meats; hydro massage bath apparatus in the nature of water jets for use in tubs; disinfectant apparatus for medical use; Electric air deodorizing apparatus; Tanning apparatus, namely, tanning beds; ionization apparatus for the treatment of air or water for industrial, commercial or agricultural use; coffee roasters; beverage cooling apparatus; electric hand drying apparatus for washrooms; fruit roasters; water purifying apparatus and machines; Refrigerators; underfloor heating apparatus and installations; freezers; heating and cooling apparatus for dispensing hot and cold beverages; electric air dryers; expansion tanks being structural components of central heating installations; toilet flush tanks; Industrial refining distillation towers for water distilling, chemical processing, and industrial use; bidets; Boilers, namely, heating boilers, furnace boilers, electric boilers, industrial boilers, and boilers for heating installations; bath tubs; spa baths in the nature of heated pools; bath tubs for sitz baths; waffle irons, electric; Fans for HVAC units; electric fans for personal use; roasting spits for cooking ovens; refrigerating display cabinets; heated display cabinets; water heaters; Water flushers, namely, flush levers, flush handles for toilets, and automatic flush valves for toilets; Air heaters, namely, kerosene heaters, heaters for vehicles, bathroom heaters, storage heaters, and electric space heaters; extractor hoods for kitchens; gas condensers, other than parts of machines; acetylene generators; fog machines; micro-bubble generators for baths, namely, bath tub jets; hydrants; Gas burners for industrial, commercial, or domestic use; acetylene burners; gas burners; burners for lamps; Germicidal burner lamps for purifying air; Incandescent burners for industrial, commercial, and domestic use; oxyhydrogen burners; laboratory burners; Oil burners for industrial, commercial, or domestic use; alcohol burners; hot water bottles; Electric foot warmers in the nature of footmuffs; Bed warmers; USB-powered hand warmers; Pocket warmers, namely, electric pocket warmers and chemically activated heating packets for warming hands; Warming pans for beds; Grills, namely, charcoal, gas and electric grills; food dehydrators,
electric; lampshade holders; Stills not for scientific purposes; showers; Refrigerating shipping containers; Friction lighters for igniting Bunsen burners; Outdoor gas grill lighters, namely, friction lighters for igniting gas grills; friction lighters for igniting gas; chimney blowers; Coils as parts of distilling, heating or cooling installations; furnace ash boxes; Evaporators for air conditioners; shower enclosures; Electric space, beverage, and patio heaters; Cool boxes, electric, namely, electric coolers; refrigerating chambers; fireplaces, domestic; chimney flues; coffee capsules, empty, for electric coffee machines; structural framework sold as parts for ovens; air valves for steam heating installations; level controlling steam valves in steam tanks; Thermostatic valves; electrically heated carpets; light bulbs; light bulbs, electric; Solar thermal collectors for heating homes and water; Water distillation columns; ventilation hoods; ventilation hoods for laboratories; lamp globes; air-conditioning apparatus; air conditioners for vehicles; Gas boilers for heating installations; laundry room boilers; heating boilers; coffee machines, electric; Taps being faucets; Faucets for pipes and pipelines being parts of sanitary installations; mixer faucets for water pipes; lava rocks for use in barbecue grills; couscous cookers, electric; electric lights for Christmas trees; Acetylene flares for lighting; Safety lamps; gas lamps; curling lamps, namely, lamps for use on curling fields; nail lamps; curing lamps, not for medical purposes; germicidal lamps for purifying air; light bulbs for directional signals for vehicles; arc lamps; laboratory lamps; oil lamps; ultraviolet ray lamps, not for medical purposes; miners' lamps; electric lamps; chandeliers; barbecues; watering machines for agricultural purposes; ice-cream making machines; soya milk making machines, electric; pounded rice cake making machines, electric, for household purposes; multi-cookers, namely, electric pressure cookers; footmuffs, electrically heated; Heaters for baths, namely, immersion heaters; Heaters for heating iron, namely, heating elements specifically adapted for electric waffle irons; immersion heaters; brackets for gas burners; anti-splash tap nozzles; heat pumps; Filaments for electric lamps; magnesium filaments for lighting; Electric heating filaments specifically designed for portable electric heaters; luminous house numbers; socks, electrically heated; heating apparatus for defrosting vehicle windows; Hot air bath fittings, namely, hot tub jets; Bath fittings, namely, faucets, water control valves for faucets, faucets aerators, and shower faucet extensions; Fuel loading apparatus specifically designed for furnaces, namely structural components of furnaces that load fuel for heating; Kiln furniture; sauna bath installations; refrigerating appliances and installations; directional lights for bicycles; electrically heated clothing; blankets, electric, not for medical purposes; fabric steamers; lamp reflectors; vehicle reflectors; Fireplace hearths; electric cooktops; food steamers, electric; Steam boilers, other than parts of machines, namely, central heating boilers; Pasteurizers for use in the food, beverage, or pharmaceutical industry; lamp mantles; sockets for electric lights; coffee percolators, electric; Stoves being heating apparatus; bakers' ovens; Air ovens, namely, cooking, convection, induction, baking, and domestic cooking ovens; Kitchen ranges, namely, electric and gas ranges; microwave ovens; microwave ovens for industrial purposes; incinerators; kilns; solar furnaces; dental ovens; furnaces, other than for laboratory use; urinals being sanitary fixtures; Heating boiler feeders, namely, devices for warming feed water in heating boilers; Heating plates, namely, electric hot plates; Cookers, namely, gas and electric pressure cookers; hot plates; wine cellars, electric; heaters, electric, for feeding bottles; aquarium heaters; USB-powered cup heaters; aquarium lights; heating cushions, electric, not for medical purposes; Clean chambers, namely, sanitary installations in the nature of steam rooms; tortilla presses, electric; Electric air deodorizing apparatus, not for personal use; Apparatus for dehydrating food waste; fumigation apparatus, not for medical purposes, namely, air purifiers; gas scrubbing apparatus; Industrial scrubbers for removing particulate oil from the air during industrial processing, namely, impingement scrubbers, venturi scrubbers, and dynamic scrubbers; Electric hot glue melting pots; forage drying apparatus; water filtering apparatus; air purifying apparatus and machines; ice machines and apparatus; Thermoelectric coolers for food and beverages; Cookers, namely, gas cooker, electric pressure cooker, and rice cooker; bread cooker, electric couscous cooker, electric slow cooker, and electric egg
cookers; lighting apparatus namely lighting installations; Sanitizers, namely, apparatus using ultraviolet light for sanitizing linens, surfaces of objects, and hands not for medical purposes; cooking rings; lighting apparatus for vehicles; light-emitting diodes (LED) lighting fixtures; heating apparatus for solid, liquid or gaseous fuels; heating apparatus, electric, namely, space heaters; Hot air pump, namely, heat pump; steam facial apparatus; Gas safety regulators; Regulating accessories for water or gas apparatus and pipes; safety pressure regulators for water installations; gas pipe safety pressure regulators; roasting jacks; plate warmers; Fitted anti-glare devices for vehicle headlamps; rotisseries; radiator caps; searchlights; diving lights; light projectors; washers for water faucets; heat guns; radiators; central heating radiators; radiators, electric; sinks; disinfectant dispensers for toilets; drip irrigation emitters; light diffusers; nuclear reactors; Heaters, namely, waste oil heaters, aquarium heaters, solar water heaters, electric cup heaters, and electric space heaters for commercial and household use; Pressurized hot water tanks specifically designed for use with heating installations, elements, boilers, radiators, and solar collectors; Roasters, namely, coffee roasters; beverage urns, electric; lamps; ceiling lights; toilet seats; hydroponic growing systems comprised of light emitting diode (LED) plant grow lights, grow cabinets in the nature of closed environments with integrated misting chambers, and automated controls therefor; lighting installations for air vehicles; pressure cookers, electric; gas scrubbers; lamp glasses; sterilizers; water sterilizers; air sterilizers; Electric air dryers; laundry dryers, electric; hair dryers; malt roasters; tobacco roasters; tajines, electric; heat exchangers, other than parts of machines; electric bread toasters; discharge tubes, electric, for lighting; lamp chimneys; luminous tubes for lighting; Pipes being parts of sanitary installations; Flues specifically adapted for use with heating boilers; Boiler pipes for heating installations; Toilets; toilets, portable; humidifiers; humidifiers for central heating radiators; Wash-hand basins being parts of sanitary installations; toilet bowls; air-conditioning installations; water desalination plants; Hydrogen-generation equipment and components, namely, nuclear fuel processors and nuclear moderating material processors; watering installations, automatic, namely, irrigation sprinklers; cooling installations for water; cooling installations for liquids, namely, water; milk cooling installations; cooling installations for tobacco; water purification installations; purification installations for sewage; steam generating installations; Water distributors, namely, equipment for treating groundwater and soil comprising distribution lines, distribution manifolds, drop tubes, well seals and blowers; air filtering installations; swimming pool chlorinating apparatus; Air-conditioning ventilation installations and apparatus; ventilation, namely, air-conditioning installations for vehicles; water softening apparatus and installations; heating installations; heaters for vehicles; hot water heating installations; Heated polymerization installations for dental restoration compounds; Water supply regulating accessories, namely, metered valves; flare stacks for use in the oil industry; Automatic ash conveyors as structural components for coal stoves and coal-fired home space heaters; Whirlpool-jets; air cooling apparatus; aquarium filtration apparatus; Electric pressure, rice, and bread cookers; Flaming torches, namely, butane torches for cooking and propane torches for melting ice; headlights for automobiles; vehicle headlights; filters for air conditioning; filters for drinking water; wicks adapted for oil stoves; lights for automobiles; bicycle lights; motorcycle lights; lights for vehicles; electric torches for lighting; head torches; lanterns for lighting; Candle lanterns in the nature of lighting apparatus; street lamps; Chinese electric lanterns; Ornamental and drinking fountains; ornamental fountains; chocolate fountains, electric; air fryers; deep fryers, electric; Structural replacement fittings, shaped, for electric cooking ovens; Structural replacement fittings for bakers' ovens that are made of fireclay; bread-making machines; refrigerators, cooling apparatus and freezers for medical storage purposes; chromatography apparatus for industrial purposes; kettles, electric; Dampers, namely, control devices used in air ducts to regulate the flow of heated air; book sterilization apparatus; refrigerating cabinets; heating elements; fairy lights for festive decoration; electric appliances for making yogurt; bread baking machines; standard lamps;
thermo-pots, electric; bath installations

Environmental Control Apparatus

**For** Asphalting; drilling of deep oil or gas wells; drilling of wells; rebuilding engines that have been worn or partially destroyed; rebuilding of automobile machines that have been worn or partially destroyed; retreading of tires; vulcanization of tires, namely, tire repair; building sealing; linen ironing; pressing of clothing; disinfecting; vehicle battery charging; charging of electric vehicles; knife sharpening; installing building insulation; bricklaying; riveting; construction consultancy; varnishing; re-tinning; installation of utilities in construction sites; Scaffolding erection; road paving; window cleaning; vehicle washing; building construction supervision; tuning of musical instruments; upholstering; rustproofing; anti-rust treatment for vehicles; sanding of floors; pumicing; strong-room maintenance and repair; vehicle maintenance; paper hanging; painting or repair of signs; Exterior cleaning of buildings; vehicle polishing; vehicle breakdown repair services; providing information relating to repairs; providing construction information; rental of bulldozers; rental of drainage pumps; rental of dish drying machines; rental of road sweeping machines; rental of cleaning machines; rental of truck cranes; rental of dishwashing machines; rental of laundry washing machines; rental of construction equipment; rental of excavators; laying of cable; masonry; roofing services; painting, interior and exterior; carpentry services; underwater repair; plastering; quarrying services; repair of security locks; umbrella repair; parasol repair; motor vehicle maintenance and repair; burner maintenance and repair; film projector repair and maintenance; airplane maintenance and repair; safe maintenance and repair; clock and watch repair; repair of power lines; pump repair; upholstery repair; shoe repair; clothing repair; photographic apparatus repair; furniture restoration; restoration of works of art; vehicle greasing; demolition of buildings; warehouse construction and repair; vehicle service stations for refueling and maintenance; sterilization of medical instruments; Car washing; washing of linen; construction, namely, pipeline construction, underwater construction and factory construction; pier breakwater building; pipeline construction and maintenance; underwater construction; harbor construction; factory construction; building of fair stalls and shops; shipbuilding; Interior cleaning of buildings; snow removal; street cleaning; vermin exterminating, other than for agriculture, aquaculture, horticulture and forestry; housekeeping services in the nature of cleaning of residential homes; tire balancing; pest control services, other than for agriculture, aquaculture, horticulture and forestry; hydraulic fracturing services; refilling of toner cartridges; refilling of ink cartridges; cell phone battery charging services; artificial snow-making services; laundering; services of electricians, namely, electrical contractor and review of and remedial recommendations for electrical systems; installation of doors and windows; irrigation devices installation and repair; elevator installation and repair; installation and repair of flood protection equipment; heating equipment installation and repair; burglar alarm installation and repair; furnace installation and repair; telephone installation and repair; installation and repair of air-conditioning apparatus; fire alarm installation and repair; freezing equipment installation and repair; electric appliance installation and repair; kitchen equipment installation; installation, maintenance and repair of computer hardware; machinery installation, maintenance and repair; office machines and equipment installation, maintenance and repair; interference suppression services for electrical apparatus; swimming-pool maintenance; furniture maintenance; chimney sweeping; boiler cleaning and repair; cleaning of clothing; dry cleaning; vehicle cleaning; diaper cleaning; leather care, namely, cleaning and repair; fur care, namely, cleaning and repair; mining extraction; plumbing
DVD players; Video lottery ticket and electronic parking lot ticket dispensers; Coin-operated musical automata, namely, juke boxes; Fire engines; answering machines; electrical adapters; batteries for electronic cigarettes; accumulators, electric; accumulators, electric, for vehicles; accelerometers; actinometers; alidades; altimeters; ammeters; nanoparticle size analyzers; anemometers; anodes; antennas; anticathodes; apertometers; high-frequency apparatus, namely, high frequency switches, high-frequency switching power supplies, and high-frequency mobile and sea-based communication antennas; Testing apparatus not for medical purposes, namely, apparatus for testing semiconductors, printed circuit boards, vehicle brakes, vehicle transmissions; Diagnostic apparatus for testing food, gas, liquids and solids; Remote control apparatus for controlling telemetering machines; Electro-dynamic apparatus for the remote control of railway points; Electro-dynamic apparatus for the remote control of signals; Monitoring apparatus, other than for medical purposes, namely, computer hardware and recorded software for monitoring the functioning of other electronic devices sold as a unit; Sound recording apparatus; Global Positioning System (GPS) apparatus; Distillation apparatus for scientific purposes; Diffraction apparatus, namely, microscope; Air analysis apparatus; Sound transmitting apparatus; Apparatus for fermentation for laboratory use; Breathing apparatus for underwater swimming; Breathing apparatus, except for artificial respiration, namely, self-contained breathing apparatus; Apparatus and installations for the production of X-rays, not for medical purposes, namely full body x-ray security screening machines; Cash registers; Electric apparatus for commutation, namely, telephones, paging, and facsimile apparatus; Intercommunication apparatus, namely, walkie-talkies; Still for laboratory experiments; Slide, photograph, video projection apparatus; fire extinguishing apparatus; Radiological apparatus for industrial purposes, namely, industrial x-ray apparatus in the nature of testing equipment for determining industrial flaws; X-ray apparatus not for medical purposes; Blueprint apparatus, namely, blueprinting machines; Flashing lights, namely, luminous railway signals and vehicle traffic signals; Stereoscopic apparatus, namely, stereoscopes; Telephone apparatus; facsimile machines; photo-telegraphy apparatus; Igniting apparatus, electric, for igniting at a distance, namely, electric igniters used in connection with ballasts to start discharge lamps; Acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; battery jars; automated teller machines (ATM); Barometers; anode batteries; galvanic batteries; batteries for lighting; solar batteries; solar panels for the production of electricity; batteries, electric; balances; steelyards; betatrons; binoculars; Biochips for research or scientific purposes; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; Connected bracelets, namely, magnetically encoded identification bracelets for measuring sleep and exercise; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; signaling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolyzers; variometers; verniers; scales; baby scales; bathroom scales; letter scales; weigh-bridges; precision balances; scales with body mass analyzers; Leveling staffs being surveying instruments; camcorders; video baby monitors; Blank video cassettes; video projectors; video telephones; video screens; viewfinders, photographic; electric plugs; micrometer screws for optical instruments; viscosimeters; circuit closers; wave-meters; voltmeters; mechanical signs; signs, luminous; switch boxes; current rectifiers; gas testing instruments; gasometers; galvanometers; hands-free kits for telephones; heliographic apparatus; hygrometers; hydrometers; Weights, namely, test weights, weights for use with weighing scales; Peepholes, namely, magnifying lenses for doors; Teaching apparatus in the nature of hairdressing training heads; Electronic machines used to apply holographic overlay and to set up and control holograms and verification thereof; plotters; Sounding leads, namely,
marine depth finders; plumb bobs; Range finders for cameras and golf; parking sensors for vehicles; piezoelectric sensors; densimeters; Densitometers not for medical use; Detectors, namely, radon and radar detectors; Smoke detectors; infrared detectors; counterfeit coin detectors; joysticks for use with computers, other than for video games; Photographic transparencies; slide projectors; Photographic diaphragms, namely, camera lens partitions being structural components of cameras; dictating machines; dynamometers; Light-emitting diodes (LEDs); Quantum dot light-emitting diodes (QLEDs); Organic light-emitting diodes(OLEDs); Blank floppy computer disks; Blank sound recording discs; Blank magnetic disks; blank optical discs; circular slide rules; disk drives for computers; juke boxes for computers; wearable video display monitors; electronic numeric displays; DNA chips; electronic interactive whiteboards; electronic notice boards; electric wire harnesses for automobiles; bullet-proof vests; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; padlocks, electronic; locks, electric; Warning bells; alarm bells, electric; electric door bells; signal bells; audio interfaces; acoustic conduits; inspection mirrors; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes; Electric buzzers; needles for surveying compasses; needles for record players; eyewear; Reflective clothing for wearing, for the prevention of accidents; Measures, namely, spirit measures, tape measures, measuring glassware and measuring spoons; pressure measuring apparatus; simulators for the steering and control of vehicles; Electric inverters; pressure indicators; automatic indicators of low pressure in vehicle tires; temperature indicators; incubators for bacteria culture; measuring instruments, namely, instruments for measuring length; Cosmographic instruments, namely, telescopes; Mathematical instruments, namely, calculators; Leveling instruments, namely, plum levels, carpenters levels, and surveyor's levels; Instruments containing eyepieces, namely, telescopes and microscopes; surveying instruments; azimuth instruments; interfaces for computers; Ionization apparatus for scientific and laboratory use; satellite finder meters; Spark-guards, namely, welding masks and goggles; Coaxial cables; fiber optic cables; cables, electric; Calipers for measuring electrical and mechanical components; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; rearview cameras for vehicles; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; Electronic pens; Holders for electric coils; biometric identity cards; identity cards, magnetic; video game cartridges; ink cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; Encoded magnetic key cards for access control; riding helmets; protective helmets; cathodes; Spools for cameras; Choking coils for use in electrical apparatus; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves; wire connectors; Thin client computers; Downloadable software for generating downloadable cryptographic keys for receiving and spending cryptocurrency; encoded key cards; electronic book readers; electronic agendas; Push buttons for bells specifically adapted for warning bells; magnetic encoders; visors for helmets; Collectors, electric, namely, batteries; Calibrating rings being devices for calibrating atomic absorption spectrometers; smart rings; ring sizers; protective suits for aviators; commutators; Blank compact discs; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; Wearable computers in the nature of smartwatches and smart glasses; Condensers being capacitors; Contacts, electric; wind socks for indicating wind direction; safety traffic cones; Branch boxes, namely, electrical connection boxes; Electrical distribution boxes; Junction boxes; Battery boxes; cabinets for loudspeakers; diving suits; Downloadable computer software for use as e-wallets; Galena crystal detectors for use in electronics; covers for electric outlets; Logs being measuring instruments, namely, square rulers for measuring; lasers, not for medical purposes; lactodensimeters; lactometers; Vacuum tubes for radios; Photography darkroom lamps; thermionic tubes; amplifying tubes; Flashlights for use in photography; Head cleaning tapes for video recorders; Blank magnetic computer tapes; Blank video tapes; surveying chains; Fire escape ladders; Measuring rulers; square rulers for measuring; slide-rules; contact
lenses; Correcting lenses, namely, conversion lenses for cameras; optical lenses; optical condensers; sounding lines, namely, marine depth finders; electricity conduits; measuring spoons; magnifying glasses; thread counters; magnets; decorative magnets; close-up lenses; crash test dummies; resuscitation mannequins; pressure gauges; security token hardware; divers' masks; solderers' helmets; Protective face masks for the prevention of accident or injury; Protective industrial respiratory masks, other than for artificial respiration; Materials for electricity mains, namely, electric wires and cables; voting machines; money counting and sorting machines; Material testing instruments and machines, namely, Electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials; furniture especially made for laboratories; megaphones; portable media players; Acoustic diaphragms, namely, electroacoustic transducers intended to inter-convert mechanical vibrations to sounds and vice versa; Diaphragms for scientific apparatus, namely, electroacoustic transducers intended to inter-convert mechanical vibrations to sounds and vice versa; metal detectors for industrial or military purposes; Digital weather station instruments; metronomes; Rules, namely, measuring rules; carpenters' rules; Dressmakers' measures, namely, measuring tapes; mechanisms for coin-operated apparatus; Mechanisms for counter-operated apparatus, namely, structural replacement parts for counters for use during sporting activities; coin-operated mechanisms for television sets; shutter releases for cameras; micrometers; microprocessors; microscopes; microtomes; microphones; audio mixers; modems; lightning rods; Computer monitors; Monitors, namely, downloadable software for monitoring and controlling communication between computers and automated machine systems; selfie sticks; Terminals, namely, battery, telephone, computer, and point-of-sale terminals; junction sleeves for electric cables; Teeth protectors, namely, mouth guards for athletic use; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; earpieces for remote communication; Sound recording carriers, namely, CD cases; Magnetic data media, namely, blank magnetic discs; Optical data media, namely, blank optical data carriers; electronic sheet music, Downloadable; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; Objectives, namely, lenses for microscopes; Telescope lenses for astrophotography; Selfie lenses, namely, camera lenses for mobile phones; egg-candlers; fire extinguishers; rescue laser signaling flares; electrified fences; Electricity limiters; Clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; Protective clothing especially made for laboratories; Survival blankets to prevent injury due to hypothermia; ozonizers; octants; Protective eye pieces; ohmmeters; wrist rests for use with computers; eyeglass frames; oscillographs; plumb lines; Scientific and technical apparatus, namely, optical mirrors; eyeglasses; sunglasses; goggles for sports; electronic collars to train animals; finger sizers; Signaling panels, luminous or mechanical, namely, electric, neon, luminous and digital signs; Biometric passports; wah-wah pedals; radio pagers; pince-nez; electronic pocket translators; Telecommunication transmitters; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; data gloves; Gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; droppers for measuring, other than for medical or household purposes; laboratory pipettes; pyrometers; planimeters; plates for batteries; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; Sound recording strips, namely, blank magnetic audio tape for recording sound; X-ray films, exposed; Exposed slide films; life-saving rafts; animal signaling rattles for directing livestock; laboratory trays; digital signs; stands adapted for laptops; semi-conductors; polarimeters; personal digital assistants (PDAs); fire pumps; measuring glassware; weight belts for divers; life belts; fuses; circuit breakers; converters, electric; Telerupters being electromechanical relays; Food analysis apparatus, namely, diagnostic 43
apparatus for testing food; Diagnostic apparatus, not for medical purposes, namely, apparatus for testing food; Distance recording apparatus; distance measuring apparatus; Speed measuring apparatus, namely, apparatus for measuring the speed of lens shutters; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; Speed checking apparatus for vehicles, namely, radar guns for police work; Time recording apparatus; apparatus and instruments for astronomy, namely, astronomical spectrographs; Surveying apparatus and instruments, namely, transits, chains and compass needles; weighing apparatus and instruments; Nautical apparatus and instruments, namely, underwater housings for cameras, underwater enclosures for cameras and underwater enclosures for photographic lenses; Navigational instruments, namely, navigational buoys; Optical apparatus and instruments, namely, optical ports for underwater photography, dome ports for underwater photography, wet diopters, adapter lenses for underwater photography; Apparatus and instruments for physics, namely, magnetic agitators for laboratory use; Chemistry apparatus and instruments, namely, laboratory glassware, centrifuges, filters and gloves; Measuring apparatus, namely, pressure measuring apparatus, distance measuring apparatus, and radioactivity measuring apparatus; Measuring devices, electric, namely, apparatus for measuring the speed of golf swings; boiler control instruments; meteorological instruments; Naval signaling apparatus, namely, rotating lights; Observation instruments, namely, electronic detectors for observing and measuring the infrared spectrum, namely, infrared detectors; navigation apparatus for vehicles; Satellite navigational apparatus, namely, satellite-aided navigational systems; Electric voltage regulators; Telecommunication apparatus in the form of jewelry, namely, smart watches; Precision measuring apparatus, namely, lasers for measuring purposes; audio- and video-receivers; Prisms; ticket printers; document printers for use with computers; Laboratory equipment, namely, retorts' stands for use in high temperature chemical reactions; apparatus for changing record player needles; Drainers for use in photography, namely, photography drying racks; Cleaning apparatus designed specifically for with sound recording discs, namely, phonographic record cleaning apparatus that administers a small amount of cleaning solution to a record and cleans the record with a brush; Fire beaters, namely, blankets for smother fires; telescopic sights for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; Computer game software, downloadable; computer game software, recorded; computer operating programs, recorded; computer screen saver software, recorded or downloadable; record players; Computer central processing units; rods for water diviners; Electricity distribution consoles; Electric control panels; radar apparatus; masts for wireless aerials; Telegraphic transmitting apparatus; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; Screens for photo engraving, namely, computer touch screens for use with laser engraving equipment; flowmeters; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; Stage lighting regulators, namely, electronic regulating and control devices for the operation of light emitting diode (LED) stage lights; speed regulators for record players; Electrical cell switches; Washing trays for photography; Marking gauges for joinery purposes; T-squares for measuring; time switches, automatic; relays, electric; body harnesses for support when lifting loads; X-ray photographs, other than for medical purposes; rheostats; Respirators for filtering air, namely, protective industrial respirators; Retorts for use in high temperature chemical reactions; refractometers; Refractors designed specifically for use in microscopes; grids for batteries; security surveillance robots; laboratory robots; teaching robots; telepresence robots; humanoid robots with artificial intelligence; electric sockets; height measuring instruments; speaking tubes; horns for loudspeakers; subwoofers; saccharometers; optical fibers being light conducting filaments; Traffic-light apparatus; dog whistles; signaling whistles; sports whistles; sextants; Electrical inductors; safety nets; nets for protection against accidents; fire alarms; Signals, luminous or mechanical, namely, railway signals; rescue flares, non-explosive and non-pyrotechnic; sirens; electronic access control systems for interlocking doors; hand-held
electronic dictionaries; Integrated circuit cards; Smart glasses; smartphones; smartwatches; connections for electric lines; couplings, electric; sonars; Sound locating instruments, namely, electronic devices for locating and tracking sources of sounds; lighting ballasts; resistances, electric; spectrograph apparatus; spectrosopes; speed indicators; alcohol-meters; satellites for scientific purposes; Protection devices for personal use against accidents, namely, clothing incorporating LEDs for the prevention of accidents; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; anti-glare glasses; Optical glass, namely, optical lenses made of glass; personal stereos; spectroscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfitometers; bags adapted for laptops; Drying racks for photography; spherometers; integrated circuits; printed circuits; parking meters; kilometer recorders for vehicles; Revolution counters, namely, counting devises for centrifuges for laboratory use; abacuses; egg timers; taximeters; ear plugs for divers; tachometers; Television apparatus for projection purposes; Telegraphs; telescopes; teleprompters; teleprinters; cordless telephones; cellular phones; theodolites; credit card terminals; interactive touch screen terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; climate control digital thermostats; Crucibles for laboratory use; tone arms for record players; Totalizers, namely, electronic calculators and computers for totaling and showing the number and amount of bets staked on a race, to facilitate the division of the total among those backing the winner; Transistors; transponders; Protractors; Transformers; step-up transformers; resuscitation training simulators; vehicle breakdown warning triangles; triodes; Starter cables for motors, namely, battery starter cables; discharge tubes, electric, other than for lighting; Capillary tubes specifically designed for use with laboratory condensers; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; headgear being protective helmets; squares for measuring; Gauges, namely, depth, petrol, micrometer and angle gauges; Quantity indicators, namely, technical measuring, testing and checking apparatus and instruments for measuring, testing and checking the temperature, pressure, quantity and concentration of gas and liquids; gasoline gauges; water level indicators; Electric sensors for indicating loss of electricity; Light-emitting electronic pointers, namely, laser pointers; slope indicators; Surveyors' levels; Mercury levels, namely, mercury-bubble levels; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; Tire balancing apparatus for land vehicles; video recorders; sound reproduction apparatus; tape recorders; Protection devices against X-rays, not for medical purposes, namely clothing for protection against irradiation; Railway traffic safety appliances, namely, electro-dynamic apparatus for the remote control of railway points; data processing apparatus; Theft prevention installations, namely, electric burglar alarms; Laser projection virtual keyboards; Mechanical film cutters, namely, apparatus for viewing and cutting cinematographic film when editing to determine the best cut-point; drying apparatus for photographic prints; optical character readers; Centering photo-film holder, namely, apparatus for viewing and centering cinematographic film to prepare for editing; Machines for dispensing pre-determined dosages of medication; battery chargers; chargers for electric accumulators; chargers for electronic cigarettes; acoustic alarms; graduated rules for measuring depth; apparatus for editing cinematographic film; Anti-corrosion protectors specifically designed for cathodes; Couplers being data processing equipment; Anti-theft warning apparatus, namely, theft alarms, not for vehicles; computer peripheral devices; electric voltage surge suppressors; demagnetizing apparatus for magnetic tapes; acoustic couplers; Alarms, namely, burglar alarms, sound alarms and fire alarms; fog signals, non-explosive; whistle alarms; adding machines; Heat regulating apparatus, namely, thermostats; Photocopiers; electric and electronic effects units for musical instruments; bar code readers; downloadable music files; Video disks and video tapes with recorded animated cartoons; Filters for non-medical respiratory masks; Filters for ultraviolet rays, for photography; filters for use in photography, namely, photographic filters; Blank USB flash drives; magic lanterns; optical lamps; Optical
signal lanterns, namely, in-ground traffic lights being signalling devices; cameras; Glazer being a structural component inside photo printers, for glazing photographs while being prints; shutters; photometers; flash-bulbs; digital photo frames; Photo printer, namely, photographic enlarger; photovoltaic cells; containers for contact lenses; eyeglass cases; Containers specifically adapted designed for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; Chronographs for use as specialized time recording apparatuses; laboratory centrifuges; eyeglass chains; cyclotrons; compasses for measuring; frequency meters; time clocks; Petri dishes; sleeves for laptops; covers for personal digital assistants; covers for tablet computers; covers for smartphones; fire blankets; Chips, namely, integrated circuits; pedometers; meteorological balloons; electrified rails for mounting spot lights; Asbestos safety screens for firemen; fire hose; virtual reality headsets; protective helmets for sports; head guards for sports; lifeboats; snorkels; cell phone straps; eyeglass cords; tripods for cameras; switchboards; Distribution boards, namely, power distribution panels; Equalizers being audio apparatus; workmen's protective face-shields; projection screens; fluorescent screens; Photographic exposure meters; Electrical ducts; galvanic cells; downloadable graphics for mobile phones; epidiascopes; Ergometers not for medical purposes; Armatures for use in electrical apparatus; Electronic black boxes for recording data; 3D spectacles; ear pads for headphones; Magnetic resonance imaging apparatus, not for medical purposes; Woofers; downloadable emoticons for mobile phones; toner cartridges, unfilled, for printers and photocopiers; mouse pads; Computer mouse; trackballs; Lifesaving apparatus and equipment, namely, life rafts and life-saving capsules for natural disasters; shoes for protection against accidents, irradiation and fire; hemline markers; Electric light dimmers; Scanners; wearable activity trackers; downloadable ring tones for mobile phones

**GOODS AND SERVICES INFORMATION**

**For** Hire purchase or lease purchase financing, insurance services, namely insurance underwriting, brokerage, issuance and administration of insurance for injection moulding machines or injection moulding plants, in particular plastic injection moulding machines, and for use in a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes** 36 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Insurance and Financial

**For** Folders for holding and storing paper, namely file folders; money clips, chequebook covers, paper clips, passport covers, photo albums, printed teaching and instructional materials in the field of industrial processes; all of the aforementioned goods in relation to injection moulding machines or injection moulding plants, in particular plastic injection moulding machines, and in relation to a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes** 16 - Primary Classes **US Classes** 2, 5, 22, 23, 29, 37, 38, 50 **International Class Title** Paper Goods and Printed Matter

**For** Injection moulding machines for processing plasticisable masses, in particular plastic injection moulding machines; injection moulding plants comprising injection moulding machines for producing injection moulded parts, in particular from plastic; machines for producing prototypes and small series from plastic or other plasticisable materials, in particular in a process for additive three-dimensional shaping of objects, in particular a stereolithography process, a rapid prototyping process or a rapid tooling process; structural parts of the aforementioned goods
For providing online retail store services and retail store services featuring injection moulding machines for processing plasticisable masses, in particular plastic injection moulding machines, machines for the production of prototypes and small series from plastic or other plasticisable materials, in particular in a process for the additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling, injection moulding plants comprising injection moulding machines for the production of injection moulded parts, in particular of plastic, accessories for spare parts for and parts of the aforementioned goods; providing online retail store services and retail store services featuring electronic control systems and computer-controlled numerical control systems, data processing, data input and data output devices for use in connection with equipment and control systems for industrial production, information technology devices for the presentation and recording of information, in particular mobile information technology devices for displaying and collection of information, for the operation, maintenance and programming of industrial manufacturing equipment, parts of the aforementioned goods, programs for the industrial production and for production planning, computer programs, especially for industrial production and for production planning, computer programs for machines, in particular for the operation and programming of machines, the calculation of piece times of machines, computer programs for the operation of control systems for industrial production and/or for the operation of equipment and programs for industrial production, host computer software systems, in particular for the collection, exchange and archiving of data; providing a website featuring classified advertisements featuring services relating to the configuration of machines, services relating to the operation and installation of machines and the production of products to be manufactured on machines, machine accessories, control systems for machines and programs for machines, training in and workshops on the use and maintenance of machines, training in and workshops on computer programs for the control of machines, services relating to the programming, operation, maintenance and servicing of machines, services relating to the identification and procurement of spare parts, services relating to the provision of machine documentation, machine life cycles and programs for the presentation of parts, creation of programs for industrial production and for production planning, in particular the manufacture and production planning of machine and plant components, installation of updates of computer programs for machines, maintenance of and error correction in computer programs for machines, services in connection with the operation of machines and computer programs for the operation of machines, services in connection with the provision of a database concerning in particular user examples, documentation and instructions for the operation of machines and computer programs for machines, computing and calculation schemes, media data, such as in particular printed photographs, films, animations, presentations, services in connection with the provision and evaluation of machine condition and process data, services relating to the prediction of maintenance and repair work; procurement of contracts for the purchase and sale of goods and services, namely for spare parts, repair of machines, machine accessories and machine control systems, and other troubleshooting applied to repair failed products or processes on machines, machine accessories and machine control systems; all of the above services for injection moulding machines or injection moulding systems, in particular plastic injection moulding machines, and for use in a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling; services relating to the registration, transcription, compilation and systematization of data into databases, namely, of written communications and records, as well as the compilation of mathematical or statistical data for business purposes; services relating to the registration, transcription, collection and systematization of data into databases, namely, of written communications and records, as well as to the compilation of mathematical or statistical data for business
purposes; services provided by advertising agencies, namely, advertising services, distribution of advertising brochures or the
distribution of samples of goods being product samples; all of the aforementioned services for injection moulding machines or
injection moulding plants, in particular plastic injection moulding machines, and for use in a process for the additive three-
dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling; providing online retail
store services and retail store services featuring goods for use in injection moulding machines or injection moulding plants, in
particular plastic injection moulding machines, and for use in a process for the additive three-dimensional shaping of objects,
in particular stereolithography, rapid prototyping and rapid tooling, namely, chemical products for industrial purposes,
adesives for industrial purposes, chemical products for the manufacture of products, in particular building materials and
supporting materials, plastics in their raw state in all their forms, plastics in powder form, plastics in bulk, plastics as raw
materials, chemical additives for plastics, chemical additions for plastics, plastics in the form of granules, plastics in the form of
foam; providing online retail store services and retail store services featuring goods for injection moulding machines or
injection moulding plants, in particular plastic injection moulding machines, and for use in a process for the additive three-
dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling, terminals for the
acquisition, processing and transmission of data, data processing equipment delivering results in real time or otherwise,
detection instruments, Sensors and detector units for use in controlling the actuation and operation of plastic injection molding
machines and machines for additive three-dimensional shaping , wireless transmitters and receivers, electronic positioning
equipment, voice processing systems, computer software for automatic identification, network management and file transfer,
software for supply chain management, computer software for the planning and monitoring of machines and business
processes, software, apps, application software for use in the implementation of the Internet of Things; providing online retail
store services and retail store services featuring goods for use in or with injection moulding machines or injection moulding
plants, in particular plastic injection moulding machines, and for use in a process for the additive three-dimensional shaping of
objects, in particular stereolithography, rapid prototyping and rapid tooling and featuring plastics for injection moulding,
plastics as semi-finished products, plastic fibres, not for textile purposes, recycled plastic material for use in production, goods
made of plastics or resins in extruded form for use in manufacturing processes; providing online retail store services and retail
store services featuring goods for use with injection moulding machines or injection moulding plants, in particular plastic
injection moulding machines, and for use in a process for the additive three-dimensional shaping of objects, in particular
stereolithography, rapid prototyping and rapid tooling and featuring materials, not of metal, for construction purposes

**International Classes**: 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Consulting services relating to the maintenance and repair of machines; consulting services relating to maintenance of
machines including fault detection and repair of spare parts; all of the aforementioned services for injection moulding
machines or injection moulding plants, in particular plastic injection moulding machines, and for use in a process for additive
three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes**: 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair
For Electronic control systems comprising electrical controllers and programmable logic controllers, computer-controlled numerical control systems comprising electrical controllers and programmable logic controllers, electronic control devices comprising electrical controllers and programmable logic controllers and electronic monitoring instruments for monitoring the operation of plastic injection moulding machines, as special devices and instruments for injection moulding machines, in particular for plastic injection moulding machines or for machines for the production of prototypes and small series of plastic or other plasticisable materials; programmed components for interactive control devices comprising electrical controllers and programmable logic controllers and monitoring instruments for monitoring the operation of plastic injection moulding machines as special devices and instruments for the control and/or operation of injection moulding machines, in particular for plastic injection moulding machines or of machines for the production of prototypes and small series of plastic or other plasticisable materials; recorded computer software for controlling injection moulding machines, in particular plastic injection moulding machines or machines for producing prototypes and small series made of plastic or other plasticisable materials; apparatus for recording, transmitting and reproducing sound and images; recorded computer programs, in particular for monitoring and control of machines for industrial production, and for production planning; recorded computer programs for machines, in particular for operating and programming machines, for calculating piece times of machines; recorded computer programs for operating control systems for industrial production, and for operating plastic injection molding equipment; recorded software for operating interfaces; computer interfaces; information technology equipment and audiovisual equipment, namely, computers, cameras, video recorder, audio recorder, DVD and DVR recorder, microphones, integrated circuits for collecting and submitting data and information from machines to a machine-user interface; data communication equipment, namely, radio transmitters, computers, radio receiver, radio transmitter, radio transceivers, video player, digital audio players, LAN and WLAN components, namely, LAN and WLAN hardware; remote monitoring equipment, namely, radio transmitters, cameras, computers, radio receiver, radio transmitter, radio transceivers, LAN and WLAN components, namely, LAN and WLAN hardware; recording equipment, namely, DVD recorders, video recorder, audio recorder, cameras, blank magnetic data carrier, blank digital storage media; equipment for processing digital signals, namely, digital signal processors; electrical remote control equipment, namely, electrical controllers, electronic apparatus for the remote control of industrial operation, remote controls for injection molding machines, remote controls for plastic manufacturing machines, remote controls for conveyors, and remote controls for industrial robots; wireless radio transmission equipment, namely, wireless transmitters and receivers; recorded host computer software, in particular for recording, exchanging and archiving data; data processing, data input and data output devices, namely, computers and computer hardware for use in connection with devices and controls for industrial production; information technology devices for the representation and acquisition of information, in particular mobile information technology devices, namely, computers and computer hardware for the representation and acquisition of information, for the operation, maintenance and programming of devices for industrial production, structural parts of the aforementioned goods; computer terminals for the collection, processing and transmission of data; data processors delivering results in real time or otherwise; detection instruments, in particular, temperature, pressure, distance, position, volume, flow, motion, material, viscosity sensors, and temperature, pressure, distance, position, volume, flow, motion, material, viscosity detector units for use in controlling the actuation and operation of plastic injection molding machines and machines for additive three-dimensional shaping; wireless transmitters and receivers; electronic positioning equipment, namely, object position sensors, fluid position sensor, gas position sensor, material position sensor; voice processing systems comprised of recorded software for use in voice recognition and natural language processing using artificial intelligence; recorded computer
software for automatic file or object identification, network management and file transfer; recorded supply chain management software; recorded computer software for planning and monitoring machinery and business processes; downloadable computer application software for use in industrial applications for configuring, calibrating, monitoring and control of machines; recorded application software for use in implementing the Internet of Things; all of the aforementioned goods for injection moulding machines or injection moulding plants, in particular plastic injection moulding machines, and for use in a process for the additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes** 9 - **Primary Classes** US Classes 21, 23, 26, 36, 38  
**International Class Title** Electrical and Scientific Apparatus

**For** Treatment of materials, namely, by surface treatment in the nature of, laser treatment, 3D printing, surface finishing, customization through laser treatment, custom 3D printing, plastic injection moulding for others, sintering being heat treatment, component production being custom manufacturing for others, sample production being custom manufacturing for others, metal working being custom manufacturing of metal components for others, powder injection moulding for others in the manufacture of a substance or article, excluding construction work; cutting to size, trimming, polishing by grinding and material treatment in the nature of coating with plastics; all of the aforementioned services for injection moulding machines or injection moulding plants, in particular plastic injection moulding machines, and for use in a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes** 40 - **Primary Classes** US Classes 100, 103, 106  
**International Class Title** Material Treatment

**For** Plastics, semi-processed, for injection moulding; semi-processed plastics; plastic fibres, not for textile purposes; reprocessed plastic material for use in production; plastics or resins in extruded form for use in manufacturing parts and spare parts for machines; all of the aforementioned goods for use in or with injection moulding machines or injection moulding plants, in particular plastic injection moulding machines, and for use in a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

**International Classes** 17 - **Primary Classes** US Classes 1, 5, 12, 13, 35, 50  
**International Class Title** Rubber Goods

**For** Development of computer programs for industrial production and for production planning, in particular for the production and production planning of machine and plant components; installation of updates of computer programs for machines, maintenance of and error correction in computer programs for machines; creation of computer programs for the operation of machines; creation and provision of technical information relating to computer technology in the form of a database with user examples, documentation, instructions for the operation of machines and computer programs for machines, computing and calculation schemes relating to machine data, and media data featuring machine information; providing technical analysis and technical information relating to information technology relating to machine status and industrial process data; information technology consultation relating to the prediction of maintenance and repair relating to machines; configuration, namely, calibration of machines; technical consulting services, namely, information technology consultation with regard to the operation and configuration of machines and the production process of products to be manufactured on machines; consulting services relating to the programming of software relating to machines; consulting services, namely, technical consulting relating to the development of technical maintenance and performance reports relating to the machine and its equipment, machine life cycles and computer programs recorded on the machine for the illustration of products to be
manufactured on machines; all of the aforementioned services for injection molding machines or injection molding plants, in particular plastic injection molding machines, and for use in a process for the additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling; information technology consultancy and engineering services in the field of injection moulding technology and in the field of the production of prototypes and small series in plastic or other plasticisable materials, in particular with regard to the application and use of injection moulding machines injection moulding plants, in particular plastic injection moulding machines, or machines for producing prototypes and small series from plastic or other plasticisable materials, in particular in a process for additive three-dimensional shaping of objects, in particular stereolithography, rapid prototyping and rapid tooling

For Ultraviolet ray lamps, not for medical purposes; electric lamps; lighting apparatus, namely, organic light emitting diodes (OLED) lighting devices; instruments for storing heat for air conditioning apparatus, namely, heat accumulators

International Classes 11 - Primary Classes US Classes 13, 21, 23, 24, 31, 34 International Class Title Environmental Control Apparatus

For Cleaning agents for machines and apparatus and machine parts other than for use in manufacturing processes or for medical purposes; detergents for automobiles

International Classes 3 - Primary Classes US Classes 1, 4, 6, 50, 51, 52 International Class Title Cosmetics and Cleaning Preparations

For Plastics in primary form, namely, unprocessed plastics; synthetic resins, unprocessed; unprocessed artificial resin; unprocessed and fiber reinforced thermoplastic aromatic polyester resin; unprocessed and fiber reinforced thermoplastic resins in pellet form; acrylic polymer powders; polymer resins, unprocessed; polymer beads for use in manufacturing; epoxy resins, unprocessed; resin hardener, namely, acid anhydrides used for epoxy resin curing; chemicals for use in industry; industrial olefin polymer, olefin copolymer and compositions thereof for use in the manufacture of industrial goods; carboxylic anhydrous acid; antioxidants for use in the manufacture of dietary supplements; antioxidant for use in the manufacture of food, mainly composed of carotenoids extracted from microorganisms; antioxidants for use in the manufacture of food; antioxidants for use in manufacturing; graphite for electrodes for industrial purposes; carbonized hydrocarbon metal degreasing preparations for use in manufacturing processes for degreasing of machine oil on metal components; detergents for industrial use as part of manufacturing operations; detergents for use in manufacturing processes; plastic adhesives for industrial purposes; synthetic resin adhesives for industrial purposes; chemical additives for lubricating oils; transmission fluid; brake fluid; fluids for hydraulic circuits; power steering fluid; degreasing solvents for use in manufacturing processes for degreasing machines and apparatus and machine parts in the nature of degreasing of machine oil on general metal components; carbon powder for condensers or rechargeable batteries; carbon powder for oil absorbent; hydrogen; unprocessed liquid crystal polymer resin; powdered carbon for secondary cell batteries; artificial graphite for secondary cell batteries; aromatic solvents for industrial and commercial use; transmission oil; oxidizing agents; graphite for industrial purposes; unprocessed polyethylene resins; cultures of microorganisms other than for medical or veterinary use; xylene; cyclohexane; toluene; ethylene; butadiene; isobutylene; butanol; ketones

International Classes 1 - Primary Classes US Classes 1, 5, 6, 10, 26, 46 International Class Title Chemicals

For Business management analysis; business consultancy; business management; business management services in relation to franchising; business advice and consultancy relating to franchising; market research; market analysis; provision of information concerning commercial sales; advertising and publicity services; rental of advertising space and advertising material; providing commercial information and advice for consumers in the choice of products and services; marketing services; retail store services and wholesale store services for automobiles and their parts and ?ttings; retail store services and wholesale store services for motorcycles and their parts and ?ttings; retail store services and wholesale store services for automotive battery replenishment fluid, automotive air conditioner replenishment gas and other chemicals; retail store services and wholesale store services for automotive air conditioner oil and other industrial oils; retail store and services or wholesale store services for hydrogen fuel
International Classes  35 - Primary Classes  US Classes  100, 101, 102  

**International Class Title**  Advertising and Business

**For**  Animal foodstuffs

International Classes  31 - Primary Classes  US Classes  1, 46  

**International Class Title**  Natural Agricultural Products

**For**  Electrodes; transparent sheet for overhead projector film for overhead projectors, namely, transparent film in the nature of a photographic transparency for screen use; electronic glasses for liquid crystal displays (LCD), namely, thin film translator-liquid crystal display (TFT-LCD) panels; optical glasses; optical wave plates in the nature of optical devices for phase difference correction in projectors, head-up displays, inspection equipment, and liquid crystal displays; optical glasses for eyeglass lenses; glasses for EL displays in the nature of optical glasses for electro-luminescent displays; glasses for organic EL displays in the nature of optical glasses for electroluminescent displays; glasses for organic light-emitting diode (OLED) displays in the nature of optical glasses for organic electroluminescent displays; photographic apparatus and instruments, namely, photographic cameras, photographic slides, and photographic filters; cinematographic apparatus and instruments, namely, cinematographic projectors; optical machines and apparatus, namely, 3D sensors, LiDAR apparatus, laser processing machines in the nature of a laser device for projecting a visible line on a workpiece to be cut by a rotary power saw, head-up displays (HUDs) for vehicles, namely, transparent electronic displays for providing users with navigational and operational information, biometric scanners for vein recognitions, optical inspection apparatus, and optical disk readers; measuring or testing machines and instruments, namely, microscopes, and laser rangefinders; telecommunication machines and apparatus, namely, telecommunication exchangers, telecommunication base stations, and telecommunication antennas; electronic machines, apparatus and their parts, namely, electronic control systems for machines; eyeglasses; overhead projectors; display screens to display images projected from projector; projection screens for movie films; LCDs (liquid crystal displays); electrical cells and batteries; filters for non-medical respiratory masks

International Classes  9 - Primary Classes  US Classes  21, 23, 26, 36, 38  

**International Class Title**  Electrical and Scientific Apparatus

**For**  Processing of plastic film; processing of glass surfaces; processing of rubber; generation of electrical power; fuel processing; fuel refining; generation of power; laminating of plastic sheets; processing of plastics; laminating plastic layers, aluminum foils, craft papers, and other films on the non-woven fabric

International Classes  40 - Primary Classes  US Classes  100, 103, 106  

**International Class Title**  Material Treatment

**For**  Netting not of metal or asbestos; chemical fibers for textile use; industrial packaging containers of textile; raw textile fibers; synthetic fibers for textile use; plastic fibres for textile use; chemical fiber nettings; wadding for filtering

International Classes  22 - Primary Classes  US Classes  1, 2, 7, 19, 22, 42, 50  

**International Class Title**  Cordage and Fibers

**For**  Coke; lubricating oils; industrial lubricants; automotive lubricants; liquefied petroleum gases; solid lubricants for industrial purposes; lubricating graphite; solid fuels; liquid fuels; gaseous fuels; hydrogen fuel; industrial gasoline; industrial greases; non-mineral oils for industrial purposes not for fuel; waxes being raw materials; fuel; industrial oil; gaseous and liquid hydrogen fuel; hydrocarbon fuels
International Classes  4 - Primary Classes US Classes  1, 6, 15 International Class Title  Lubricants and Fuels
For  Chemical fibers, chemical fiber thread and yarn other than for textile use, namely, fibers for polyethylene, polypropylene, polyester non-woven fabric, carbon fiber for carbon fiber reinforced plastic; semi-processed reinforced plastic substances, carbon fibers not for textile use, namely, carbon fiber prepreg used for carbon fiber reinforced polymer (CFRP) molded products, namely, resin transfer molding (RTM) molding preform and prepreg; plastic fibres, other than for textile use; plastic substances, semi-processed; artificial resins, semi-processed; plastic film, other than for wrapping, namely, laminated plastic films for use on windows; nonwoven composite plastic film used for agricultural purposes and used for housing building purposes as an insulating infiltration barrier in building construction; tinted plastic films for use on vehicle windows; laminated plastic films for use on vehicle windows; reflective plastic films for use on vehicle windows; window glass coating film, namely, heat reflective plastic film to be applied to windows; window glass coating film, namely, antireflective plastic films for windows; window glass coating film, namely, antifog plastic films for windows; photosensitive plastic films for screen printing and signage in the nature of non-metal films for use in making signs; pressure sensitive plastic film for use in screen printing and signage; light management plastic films and sheets, namely, tinted and reflective plastic film and sheets for use on electronic device screens for improvement and control of brightness, light direction, contrast, visibility, and power consumption; plastic sheeting for agricultural purposes; electrical insulating materials; boards and plates of plastics, namely, plate-shaped semi-processed plastic, used for robot arms, liquid crystal glass storage support bars, and other industrial components; plastic tapes and strips containing carbon fiber and glass fiber, namely, plastic filaments for 3D printing, for printing industrial rolls, aircraft, and industrial components; laminated plastics in the form of tube for use in manufacture of tubular semi-processed plastic made by stacking prepreg, used for printing industrial rolls, LCD glass storage support bars, golf club shafts, and other industrial components; plastic rods and bars; filtering materials of semi processed foams of plastic in gas and liquid filter; filtering materials of semi processed films of plastic in the gas and liquid filtering process; non-conducting materials for retaining heat, namely, insulating materials, including composite insulating materials made by laminating polyethylene, polypropylene non-woven fabric and aluminum foil; polyethylene resins, semi-processed

International Classes  17 - Primary Classes US Classes  1, 5, 12, 13, 35, 50 International Class Title  Rubber Goods
For  Exploration services in the field of the oil, gas and mining industries; research in the field of energy; Scientific research consultancy relating to technical and scientific analysis; scientific research and development

International Classes  42 - Primary Classes US Classes  100, 101 International Class Title  Scientific and computer services

CASE IDENTIFIERS
Serial Number 90173470 Application Filing Date Sep. 11, 2020 Register Principal Mark Type Trademark
Publication Date Feb. 22, 2022

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES
WORD(S)/ LETTER(S) Description of the Mark The mark consists of a rooster's head facing the viewer's left above
a small banner that contains the word 'WASHINGTON' in all capital letters. Below the banner is the word 'ROOSTERS'
in a much larger and bolder font that is straight at the top and slightly curved at the bottom. The top and bottom halves of
all the letters in the word 'ROOSTERS' are a different shade. There is what appears to be a football below beneath the
rooster's beak that is upright and tilted to the viewer's left. It is partially hidden by the rooster and text present on the mark.
The rooster's comb is in the shape of three stars that decrease in size towards the back of its head. Its brow line is arched
and its eye is white with no pupil. All elements are boldly outlined. This mark is meant to represent a sports team called
the Washington Roosters. Disclaimer "WASHINGTON"
