GOODS AND SERVICES INFORMATION
For Medical apparatus and instruments, namely, breathing detectors, thermometers, digital thermometers, nasal aspirators; blood pressure monitors; respiration monitors for medical purposes; digital thermometers for medical purposes; blood sugar level measuring apparatus; assistive hearing devices and medical hearing instruments for use by persons with a hearing impairment; hearing aids; electronic medical apparatus for use by persons with a hearing or vision impairment, namely, assistive hearing headsets, audio and visual alert systems, namely, electronic personal emergency response system consisting of a device worn on the body with a button that users push to notify others in the event of an emergency; Medical apparatus in the nature of wireless and hands-free communication systems, namely, audio and video recorders, transmitters and receivers for medical purposes and assistive listening devices for the hearing impaired; monitoring apparatus, namely, breathing monitors for medical uses and devices, namely, devices for monitoring temperature and respiratory events for medical and health purposes; sensor apparatus for medical use in the nature of digital sensors for use in detecting body temperature, and digital sensors for detecting respiratory function

International Classes 10 - Primary Classes US Classes 26, 39, 44 International Class Title Medical Apparatus

For Lights, namely, electric night lights, lamps, battery-operated night lights and lighting apparatus, namely, light projectors, and light diffusers; LED lights, namely, LED (light emitting diode) lighting fixtures; LED (light emitting diode) night lights

International Classes 11 - Primary Classes US Classes 13, 21, 23, 31, 34 International Class Title Environmental Control Apparatus

For Electric and electronic apparatus and equipment, namely, household appliances in the nature of audio monitors for individual sale to retail customers, video monitors for individual sale to retail customers, breathing monitors for non-medical purposes, namely, audio monitors for communicating the sounds of a person's breathing, audio monitors, namely, baby audio monitors, namely, digital scales, namely, portable digital electronic scales, answering machines, sound machines, namely,
multifunction electronic device for use in children's rooms comprising a sound producing function, including a clock and
nightlight, phones, namely, digital phones, digital cordless telephones, corded telephones, namely, telephones that use a cord
and wall jack, electric doorbell audible ring detectors, telephone audible ring detectors; UHF radios, CB radios, CB antennas,
CB radio accessories, VHF radios for individual sale to retail customers; life-saving and teaching apparatus and instruments,
namely, breathing monitors for non-medical purposes, namely, video baby monitors, audio monitors, namely, baby monitors,
infrared thermometers not for medical purposes, water thermometers not for medical purposes; telephonic goods, namely,
answering machines, telephones, digital cordless phones, corded telephones, namely, telephones that use a cord and wall jack;
telephones; smartphones; cordless telephones; radio telephones for individual sale to retail customers; conference
speakerphones; telephone answering machines; cellular phone batteries; in-car wireless communication apparatus, namely,
UHF radios, CB radios, CB antennas, CB radio accessories, VHF radios for individual sale to retail customers;
communications apparatus, namely, UHF radios, CB radios, CB antennas, CB radio accessories, VHF radios for individual
sale to retail customers, baby monitors, video monitors, audio monitors, breathing monitors for non-medical purposes;
calculators; remote video monitoring devices in the nature of remote video monitoring system consisting primarily of a camera
and video monitor for recording and transmitting images to a remote location for individual sale to retail customers, audio
monitoring system consisting primarily of a microphone and an audio monitor for recording and transmitting audio to a remote
location for individual sale to retail customers; audio-video baby monitors; electronic baby monitoring devices, namely, audio
monitors and video monitors; baby alarms, namely, alarms for detecting sounds from a baby, in the nature of baby monitors for
detecting the breathing of a baby for non-medical purposes; radio alarm clocks, namely, clocks incorporating radios and
alarms; radios and telephones incorporating alarm clocks; headset amplifiers, namely, acoustic amplifiers for communications
headsets for use with communication radios or intercom systems; headphones and headphone amplifiers, namely, acoustic
amplifiers for headphones; respiratory monitors, namely, breathing monitors for non-medical purposes; digital thermometers
not for medical purposes; technical aids for the hearing and vision impaired, including assistive listening devices not for
medical purposes and systems, namely, doorbell and telephone ring detectors, namely, microphones for recording sounds and
transmitting to a monitor, sound emitters monitors, namely, doorbell and telephone ring monitors, light sources monitors,
namely, monitors with light emitting diodes (LEDs), and monitors for sensing when lamps are switched on and off; light and
sound detectors, namely, doorbell and telephone ring audio detectors, receivers, namely, public address systems, loud speaker
systems and sound systems comprising remote controls, amplifiers, loudspeakers and components therefor; audio machines
and apparatus, namely, talking watches and other talking devices, namely, talking machines for persons who are hearing or
vision impaired for individual sale to retail customers; audio and visual alarms, namely, audio detectors with alarms, video
detectors with alarms for individual sale to retail customers; emergency call telephone apparatus, namely, electronic personal
emergency response system consisting of a device worn on the body with a button that users push to notify others in the event
of an emergency; marine compasses; marine depth finders and depth sounders; electric marine logs in the nature of electronic
marine sensing device used to indicate a boating vessel's speed through the water and distance traveled for individual sale to
retail customers; marine navigation apparatus in the nature of electronic guidance system, namely, GPS receivers, sonar
equipment for navigation through water for individual sale to retail customers; marine wireless transceiver radio grounding
apparatus, namely, VHF radio transceiver for individual sale to retail customers; marine underwater acoustic devices in the
nature of apparatus for wireless transmission of acoustic information; antennas for use with automotive and marine radio
transceivers for individual sale to retail customers; security systems other than for vehicles, namely, video camera and remote
monitor, audio detectors and remote loudspeakers, motion detectors and remote monitors for individual sale to retail
customers; security system apparatus, namely, video cameras, video monitors, video recorders and players, digital video
recorders and players, audio recorders and players, wireless video transmitters and receivers, video camera lenses, video
switchers, and video camera controllers for individual sale to retail customers; cameras, namely, Internet protocol (IP)
cameras, closed circuit television (CCT) cameras, and video cameras for prevention of burglary for individual sale to retail
customers; closed circuit television apparatus and instruments, namely, recording equipment, in the nature of apparatus for
recording, transmission or reproduction of sound, and closed circuit television monitors for individual sale to retail customers;
power inverters; devices for monitoring activity, namely, pedometers; detectors, namely, fire detectors, smoke detectors, water
detectors for detecting water leaks in homes and boats, and gas detectors for detecting the presence of gas for individual sale to
retail customers; electronic locks, including burglar- proof locks for individual sale to retail customers; uninterrupted power
supplies, namely, uninterruptible electrical power supplies for individual sale to retail customers; magnetic card locks, namely,
magnetically encoded identity cards, and card readers for magnetically encoded cards; burglar alarms for individual sale to
retail customers; fire accident information systems comprising a remote component, namely, computer hardware and recorded
software system for remotely monitoring environmental conditions and controlling devices within a building, facility, grounds,
or designated spatial area which notifies the fire department of the presence of fire for individual sale to retail customers; video
monitor controllers, namely, video graphics controller; computer hardware and operating recorded software for use in
electronic security systems for electronic audio surveillance, user access control, and video surveillance for individual sale to
retail customers

GOODS AND SERVICES INFORMATION
For  3D printers for additive manufacturing; printers for additive manufacturing; air brushes for paint spraying; apparatus and installations for filling vehicles with equipment, namely, industrial robots being machines; installations in the nature of machines for the assembly and disassembly apparatus for vehicle components and assemblies; assembly apron conveyors, namely, assembly line conveyor machines; installations in the nature of machines for the assembly devices and assembly installations for motor vehicles or airplanes; assembly platforms for assembly and disassembly of vehicles and components thereof; automated machines for loading materials; automatic sprayers for electrostatic painting; chain conveyors; clamping tools for balancing machines and mounting apparatus; coating industrial robots; control apparatus for conveyors, namely, electric and electronic control apparatus for conveyors; control apparatus for paint treatment systems in the nature of hydraulic controls for machines, motors, and engines; control mechanisms for machinery or engines, namely, electric and electronic control mechanisms for machinery or engines; conveyor devices and installations, namely, conveyor belts, roller conveyors, and chain conveyors, and overhead conveyors; conveyor devices for transporting objects in painting installations, namely, conveyor belts, roller conveyors, and chain conveyors, and overhead conveyors; conveyor suspension gears for machines; pneumatic and hydraulic conveyors in the nature of machines; pneumatic and hydraulic conveyors and conveyor belts; cross belt conveyors; installations in the nature of machines for the initial filling of motor vehicles with fuel; milling-drilling machines; drives for conveyors; electric driving motors for machines; dye filters being parts of machines; elevating platforms for the assembly of vehicles; equipment for mechanical engineering, namely, for manufacturing plants, robotics, heating and cooling systems and transport systems for processing materials and for manufacturing, which is remotely controlled, tuned, optimized and/or monitored in connection with cloud computing, cloud networks or IOT (internet of things) communications, namely, heating and cooling systems and transport systems for processing materials and for manufacturing; exhaust air
purifying devices, namely, air condensers and oxidizers; exhausters being suction ventilators; filling machines; fittings for paint-spraying installations; pneumatic floor conveyors; grippers being parts of machines; handling machines; hydraulic and pneumatic controls for machines; industrial robots; industrial robots for working metal; industrial robots for working wood; installations and apparatus, namely, machines for lacquer treatment, lacquer care and/or lacquer distribution; installations and apparatus, namely, machines, for the application of lacquers, adhesives and/or sealing materials; installations and apparatus, namely, machines for the assembly of vehicle components, in particular front ends, discs, cockpits, seats, wheels or doors; installations and equipment, namely, machines for removing lacquer from components of all kinds, using high-pressure water or chemical substances; installations and equipment, namely, machines for providing for the preservation of components and car bodies using spray and/or flood methods; installations for impregnating components of all kinds; installations for processing impregnating resins for impregnating components of all kinds, and treatment installations for rinse water; installations for the assembly and disassembly of vehicle components and assemblies; installations for the treatment of wax for preserving components and car bodies; lacquering industrial robots; lifting and hoisting equipment, elevators and escalators; mechanical rail lifting conveyor apparatus; lifting apparatus, namely, vehicle lifts; lifting platforms for vehicles; loaders in the nature of conveyors being machines; machine parts, namely, cylinders; brakes for industrial machines, belt drives, belt pulleys, clutch levers, other than for land vehicles, drive mechanisms, industrial hydraulic process controllers, pressure regulating apparatus being parts of machines, namely, pressure regulating valves being parts of machines, regulators, valves, heat exchangers; machinery for the handling of materials, namely, lifting machines and conveyors; machines and equipment for the processing of cooling lubricants, namely, pumps; machines, namely, painting machines, electrostatic coating machines, robotic painting machines, woodworking machines, conveying machines and machine tools, namely, clamps, diffusers, atomizers; machines for loading; machines for metal processing; machines for the drying and hardening of lacquers and coats on lacquered or coated objects, in particular vehicle bodies; machines for the handling of cargo; machines for the processing of workpieces; machines for the supply of air; machines for use in assembly of cars; mechanical and/or electric lacquering apparatus and automatic lacquering machines being components for lacquering installations; mechanical devices and installations for handling vehicle components; mechanical railed lifting conveyors; mechanically-operated lifting trucks and elevators; mounting apparatus for vehicle tires and tire-inflating valves; engine mufflers being parts of exhaust systems; engine or motor mufflers being parts of machines; overhead pneumatic conveyors; overhead monorail equipment in the nature of conveyor devices; paint spraying apparatus, namely, paint sprayers; paint spray guns; paint treatment installations and apparatus; painting machines; paint-spraying installations; pneumatic tire-inflating apparatus; XY positioning tables in the nature of tables specially adapted to hold powered machinery; process control mechanisms for manufacturing installations, namely, digital controllers for controlling robots, manual or machine-based painting stations; production facilities for the manufacture of material production machines that are remotely controlled, monitored and/or optimized via cloud computing, cloud networks or IOT (internet-of-things) communications; pulleys being parts of machines; retraction work platforms; robotic filling machines; robotic guns for compressed air spraying machines; robotic handling machines; robotic loaders for diffusion furnaces; industrial robots in the nature of machines; industrial robots in the nature of machines that are remotely controlled, tuned, optimized and/or monitored via cloud computing, cloud networks or IOT (internet-of-things) communications; industrial robots for applying sealing material; industrial robots for applying glue; industrial robots with articulated arms for manipulating workpieces; industrial robots with artificial intelligence; conveyors, namely, roller channels; roller conveyors; rotary conveyor apparatus being machines; screw conveyors being machines; skid steer loaders; sorting machines, in the nature of industrial component sorting machines that use the unbalance, weight, size, or designation of the
objects being sorted; sorting machines for industry; spray boxes, spray cubicles, and spraying apparatus, in particular for scouring, disinfecting, phosphating, passivating, chromating and/or varnishing; power-operated spray guns; spray nozzles being parts of machines; tables of spraying machines, namely, spray tables in the nature of power-operated supports holding articles to be spray-painted during the spray-painting process; spraying apparatus for paints and/or lacquers for industrial purposes; spraying machines; stacking machines; stirring machines for dyes; fluid supply and disposal installations for installations and apparatus using high-pressure media in the nature of machines for cleaning surfaces using high-pressure fluids and machines for deburring workpieces using high-pressure fluids; tools for machines, namely, grinding tools, milling tools, drilling tools; track and king pin angle adjusting tools being part of machines; transporters in the nature of conveyor machines and transportation robots; vehicle conveyors; machine tools, namely, clamps for use in precision clamping of work pieces

Machinery

For  
3D spectacles; LAN [local area network] access points for connecting network computer users; testing apparatus and installations, namely, for testing status-oriented machine maintenance; testing apparatus and installations, namely, for testing vehicle electronics and electronics; testing apparatus and recorded or downloadable computer software for testing vehicle electronics and for the programming of, and communication with, vehicle control apparatus and installations constructed from the aforesaid apparatus; measuring apparatus for measuring relative steering angles; measuring apparatus for measuring the angle of track and king-pins; testing apparatus, namely, for testing and adjusting vehicle components; communication devices for transmitting data and data communication; apparatus, namely, sensors for vibration measuring and/or vibration monitoring and/or machine monitoring purposes; recorded or downloadable computer application software for cloud computing services for predictive maintenance and control of industrial plants; recorded or downloadable computer application software for the planning and control of products, production processes and/or machines by means of a cloud; testing apparatus to test the function, performance, exhaust gas and brakes of vehicles, motors and engines; recorded or downloadable computer application software to monitor data in a cloud; recorded or downloadable artificial intelligence computer software for predictive maintenance; audio- and video-recorders other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; recorded or downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments; recorded or downloadable automation software for test and adjustment stands for use with vehicles and vehicle components, for use with testing apparatus for testing vehicle electronics, and for use with installations for the assembly and disassembly of vehicle components and assemblies, including editable process control, process visualization, process documentation, job management and communication with master computers; batteries other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; batteries, electric other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; chargeable batteries other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; recorded or downloadable computer software, namely, cloud network monitoring software; communication interface units; communication devices for linking computer networks, namely, ethernet cables; wireless network equipment; recorded or downloadable communication software for connecting computer network users; recorded or downloadable communication software for connecting global computer networks; computer database servers, data entry and
data output computer terminals; recorded or downloadable computer programs other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video and programs for data processing other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video, data transmission and data analysis; recorded or downloadable computer programs for browsing and searching online databases; recorded or downloadable computer programs for data storage; recorded or downloadable computer programs for operating systems and network operating systems; recorded or downloadable computer software for operating mobile phones; recorded or downloadable computer software for the operation of remote controls; recorded or downloadable computer utility programs for data compression, recorded or downloadable computer programs for accessing online databases; recorded or downloadable data and image processing software for making three dimensional models other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; data collection devices, namely, hard drives, servers, memory drives; recorded or downloadable data communication software; recorded or downloadable data compression software other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; electronic data loggers and recorders, computer data terminals; communication devices, namely, data networks and networks for data transmission; data storage media for smartphones, namely, memory boards; devices for cloud computing, cloud networks or IOT (internet of things) for mechanical engineering, namely, computer hardware; devices for computer networks and data communication, namely, computer hardware; devices for network management control, namely, computer network interface devices, diagnostic machines in the nature of computer hardware for maintenance of manufacturing machines, blank digital data storage media; diagnostic apparatus and installations constructed thereof for predictive maintenance and machine efficiency optimization; blank digital data storage media; display screens for smartphones; downloadable software applications for use with three dimensional printers other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable software for the transmission of data other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; dynamometers with and without balances; electric and electronic computers for controlling and regulating printers, test desks and remote control apparatus; electric and electronic controls for dryers for drying and hardening lacquers and paints on lacquered or painted objects; electricity conduits; electronic navigational and positioning apparatus and instruments; electronic sensors and sensor controllers; downloadable or recorded computer software for electronically stored data; encryption devices, namely, electronic encryption units; global positioning systems (GPS) devices; computer hardware for monitoring the status of machines and downloadable databases for computer systems in the field of automobile manufacturing and the woodworking industry; hydraulic dynamo metric and eddy current brake testing apparatus; testing installations and apparatus, namely, for testing electronic components in vehicles; testing installations and apparatus, namely, for testing pedal assemblies and hydraulic systems; computer network interface devices; computer network-attached storage [NAS] hardware, LAN [local area network] hardware, LAN [local area network] recorded computer operating software; optical sensors; computer peripheral devices for data duplication; physical and optical apparatus, namely, instruments and apparatus for physical or chemical analysis, namely, refractometers, spectrometers, gas or smoke analysis apparatus; radio transmission devices; recorded content in the nature of recorded data, namely, machine analysis data, temperature data, speed data, downtime data, performance data; remote controls for controlling machines; remote control receivers for machine performance data; remote control transmitters for sending machine performance data; safety devices,
namely, light barriers, switches, shielding hoods and actuating devices therefor; electronic sensors for measurement technology related to cloud computing, cloud networks or IOT (internet-of-things); electronic sensors and sensor controllers for determining position, velocity, acceleration, and temperature; smartphones; downloadable or recorded computer software for analysis of machine data other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable or recorded interactive computer software for the exchange of information; downloadable or recorded computer virtual reality software for remote maintenance; downloadable or recorded computer software and applications for mobile terminals for analysis of machine performance data; downloadable or recorded computer software for authorizing access to databases; downloadable or recorded computer software for communication between computers over a local network; downloadable or recorded computer software for communication with electronic vehicle assemblies; downloadable or recorded computer software for computer-aided design (CAD) other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable or recorded computer software for data processing other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable or recorded computer software for data processing for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable or recorded computer software for data research; downloadable or recorded computer software for database management; downloadable or recorded computer software for embedded systems within the framework of electronic assemblies for testing systems for testing systems for predictive maintenance; downloadable or recorded computer software for filling, assembly and testing systems for vehicles and vehicle components; downloadable or recorded computer software for generating an augmented reality experiences; downloadable or recorded computer software for graphical user interfaces other than for amateur photography and video and professional photography and video and consumer and professional electronics industry in relation to photography and video; downloadable or recorded computer software for host and gateway systems for collection and management of data; downloadable or recorded computer software for industrial process control; downloadable or recorded computer software for machine tools for communicating with and controlling machine tools; downloadable or recorded computer software for managing local networks; downloadable or recorded computer software for manufacturing for analysis of machine data; downloadable or recorded computer software for mechanical engineering for analysis of machine data; downloadable or recorded computer software for numerical control of optimization of machine performance; downloadable or recorded computer software for predictive maintenance of machines for the assembly and disassembly of vehicles and vehicle components; downloadable or recorded computer software for processing data from measuring systems of test and adjustment stands for vehicles, in particular for imaging, power measurement, position measurement, exhaust gas measurement and for light intensity measurement; downloadable or recorded computer software for transport technology applications and for the control of workpiece transport cars for use in assembly and disassembly of vehicles and vehicle components; downloadable or recorded computer software for use in conjunction with industrial production and/or production planning for predictive maintenance; switch cabinets, namely, cabinets housing electrical and electronic equipment for the control of industrial machinery; tablet monitors; testing apparatus, namely, test stands for examining vehicles and vehicle components, in particular brake test stands; testing apparatus, namely, test stands for testing couplings, gears, drive trains, tension, electric motors and shock absorbers; testing apparatus, namely, test stands for measuring wheel alignment of tires; testing apparatus, namely, test stands for vehicle geometry; testing apparatus, namely, test stands for vehicles and vehicle components, in particular vehicle function test stands and combined roll, brake and abs test stands; three dimensional viewers,
namely, virtual reality glasses; electrical transducers, namely, displacement, vibration speed and acceleration transducers; virtual reality glasses; virtual reality hardware, namely, virtual reality controllers; smart wristbands that communicate data to smartphones; stands for machines in the nature of adjusting stands for driver assistance systems; rotor balancing machines for land vehicles

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38  **International Class Title** Electrical and Scientific Apparatus

For Communication services, namely, telecommunication services, namely, transmission of voice, data, documents, and graphics in the field of automobile manufacturing; data streaming; data transmission; data transmission via a worldwide remote-controlled computing network, including the internet; electronic communications networks and services for the electronic transmission of data, namely, telecommunication services for the transmission of data in the field of automobile manufacturing; electronic transmission and retransmission of sounds, images, documents, messages and data; electronic transmission of data and electronic data exchange services; electronic transmission of encrypted data; electronic transmission of audio; network transmission of sounds, images, signals and/or other data; providing multi-user access to a global information network about telecommunication networks; providing on-line forums for exchange of data among computer users; provision of access to an Internet platform; providing of access to the Internet in the nature of provision of access to clouds, web pages and internet portals; provision of access to computer programs in data networks; provision of access to data or documents that are stored electronically in central files for remote consultation; provision of access to databases in computer networks; provision of access to global computer networks and other computer networks; electronic transmission of data in networks and provision of access to data via communication networks; provision of access to portals on the Internet for the collection and analysis of machine and system data for manufacturing purposes; provision of telecommunications connections for telephone hotlines and call centers; renting of and arranging access times to databases and clouds on the Internet; telecommunication services in connection with cloud computing for mechanical engineering, cloud networks, and IOT (internet of things), namely, transmission of voice, data, documents, and graphics in the field of mechanical engineering; telecommunications via computer terminals, telematics, satellites, radios, telegrams, telephones; telematics services; transmission of data by means of telecommunications networks; transmission of sound, picture and/or other data signals; voice mail services; wireless broadcasting

**International Classes** 38 - Primary Classes **US Classes** 100, 101, 104  **International Class Title** Communication

For Technical analysis of large amounts of data with respect to the relationships between data, technical targeted data search for control of manufacturing plants; chemical analysis; chemical engineering; cloud computing services, namely, consulting in the field of cloud computing; computer programming for data processing; computer security system monitoring services; computer software consultancy; computer system design; computer technology consultancy; computer virus protection services; computerized data storage; consultancy and research services in the fields of science, engineering and information technology; consultancy in the design and development of computer hardware; consulting and information services relating to information technology architecture and infrastructure; consulting in the field of computer software and hardware and information technology (IT); consulting services in connection with computer programming; consulting services in connection with human-machine interfaces and machine-machine interfaces for software; quality control of production plants and facilities; creating and maintaining web sites; creation of control computer programs for automated measurement, assembly, adjustment and related visualization; data conversion of electronic information; data warehousing; design and development of
homepages and websites; design and development of computer cluster configurations; design and development of computer hardware and software for industrial applications; design and development of computer hardware for the processing industry; design and development of computer systems; design and development of navigation systems; design and development of operating software to access and use a cloud computing network; design and development of route planning software; design and development of software; design and development of software for mechanical engineering and for automated production (CAD/CAM); design and development of software for the control and operation of numerically controlled machine tools; design and development of virtual reality software; design and implementation of network web pages; design of installations for application of coatings to vehicles and vehicle parts and components; design, development, maintenance and updating of software for process control; development of computer equipment; development of computer-based networks; development of data processing programs; electronic data storage; engineering and engineering services, namely, engineering consultancy services; engineering services related to the design and development of programs and software for data processing for use on or in conjunction with numerically controlled machine tools, namely, information technology engineering services; engineering services related to the design of machine tools, namely, engineering design services; engineering services relating to robotics, namely, mechanical engineering services; engineering services for the analysis of machines, namely, software engineering services; extracting information from large data collections in the nature of data mining; hosting Internet sites for others; hosting of digital content on the Internet, namely, hosting of databases; hosting of platforms of others on the internet; implementation, installation, maintenance and updating of software; information technology [IT] consultancy; infrastructure as a service (IaaS) featuring software for use by others for use in industrial production management and production facility monitoring; installation of software, in particular software for transport technology applications; information technology [IT] services, namely computer hardware, software and peripherals design and technical consultancy; maintenance of production plants and facilities; maintenance of computer software; maintenance of computer software for communication systems; maintenance of computer software, in particular software for transport technology applications; mechanical research in the field of machine building and mechanics; migration of data; monitoring of network systems by remote access to ensure proper functioning; online data storage; engineering services in the field of planning and simulation of air-conditioning, cooling, drying and ventilation installations and systems, and of air treatment installations and ventilation systems; engineering services in the field of planning of automobile production plants; engineering services in the field of planning of installations, namely, automobile manufacturing plants; engineering services in the field of planning of production facilities that manufacture vehicles; quality control for others in the nature of process monitoring for quality assurance; programming of operating software for the use of a cloud computing network and access to it; programming of operating software to access and use a cloud computing network; programming of software for data processing; programming computer software for others; computer project management in the field of IT; providing technical advice relating to energy-saving measures; provision of information on information technology; provision of online information on industrial analysis and research; quality control for others; research and development of new products for others; research in the field of data processing; research in the field of information technology; research relating to mechanical engineering; consulting services in the field of safety technology services relating to land vehicles; server hosting; technical services and IT services related to the analysis of data; IT security services in the nature of protection and recovery of computer data; services of an application service provider (ASP), namely hosting computer software applications of others; services of an industrial designer; services related to computer-aided industrial analysis, namely, testing, analysis, and evaluation of manufacturing machinery to assure compliance with industry standards; consulting services related to IOT (internet of things) in the field of mechanical engineering; services related to IOT
(internet-of-things) for optimization of manufacturing processes and predictive maintenance; technical data analysis services in relation to analysis of data for predictive maintenance; data encryption services; software as a service (SaaS) featuring software for automobile manufacturing plants for operation, control, and analysis of automobile manufacturing plants; technological consultancy and project planning in the field of automobile manufacture; technical design services relating to cooling appliances and installations; technical services in connection with data processing; technical services related to information technology, namely, analysis of machine data; technological consulting in the field of mechanical engineering analysis; updating of computer software; vehicle roadworthiness testing; web site hosting; hosting of software platforms on the Internet; provision of services in connection with cloud computing for mechanical engineering, namely, consulting in the field of cloud computing

For Advertising services; business management services; business administration services; business administration services, namely, providing administrative information on the topic of determining job satisfaction; office functions services; business management consultancy; business management assistance; marketing consultancy; marketing assistance; marketing research; marketing research consisting of research services related to satisfaction surveys, demographics, voting and opinion polling; marketing research consisting of research of surveys for public opinion polling, customer satisfaction surveys, and personnel satisfaction surveys; business management consulting services, namely, providing business management consultation for reviewing products and services, for planning documentation and workflow, for hiring technical writers, for managing projects for business purposes, for tracking user satisfaction, and for running usability studies for business purposes; business management consulting services, namely, providing business management consultation for reviewing product and service documentation and workflow, for managing projects for business purposes, for tracking user satisfaction, and for running usability studies for business purposes; Total quality management services, namely, business management services for establishing business quality policy and determining business means for implementing those policies to improve customer satisfaction; public opinion polling services; rental of electronic voting machines and electronic opinion polling machines; marketing consultancy, namely, consulting on marketing analysis relating to satisfaction surveys, demographics, voting and opinion polling; marketing assistance, namely, providing marketing analysis relating to satisfaction surveys, demographics, voting and opinion polling
International Classes   35 - Primary Classes US Classes   100, 101, 102 International Class Title   Advertising and Business

For Measuring, signaling, checking being supervision, and teaching apparatus and instruments, namely, data processing apparatus consisting of cameras, downloaded machine learning software, and downloadable artificial intelligence software for gathering, measuring, analyzing and presenting demographic data; apparatus for recording, transmission or reproduction of sound or images; calculating machines; data processing equipment; computers; downloadable and recorded computer software for gathering, measuring, analyzing and presenting demographic data; downloadable computer software that allows people or organizations to create a voting event, vote on the issue, change their vote at will and track the input and display it in a graphical way; downloadable and recorded computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an user interface; electronic voting machines and electronic opinion polling machines being electronic voting machines; downloadable and recorded computer software for conducting customer satisfaction surveys; downloadable and recorded computer software for conducting personnel satisfaction surveys.

International Classes   9 - Primary Classes US Classes   21, 23, 26, 36, 38 International Class Title   Electrical and Scientific Apparatus

For Computer service, acting as an application service provider in the field of knowledge management to host computer application software for creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; design and development of computer hardware and software; design of electronic voting machines and electronic opinion polling machines; update and maintenance of computer software; providing temporary use of on-line non-downloadable operating software for computer networks and servers; information technology [IT] consulting services.

International Classes   42 - Primary Classes US Classes   100, 101 International Class Title   Scientific and computer services

GOODS AND SERVICES INFORMATION
For Management of buildings; agencies for the leasing or rental of buildings; rental of buildings; real estate agency services relating to the purchase and sale of buildings; real estate agency services for the purchase or sale of buildings; real estate appraisal; real estate management services relating to land; agencies for the leasing or rental of land; leasing of land; real estate agency services relating to the purchase and sale of land; real estate agency services for the purchase or sales of land; providing real estate information relating to property and land; processing of credit card payments; agencies for collecting gas or electric power utility payments; collection of consigned debts; insurance brokerage; insurance information
International Classes 36 - Primary Classes US Classes 100, 101, 102 International Class Title Insurance and Financial
For Business management analysis; business consultancy; marketing research; marketing analysis services; providing information concerning commercial sales; business management; providing business information in the field of improved energy efficiency; and business data analysis of consumed power data to improve energy efficiency within commercial, industrial and institutional facilities; business administration, business data analysis and business consulting services all in the fields of energy measurement to improve energy efficiency within commercial, industrial and institutional facilities; business consulting services in the field of energy efficiency; computerized database management of stored electronic data in the nature of temperature, humidity, climate, noise, electromagnetic wave, and brightness data of household living environments; computerized database management of stored electronic data in the nature of building interior and exterior structure, renovation, and maintenance data, and building equipment maintenance data; computerized database management of stored electronic data in the nature of personal biological data, including pulse, blood pressure, body fat composition, body muscle
mass composition, body bone composition, body temperature, blood glucose level, breathing rate, heart rate, fibrillation, pulse wave, brain wave, urinary constituent, posture, vision, hearing, olfaction, and sensory tactile data; computerized database management of stored electronic data in the nature of personal health data, including personal sleep data, bathing data, and outdoor activity data; compiling of information into computer databases, namely, compiling of personal health information and personal health record information of others into computer databases and computerized database management related thereto

**International Classes**  35 - Primary Classes **US Classes**  100, 101, 102 **International Class Title**  Advertising and Business

**For**  Building construction; factory construction; providing construction information; construction consultation; construction services, namely, planning, laying out and custom construction of residential and commercial communities; plumbing installation; hardscaping services; construction of building interiors; installation of air-conditioning systems; installation of furniture; providing information relating to construction; providing information relating to landscape construction; maintenance of building equipment; advisory services relating to the repair of buildings; repair or maintenance of air conditioners; repair or maintenance of lighting apparatus; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; consultation in the field of physical maintenance of building equipment such as energy generating installations, electric and heat accumulating installations, air-conditioning systems, and sanitary installations; consultation services in the field of construction of environmentally-conscious buildings utilizing environmental housing data and the personal health data of the customer; consultation services in the field of construction of buildings taking into account building data, environmental housing data, and the personal health data of the customer; providing information relating to the repair or maintenance of buildings, namely, providing information relating to the repair or maintenance of buildings taking into account building data, environmental housing data, and the personal health data of the customer; custom construction and repair of residential houses and apartment houses; custom construction and repair of buildings for commercial facilities; residential and building construction consulting; land reclamation; custom construction of homes; construction, maintenance and renovation of real property in the nature of shopping centers, industrial buildings and facilities for industrial complexes, office buildings, residential buildings and other real property

**International Classes**  37 - Primary Classes **US Classes**  100, 103, 106 **International Class Title**  Construction and Repair

**For**  Telecommunication machines and apparatus, namely, microphones, telecommunications transmitters, telecommunication cables, telecommunication exchangers, telecommunication switches, electric resistors and electrical transformers for telecommunication apparatus, automatic switching apparatus for telecommunication, change-over switches for telecommunication apparatus, telecommunication multiplexers, and telecommunication apparatus in the nature of wireless receivers in the form of jewelry; personal digital assistants; smartphones; downloadable computer programs for smartphones and mobile phones, namely, computer software for use in database management; downloadable computer software programs for use in database management; downloadable computer software for connecting, operating, managing, and controlling networked household devices in the nature of HVAC, air-conditioning, and lighting systems, kitchen appliances, hot water supply appliances, audio systems, speakers, home theaters, video disc players, video projectors, home security video recorders and receivers, washing machines, vacuum cleaners, irons, massagers, intercoms, elevators, entrance door electric locks, and electric shutters in the internet of things (IoT); downloadable computer software for connecting, operating, managing, and controlling networked building devices in the nature of elevators and other electrical appliances in common areas of buildings
in the internet of things (IoT); downloadable computer software for connecting, operating, managing, and controlling networked personal healthcare devices for home use in the nature of blood pressure monitors, glucose meters, and heartbeat measuring apparatuses in the internet of things (IoT); electronic computers and computer peripherals therefor; telecommunication apparatus, namely, computer embedded devices in the nature of circuit boards; phonograph records featuring music; phonograph records featuring musical sound effects; downloadable music files; downloadable image files containing artwork, text, audio, video, games and Internet Web links on the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents; pre-recorded video discs and video tapes featuring the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents; downloadable films and movies featuring the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents provided via a video-on-demand service; downloadable video recordings featuring the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents; downloadable photographs; downloadable still images of the titles of books, magazines and manuals on the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities for mobile phones; downloadable multimedia file containing text relating to the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents recorded on computer media; downloadable electronic publications in the nature of books, magazines, manuals, and e-books featuring the subjects of health, tele-medical care, physical fitness training, and sports and cultural activities to aid household residents recorded on computer media; downloadable computer software programs for operating household energy management systems comprising electric control devices for heating and energy management; downloadable computer software programs for monitoring household energy consumption and calculating energy costs; remote controls featuring liquid crystal display (LCD) monitors for household energy management computer systems; wireless remote temperature and humidity monitors to manage household energy consumption; remote controls for air-conditioning apparatus to manage household energy consumption; automatic electrical controlling devices to manage household energy consumption; automatic remote controls for air conditioning apparatus; wireless remote temperature and humidity monitors for measuring and monitoring household temperature and humidity; wireless remote temperature and humidity monitors for measuring and monitoring household temperature and humidity sold together as a unit with automatic remote controls for air conditioning apparatus; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems, namely, energy and utility systems for electric power and electrical lighting systems; fire alarms; gas leak alarms; burglar alarms; electrical power distribution units; distribution boxes for electrical power; electrical power distribution blocks; power distribution apparatus, namely, fuel cells; solar cells; electrical cells and batteries; electrical storage batteries; batteries chargers for household purposes; electric meters; magnetic frequency meters; electrical outlet tester; electronic devices for measuring radio waves in a variety of environments; measuring instruments in the nature of gasometers; scientific measuring instruments, namely, conductivity meters; electronic sensors for measuring environmental parameters in the nature of solar radiation, rainfall, temperature and humidity; electronic sensors for measuring solar radiation, rainfall, temperature, and humidity levels, not for medical use; noisemeters; electric meters; electric meters, namely, electric manometers; seismographs;
inclinometers; illuminometers; electronic-based instruments for measuring environmental parameters including humidity, mold, bacteria, air quality and water quality; electronic devices, namely, energy meters for the remote tracking and monitoring of household energy usage featuring electronic storage devices in the nature of memory media for storing energy usage information collected from said energy meters and for subsequent on-demand transmission of the same

**For** Providing medical information; providing health information in the field of a variety of diseases; providing health information in the field of diseases in the nature of brain disease, heart disease, kidney disease, liver disease, respiratory disease, blood disease, and other chronic or acute diseases; providing medical information regarding bone fractures, sprains, and other injuries caused by accidents such as falling or drowning; health center services; medical clinic services; providing news and information in the field of dentistry; providing medical information in the field of the preparation and dispensing of medications; providing information to patients in the field of administering medications; nutritional and dietetic consultancy; medical assistance services in the nature of medical consultations provided via telecommunication and global computer
networks for individuals with health problems utilizing wearable and non-wearable medical monitoring devices integrated with household energy management systems that measure or detect the physiological parameters of the wearer, and that feature automated alert and monitoring capacity via said household energy management systems; providing healthcare information via the Internet; healthcare consulting services via the Internet; providing personalized health information; providing personalized health information from personal health records; health assessment services, namely, providing a database in the field of brain disease, heart disease, kidney disease, liver disease, respiratory disease, blood disease, and other acute or chronic diseases, and in the field of health conditions caused by accidents, such as bone fractures and sprains caused by falling, and testing diagnostic information related to the foregoing based on collected personal data and information all for medical analysis, treatment and diagnostic purposes; health assessment services, namely, providing a database in the field of physical mobility and home physical mobility testing diagnostic information based on collected personal data and information, including personal bathing activity data and outdoor activity data, all for medical analysis, treatment and diagnostic purposes

**International Classes**  44 - Primary Classes  **US Classes**  100, 101  **International Class Title**  Medical, beauty and agricultural services

**For**  Architectural services; surveying; geological research; graphic design, other than for advertising purposes; residential building design; design of factory buildings; interior design of buildings; architectural design, namely, design of building exteriors; design of the exteriors of residential, factory, industrial, and commercial buildings; research on building construction or city planning; testing or research on civil engineering; designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments; machine part design services; computer software design; computer programming; maintenance of computer software; design of computer software in the field of smartphone applications; programming of computer software for others for use in smartphones; maintenance of computer software for use in smartphones; computer hardware design; computer hardware design, namely, the design of touchscreen sensors and optical sensors; computer hardware design, namely, design of blank smart cards embedded with transponders; computer system design; computer system design, namely, design of computer hardware with embedded operating system software; computer system design, namely, design of routers and gateway routers in the nature of computer control hardware with embedded network configuration software; programming of computer software for others; programming of computer software for computer systems; programming of computer software for computer systems featuring touchscreen sensors and optical sensors; design of computer software for computer systems for use in connecting networked databases in the internet of things (IoT); programming of computer software for others for computer systems for use in connecting networked databases in the internet of things (IoT); maintenance of software for computer systems for use in connecting networked databases in the internet of things (IoT); testing or research on prevention of pollution; testing or research on electricity; scientific research in the field of energy usage management, and scientific research consulting related thereto; scientific testing or research on electricity in the field of energy usage management; scientific research in the field of energy regarding energy-saving technologies and testing related thereto for scientific research purposes; engineering services for building condition assessment regarding earthquake resistance via the internet and providing engineering information related thereto; testing the functionality of machines; research on machines; monitoring of computer systems by remote access to ensure proper functioning; monitoring of computer systems comprising optical sensors or computer hardware with embedded operating system software by remote access to ensure proper functioning; computer monitoring service which tracks application software performance by remote access, performs periodic maintenance and provides reports and alerts concerning such performance for quality control.
purposes; monitoring of computer system software in real-time by remote access to ensure proper functioning for quality control purposes; rental of computers; rental of computers for emergency call computer systems; providing on-line non-downloadable software for use in database management; designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments all for use in conjunction with household energy management systems for optimizing and managing energy usage; computer software design, computer programming, and maintenance of computer software for household energy management systems for use in optimizing and managing energy usage; providing on-line non-downloadable computer software programs for household energy management systems for use in optimizing and managing energy usage; technical consulting services in the field of energy measurement to improve energy efficiency; technical consulting services in the field of energy measurement via the use of household energy management systems to improve energy efficiency; metering electric power consumption by third parties for electric power providers; providing on-line non-downloadable computer software programs for operating emergency response alarm systems and emergency medical alert response systems; updating, maintenance, and rental of non-downloadable computer software programs for operating emergency response alarm systems and emergency medical alert response systems; design of telecommunications apparatus for emergency reporting systems; programming of computer software programs for others for emergency reporting systems; maintenance of computer software for emergency reporting systems; providing online non-downloadable computer software programs for controlling and managing patient medical information via the Internet; updating, maintenance, and rental of non-downloadable computer software programs for controlling and managing patient medical information via the Internet for health management purposes; providing online non-downloadable computer software programs for collecting and analyzing patient biological data and transmitting information about possible diagnoses based upon said patient biological data; updating, maintenance, and rental of non-downloadable computer software programs for collecting and analyzing patient biological data and transmitting information about possible diagnoses based upon said patient biological data; providing virtual computer systems and virtual computer environments through cloud computing; consulting services in the field of cloud computing; providing virtual computer systems through cloud computing in the field of remote desktop solutions; cloud computing featuring computer operating software programs for use in the field of remote desktop operations; technical air quality monitoring services; quality management services, namely, air quality evaluation and analysis in living environments, including regarding housing air temperature and humidity and air-flow conditions, and quality control related thereto; engineering services regarding the analysis and assessment of residential building condition, repair, renovation and restoration and building instrumentation, including engineering analysis of residential building structures to determine earthquake resistance; data automation and collection service using proprietary software to evaluate, analyze and collect service data; temporary electronic storage of information and data in a computer database, namely, electronic storage of living environment air quality data, including housing air temperature data and air humidity data, building information data, including building structure data, building renovation data, building site ground condition data, and building site earthquake occurrence data, personal biological data, including pulse data, blood pressure data, body fat composition data, body muscle mass composition data, body bone composition data, body temperature data, blood glucose level data, breathing rate data, heart rate data, fibrillation data, pulse waves data, brain waves data, urinary constituents data, posture data, vision data, hearing data, olfaction data, and sensory tactile data, and of personal health data, including personal sleep data, personal bathing activity data, and personal outdoor physical activity data

GOODS AND SERVICES INFORMATION
For laboratory robots; optical, photographic, measuring, testing, trial, detection, signaling, checking, inspection apparatus and instruments, namely, optical scanners, optical sensors, optical and photographic instruments in the nature of charge-coupled devices (CCD) being image sensors and integrated circuits for digital imaging, photographic cameras, optical inspection apparatus, electro-optical instruments and computer-controlled apparatus for use in inspection and measurement of industrial components, signal conditioning and communication devices for industrial process control, scanners for automatic surface control, technical measuring, testing and checking electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for measuring, testing and checking the size, shape, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, and for the industrial automated quality and conformity check of optical and ophthalmic lenses; devices for analysis and diagnosis not for medical use, namely, in the nature of electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for use in the analysis and diagnosis of defects in the size, shape, machining, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial materials, industrial components and surfaces; material testing instruments and machines, namely, plastics and composite materials testing machines, paper, cardboard and packaging testing machines, glassware and other transparent industrial materials testing machines, mirror, metal, ceramics and paintings testing machines, machines for testing windshields, canopies, vehicle bodyworks, bottle preforms, flasks, silicon wafers, sapphire watch glasses, optical lenses and windows; precision measuring apparatus, namely, laser distance meters, electro-optical and computer-controlled apparatus for measuring the size, shape, thickness, waviness, flatness, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial materials and components and surfaces; devices, namely,
portable and handheld digital electronic devices for recording, transmitting, reproducing, and processing data or images; recorded and downloadable software and software operating systems for recording, transmitting, reproducing and processing data or images; apparatus and instruments for recording, transmitting, reproducing and processing data or images; data or image storage devices and media, namely, computer memory hardware, electronic memory media for storing information and images collected from electro-optical measuring, testing, checking and inspection apparatus; digital or electronic storage media, namely, blank digital storage media, blank electronic storage media; data processing equipment; data processing systems comprised of computer hardware; recorded and downloadable software, recorded and downloadable computer programs and downloadable computer software applications, namely, metrology software for industrial process control, inspection and measurement of industrial components and materials, surface control and inspection, as well as for the measurement, inspection, quality and conformity check of optical and ophthalmic lenses and recorded and downloadable software for industrial automation and automation of reports and documents; recorded and downloadable software for automated optical checking, and systems comprised of optical sensors, optical readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers, and projection screens, for automatic optical checking; optical frequency metrology devices; measuring software, namely, recorded and downloadable software for measuring the size, shape, thickness, waviness, flatness, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, and of optical and ophthalmic lenses; data processing equipment in the nature of readers, namely, optical character readers, radio frequency identification (RFID) readers, optical readers, bar code readers; lasers not for medical use; data processing equipment in the nature of scanners; computer hardware, namely, monitors; computer peripheral devices; encoders; electronic cards for image processing; encoded smart integrated circuit cards and encoded electronic chip cards all for image processing; blank smart cards in the nature of blank integrated circuit cards and blank electronic chip cards; video cameras, thermal imaging cameras; infrared detectors, optical sensors, industrial calibration sensors, photoelectric sensors, ultrasonic sensors, infrared sensors; video transmitters and receivers for audio and video signals for transmission over twisted pair cables and optical transmitters and receivers; Scientific and technical apparatus, namely, optical mirrors, optical lenses, magnifying glasses and optical lamps; projection apparatus and screens, namely, transparency projection apparatus, projection screens; recorded and downloadable software and systems comprised of optical sensors, optical readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers, and projection screens for checking of the quality and compliance of surfaces, products, or materials; recorded and downloadable software and systems comprised of optical sensors, optical readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers, and projection screens for checking, detection, testing, measurement and analysis of defects in the form, machining, waving, materials, texture, thickness, consistency, distortion, curvature or flatness of surfaces, products or materials; recorded and downloadable software and systems comprised of comprised of optical sensors, optical readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers, and projection screens for checking (supervision), detecting, testing, measuring and analyzing optical power and optical defects; recorded and downloadable electronic or digital software and systems comprised of optical sensors, optical
readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers, and projection screens, all for the collection, analysis, processing and storage of images or data on measurement and assessment of the quality and compliance of surfaces, goods or materials, optical power, optical defects; data and image processing apparatus with artificial intelligence and recorded and downloadable artificial intelligence software, in particular for automating the analysis and checking of quality and compliance of surfaces, of products or of materials, of optical power, optical defects; recorded and downloadable software, and electronic or digital systems comprised of computer hardware, data processing equipment and devices in the nature of apparatus and instruments for recording, transmitting, reproducing and processing data or images for editing, communication, sharing, managing, consolidation, compilation, storage and archiving of data, files, images and documents, in particular reports for checking and analyses of quality and compliance of surfaces, products or materials, data of measurement and evaluation of optical defects, optical power and statistics; recorded and downloadable software for simulation and visualization of inspection, testing, quality control and production operations, allowing to simulate, visualize, test and validate setting-ups, criteria, measurement and data processing parameters on production data before using them to production; recorded and downloadable three-dimensional modeling software; downloadable graphic design models; recorded and downloadable computer aided design and manufacturing software (cad-cam); refractometers; variometers; densimeters, densitometers not for medical use; dynamometers; slope indicators; planimeters; inclinometers; vacuum gauges; pressure measuring apparatus; simulators in the nature of data and image processing apparatus and viewing devices being digital photograph and image viewers and 3D digital photograph viewers, for simulation of inspection, testing, quality control and production operations, allowing to simulate, visualize, test and validate setting-ups, criteria, measurement and data processing parameters on production data before using them to production; optical amplifiers, namely, optical semiconductor amplifiers; electron beam accelerators; chromatogram analyzers for scientific use or for laboratory use; spectrum analyzers, other than for medical use; photometric analyzers other than for medical use; X-ray analyzers other than for medical use; photoelectronic spectroscopic analyzers other than for medical use; chromatography apparatus for laboratory or scientific research use; microscope slides; lenses for microscopes; optical tables; telescopes; glassware for scientific use designed for this use, namely, glassware for scientific experiments in laboratories; optical inspection apparatus for industrial use; optical beam deflectors; optical phase shifters; optical filters; mirrors for inspecting; objectives in the nature of microscope objectives; prisms for optics purposes; optical reflectors; optical glasses

**International Class Title**  
Electrical and Scientific Apparatus

For  
New product design, scientific research, consulting, study and technical appraisal services, in particular in the fields of optics, metrology, optical checking, industrial automation, quality control and data or image processing; scientific and technological services, namely, scientific research, analysis, testing, in the field of optics, metrology, optical checking and inspection, industrial automation, quality control and data or image processing; engineering services, engineering work in the nature of engineering design services; scientific, technical and industrial analysis and research in the field of optics, metrology, optical checking and inspection, industrial automation, quality control and data or image processing; design, research and development of new products for others; design and development of methods for analysis, testing and trials and new technology for others in the field of optics, metrology, optical checking and inspection, industrial automation, quality control and data or image processing; design and development of industrial processes and of systems, machines and accessories for  

---

9485
automation of industrial processes; design and development of industrial processes and of systems, machines and accessories for automation of industrial processes; design, development, installation, updating, maintenance, and rental of non-downloadable software exclusive of game software and electronic and digital database software; quality control, authentication and testing in the field of plastics and composite materials, paper, cardboard and packaging, glassware and transparent industrial materials, mirror, metal, ceramics and paintings, windshields, canopies, vehicle bodyworks, bottle preforms, flasks, silicon wafers, sapphire watch glasses, windows, industrial production of optical and ophthalmic lenses, industrial materials and components; technical measuring in the nature of calibration and testing in the field of plastics and composite materials, paper, cardboard and packaging, glassware and transparent industrial materials, mirror, metal, ceramics and paintings, windshields, canopies, vehicle bodyworks, bottle preforms, flasks, silicon wafers, sapphire watch glasses, windows, industrial production of optical and ophthalmic lenses, industrial materials and components, and technical measuring in the nature of calibration and testing of the size, shape, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces; testing and analysis of materials; conducting industrial testing, especially by means of optical apparatus and instruments, in the nature of testing, analysis, and evaluation of plastics and composite materials, paper, cardboard and packaging, glassware and transparent industrial materials, mirror, metal, ceramics and paintings, windshields, canopies, vehicle bodyworks, bottle preforms, flasks, silicon wafers, sapphire watch glasses, windows, industrial production of optical and ophthalmic lenses, industrial materials and components, and testing, analysis, and evaluation of the size, shape, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces to assure compliance with industry standards; compliance testing of surfaces, apparatus, products or materials in the nature of testing, analysis, and evaluation of goods of others to assure compliance with industry standards; product quality testing; Testing, analysis, and evaluation of the goods of others to assure compliance with industry standards, to insure conformity with certification standards; technical support services, namely, technical consultation in the fields of metrology, optical checking, industrial automation, quality control and programs and apparatus for processing data or images; design of software and scientific, research, optical, photographic, measuring, testing, trial, detection, signaling, checking, inspection devices, apparatus, instruments and systems, namely, laboratory robots, optical scanners and readers, optical lenses, optical sensors, optical beam deflectors, optical phase shifters, optical and photographic instruments in the nature of charge-coupled devices (CCD) being image sensors and integrated circuits for digital imaging, photographic cameras, optical inspection apparatus, electro-optical instruments for use in inspection and measurement of industrial components, signal conditioning and communication devices for industrial process control, scanners for automatic surface control, optical frequency metrology devices, refractometers, variometers, densimeters, dynamometers, slope indicators, planimeters, inclinometers, technical measuring, testing and checking electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for measuring, testing and checking the size, shape, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, and for the industrial automated quality and conformity check of optical and ophthalmic lenses; design of computer software and devices, apparatus, instruments and systems for analysis and diagnosis not for medical use, namely, electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for use in the analysis and diagnosis of defects in the size, shape, machining, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial materials, industrial components and surfaces; rental of scientific, research, measuring, testing, trial devices, apparatus, instruments and systems, namely, laboratory
robots, optical scanners and readers, optical sensors, optical beam deflectors and optical phase shifters for scientific, research, measuring, testing or trial purposes, optical frequency metrology devices, refractometers, variometers, densimeters, dynamometers, slope indicators, planimeters, inclinometers, technical measuring, testing and checking electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for measuring, testing and checking the size, shape, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, and for the industrial automated quality and conformity check of optical and ophthalmic lenses and software; rental of software and devices, apparatus, instruments and systems for analysis and diagnosis not for medical purposes, namely, electro-optical apparatus and instruments, computer-controlled apparatus and data and image processing apparatus for use in the analysis and diagnosis of defects in the size, shape, machining, thickness, waviness, flatness, texture, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial materials, industrial components and surfaces; rental of optical, detection, signaling, checking (supervision) and inspection systems, namely, comprised of optical sensors, optical readers and scanners, cameras, integrated circuits for the purpose of imaging processing, digital signal processors, apparatus and instruments for recording, transmitting, reproducing and processing data or images, computer hardware, interfaces for computers and projection screens, and rental of software, all the aforesaid software and systems being for scientific research and development use or industrial use for the automated control of the quality and compliance of surfaces, products or materials, optical power, optical defects; design and rental of computer software, data processing equipment, computer peripheral devices, and computer systems comprised of computer hardware for data processing; design of three-dimensional viewing devices, optical and micro-optical components in the nature of digital photograph and image viewers and 3D digital photograph viewers, optical sensors, optical reflectors, optical mirrors, prisms for optics purposes, optical filters, optical lenses, optical glasses, optical transmitters and receivers; design of software, devices, apparatus, instruments for recording, transmitting, reproducing and processing data or images, integrated circuits for the purpose of imaging processing, and systems comprised of computer memories, interfaces for computer and computer hardware for collecting, recording, transmitting, reproducing, storing or processing of data or images; programming for computer and computer networks; electronic data storage; data backup, namely, electronic data backup services; software as a service (SaaS) services featuring software for collecting, recording, analyzing, processing, manipulating, digitizing, reproducing, transmitting, reading, managing, storing or archiving data or images, software as a service (SAAS) services featuring software for metrology for industrial process control, inspection and measurement of industrial components and materials, surface control and inspection, for the measurement, inspection, quality and conformity check of optical and ophthalmic lenses, software as a service (SAAS) services featuring software for industrial automation and automated optical checking, software as a service (SAAS) services featuring measuring software, namely, for measuring the size, shape, thickness, waviness, flatness, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, software as a service (SAAS) services featuring software for checking of the quality and compliance of surfaces, products, or materials, software as a service (SAAS) services featuring software for checking, detection, testing, measurement and analysis of defects in the form, machining, waving, materials, texture, thickness, consistency, distortion, curvature or flatness of surfaces, products or materials, software as a service (SAAS) services featuring software for inspecting, checking, detecting, testing, measuring and analyzing optical power and optical defects, software as a service (SAAS) services featuring software for editing, consulting, communication, sharing, managing, compilation, storage and archiving of data, files, images and documents, namely,
measuring, checking and testing reports and data, software as a service (SAAS) services featuring software for the simulation and visualization of inspection, testing, quality control and production operations, allowing to test and validate setting-ups, criteria, measurement and data processing parameters on production data before using them to production; computer platform as a service (PaaS) services featuring software for collecting, recording, analyzing, processing, manipulating, digitizing, reproducing, transmitting, reading, managing, storing or archiving data or images, computer platform as a service (PaaS) services featuring metrology software for industrial process control, inspection and measurement of industrial components and materials, surface control and inspection, for the measurement, inspection, quality and conformity check of optical and ophthalmic lenses, computer platform as a service (PaaS) services featuring software for industrial automation and automated optical checking, computer platform as a service (PaaS) services featuring measuring software, namely, for measuring the size, shape, thickness, waviness, flatness, optical distortion, optical power, reflectivity, brightness and other surface characteristics of industrial components, industrial materials and surfaces, computer platform as a service (PaaS) services featuring software for checking of the quality and compliance of surfaces, products, or materials, computer platform as a service (PaaS) services featuring software for checking, detection, testing, measurement and analysis of defects in the form, machining, waving, materials, texture, thickness, consistency, distortion, curvature or flatness of surfaces, products or materials, computer platform as a service (PaaS) services featuring software for inspecting, checking, detecting, testing, measuring and analyzing optical power and optical defects, computer platform as a service (PaaS) services featuring software for editing, consulting, communication, sharing, managing, compilation, storage and archiving of data, files, images and documents, namely, measuring, checking and testing reports and data, computer platform as a service (PaaS) services featuring software for the simulation and visualization of inspection, testing, quality control and production operations, allowing to test and validate setting-ups, criteria, measurement and data processing parameters on production data before using them to production; cloud computing featuring software for use collecting, recording, analyzing, processing, manipulating, digitizing, reproducing, transmitting, reading, managing, storing or archiving data or images, cloud computing featuring metrology software for industrial process control, inspection and measurement of industrial components and materials, surface control and inspection, for the measurement, inspection, quality and conformity check of optical and ophthalmic lenses, cloud computing featuring software for industrial automation and automated optical checking, cloud computing featuring software for checking of the quality and compliance of surfaces, products, or materials, cloud computing featuring software for inspecting, detecting, testing, measurement and analysis of defects in the form, machining, waving, materials, texture, thickness, consistency, distortion, curvature or flatness of surfaces, products or materials, cloud computing featuring software for inspection, checking, detecting, testing, measuring and analyzing optical power and optical defects, cloud computing featuring software for editing, consulting, communication, sharing, managing, compilation, storage and archiving of data, files, images and documents, namely, measuring, checking and testing reports and data, cloud computing featuring software for the simulation and visualization of inspection, testing, quality control and production operations, allowing to test and validate setting-ups, criteria, measurement and data processing parameters on production data before using them to production; conversion of data or documents from physical to electronic media; data conversion of computer program data or information, other than physical conversion

### Goods and Services Information

**For Games, namely, board games, card games, arcade games; toys, namely, infant toys; controls for game consoles, namely, controllers for game consoles; artificial Christmas trees; apparatus for physical education, namely, gymnastic apparatus, body-training apparatus; appliances for gymnastics; fishing tackle; play balls and balloons; billiard tables; billiard cues; billiard balls; playing card decks; board games; ice skates; roller skates; toy scooters; sailboards; surfboards; rackets; snowshoes; skis; protective padding being parts of sportswear for playing football, running, body-training, fitness; toy models; molded plastic toy figurines**

**International Classes** 28 - Primary Classes 22, 23, 38, 50

**US Classes** 100, 101, 107

**International Class Title** Toys and Sporting Goods

**For Translation services**

**International Classes** 41 - Primary Classes

**US Classes** 100, 101, 107

**International Class Title** Education and Entertainment

**For Rental of advertising time on communication media; news clipping services; writing of advertising texts, namely, advertising copywriting; online advertising on a computer network; television advertising; radio advertising; advertising; advertising by mail order; pay per click advertising services; publication of advertising texts; web site traffic optimization; search engine optimization for sales promotion; updating and maintenance of data in computer databases; layout services for advertising purposes; updating of advertising material; providing commercial information in the field of health and travel via websites; computer file management; production of advertising films; rental of advertising space; distribution of advertising material in the nature of leaflets, prospectuses, printed matter, and samples; bill-posting**
Downloadable computer application software for mobile devices for health and travel, namely for the translation of medical data in order to allow travelers to be medically assisted abroad and to facilitate the medical care of travelers abroad.

Telecommunications, namely, telecommunications gateway services, digital network telecommunications services; communications services, namely, transmission, delivery, downloading, streaming, distribution of electronic publications by electronic transmission via telecommunications networks, global computer networks, wireless networks and electronic communications networks; provision of services for connecting in the nature of providing telecommunications connections to a global computer network using computer terminals and fiber optic networks, provision of services for communicating using computer terminals and fiber optic networks; interactive electronic data transmission and data communication services, with the data being digital data, in the nature of text, images, animations, photographs, videos and audio data, accessible via national and transnational computer networks and via the Internet, including mobile Internet and mobile applications, on all communication terminals with access to the Internet; transmission of information held in databases, namely, displaying in the nature of electronic transmission of information stored in a database via interactively communicating computer systems; electronic transmission of data and information provided via a website or mobile application accessible by access codes; providing Internet access to online discussion forums, online networks, and blogs in the field of health and travel, enabling users to post, view and share content, comments, reviews, recommendations, opinions, ratings, photographs, videos, text, data, images and other electronic works; providing Internet access to directories, databases, news websites, websites and online blogs in the field of health and travel; online messaging services in the nature of message sending; data exchange services namely, electronic exchange of data stored in databases accessible via telecommunication networks; teleconferencing services; information on telecommunications; providing multiple-user access to data and information of all types on the Internet in the field of health and travel; provision of Internet access to websites, search platforms, software and in particular mobile applications; providing Internet access to personalized online pages offering user-defined information, comprising of search engines and online links to other sites, online chat rooms and forums, blogs and bulletin boards for the transmission of messages and the facilitation of discussions between users.

Orientation counseling services in the medical field, namely, medical orientation counseling; provision of medical information via the Internet and any telecommunications device and especially via web applications; telemedicine services.

Clothing, namely, shirts, t-shirts, dresses, skirts, vests, trousers, jackets, pants; footwear; headwear; shirts; Clothing of leather, namely, leather shirts, leather t-shirts, leather dresses, leather skirts, leather vests, leather trousers, leather jackets, leather pants; belts being clothing; furs being clothing, namely, fur coats, fur stoles; gloves being clothing; scarves; neckties; hosiery; socks; bedroom slippers; beach footwear; ski boots; footwear for sports; underwear.
International Classes  25 - Primary Classes  US Classes  22, 39  International Class Title  Clothing

For  Providing temporary use of on-line non-downloadable software for language translation

International Classes  42 - Primary Classes  US Classes  100, 101  International Class Title  Scientific and computer services

Mark Information
Standard Character Claim: No  Mark Drawing Type: 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S)
Description of the Mark: The mark consists of a stylized infinity symbol.
Color Claimed: Color is not claimed as a feature of the mark.

Related Properties Information
International Registration: 1545173  International Registration Date: Apr. 17, 2020

Goods and Services Information
For: Utensils and containers for household or kitchen use, namely, soap dishes; dispensers for liquid and viscous preparations, namely, dispensers for soap, disinfectants, hand-cleaning preparations and creams; dispensers for paper hand-towels, toilet paper and sanitary products for household use; containers for trash for household use, wastepaper baskets; dispensers for cleaning and disinfecting solutions, namely, dispensers for soap, disinfectants, and hand-cleaning preparations sold as a unit with an electronic hand-hygiene compliance-monitoring system comprised of a device in the dispenser for collecting, storing and saving data and transmitting the data to an IoT core, and recorded cloud-based software in the IoT Core for monitoring hand hygiene compliance

International Classes: 21 - Primary Classes  US Classes: 2, 13, 23, 29, 30, 33, 40, 50
International Class Title: Housewares and Glass

For: Disinfectants

International Classes: 5 - Primary Classes  US Classes: 6, 18, 44, 46, 51, 52
International Class Title: Pharmaceuticals

For: Paper or paperboard products, namely toilet paper, paper hand-towels, paper table napkins, paper table rings in the nature of paper napkin rings

International Classes: 16 - Primary Classes  US Classes: 2, 5, 22, 23, 29, 37, 38, 50
International Class Title: Paper Goods and Printed Matter
For Furniture; mirrors; frames, namely, non-metal signboard frames and frames for display boards; shelves being furniture and storage shelves being shelves for storage; cupboards, namely, mirrored cabinets for sanitary areas; non-metal fixed dispensers for soap, disinfectants, hand-cleaning preparations, creams, paper hand-towels, toilet paper and sanitary products; non-metal fixed dispensers for soap, disinfectants, and hand-cleaning preparations sold as a unit with an electronic hand-hygiene compliance-monitoring system comprising a device in the dispenser for collecting, storing and saving data and transmitting the data to an IoT core, and recorded cloud-based software in the IoT Core for monitoring hand hygiene compliance

International Classes  20 - Primary Classes US Classes  2, 13, 22, 25, 32, 50 International Class Title  Furniture and Articles Not Otherwise Classified

For Disinfectant dispensers for toilets, faucets, and washbasins being parts of sanitary installations; disinfectant dispensers for toilets, faucets, and washbasins being parts of sanitary installations sold as a unit with an electronic hand-hygiene compliance-monitoring system comprising a device in the dispenser for collecting, storing and saving data and transmitting the data to an IoT core, and recorded cloud-based software in the IoT Core for monitoring hand hygiene compliance; accessories for sanitary use, particularly accessories for washbasins and washrooms, namely washbasin faucets, single-lever faucets for sinks, mixing faucets for water pipes, faucets for pipes and ducts

International Classes  11 - Primary Classes US Classes  13, 21, 23, 24, 31, 34 International Class Title  Environmental Control Apparatus

For Toilet soaps; hand-cleaning preparations; creams, namely, hand creams; cosmetic products for body care and beauty care, namely, hand scrubs, skin lotion, skin softener, skin moisturizer

International Classes  3 - Primary Classes US Classes  1, 4, 6, 50, 51, 52 International Class Title  Cosmetics and Cleaning Preparations

For Maintenance and repair of electronic hand-hygiene compliance-monitoring system hardware for use with liquid dispensers, particularly with dispensers for soap, disinfectants and hand-cleaning preparations

International Classes  37 - Primary Classes US Classes  100, 103, 106 International Class Title  Construction and Repair

For Monitoring apparatus, namely, an electronic hand-hygiene compliance-monitoring system for use with liquid dispensers, particularly with dispensers for soap, disinfectants and hand-cleaning preparations, comprising a device in the dispenser for collecting, storing and saving data and transmitting the data to an IoT core, and recorded cloud-based software in the IoT Core for monitoring hand hygiene compliance; monitoring apparatus, namely, electronic hand-hygiene compliance-monitoring system comprising a refurbishment kit for liquid dispensers, dispensers of soap, disinfectants and hand-cleaning preparations, comprising a panel for the dispenser with a device for collecting, storing and saving data and transmitting the data to an IoT core, and recorded cloud-based software in the IoT Core for monitoring hand hygiene compliance; mechanical devices, namely, dispensers for dosing liquid, viscous soap, disinfectants, hand-cleaning preparations and creams

International Classes  9 - Primary Classes US Classes  21, 23, 26, 36, 38 International Class Title  Electrical and Scientific Apparatus
For Maintenance, updating, and debugging of software for hand-hygiene monitoring systems, electronic hand-hygiene compliance-monitoring systems when using liquid dispensers, particularly dispensers for soap, disinfectants and hand-cleaning preparations

**International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

For Metal dispensers, fixed and non-fixed, for soap, disinfectants, hand-cleaning preparations, creams, paper hand-towels, toilet paper and sanitary products

**International Classes** 6 - Primary Classes **US Classes** 2, 12, 13, 14, 23, 25, 50 **International Class Title** Metal Goods

International Class Title   Construction and Repair

For  3D spectacles; computer controllers for operating robotic medical apparatus for minimal access surgery and training for minimal access surgery; video monitor controllers; computer monitors; audio, voice, video, advertisement display monitors; tv monitors; video monitors; computers; video display monitors; video screens; video recorders; teaching apparatus, namely, robotic medical apparatus for medical instruction purposes; teaching robots; tablet computers; computer monitors being computer hardware; computer monitors for displaying computer programs; electronic publications, namely, books, booklets, magazines, journals, manuals, brochures, leaflets, pamphlets and newsletters featuring robotic and robotic-assisted surgery recorded on computer media; computer hardware; computer peripheral devices; computer programs, recorded, for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable and recorded computer software for training for surgical robotics; downloadable application software for mobile phones, portable media players, handheld computers, namely, software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable artificial intelligence software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable augmented reality software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable business management software that enables users to record and track data of robotic and robotic-assisted surgical procedures; downloadable computer games software; downloadable games software for playing computer games; downloadable virtual reality games software; downloadable video games software; downloadable electronic game software; downloadable data and file management software; downloadable database management software; electronic databases recorded on computer media in the field of robotic and robotic-assisted surgery; downloadable computer databases in the field of robotic and robotic-assisted surgery; downloadable computer software for database management; downloadable computer software for accessing databases; electronic databases in the field of robotic and robotic-assisted surgery recorded on computer media; downloadable data processing software; downloadable digital dashboard software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable education software for use in instruction in robotic and robotic-assisted surgery; downloadable computer hardware testing software; downloadable graphics software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable machine learning software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable maintenance software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable simulation software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; simulation apparatus, namely, surgical robotic training simulation apparatus; downloadable system software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable training software, namely, software for use in training for surgical robotics; downloadable web application software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical software for use in surgery performed using surgical robotic systems; downloadable medical computer software for use in surgery performed using surgical robotic systems; downloadable medical application software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical artificial intelligence software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical augmented reality software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical
medical business management software; downloadable medical data and file management software; downloadable medical database management software; downloadable medical databases; downloadable medical computer databases; downloadable medical computer software for database management; downloadable medical computer software for accessing databases; downloadable medical electronic databases; downloadable medical data processing software; downloadable medical digital dashboard software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical education software for use in training for surgical robotics; downloadable medical hardware testing software; downloadable medical graphics software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical machine learning software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical simulation software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; medical simulation apparatus, namely, anatomical mannequins; downloadable medical software for remote diagnostics; downloadable medical system software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable medical training software for use in training for surgical robotics; downloadable medical web application software for use in training for surgical robotics and for use in surgery performed using surgical robotic systems; downloadable software for robotics for use in minimal access surgery; downloadable computer software for robotics for use in minimal access surgery; downloadable application software for robotics for use in minimal access surgery; artificial intelligence software for robotics for use in minimal access surgery; downloadable augmented reality software for robotics for use in minimal access surgery; downloadable business management software for robotics; downloadable data and file management software for robotics; downloadable database management software for robotics; downloadable databases in the field of robotics; downloadable computer databases in the field of robotics; downloadable computer software for database management for robotics; downloadable computer software for accessing databases for robotics; downloadable electronic databases in the field of robotics; downloadable data processing software for robotics; downloadable digital dashboard software for robotics for analysis of surgical data; downloadable education software for robotics for use in minimal access surgery training; downloadable hardware testing software for robotics; downloadable graphics software for robotics for use in minimal access surgery; downloadable computer software for robotics for use in minimal access surgery; downloadable maintenance software for robotics; downloadable simulation software for robotics for use in minimal access surgery training; simulation apparatus for robotics, namely, electronic apparatus for simulating robotic or robotic-assisted surgical procedures and events; downloadable system software for robotics for use in minimal access surgery; downloadable training software for robotics for use in minimal access surgery training; downloadable web application software for robotics for use in minimal access surgery; downloadable software for remotely diagnosing errors or issues within surgical robotic systems; slide calipers; anatomical mannequins for use as teaching apparatuses; remote controllers for robotic medical apparatus and robotic medical training apparatus; medical teaching mannequins for use in practising surgery; laboratory robots; tactical robots; digital controls being structural parts for laboratory, surgical, tactical and teaching robots; electric control apparatus for robots; downloadable operating system programs for robots; bar code readers; biometric scanners; computer touch screens; electronic components for robotic medical apparatus; interfaces for computers; remote controls for robotic arms; accessories, parts and fittings relating to all the aforementioned goods, namely, remote controls for teaching robots
**International Classes**  9 - Primary Classes  **US Classes**  21, 23, 26, 36, 38  **International Class Title**  Electrical and Scientific Apparatus

**For**  Medical services using robotic medical apparatus for minimal access surgery; consulting services in the field of medical care; preparation of medical reports relating to health care matters and in particular to surgical procedures, surgical instruments, and robotic surgical systems for improving health care and medical services; medical equipment rental; surgical diagnostic services; surgical treatment services; medical advisory services relating to surgical instruments; medical information services; medical advisory services; medical treatment services; medical imaging services; medical assistance services; telemedicine services; telemedicine advisory services; consultancy services in relation to medicine; advisory services in relation to medicine; advice, information and consultancy relating to all the aforementioned services

**International Classes**  44 - Primary Classes  **US Classes**  100, 101  **International Class Title**  Medical, beauty and agricultural services

**For**  Technical research in the field of robotic and robotic-assisted surgery; scientific research; scientific research for medical purposes; research in the field of minimal access surgery; research in the field of medicine; medical research; medical research services; analysis of technical data relating to improving the design and development of surgical instruments and robotic surgical systems; analysis of data relating to improving surgical procedure for research purposes; technological consultancy services in the field of robotic and robotic-assisted surgery; consulting services relating to improving the design and development of surgical instruments and robotic surgical systems; software design; design of software for use with medical apparatus; repair of software; maintenance of software; installation of software; updating of software; design and development of medical technology; design and development of medical diagnostic apparatus; design of computer hardware; design of computer software; design of software for medical purposes; design of software for robotics purposes; design of medical apparatus; design of medical equipment; design of robotics for medical purposes; design of surgical equipment; design and development of databases; design of computer database; technical data analysis in the field of robotic and robotic-assisted surgery; technical medical data analysis, namely, quality measurement and analysis for robotic and robotic-assisted; medical technology data analysis, namely, quality measurement and analysis for anesthesia practices; computer services for the analysis of technical data, namely, computer programming for technical analysis; data mining; electronic storage of video files; electronic storage of digital video files; technological advisory services in relation to robotics; advisory services in relation to software; database development services in relation to medicine; database development services in relation to robotics; database development services in relation to software; data security services; data security services in relation to medicine; data security consultancy services; data security consultancy services in relation to medicine; advice, information and consultancy relating to all the aforementioned services

**International Classes**  42 - Primary Classes  **US Classes**  100, 101  **International Class Title**  Scientific and computer services

### MARK INFORMATION
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the wording "CET" with the right top half of the "T" in "CET" being a circle and the letters "CE" appearing in blue and the letter "T" and circle appearing in orange. The wording "CHIEF-EXECUTIVE.TEAM" appears in smaller font beneath "CET" with the wording "CHIEF-EXECUTIVE" appearing in blue and the ".TEAM" appearing in orange.
- **Color Drawing**: Yes
- **Color Claimed**: The color(s) blue and orange is/are claimed as a feature of the mark.
- **Disclaimer**: "CHIEF EXECUTIVE.TEAM"

### RELATED PROPERTIES INFORMATION
- **International Registration**: 1561650
- **International Registration Date**: Oct. 13, 2020

### GOODS AND SERVICES INFORMATION
- **For**: Training services in the field of Leadership, Management and team effectiveness; business academies, namely, educational services in the nature of providing continuing business education courses in the field of applied work and organizational psychology; Coaching in the field of executive and business coaching; training services in the field of Leadership, Management and team effectiveness; training, namely, coaching services in the field of Leadership, Management and team effectiveness; organisation of seminars in the field of Leadership, Management and team effectiveness; consultancy services relating to Leadership assessment and development training; consultancy services relating to team effectiveness assessment and development training; training and further training consultancy all in the field of human resources; educational services, namely, conducting courses in the field of personal development and leadership; conducting educational courses for the development of consulting skills; conducting courses of instruction in the field of self-awareness; provision of training courses in the field of business and Management skills; educational services, namely, providing computer assisted courses of instruction in the field of Leadership development and team effectiveness, offered through online, non-downloadable videos and instructor assistance; conducting residential training courses, namely, conducting in-home training courses in the field of leadership and business; development of printed educational materials for others in the field of human resources; conducting instructional courses in the field of Leadership; conducting training workshops in the field of talent management and human resources development; conducting of educational courses relating to business; conducting educational courses, seminars and
workshops in the field of Leadership development; conducting of educational courses relating to business management; conducting of instructional seminars in the field of team effectiveness and leadership; conducting training seminars for clients in the field of business and human resources; provision of online training courses, seminars and workshops in the field of Leadership and talent development; provision of online tutorial videos in the field of business and Leadership, not downloadable; providing online videos, not downloadable in the field of Management consultancy, Leadership and team effectiveness; teaching in the field of Leadership, Management and team effectiveness; training for adults in the field of Leadership, Management and team effectiveness; education services, namely, classes and seminars relating to Leadership, Management and team effectiveness; interviewing of contemporary figures for educational purposes all in the nature of providing online non-downloadable videos featuring interviews related to the fields of Leadership, Management, and applied work and organizational Psychology; advanced training in the field of Leadership, Management and team effectiveness; continuous training in the field of Leadership, Management and team effectiveness; personnel training in the field of Leadership, Management and team effectiveness; training and instruction in the field of applied work and organizational psychology; training relating to Leadership, Management and team effectiveness; practical training featuring demonstrations in the field Leadership, Management and team effectiveness; provision of instruction courses in general business and personnel management; provision of training courses in personal development; providing training courses on business management; provision of skill assessment courses in the field of Leadership, Management and team effectiveness; provision of education courses in the field Leadership, Management and team effectiveness; providing of education in the nature of classes and seminars in the field of Leadership, Management and team effectiveness; provision of training and education all in the nature of educational training courses in the field of Leadership, Management and team effectiveness; provision of training via a global computer network, namely, providing online, non-downloadable training videos in the field of Leadership, Management and team effectiveness; organising of business training; organising of Leadership training; arranging of workshops in the field of Leadership, Management and team effectiveness; arranging of lectures in the field of Leadership, Management and team effectiveness; conducting of instructional, educational and training courses in the field of leadership development; provision of training services for business in the field of Leadership, Management and team effectiveness; educational services, namely, seminars in the field of Leadership, Management and team effectiveness; conducting educational seminars in the field of Leadership, Management and team effectiveness; computer based educational services, namely, providing online training services in the field of business management; commercial training services; Leadership and Management training services; staff training services in the field of Leadership, Management and team effectiveness; business training services; training services relating to speech; conducting workshops for educational purposes in the field of Leadership, Management and team effectiveness; conducting of educational courses relating to business; none of the aforesaid services including those relating to sports activities, gymnasiums, leisure and recreational activities, and training and teaching activities relating to sports activities, gymnasiums and leisure and recreational activities; none of the aforesaid services including those related to clinical trials, clinical research, biomedical technologies and pharmaceuticals, scientific research and development of biomedical technologies; none of the aforesaid services including those related to academic programs.
International Classes  41 - Primary Classes  
US Classes  100, 101, 107  
International Class Title  Education and Entertainment

For  Business efficiency advice; advice in the field of business management and human resources; business management advice; advice relating to the organisation and management of business; business administration consultancy; human resources management consulting; human resources consulting; business organisation advice; business management and organization consultancy; personnel management consultancy; business organization consultancy; business consulting; none of the aforesaid services including those relating to sports activities, gymnasiums, leisure and recreational activities, and training and teaching activities relating to sports activities, gymnasiums and leisure and recreational activities; none of the aforesaid services including those related to clinical trials, clinical research, biomedical technologies and pharmaceuticals, scientific research and development of biomedical technologies

International Classes  35 - Primary Classes  
US Classes  100, 101, 102  
International Class Title  Advertising and Business

For  Downloadable applications for use with mobile devices for providing business and personnel management information in the areas of leadership and team effectiveness; downloadable mobile applications for the management of information; downloadable mobile applications for the management of data; downloadable computer game software for use on mobile and cellular phones; computer game software downloadable from a global computer network; recorded and downloadable educational software featuring instruction in leadership and team effectiveness; downloadable mobile software providing business coaching, in the areas of leadership and team effectiveness; downloadable software for human resources Management in the areas of leadership and team effectiveness; recorded and downloadable interactive entertainment game software; recorded and downloadable education software featuring instruction in Leadership, management and team effectiveness

**GOODS AND SERVICES INFORMATION**
For  Sensor apparatus for medical use in diagnosis, namely, biofeedback sensors; therapeutic and assistive devices adapted for people with disabilities, namely, computers specially adapted to sense the motion of patients and control robotic or electro-mechanical devices to assist in the bodily movements or sensory perceptions of users for medical purposes; distributed measurement and control systems for prosthetics and exoskeletons, namely, robotic exoskeleton suits and prosthetics for medical purposes

International Classes: 10 - Primary Classes
US Classes: 26, 39, 44
International Class Title: Medical Apparatus

For  Sports equipment, namely, skateboards, sailboards, harness for sailboards, surfboards, surfboard leashes, surfboard fins, masts for sailboards, hydrofoils for surfboards and sailboards, surfboard covers, bags especially designed for surfboards

International Classes: 28 - Primary Classes
US Classes: 22, 23, 38, 50
International Class Title: Toys and Sporting Goods

For  Downloadable mobile applications for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; sensors, namely, motion sensors, electric sensors for monitoring physical movements not for medical purposes, embedded electric sensors, electric sensors, photoelectric sensors, optical sensors, downloadable sensory software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; digital sensors for sensing motion, sensing temperature, sensing humidity, sensing a variety of chemicals; sensors for measuring speed not for medical use, electrooptical sensors for light and motion; electric sensors for determining velocity, electric sensors for use in the control of engines, electric sensors for measuring depth; downloadable embedded software for gathering and managing sensor data, for controlling electronic devices, for database management.
management, for managing interaction between humans and electrical and electro-mechanical devices; integrated software packages featuring downloadable software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable embedded computer operating software; computer hardware with embedded operating system software; downloadable training software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable computer simulation software for modeling the actions of mechanical devices and the actions of the human body; downloadable computer simulation software for use with digital computer for modeling the actions of mechanical devices and the actions of the human body; computer software packages featuring downloadable computer software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable intelligent personal assistive software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable adaptive software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable computer programmes for data processing; computer software platforms, recorded for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable software for smartphones, namely, software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable cloud server software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable science software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable computer software using artificial intelligence for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable motion control software; downloadable geographic information system (gis) software; downloadable workout logging software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable database synchronization software; downloadable cloud computing software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices; downloadable artificial intelligence software for analysis of the interaction between humans and electrical and electro-mechanical devices; downloadable machine learning software for gathering and managing sensor data, for controlling electronic devices, for database management, for managing interaction between humans and electrical and electro-mechanical devices for use in healthcare; downloadable augmented reality software for simulation in the field of human-machine interaction for modeling the actions of mechanical devices and the actions of the human body; instrumentation simulators, namely, flight simulators, vehicle driving simulators; electrical motion controllers; weights, namely, test weights; weight measuring instruments and weight measuring apparatus, namely, scales; simulators for the steering and control of vehicles; vehicle autonomous driving systems featuring interactive displays comprised primarily of navigation apparatus for vehicles and electronic display interfaces; electronic sports training simulators; action cameras, motion-activated cameras
International Classes   9 - Primary Classes US Classes   21, 23, 26, 36, 38 International Class Title   Electrical and Scientific Apparatus

For   Design of software for embedded devices; development and testing of computing methods, algorithms and software in the field of artificial intelligence, cloud computing, sensing the actions and status of mechanical devices, sensing the actions and status of the human body, managing the interaction between electrical and electro-mechanical devices and the human body; computer aided industrial research services in the field of artificial intelligence, cloud computing, sensing the actions and status of mechanical devices, sensing the actions and status of the human body, managing the interaction between electrical and electro-mechanical devices and the human body; computer aided scientific research services in the field of artificial intelligence, cloud computing, sensing the actions and status of mechanical devices, sensing the actions and status of the human body, managing the interaction between electrical and electro-mechanical devices and the human body; research relating to the development of computer software; research relating to the development of computer programs and software; research relating to computer programs; research and consultancy services relating to computer software; software development; software engineering; installation of computer software

For  Metal cabinets specially adapted to protect telecommunications equipment in the nature of computer equipment, namely, switch cabinets and switch desks, for use in connection with industry, installation, electronics, telecommunications, data processing, interactive terminal systems and data transmission; bracket systems of metal and plastic, comprised primarily of brackets adapted for carrying electric cables, electric couplings, tilting and connecting power adapters, joints, and elbows, and
being capable of bearing loads, being fixed to the wall and floor, and being earthquake-, vandal- and explosion-proof; mounting racks for computer hardware, namely, subracks for plug-in units with electronic circuits, namely, equipment storage racks; signalling devices for monitoring and safeguarding switch cupboards; electric current distribution components, in particular, power adaptors for electronic connectors and devices and load-breakers in the nature of circuit breakers; modules and system components, namely, electric circuit switches for energy subdistribution, power supplies, namely, power supply units, electric accumulators; power-supplying apparatus, namely, uninterruptible electrical power supplies in modular form; power converters, namely, electric converters; power inverters; accumulators, electric; circuit overload protection devices for sensitive electronic apparatus and computers, namely, fuses and monitoring units; alarm installations, in particular, fire alarms, fire extinguishing apparatus; water warning apparatus and installations constructed thereof, namely, leak detectors for computer equipment and electrical apparatus, all in the nature of alarm monitoring systems; computer control stations consisting of central processing units, computer memory hardware, and wireless network extenders; electronic control stations consisting of computer hardware and software for use in connection with electronic, telecommunications, and data processing workstations; electric power distribution units; access control apparatus and installations constructed therefrom, namely, control stations, control rooms, console workstations; electric and electronic control apparatus and installations constructed thereof in connection with control stations, control rooms, console workstations; electronic switches and sensors for energy management and control in connection with control stations, control rooms, console workstations; electric apparatus for cupboard and system alarm monitoring, access control and access regulation, and alarm monitoring in connection with building monitoring; downloadable software for configuring electrical distribution products and downloadable software for monitoring communication between computers and automated machine systems, all for security purposes in the field of information technology; auxiliary cabling devices for electrical purposes, of metal and plastic, namely, cable management modules consisting primarily of cable guide channels, cable rerouting channels and cable fasteners, namely, cable support rails, cable entries; cable bushings, namely, metal grounding bushings for use only as parts and fittings for coaxial cable, in particular, housings for electric fittings, and not for non-electric cable or machinery or machine parts; rubber clamping sections, inscription panels adapted for housings for electric fittings; plug-in units for subracks, namely, plug-in cards, bus boards, cassettes, pin and socket connectors; mains supply circuit for use with power supply units; data processing accessories, namely, tabulation folders, filing folders, filing pockets and filing containers, all specially adapted for holding blank storage media, namely, blank optical disks, blank magnetic disks, and blank floppy discs; microfilm insert pockets, filing pockets, filing folders and filing containers, all specially adapted for holding sensitized exposed microfilm; folders and pockets, all specially adapted for storing blank data carriers, namely, magnetic data carriers, namely, magnetic tapes, magnetic discs, floppy discs, compact discs; electronic devices for monitoring gas pipelines, namely sensors; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical controllers and switches; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers; mechanisms for coin-operated apparatus; calculating machines, data-processing equipment and computers; fire-extinguishing apparatus; containers specially adapted for magnetic data carriers, namely, punched tape boxes and data rings; data processing equipment; computers; cabinets, namely, electrical switch cabinets and cabinets for housing for computer installations, metal cabinets specially adapted to protect telecommunications equipment in the nature of cables and switches, namely, electrical switch cabinets and cabinets for housing for computer installations, cabinets adapted to hold electrical apparatus and cabinets adapted to hold computers.
International Classes  9 - Primary Classes US Classes  21, 23, 26, 36, 38  International Class Title  Electrical and Scientific Apparatus

For  Telecommunications, in particular, providing access to databases; providing user access to computer programs in data networks; providing telecommunications connections to a global computer network; providing telecommunication channels for teleshopping services; transmission of electronic mail; electronic mail services, namely, transmission of electronic mail; telecommunications routing and junction services; computer-aided transmission of messages and images; message sending, namely, electronic message sending; forwarding messages of all kinds to internet addresses, namely, web messaging; rental of telecommunication facilities; rental of access time to global computer networks

International Classes  38 - Primary Classes US Classes  100, 101, 104  International Class Title  Communication

For  Metal structures, namely, air-conditioned and earthquake-, vandal- and explosion-proof cupboards in the nature of metal shelter structures and transportable metal building rooms comprised of metal racks, metal housings, metal bracket systems and metal desks, for use in connection with industry, installation, electronics, computers, interactive terminal systems and data transmission; safes, in particular, safes for information technology; containers of metal for burglar-proof and fire-proof storage and protection of goods, in particular, computer hardware components; portable buildings of metal, in particular, security rooms featuring fire-proof areas; metal components for switch cupboards, namely, rack frames, profiles, mounting trays, guide rails, mounting rails, storage trays, drawer units, containers, suspended indexes, cable bushings of metal; building materials of metal, namely, metal walls, racks and wall panels for computer control stations; metallic divisions, namely, partitions for building; components of metal for furniture, namely, rack frames, profiles, mounting trays, guide rails, mounting rails, storage trays, drawer units, containers, suspended indexes; modular metal structures in the nature of modular security spaces, namely, space systems consisting primarily of metal doors, metal wall panels, linings of sheet metal and also including metal cabinet and housing modules and metal wall modules; door locks of metal; metal components for metal positioning and movement devices of metal, namely, cove bases and rollers; metal components for mounting devices and auxiliary mounting devices, fixed or moveable, of metal, namely, mounting plates, swivel arms, shelving components, namely, shelf brackets; fastening devices of metal, namely, bearing angle irons; common metals and their alloys including stainless steel; metal building materials, namely, metal walls, wall panels, and ceiling panels; transportable buildings of metal; non-electric cables and wires of common metal; ironmongery in the nature of small items of metal hardware, namely, bolts, screws, hangers, clips, rails, and racks; pipes and tubes of metal; safes; all aforementioned products not being tool boxes or van fitting solutions

International Classes 24 - Primary Classes US Classes 42, 50 International Class Title Fabrics
For Paper, fiber paper, synthetic paper; heat transfer paper for lithium ion batteries; heat transfer paper for semi-conductors of self drive control systems; heat transfer paper for use in computer central processing units
International Classes 16 - Primary Classes US Classes 2, 5, 22, 23, 29, 37, 38, 50 International Class Title Paper Goods and Printed Matter
For Electrical power distribution or control machines and apparatus, namely, electrical power distribution units, electrical controllers, electric switches, electronic controllers used to reduce power consumption, electrical control systems for machines; batteries for electrically powered motor vehicles and fittings thereof; batteries and their fittings for electrically powered motor vehicles and hybrid cars; Parts and fittings for telecommunication machines and apparatus, namely, parts and fittings for mobile telephones, personal digital assistants, personal digital assistants in the shape of a watch, smart phones, smart glasses, smart rings, integrated circuits, computers, tablet computers, laptop computers, semi-conductors, printed circuit boards; Electronic machines in the nature of computers, aeronautical radio communication machines and apparatus, marine radio communication machines and apparatus, mobile telephones, global positioning system [GPS] receivers, navigational instruments for vehicles [on-board computers], GPS navigation device, car navigation computers, electric navigational instruments, vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle and fittings thereof
For Thermal insulating materials for power modules of power line conditioners; thermal insulating materials for power modules of inverters; thermal insulating materials for power modules of servo drives; thermal insulating materials for power modules of power units for supplying electrical power for medical use and uninterrupted electrical power supplies; thermal insulating materials for power modules of inverter drives; thermal insulating materials for lithium ion batteries; thermal insulating materials for use in car displays; Heat-dispersing sheets, namely, heat transfer plastic substance for use in lithium ion batteries; Heat-dispersing sheets, namely, heat transfer plastic substance for use in semi-conductors of self drive control systems; Heat-dispersing sheets, namely, heat transfer plastic substance for use in computer central processing units; Heat-dispersing sheets, namely, heat transfer semi-processed plastic substance for use in lithium ion batteries; Heat-dispersing sheets, namely, heat transfer semi-processed plastic substance for use in computer central processing units; Heat-dispersing sheets, namely, heat transfer rubber for use in semi-conductors of self drive control systems; Heat-dispersing sheets, namely, heat transfer rubber for use in computer central processing units

For Common metals, wrought or unwrought or semi-worked, for further manufacture, namely, heat transfer common metals for lithium ion batteries; Common metals, wrought or unwrought or semi-worked, for further manufacture, namely, heat transfer common metals for semi-conductors of self drive control systems; Common metals, wrought or unwrought or semi-worked, for further manufacture, namely, heat transfer common metals for use in computer central processing units

GOODS AND SERVICES INFORMATION
For: Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; incubators for eggs; automatic vending machines; metalworking machine tools; filter elements in the nature of filtering machines for chemical processing; filter cartridges for filtering machines; filtering machines for chemical processing; filters being parts of chemical processing machines or engines; membrane filters for use as parts of chemical processing machines; food or beverage processing machines and apparatus, namely, beverage processing machines; desalination films being structural parts of food or beverage processing machines and apparatus, namely, beverage processing machines; disintegrators for chemical processing; agitators for chemical processing; machines for the mineralisation of drinking water; hydraulic turbines other than for land vehicles; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating machines for recyclable materials; separating machines for chemical processing; water separators for chemical processing, namely, filtering membranes to separate chemical substances or contaminations from water, being part of machines; plowing machines and implements, other than handheld tools, namely, plows; cultivating machines and implements, namely, motorized cultivators; fodder presses; fodder cutting machines being feed cutters; fodder mixing machines being feed mixers; cake-fodder crushing machines being feed mills; milk filtering machines; milking machines; chick egg brooders; sericultural machines; glassware manufacturing machines; painting machines; plastic processing machines; semiconductor manufacturing machines; adhesive tape sticking dispensing machines for semiconductor wafer; machines for manufacturing rubber goods; water mills being milling machines; windmills; adhesive tape dispensing machines; automatic stamping machines; machines for wax-polishing, electric for household purposes; electric wax-polishing machines for industrial purposes; waste compacting machines for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs being parts of machines; brakes for machines; all the aforesaid goods excluding those for dust, and fume, and oil mist extraction systems for industry; all the aforesaid goods
excluding hydraulic pumps, pumps to be used with liquids, namely, centrifugal pumps, water pumps, sewage and dewatering
pumps, swimming pool pumps, whirlpool pumps, spa pumps, water booster pump sets, water supply pumps, submersible
pumps, multistage pumps, aquarium pumps, drainage pumps, submersible bore-hole pumps, booster pumps and waste water
pumps; all aforementioned goods not for price labelling, weighing and quality control of foodstuff

**For** Toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; ionization apparatus for the treatment of
water for industrial, commercial or agricultural use; radiators for heating; drying apparatus for chemical processing;
recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for
chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture, namely, industrial
apparatus using air to assist in the drying of components in the textile manufacturing industry; drying apparatus for harvest,
namely, fodder drying apparatus; forage drying apparatus; air conditioners; space heating apparatus; heating apparatus,
electric, namely, portable electric heaters; heating boilers, other than parts of machines; freezing machines and apparatus,
namely, freezers; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use;
hair steamers for beauty salon use; shampoo basins being parts of sanitary installations for barbers' shop use; dish drying
machines, namely, electric dish dryers; dish disinfectant apparatus for industrial purposes; worktops specially adapted as parts
of kitchen sinks; kitchen sinks; tap water faucets; water level controlling valves for tanks being plumbing fittings; pipe line
cocks being parts of sanitary installations; pressure reducing valves for water supply being plumbing fittings; waste water
treatment tanks; septic tanks; waste water treatment apparatus, namely, clarification and thickening machines for use in
treatment of liquids in the nature of water, waste water and industrial water; waste water purification installations; filtration
membranes being parts of waste water treatment tanks; membrane elements being parts of waste water and sewage purification
equipment; plastic membranes being parts of waste water and sewage purification equipment; water filters; desalination units;
reverse osmosis membranes being parts of seawater desalination and water treatment filtration units; osmosis water filtration
units; reverse osmosis water purification units; reverse osmosis membrane elements being parts of water purification units;
reverse osmosis membranes being parts of water purification units; filter for drinking water; garbage incinerators; solar water
heaters; filtration membranes being parts of solar water heaters; water purifying apparatus for industrial purposes; water
desalination plants; industrial water purification unit filters; water purification equipment and machines for the treatment of
water, namely, water purification installations; electric lamps; lighting apparatus, namely, lighting installations; filters for
automobile lights; water purifying apparatus and machines; filtration membranes being parts of water purifying apparatus and
machines; filtration membrane elements and modules being parts of water purifying apparatus and machines; plastic
membranes being parts of water purifying apparatus and machines; filters for water purifying apparatus and machines;
replacement filter cartridges for electric water purifying apparatus and machines; membrane elements and components being
parts of water purifying installations; electric water purifying apparatus and machines; washers for water taps; tap-water filters,
non-electric; warming pans for beds; electric pocket warmers for warming hands; hot water bottles; adhesive sheets specially
adapted for disposable microwavable heating pads, not for medical purposes; breathable air filters specially adapted for
disposable microwavable heating pads, not for medical purposes; toilet stool units with a washing water squirter; disinfectant
dispensers for toilets; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath tubs; footmuffs, electrically
heated; electric pocket warmers for warming hands; footwarmer, electric in the nature of footmuffs; sterilizers; heating
elements; hair dryers; electric pressure cookers; electric hand drying apparatus for washrooms; water supply installations, namely, regulating accessories for water supply in the nature of metered valves; all the aforesaid goods excluding those for dust, and fume, and oil mist extraction systems for industry

**International Classes** 11 - Primary Classes

**US Classes** 13, 21, 23, 24, 31, 34

**International Class Title** Environmental Control Apparatus

**For** Apparatus for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable computer software and programs for use in the projection, design and analysis of water purification membrane; blank digital storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices, namely, calculators; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; breathing apparatus for underwater swimming; downloadable and recordable electronic game software; magnetometers; tape measures; network communication equipment, namely, telecommunications pickups; integrated circuits; resistances, electric; pollution sensors; electrolysers; membranes for filtration for use in the science and research industry; cinematographic machines and apparatus; polarizing film for display screens; polarizing film specially adapted for display screens of optical machines and apparatus; rotary converters; phase modifiers being shifters for communications apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; electrical batteries and cells; electric meters and outlet testers for use in testing the flow of electricity; magnetic meters and testers for use in testing the flow of magnetism; electric wires and cables; cables for optical signal transmission; fiber optic cables; personal digital assistants; smartphones; protective films adapted for personal digital assistants; clear protective covers specially adapted for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electronic control apparatus for the remote control of industrial operations; electron tubes; semi-conductor power elements; electronic circuits; computer software platforms, recorded or downloadable, for use in the projection, design and analysis of water purification membrane; computer software applications, downloadable, for use in the projection, design and analysis of water purification membrane; barcode label printers; computer software, recorded, for use in the projection, design and analysis of water purification membrane; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; Geiger counters; high frequency switching power supplies for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use, namely, X-ray security screening machines; industrial betatrons, not for medical use; magnetic prospecting machines, namely, metal detectors; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus, namely, hydrophones; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles being eyeglasses and goggles; downloadable and recorded game programs for home video game machines; electronic circuits and CD-ROMs recorded with multimedia programs for hand-held games with liquid crystal displays; downloadable image files in the field of projection, design and analysis of water purification membrane; recorded video discs and video tapes in the field of projection, design and analysis of water purification membrane; phonograph records featuring music; downloadable music files; downloadable electronic publications in the nature of newsletters and magazines in the field of water purification membrane; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring circuit boards; printed wiring boards, namely, printed circuit boards; gas magnetic separators for scientific and laboratory use; filters
specially adapted for use with gas magnetic separators for scientific and laboratory use; membrane elements specially adapted for use with gas magnetic separators for scientific and laboratory use; plastic flat films and membranes specially adapted for use with gas magnetic separators for scientific and laboratory use; protective plastic films adapted for display screens for electronic or optical apparatus and instruments; modems; network routers; computer servers; downloadable and recorded computer software for use in the operation and control of electronic medical interview systems; downloadable and recorded computer software for use in the field of kinesiology, namely, downloadable and recorded software for allowing users to check their physical conditions and learn the appropriate usage of kinesiology tapes; wearable computers in the nature of smartwatches; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks for the prevention of accident or injury, other than for artificial respiration; filters for non-medical respiratory masks; protective industrial face masks; decorative magnets; all aforementioned goods not for price labelling, weighing and quality control of foodstuff

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S) /NUMBER(S) IN Description of the Mark The mark consists of the wording "MECH ARENA ROBOT SHOWDOWN" in stylized lettering.

RELATED PROPERTIES INFORMATION
International Registration 1588909 International Registration Date Mar. 02, 2021 Claimed Ownership of US Registrations 5706471

GOODS AND SERVICES INFORMATION
For Entertainment services, namely, providing on-line non-downloadable computer games, video games, interactive multimedia games, virtual reality games and augmented reality games via a global computer and other computer and communications networks; providing online entertainment news and information regarding computer games, video games, interactive multimedia games, virtual reality games and augmented reality games
International Classes 41 - Primary Classes US Classes 100, 101, 107 International Class Title Education and Entertainment
For Downloadable computer game software for use on mobile and cellular phones; downloadable computer application software for mobile phones, portable media players, tablets, handheld computers and other electronic mobile devices, namely, downloadable software for playing video games and computer games; downloadable computer game software via a global computer network and wireless devices; downloadable interactive multimedia computer game programs; downloadable virtual reality computer game software; downloadable augmented reality computer game software
International Classes 9 - Primary Classes US Classes 21, 23, 26, 36, 38 International Class Title Electrical and Scientific Apparatus

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S) Description of the Mark The mark consists of a rhombus with the image of a person inside it. The person appears to be wearing a helmet, and pulling on a rope that extends from the upper right corner of the rhombus to the lower left corner of the rhombus. Color Claimed Color is not claimed as a feature of this mark.

RELATED PROPERTIES INFORMATION
International Registration 1589243 International Registration Date Nov. 02, 2020

GOODS AND SERVICES INFORMATION
For Non-metal fences in the nature of sections, guardrails and safety barriers not of metal more specifically intended to be located on roofs or elevated areas in order to prevent falls or on all working areas or areas to be secured, especially near machines; doors in the nature of non-metal safety doors, barriers not of metal being portable free standing barrier as well as construction elements in the nature of supports not of metal intended for receiving barriers and/or doors; constructions not of metal, namely, glass mosaics, non-metal fencing panels intended for installation at the top of skyscrapers; suspended prefabricated platforms not of metal for accessing buildings and infrastructures especially at heights, their structural parts; prefabricated platforms not of metal for work on masts; prefabricated platforms not of metal for scaffolding; non metal frames, for holding and securing loads, machines and building materials; fixed or mobile anchoring devices not of metal, namely, rods and bars being anchoring reinforcements for concrete and wood building construction; non metal rigid and flexible rails; structures not of metal for securing mobile installations for work on infrastructures or difficult to access buildings International Classes 19 - Primary Classes US Classes 1, 12, 33, 50 International Class Title Non-metallic Building Materials

For Vehicles, namely, trucks and carts especially for handling and transporting loads; handling carts; pallet trucks International Classes 12 - Primary Classes US Classes 19, 21, 23, 31, 35, 44 International Class Title Vehicles
For Machines and machine tools, namely, pulling, hoisting and lifting machines; motors and engines not for land vehicles; couplings for machines, transmission components being belts and gears for machines, and belts for machines, with none of the foregoing being for land vehicles; pulling, hoisting and lifting apparatus and installations, namely, mechanical hoists and cranes; Electric hoists; electric pulleys being parts of machines; hydraulic jacks; cranes; lifting beams in the nature of overhead cranes and hoists; hoists; winches; continuous cable and drum electric winches; motorised lifting apparatus in the nature of hoists, winches, cranes; gantry cranes, jib cranes for load-lifting; Roller bridges being overhead cranes and hoists attached to an adjustable beam; passenger elevators for buildings; cables for elevators; handling gantry cranes; elevating platforms; electric mobile lifting platforms; lifting platforms; self-propelled lifting work platforms; lifting work platforms with elevator masts; parts and fittings for the lifting work platforms, namely, cables, hoists, suspension stirrups, slack cable detection device, overspeed detection device and upper travel limit sensor, control panel and end enclosures; lifting work platforms with electrical access; platforms suspended from a hydraulic arm; lifting machines, for mobile platforms intended for aerial work; lifting apparatus, machines, and installations in the nature of cranes, elevators, and lifting work platforms being temporary or permanent installations enabling access to the inside or outside of constructions, buildings, bridges or other high structures, such as facades, cooling towers, chimneys, antennas, power stations, dams, bridges, wind turbines; aerial elevating platforms and baskets being used with lifting apparatus, especially for maintenance works or upkeep of facades; pulleys being parts of machines

For Online retail store featuring lifts and lifting platforms, hoists and lifting apparatus for building and construction purposes, and safety equipment; the bringing together, for the benefit of others, of a variety of goods, excluding transport thereof, namely, apparatus and installations for lifting, pulling, handling, transporting loads or passengers, on all communication media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of a variety of goods, excluding transport thereof, namely, equipment for the safety of workers working at heights or in difficult to access areas on all communication
media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of a variety of goods, excluding transport thereof, namely, temporary or permanent installations enabling access to the inside or outside of constructions, buildings, bridges or other high structures, especially using platforms or baskets, on all communication media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of a variety of goods, excluding transport thereof, namely, apparatus and installations enabling access to buildings, constructions, infrastructures, and all difficult to access areas such as facades, cooling towers, chimneys, antennas, power plants, dams, bridges, wind turbines, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of apparatus for measuring and monitoring loads, excluding transport thereof, on all communication media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of apparatus for measuring and monitoring loads, excluding transport thereof, on all communication media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; the bringing together, for the benefit of others, of apparatus for measuring and monitoring loads, excluding transport thereof, on all communication media, especially Internet sites, enabling customers to conveniently view and purchase those goods through websites and other digital media; assistance and business management advice to companies regarding product referencing, sales and marketing assistance

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Maintenance and repair of equipment and installations for pulling, lifting, and handling as well as for transporting loads and/or passengers, excluding gym equipment; maintenance and repair of equipment for the safety of workers working at heights or in difficult to access areas; maintenance and repair of temporary and permanent installations enabling access to the interior or exterior of constructions, buildings, bridges, high structures, and all difficult to access areas such as facades, cooling towers, chimneys, antennas, power plants, dams, bridges, wind turbines; maintenance and repair of platforms and baskets enabling access to buildings, constructions, infrastructures, and all difficult to access areas; maintenance and repair of apparatus for measuring and monitoring loads; maintenance and repair of structures, barriers, sections, guardrails, and doors for demarcating and securing hazardous areas; rental of construction and building equipment and installations for pulling, lifting, handling, and transporting loads and /or passengers; rental of temporary or permanent installations in the nature of scaffolds, working and building platforms, enabling access to the inside or outside of constructions, buildings, bridges, high structures, or all difficult to access areas such as facades, cooling towers, chimneys, antennas, power plants, dams, bridges, wind turbines; rental of working and building platforms and baskets enabling access to buildings, constructions, infrastructures, and all difficult to access areas; rental of apparatus for measuring and monitoring loads; calibrating equipment for measuring and monitoring loads; rental of equipment for the safety of workers working at heights or in difficult to access areas; rental of structures, barriers, sections, guardrails, doors for demarcating and securing hazardous areas; rental of clothing for protection against accidents, personal protection devices, protective gloves, high-visibility clothing, shoes for protection against accidents, safety shoes, protective goggles, protective helmets, communication helmets, protective masks, safety harnesses

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair
For Weighing, measuring, signaling, checking and supervision, lifesaving and teaching apparatus and instruments, namely, warning flags; apparatus for recording, transmission and reproduction of sound or images; signaling devices, especially for prohibiting or monitoring access to certain areas, namely, electric warning light systems; apparatus for load measuring and overload monitoring, namely, scales and sensors used for measuring loads and machinery; dynamometers; apparatus for measuring anchor pullout resistance; tensiometers for monitoring lifelines, monitoring traction, and tensile strength; remote control devices for controlling steel cable winches by transmission of magnetic fields via cables and by radio control; downloadable application software for portable computers and mobile phones for management of equipment for site-based work, and monitoring of their maintenance; downloadable application software for portable computers and mobile phones for the verification of safety protocols when using equipment for working at heights, managing and tracking of apprenticeship training and refresher training relating to working in difficult to access locations; surveillance and alarm apparatus, namely, a device integrating an electronic system that can detect abnormal situations and trigger automatic alerts, connected to an electronic alert device intended to be implanted in a nacelle or work platform having the purpose of triggering an alert in certain situations, especially in the case of over-abrupt acceleration of the lowering device; surveillance and alarm apparatus, namely, alarms consisting of a base for transmitting/receiving a signal designed to emit an alarm connected to an on-board transmitter/receiver in the nature of personal security alarms and alarms for detecting sudden changes in speed of an object and alerting people nearby of a potential danger; electronic devices, namely, a system comprised of a sensor for detection of an excess of weight loaded onto a lifting machine and an electronic device for triggering cable locking to prevent falls; geolocation apparatus in the nature of GPS tracking devices and instruments in the nature of controllers for remote technical monitoring of lifting machines and equipment in order to establish operational diagnostics and enable offsetting of observed impairments; safety equipment for workers working at heights, especially harnesses, lanyards, fall-arrest devices, lifelines; safety apparatus and equipment, in the nature of emergency and evacuation devices connected to a fixed point enabling a person to be lowered in a controlled way to a receiving area located below; safety device for braking and/or stopping the fall of a person or load connected to this device; retractable lanyards, being safety devices for fall protection; protective helmets

International Classes 9 - Primary Classes US Classes 21, 23, 26, 36, 38 International Class Title Electrical and Scientific Apparatus

For Hand-operated hand tools and implements, namely, hand operated lifting and pulling apparatus; hand-operated lifting tools, namely, lifting jacks; manual continuous cable and drum winches; manual hoists; hand operated mechanical jacks; hand-operated traction apparatus for tensioning cables

International Classes 8 - Primary Classes US Classes 23, 28, 44 International Class Title Hand Tools

For Research and development in the field of building and maintaining equipment and installations for pulling, lifting, and handling, as well as lifts, hoists and elevators for transport of loads and/or passengers, except gym equipment; Research and development in the field of designing and implementing equipment for the safety of workers working at heights or in difficult to access areas; research and development in the field of building and maintaining temporary or permanent installations enabling access to the inside or outside of constructions, buildings, bridges, high structures, and all difficult to access areas due to height; research and development in the field of building and maintaining platforms and baskets enabling access to buildings, constructions, infrastructure, and all difficult to access areas due to height; research and development in the field of designing apparatus for measuring and monitoring loads; research and development in the field of building and maintaining structures, barriers, sections, guardrails, and doors for demarcating and securing hazardous areas; research and development of
technical solutions in the field of safety of workers working at heights or in difficult to access areas; research and development of technical solutions in the field of access to buildings, constructions, infrastructures, and all difficult to access areas such as facades, cooling towers, chimneys, antennas, power plants, dams, bridges, wind turbines; research and development of technical solutions in the field of load measurement and monitoring; research and development of technical solutions in the field of securing hazardous areas; Designing platforms, baskets and installations for the maintenance of facades and other high or difficult to access areas; safety testing of lifting equipment and installations, equipment for working at heights or in difficult to access areas, and suspended platforms and baskets

**International Classes** 42 - Primary Classes **US Classes** 100, 101 **International Class Title** Scientific and computer services

**For** Chains of metal not being transmission chains for vehicles; non-electric cables and wires of metal; metal cables for apparatus and installations for lifting and pulling, except cables for lifts; non electric metal cables for all installations for working at heights, not being cables for lift; sections in the nature of fences, guardrails and safety barriers of metal intended more specifically to be located on roofs or elevated areas in order to prevent falls or on all work areas or areas to secure, especially near machines; metal doors, safety barriers of metal as well as supports of metal intended for receiving safety barriers and doors; ladder railings of metal; constructions of metal intended for installation at the top of skyscrapers, namely, metal façade panels for construction purposes, works of art of common metal; platforms of metal, namely, prefabricated metal platforms; Prefabricated platforms of metal for use as suspended platform providing access to buildings and infrastructures especially at heights, structural fittings for such platforms; Prefabricated platforms of metal for work on masts; platforms of metal for scaffolding; frames of metal, namely, frames of metal for holding and securing loads, machines and building materials; lifting slings of metal for handling loads; rails of metal for guiding facade maintenance installations, including platforms suspended from a hydraulic arm; counterweights, clips and hooks of metal for securing loads on lifting apparatus; Metal anchor points for securing lifelines; Fixed and mobile anchoring devices of metal being metal hardware; rigid and flexible fall-arrest rails of metal; structures of metal for securing mobile installations for work on difficult to access infrastructures or buildings

**GOODS AND SERVICES INFORMATION**

For  Measuring, detecting and monitoring instruments, indicators and controllers, namely sensors for the purpose of measuring, detecting, monitoring, indicating and controlling voltage, electrical current, power, grid frequency and harmonics; computer hardware; downloadable computer software for the collection, editing, transmission, storage and sharing of data and information in the field of energy conservation; computer hardware and downloadable computer software for transmission, accumulating, conversion, regulating and displaying data in the field of energy conservation; computer hardware and downloadable communications software for wireless content delivery; recorded computer software platforms for wireless acquisition, transfer, conversion, regulating and recording data in the field of energy conservation; computer hardware and downloadable software systems consisting primarily of computer hardware and downloadable software for remotely monitoring environmental conditions and controlling devices within buildings or designated spatial area; environmental monitoring systems consisting of meters and sensors that measure pressure, humidity and temperature and include alarm and reporting functions; downloadable software for controlling environmental, access and security systems of a building; home and office automation systems consisting of wireless and wired controllers, control devices and downloadable software for lighting, heating, ventilation, air conditioning, security and other home and office monitoring and control applications; mobile data and control platforms consisting of data transceivers, wireless networks and...
gateways for collection and management of data; wireless controllers to remotely monitor and control the functioning of other
electronic devices, namely, energy and utility systems and excluding gaming apparatus; replacement parts for the aforesaid
goods included in this class; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or
controlling electric current; data processors; computers; downloadable computer software for the purpose of energy
management and electrical safety; downloadable computer software programs for the purpose of energy management and
electrical safety; electrical fuses; electric fuse boxes; circuit breakers; printed circuit boards; electric circuit closers; electronic
integrated circuit chips; electric power inverters; switches, electric; electronic apparatus for testing compression, strength,
hardness, and tensile characteristics of industrial materials

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and
Scientific Apparatus

For Software design and development; technological computer software and engineering consultation in the field of energy
saving and energy efficiency; recording of data for others on optical, digital, and magnetic media for electronic storage relating
to energy consumption in buildings, included in this class; scientific research and product development of integrated energy
products and services; cloud computing featuring software for use in transmission, storage, converting, adjustment and display
of data on video monitors; platform as a service (PaaS) featuring computer software platforms for facilitating cloud-based
communications on wireless networks for the acquisition, transportation, converting and storage of data; technical support in
the nature of monitoring of technological functions of computer network systems; design and development of computer
networks; design and development of computer networks for operation of automated home systems and appliances, namely,
wireless and wired controllers for lighting, thermostats and controllers for heating, controllers for roller blinds and doors,
appliances controllers, namely, controllers for ovens, washing machines, laundry dryers, refrigerators, freezers, dishwashers,
artificial watering systems for lawns and gardens, and home audio and image systems; providing technological engineering
advice and scientific research and design for all the aforesaid; design and development of computer hardware and software;
software as a service (SaaS) featuring software for energy management and electrical safety; design and development of
energy management software; technological design and development of energy and power management systems
