For Installation, maintenance and repair of printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, of machines for the graphics industry, and of machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials and parts therefor; installation, maintenance and repair of lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of prepress data processing equipment, of parts or accessories of prepress data processing equipment, data processing equipment for data processing, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, machines and mechanical apparatus for the graphics industry, and for machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for printing machines, for offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials, namely, for transporting, cutting, folding, gathering, clipping, packing, collecting, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, sealing, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus,
photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for and/or for product security means, identification features, security features, security labels, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for the storage and/or adjustment of rollers in inking apparatus or damping units and/or cylinders, for devices for the cleaning of rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders,
for registers and/or register marks, for web tension settings, being parts or accessories for printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines and mechanical apparatus for the graphics industry, and for machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, for machines for the graphics industry, and for machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; machinery installation, maintenance and repair; rebuilding machines; cleaning of machines; internal cleaning of buildings; vehicle cleaning; installation and/or maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular via payment means in the form of banknotes and/or coins and/or vouchers and/or cashless payment by means of debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC devices, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of accessories for the aforesaid apparatus, in particular boxes for receiving payment means, in particular banknotes and/or coins and/or vouchers
For computer software for the remote control, remote operation, remote monitoring, control and/or regulation of ink rollers, dampening rollers, register adjusting devices in printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers, and of machines for the graphics industry, and machines for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for the transporting and/or storage of printed matter or paper or paper reels, for printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers, and for machines and mechanical apparatus for the graphics industry, and for machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for the cleaning of rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for the storing and/or adjustment of rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping units and/or printer engine cylinders in printer engines; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of cutting equipment and/or cutting cylinders in printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers and in machines and mechanical apparatus for the graphics industry, and in machines and for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of registers and/or register marks in printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of registers and/or register marks in printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of registers and/or register marks in printing machines, offset rotary printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials;
organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation for quality control in printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation for quality control in lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation for quality control in machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation for quality control in lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers and in machines and mechanical apparatus for the graphics industry, and in machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; Computer software for transferring data for printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers, and for machines for the graphics industry, for machines for the further processing of printed matter or paper and for parts therefor; Computer software for transferring data for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; Computer software for transferring data for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computer software for transferring data for machines for applying product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computer software for transferring data for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computer software for transferring data concerning product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computer software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for the transporting and/or storage of printed matter
or paper or paper reels or plastic or plastic reels for printing machines, offset printing machines, flexographic printing machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, inkjet printing machines, inkjet printers, in particular having one or more inkjets, single-colour or multi-colour inkjet printers, and for machines and mechanical apparatus for the graphics industry, and for machines and mechanical apparatus for the further processing of printed matter or paper or plastics or metal or organic or inorganic materials; RFID readers; encoded identification chips and cards; cash dispensers; Data processors for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; data processors for personalising recording media; integrated circuits with characteristic physical properties for protection against forgery; Non-volatile memories for use with computers; non-volatile electronic memories; electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and displaying data and software structures stored in these telecommunications cards; software for the encryption and decryption and the signing of data; computer operating system software; computer software development tools
