GOODS AND SERVICES INFORMATION
For  [ land vehicles; ] [ apparatus for locomotion by land, air or water and replacement parts therefor, namely, ] [ automobiles, airplanes, boats, tractors, and trucks; combustion engines and engines for land vehicles; ] [ machine coupling and transmission components for land vehicles and replacement parts therefor; gears for land vehicles, namely, gears and speed change gears, planet gears, angular gears, two-speed change gears, gearheads and associated intermediate gears, and add-on gears; intermediate gears and add-on gears all of the foregoing for land vehicles; force transfer mechanisms for mechanical two-speed drives in the form of an intermediate gear, add-on gears, static and dynamic brakes, applied and released by hydraulic springs, rear wheel drives and planetary drives, all of the foregoing for land vehicles; gears, shafts, cardan shafts, differentials of all types and replacement parts therefor, all of the foregoing for land vehicles; steering gear casings, hydraulic and mechanical apparatus for gear changing, torque converters, axles, reduction gears, gear and engine torque reducers, apparatus for gear synchronization in the nature of clutches, all of the foregoing for land vehicles; steering gear boxes for land vehicles; steering gear cases for land vehicles ]

International Classes 12 - Primary Classes US Classes 19, 21, 23, 31, 35, 44
International Class Title Vehicles
For  [ impulse engines not for land vehicles; air compressors and compressors for machines; ] machines for the chemical industry for use in chemical processing, namely, [calcining machines, chemical fiber drying machines, ] chemical fiber spinning machines, [ disintegrators, dissolving machines, emulsifying machines, extracting machines, granulating machines, grinding mills, kneading machines, separating machines, sintering machines, sorting machines, power transmission and mechatronic driveline systems for machines consisting of gears; ] machines for plastics processing, namely, machines for the manufacture of plastics, namely, injection plastic molding machines and machines for forming and cutting of plastics; [ machines for agriculture, namely, tractor towed agricultural implements, namely, plows, mowers, hay balers, hay binding
machines, and rollers; machines for metal working, namely, cutting machines, continuous metal casting machines, grinding machines for the treatment of ceramics and metal, metal extrusion presses, metal sawing machines, press dies for metal forming; metal working machines, namely, saws and cutters; machines for the textile industry, namely, textile testing machines, textile scutching machines, textile tentering machines, spray damping machines for textile treatment, rotary presses, and chemical fiber spinning machines; Replacement parts of all aforesaid machines; machine tools, namely, electro-chemical discharge machine tools for metalworking, gear cutters, machines and machine tools for the cutting and forming of materials and metalworking machine tools, and replacement parts therefor; electric motors for machines and engines not for land vehicles; internal combustion engines for machine operation, not for land vehicles; machine coupling and transmission components except for land vehicles; parts for motors, namely, shaft drives, gears for industrial machinery, speed change gears, and gear boxes, all of the foregoing not for land vehicles; gears and enclosed drives for industrial machinery, namely, gears and speed change gears, namely, gear boxes, planet gears, angular gears, two-speed change gears, gear heads and associated intermediate gears, add-on gears, aforesaid gears in each case not for land vehicles; gears and enclosed drives for industrial machinery, namely, intermediate gears and add-on gears not for land vehicles; force transfer mechanisms for mechanical branch drives consisting of couplings for machines, shaft couplings for machines, gears and enclosed drives for industrial machinery featuring intermediate transmission gears and add-on gears; static and dynamic disk brakes for machines, applied and released by hydraulic springs; transmission gears for machines; shafts, cardan shafts, differentials of all types and replacement parts therefor, in each case not for land vehicles, namely, hydraulic and mechanical apparatus for gear changing, namely, gear motors not for land vehicles, gear boxes other than for land vehicles, planetary gear motors, bearings for transmission shafts, being parts of machines, cam shafts, crank shafts for use on agricultural tractors, construction equipment, truck, commercial vehicles as well as specialist automotive applications; machine parts, namely, flexible shaft couplings, shaft couplings for machines, shaft bearings for vacuum pumps, hydraulic valve actuators, gear boxes other than for land vehicles, and transmission gears for machines; torque converters, other than for land vehicles; axles as parts of machines other than for land vehicles; transmission gears for machines, namely, reduction gears other than for land vehicles, namely, differential gears, ring gears, crown wheels and pinions as transmission gears for machines; transmission gears for machines, namely, gear and engine reducers, other than for land vehicles, namely, crown wheels, pinions, and differential gears as transmission gears for machines; apparatus for synchronization other than for land vehicles, namely, clutches for machines; machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, namely, spinning machines for the production of all kinds for textile fibers and filaments, namely, rotor spinning machines, ring spinning machines, friction spinning machines, air spinning machines, pre-spinning machines being flyers; industrial machines of all kinds for textile fibers and filaments, namely, winding machines for web materials, draw twisting machines for web materials, draw winding machines for web materials, yarn combing machines, yarn twisting machines, twin wire forming machines, calibrating machines being regulators as parts of machines, ring twisting machines, hollow spindle machines, as well as combinations thereof; individual parts specifically adapted for use with the aforesaid machines, namely, spinning boxes for open-end rotor spinning machines, rotor bearings, winding heads, spindles, spindle bearings, stretching units, stretching unit rollers, bobbin carriers, and servo drives for motors; replacement wearing parts of the aforesaid machines, namely, spinning rotors, combing rollers, extractor nozzles, grooved rollers, and bearings; accessories specifically adapted for use with the aforesaid machines, namely, units as machine parts for changing bobbins, and mechanical apparatus for splicing to bring threads together; mechanical apparatus, namely, machine tools for the transport and for the supply of input material and the removal of end material; mechanical apparatus, namely, machine tools for thread setting or
thread guiding, as well as compact spinning apparatus; chemical fiber melt spinning machines for the manufacture of threads, fibers, monofilaments, as well as spin cables from thermoplastics; parts specifically adapted for use with chemical fiber melt spinning machines, namely, raw material storage containers, extruders, mixers, spinning pumps, spinning nozzles, as well as units as machine parts for preparation purposes; staple fiber cutting machines for the manufacture of spinning fibers and their replacement parts, namely, can creels, delivery units, drawing rollers, units as machine parts for the conveying, immersion and removal of materials in water baths, as well as units as machine parts for moistening; machines and lines composed thereof for the production and processing of floor coverings, wallpaper, paper webs, films and technical textiles, namely, crimped tow machines, namely, a machine for producing and forming textiles; fiber cutting machines; industrial machine presses, namely, ball pressing machines, namely, roller press machines; spinning texturizing machines for the manufacture of crimped threads and fibers and their replacement parts, namely, raw material storage containers, extruders, mixers, spinning pumps, spinning nozzles, units as machine parts for preparation purposes, delivery units, godets, and turbulence nozzles; parts and accessories for the aforesaid machines, namely, thread guides as machine parts, supply rolls, and mechanical thread cutters; polymer tape machines for the manufacture of tapes cut from films and their replacement parts of polymer tape machines for the manufacture of tapes cut from films, namely, raw material storage containers, extruders, melt filters, film nozzles, units as machine parts for the conveying, immersion and removal of materials in water baths, delivery units, fiber removal walls with conveying rollers, stretching rollers, fibrillators, as well as units as machine parts for winding; removal machines, namely, conveyors for the transport and guiding of threads, fibers, tapes, spinning cables and their replacement parts, namely, delivery units, fiber removal walls with conveying rollers, and godets; stretching machines for the stretching of threads, fibers, tapes, spinning cables and their replacement parts, namely, stretching rollers, godets, and heating devices for stretching rollers and godets; placement machines for positioning spinning cables and their replacement parts, namely, reels, can changers for moving cans to and from, cans, transporters as machine parts for the transport of cans; reeling machines for winding threads, fibers, tapes and their replacement parts, namely, thread guides, traverse units for traversing of threads when winding bobbins, contact rollers, chucks and bobbin sleeves; extruder machines for plastics and spinnable polymers; spinning extruder machines and their machine parts, namely, extruder conveyors; pumps as mechanical parts of machines for the transport and metering of liquid or melt liquid media; discharge pumps and metering pumps as machine parts for the transport and distribution of melt liquid polymers; spinning pumps as machine parts; gear pumps as machine parts; parts of machines for textile treatment and textile manufacture, namely, godets, rolls, rollers, overflow rollers, delivery units, stretch godets, stretching rollers, heated godets for the transport, guidance and treatment of threads and fibers, all for use with melt spinning machines and textile machines; stretching texturizing machines, false twist texturizing machines and air texturizing machines for the working, treatment and manufacture of texturized threads and their parts, namely, bobbin creels, delivery units, godets, turbulence nozzles and units as machine parts for winding; replacement parts and accessories specifically adapted for the aforesaid machines, namely, thread guides as machine parts, delivery rollers, friction plates and mechanical thread cutters; twin wire twisting machines and twin wire spindles for continuous threads, spinning threads and cord threads, and replacement parts of all the aforesaid goods; parts of staple fiber cutting machines for the manufacture of spinning fibers, namely, cooling rollers, units as machine parts for moistening, and steam generators for surface treatment; filtration units for melt liquid polymers; heating exchangers as parts of machines for textile treatment and processing; thread heaters as machine parts of stretching texturizing machines, false twist texturizing machines and air texturizing machines for the working, treatment and manufacture of texturized threads; raw material driers and heating ovens as parts of polymer tape machines for the manufacture of tapes
For parts of melt spinning apparatus and spinning texturizing machines all for the manufacture of crimped threads and fibers, namely, [raw material industrial driers,] blow cooling shafts being air cooling apparatus; and air channels being industrial air filter machines

For [business organization consultancy; organizational development and economic consultation with respect to advertising by corporations that manufacture and sell yarns, filaments and textiles; organizational and economic consulting services for business purposes; business management; business administration and advertising of corporations that manufacture and sell yarns, filaments and textiles; arranging contracts for third parties for the purchase and sale of goods and the provision of services; purchasing and sales agent]

For initial installation services and maintenance in the field of construction of textile factories, and repair of machines for the processing of raw textile materials, [intermediate products such as yarns, and textile end products;] initial installation services, as well as maintenance, servicing and repair of machines used in plants for melt spinning, stack fibers, spin texturizing, [polymer tape,] removal, stretching, placement, reeling, texturizing or twin wire machines

For [scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, supervision, life-saving and teaching apparatus and instruments, namely, computer hardware and software programs for the integration of text, audio, graphics, still images and moving pictures into an interactive delivery for multimedia applications, use in database management, use as a spreadsheet, word processing, and computer monitors, flat panel display screen and video screens; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric conductors, electric switches, transformers, accumulators, voltage regulators, and electrical controllers; apparatus for recording, transmission or reproduction of sound or images; blank magnetic data carriers; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; electronic control and regulation apparatus and instruments, namely, static voltage regulators, voltage regulators for electric power, electric actuators, electric accumulators, electric and electronic circuits, electric cables and wires, electric capacitors, electric coils, electric diodes, electric meters, electric relays, electric switches, electric transformers;] data processing equipment, namely, data processors for data transfer, data input and data output; central processing units for information processing; machine readable prerecorded software programs for the integration of text, audio, graphics, still images and moving pictures into an interactive delivery for multimedia applications, use in database management, use as a spreadsheet, word processing; computer peripheral devices for data input, data output, data transfer, automatic selection of the production parameters on textile machines, or for the data transfer and data comparison between textile machines; electrical and electronic units for process monitoring, process control, process regulation, process guidance,
measuring, control, regulation and data processing, all for the working and manufacture of threads, fibers, [tapes, ] spinning cables, and textiles, namely, computer hardware and software programs, and computer monitors, flat panel display screen and video screens; replacement parts for all aforesaid goods; electrical and electronic processing apparatus and instruments for measurement, control, regulation, process control, process regulation and data processing, sensors and monitoring apparatus, all for thread monitoring in textile machines, namely, computer hardware and software programs, and computer monitors, flat panel display screen and video screens; replacement parts of all aforesaid goods; visualization and electronic control or operator apparatus respectively, namely, electronic instruments for use on on-site and remote inspection and measurement of industrial components using on-site and remote visual devices; quality control and quality management apparatus for the working and manufacture of threads, fibers, [tapes,] spinning cables, namely, sensing and signaling devices for measurement and quality control of materials; replacement parts of all aforesaid goods; industrial process control software featuring programs for process control, process regulation and process guidance; industrial process control software featuring visualization and operating programs for plant control; microprocessors and computer programs for process monitoring, process control and process regulation for the working and manufacture of threads, fibers, [tapes,] and spinning cables; computer control programs for the control and visualization of plant method procedures; centrifugal metering pumps for melt liquid polymers; replacement parts of all aforesaid goods; thread monitoring and testing apparatus for use in textile manufacturing plants

## MARK INFORMATION
- **Standard Character Claim**: No
- **Mark Drawing Type**: 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN
- **Description of the Mark**: The mark consists of the fancy wording "ALPINESTARS PROTECTS".
- **Color Claimed**: Color is not claimed as a feature of the mark.
- **Disclaimer**: "PROTECTS"

## RELATED PROPERTIES INFORMATION
- **International Registration**: 0909502
- **International Registration Date**: Oct. 16, 2006

## GOODS AND SERVICES INFORMATION
- **For**: [Leather products and their imitations, namely, haversacks, knapsacks, backpacks, sports bags, trunks, suitcases, handbags, traveling bags, school bags, wallets, purses]
- **International Classes**: 18 - Primary Classes
- **US Classes**: 1, 2, 3, 22, 41
- **International Class Title**: Leather Goods

- **For**: Articles of protective clothing for wear by cyclists, motorcyclists and motorists for protection against accident or injury, namely, [protective back pads,] knees pads, protective pads for shoulders and elbows, protective suits, protective helmets, [protective glasses, goggles, spectacles and sunglasses, eyeglass frames, and spectacle lenses]
- **International Classes**: 9 - Primary Classes
- **US Classes**: 21, 23, 26, 36, 38
- **International Class Title**: Electrical and Scientific Apparatus

- **For**: Clothing articles, namely, [anoraks, trousers, shorts,] jeans, [gym suits,] pants, shirts, T-shirts, pullovers, [cardigans,] jackets, wind-resistant jackets, [jerseys, flannel waistcoats, jumpers, sweaters, skirts, dresses, blouses, vests, waterproof clothing, namely, pants,] jackets and gloves; [coats, raincoats, overcoats, topcoats, socks, hosiery, stockings, suits, track suits, salopettes, coveralls,] dungarees, gloves, [scarves, and knitwear, namely,] pants, [shirts,] T-shirts, [polo shirts, shorts, sweaters, vests, cardigan,] jackets, [hats and scarves;] footwear; headgear, namely, hats, caps [and berets]
- **International Classes**: 25 - Primary Classes
- **US Classes**: 22, 39
- **International Class Title**: Clothing

Business organizational consultancy in the fields of work, production, process and project organization, business organizational consultancy relating to business management with regard to the planning, development, implementation and control of production systems; business advisory services in the field of process optimization; business advisory services in the fields of production, process, project, quality, personnel and data management; personnel management, namely, consultancy relating to human resource management; data management, namely, compilation and systematization of data into computer databases for use in the construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural industry; total quality management services, namely, business process optimization through organizational planning; compilation and systematization of information and data into electronic databases; compilation of statistics and business analysis, in particular with respect to production, process and work cycle processes; cost-benefit analysis in the fields of work, production, process and project organization, and in the fields of vehicle and machine fleet management, and in the fields of construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes, and in the fields of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof, and in the fields of data processing, telecommunications and telematics; organizational project management and organizational management of vehicle and machine fleets, in particular construction, demolition, mining, processing and agricultural machine fleets, and related organizational consultancy and business advisory services; operating an information, complaints and emergency hotline, also online, namely, taking, collecting and forwarding of customer requests or customer complaints by telephone or electronic means; providing business know-how, namely, business advisory services and business project management for the execution and optimization of operational or business processes; business management; Organizational appointment scheduling of the operating time and location of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus; cost-benefit analysis and business studies concerning capacity utilization for the management of mechanical and electrical engineering equipment, equipment for structural and civil engineering, vehicles, apparatus and machines, in particular construction, demolition, mining, processing and agricultural machines and apparatus and parts and tools thereof; services comprising the recording, transcription, composition, compilation and systematization of written communications and recordings, as well as the compilation of mathematical or statistical data concerning construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes, and concerning vehicle and machine fleets and concerning commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof, into computer databases; recording of data into computer databases concerning construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes, and concerning vehicle and machine fleets and concerning commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof.
For [Building construction; repair, namely, repairing and maintaining of construction machines and apparatus, namely, machines and apparatus for earth-moving, mining, excavation, processing, soil working, road building, road repair, road working, road paving, mixing, asphalt mixing, road milling, cold milling, road finishing, road asphalt feeding, road rolling, crushing, stone working, removal of road surfaces, repaving roads, recycling, asphalt recycling, road surface recycling, breaking road surfaces, demolition, road demolition, soil stabilization and ground and waste compacting; Installation of parts of commercial vehicles, parts of construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, computer hardware, computer peripherals, data processing apparatus, apparatus for capturing, recording, transmission, reception or reproduction of sound, images or data, apparatus and instruments for tracking, restricting the operational readiness as to location and time, monitoring, operating and remote controlling of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, vehicle and machine tracking systems, wireless communication devices for voice, data or image transmission, sensors, antennas, satellite receivers, satellite transmitters, satellite-aided navigation systems, on-board computers, electronic data logging devices, vehicle and machine locator devices, electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, data processing and telecommunications, laser, infra-red and ultrasound devices, apparatus for the computerized connection of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, electric and electronic apparatus for evaluating the condition, operation of and faults with commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, electronic compaction density measuring devices and sensors, electronic devices and sensors for determining position, velocity, acceleration and temperature; road construction; construction supervision of structural and civil engineering projects, in particular road building projects, open-case and underground mining projects, excavation projects, demolition projects, road demolition projects, including provision of information as to the aforesaid services; construction works above and below ground, road building, road repair, ground compacting, mining services, excavation services, building demolition, road demolition, asphalt mixing, asphalt recycling, breaking, sifting, separating, classifying and washing raw materials and valuable materials, as well as providing information as to the aforesaid services; maintenance and repair including breakdown assistance of mechanical and electrical engineering equipment, structural and civil engineering equipment, commercial vehicles and parts thereof, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus and parts thereof, computer hardware, computer peripherals, data processing apparatus, apparatus for capturing, recording, transmission, reception or reproduction of sound, images or data, apparatus and instruments for tracking, restricting the operational readiness as to location and time, monitoring, operating and remote controlling of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus,
apparatus and instruments for conducting technical inspections with respect to commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, vehicle and machine tracking systems, wireless communication devices for voice, data or image transmission, sensors, antennas, satellite receivers, satellite transmitters, satellite-aided navigation systems, on-board computers, electronic data logging devices, vehicle and machine locator devices, electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, data processing and telecommunications, laser, infra-red and ultrasound devices, apparatus for the computerized connection of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, electric and electronic apparatus for evaluating the condition, operation of and faults with commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, electronic compaction density measuring devices and sensors, electronic devices and sensors for determining position, velocity, acceleration and temperature; repair and maintenance of structures, namely, road structures; construction consultancy as it relates to structural and civil engineering

International Classes: 37 - Primary Classes  
US Classes: 100, 103, 106  
International Class Title: Construction and Repair

For:  
Apparatus for capturing, recording, transmission, reception or reproduction of sound, images or data; apparatus for capturing, recording, transmission, reception or reproduction of data concerning road building processes; computers; computer terminals for telephone, cable, satellite or telematic networks; computer peripherals; modems; data processing apparatus; computer software and hardware for data processing, telecommunications, telematics and navigation; computer software and hardware for the planning, management and implementation of construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes; computer software and hardware for capturing, evaluating, recording, transmission, reception or reproduction of data concerning commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus; computer software and hardware for capturing, evaluating, recording, transmission, reception or reproduction of data concerning construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes; computer software and hardware for planning, controlling and managing construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes; computer software and hardware for capturing, evaluating, recording, transmission, reception or reproduction of data concerning construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus; computer software and hardware for servicing and maintaining commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus; computer software and hardware for controlling the operational readiness as to location and time, monitoring, operating and remote controlling of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining,
excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus; apparatus, instruments, software and computer hardware for conducting technical inspections, in particular during servicing and maintenance, with respect to commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof; vehicle and machine tracking system comprised of computer hardware, computer software, wireless communication devices for voice, data or image transmission, sensors, antennas, satellite receivers, satellite transmitters and satellite-aided navigation systems using a global navigation satellite system (GNSS); electronic data logging devices; vehicle and machine locator devices using a global navigation satellite system (GNSS); blank optical, magnetic and digital data carriers for bearing sound, pictures and data; electric and electronic devices and apparatus, as well as equipment composed of such goods, for the purposes of telematics, data processing and telecommunications, namely, computer hardware and peripherals, data processing apparatus, digital, optical, radio and satellite receivers and transmitters, sensors, antennas, wireless communication devices for voice, data or image transmission and satellite-aided navigation systems; computer terminals for telematics; laser, infra-red and ultrasound devices, for use in construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural processes; software and computer hardware for the computerized connection of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof; motion picture films about safety at work; motion picture films about the selection, application, use, maintenance and repair of commercial vehicles, construction, road building, road repair, ground and waste compacting, mining, excavation, crushing, demolition, processing, recycling, mixing and agricultural machines and apparatus, and parts thereof; electronic compaction density measuring devices and sensors; electronic devices and sensors for determining position, velocity, acceleration and temperature

**International Classes**
