**For** Apparatus for heating, heat recovering, pasteurization, steam generating, cooking, boiling, concentration being evaporators, refrigerating, cooling, drying, ventilation, water supply and for district heating and sanitation purposes, namely, heat exchangers not being parts of machines and plates being structural or replacement parts for heat exchangers not being parts of machines, air filtering installations, exhaust gas economizers being air filtering units and electrical boilers; heat exchangers not being parts of machines; evaporators, namely, evaporative air coolers, and evaporators for air conditioning, for cooling systems, for heat transfer systems, for industrial use, for cooling and freezing goods, for use in cold rooms for fresh and frozen goods, for meat storage, agricultural produce and processing rooms, and for cooling engine rooms and monitoring rooms; distillation apparatus not for scientific purposes; refrigerating containers for shipping; water heaters; sterilizing apparatus; desalination plants and equipment; fresh water plants for purification; filters, namely, filters for coolant recovery systems; membrane filters for separation of biomolecules in biopharmaceutical production; water and oil purification apparatus
and installations; thermal freshwater generators; dehumidifiers; industrial dehumidifiers; air dehumidifiers; electric
dehumidifiers; cooling evaporators; evaporators for chemical processing; evaporators for air conditioners; water filters;
mechanisms for controlling fluid level in tanks being plumbing valves; level control valves being plumbing valves; mixing
valves being water control valves for faucets; safety valves for water pipes being plumbing valves; heaters, namely, industrial
storage heaters, and industrial electric heaters for commercial use, and water heaters; shell heat exchangers not being parts of
machines; shell-and-coil heat exchangers not being parts of machines; shell-and-tube condensers, namely, refrigerator
condensers, gas condensers other than parts of machines; shell-and-tube evaporators for air conditioners, chemical processing;
shell-and-tube heat exchangers not being parts of machines; tubular heat exchangers not being parts of machines; plate heat exchangers not being parts of machines; air heat exchangers not being parts of machines; ventilators for heat exchangers; heat exchangers for central heating purposes; evacuated heat pipe
solar collectors being heat exchangers not being parts of machines; heat exchangers for chemical processing; heat exchangers,
not parts of machines; heat exchangers for the removal of condensate, not being parts of machines; heat exchangers for the
removal of exhaust gases not being parts of machines; heat exchangers for the removal of flue gases not being parts of
machines; HVAC systems for heating, ventilation and air conditioning; flues and installations for conveying exhaust gases,
namely, electro-chemical flue gas scrubbing machines; pressure water tanks, namely, water purification tanks, waste water
treatment tanks; pressure vessels for sterilizing not for medical purposes; heat pumps; gas scrubbers being parts of gas
installations; scrubbers being parts of gas installations; separators for scrubbing gas for the cleaning and purification of gases;
separators for removing condensation by refrigeration for the cleaning and purification of air; waste water treatment tanks;
level controlling valves in tanks being plumbing valves; electrically heated hot water tanks; expansion tanks for central heating
installations being hot water tanks; waste water treatment tanks for industrial purposes; filter elements for the overflows of
water supply tanks being water filters; thermal fluid heaters; thermal incineration installations; solar thermal collectors for
heating being solar heat collection panels; thermal controls being valves for central heating radiators; thermal oxidizers for
industrial air pollution control; steam valves; ball valves being plumbing valves; valves being plumbing fittings; waste water
purification units; waste water purification installations; industrial waste water purification plants; apparatus for waste water
purification; cookers, namely, steam blanchers and pasteurizers; burners, namely, laboratory burners; gas burners; oil burners
for industrial use; alcohol burners; refining towers for distillation not for scientific purposes; burners for the combustion of gas
in boiler units; magnetic filters being parts of central heating apparatus being air filters; heaters for swimming pools; steam
boilers for steam generating other than parts of machines; drinking water supply apparatus, namely, fresh water plants being
water purification installations, vapor compression water makers being water purification installations, and fresh water
generators being atmospheric water generators; drinking water supply installations, namely, fresh water plants being water
purification installations, vapor compression water makers being water purification installations, and fresh water
generators being atmospheric water generators; drinking water supply installations, namely, fresh water plants being water
purification installations, vapor compression water makers being water purification installations, and fresh water
generators being atmospheric water generators; drinking water filters; water treatment apparatus for water purification; water treatment
apparatus for water softening; ballast water treatment systems, namely, water filtration units; water treatment units for aerating
and circulating water; water treatment filters; UV lamps; UV lamp apparatus for the treatment of biological disinfection of
water; filters for exhaust emission control being air filters; boilers, namely, electric boilers, heating boilers; apparatus for
purifying of gas; filters for purifying of gas and water being parts of maritime or industrial installations; apparatus for
purifying of water; filters for purifying of water being parts of maritime or industrial installations; water treatment apparatus
being water filtration units and filters; water filters for blocking the intake of organisms and reduce sediments during water
pumping operations on ships and in maritime use; water and gas purifiers; exhaust gas and water filter systems for maritime
use and ships, namely, air purifying and water purifying apparatuses; water filter systems for blocking the intake of organisms and reducing sediments in water pumping operations on ships and in maritime use; boilers used on marine vessels for heating installations; heating boiler pipes and tubes; boiler feed installations being boilers for heating; filters being parts of industrial installations; flue-gas filters being air filters; gas condensers other than parts of machines; distillers for chemical processing; distillers for purifying liquids for chemical processing; water cooling tanks used on marine vessels; sterilizers; structural parts and components for the aforesaid goods; plate heat regenerators, namely, regenerative heat exchangers not being parts of machines; deaerators, namely, deaerators for industrial purposes, and deaerators, namely, treatment unit for deaerating air, fluid, and gas being filtration apparatuses for air and water; vacuum heat exchangers, not being parts of machines, namely, vacuum distillation apparatus for industrial use; deodorizing apparatus, namely, electric air deodorizers and economizers, namely, steam deodorizing apparatus to deacidify edible oils; steam boilers, other than parts of machines, for heating, industrial use; apparatus for refrigerating being heat exchangers, not being parts of machines; filters for industrial installations; spiral heat exchangers not being parts of machines; boiler pipes for heating installations; pipe heat exchangers not being parts of machines; reactors being industrial chemical installations, namely, UV reactors for water treatment; water and oil scrubbing apparatus and installations, namely, air pollution control devices to remove particulates and gases from industrial exhaust streams; burners for boilers; oxyhydrogen burners; gas burners for industrial purposes; apparatus for cleaning gases, namely, gas purification machines for industrial purposes; apparatus for cleaning air, namely, separators for the cleaning and purification of air, and air cleaning units; apparatus for de-alcoholization of beer and other beverages, namely, industrial degassing and condensing machines

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Bleaching preparations and other substances for laundry use; industrial cleaning preparations for cleaning of industrial machines, pipes and tanks; cleaning, polishing, scouring and abrasive preparations

**International Classes** 3 - Primary Classes **US Classes** 1, 4, 6, 50, 51, 52 **International Class Title** Cosmetics and Cleaning Preparations

**For** Chemicals used in industry and science including detergents for use in manufacturing processes as well as purifying chemicals for liquids such as oil and water; solvents for use in the cleaning of machines during manufacturing processes, namely, degreasing solvents for use in manufacturing processes; chemicals for use in brewing, namely, enzymes for the brewing industry; enzymes for the brewing industry

**International Classes** 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

**For** Installation, maintenance and repair services for machines, apparatus for control steering and monitoring, apparatus for heating, steam generating, cooking, cooling, drying, ventilation, water supply and sanitary purposes and installations included in industrial process systems, particularly for use in the food, dairy, beverage, brewery, starch, chemical, petrochemical, cosmetic, biochemical, pharmaceutical, pulp, paper, power, oil or gas industries, or on off-shore plants, refineries, pollution control plants, waste water plants, on vessels or on ships, in particular in engine rooms

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of the following: a four pink circular and partially-circular tables, with the top table having partial image of a person in cream clothing with green and light pink outlines, green shoes, pink skin, and holding a green wine glass with light pink liquid. The person is seated in a chair outlined in green with a pink and cream interior. On the table is a green and white wine glass, a white wine bottle with light pink liquid and a green label, and five green and white outlines of playing cards, with three of the cards having a white outline of a diamond, one card having a green outline of a diamond, and one card being opaque white with a pink heart. To the left of the table is a green, cream, and pink design of dots, circles, and lines and to the left of that design is a cream man outlined in green, with green hair, green eyes and brows and moustache, a green monocle, pink lips, the top of the face, ears, and hands outlined in pink, a green bowtie, and pink vest. The man is holding a circular pink tray bearing a green wine bottle with a pink and white label next to a wine glass outlined in white and green. To the right of the man is a peacock outlined in green with a pink body and pink frill. Beneath the man is a circular pink table with four chairs outlined in green with pink cushions. Two women are seated on the bottom two chairs. The right woman has light peach skin, red lips, red shoes, a red bracelet, pink cheeks, a bow with a red outline and pink interior on her exposed shoulder, and a cream and red bodice with red swirls. The woman has green hair and a green stole around her shoulders. A headband outlined in white with a pink-filled circle is on her head. On her right wrist is a red bangle, a green bangle, and a white and pink bangle. The woman is outlined in white and green. Her dress is cream with pink outlines. In her right hand she holds a wine glass outlined in green with light pink liquid. The left woman has green hair, green eyes and brows, cream skin, and is outlined in green. She wears a circular pink head band with pink and white frills. On the back of her dress is the pink outline of a bow. She wears a green outlined necklace. On her right wrist is the green outline of a watch. Her shoe is pink. On the women's table is a wine bottle outlined in green with a white interior, a white cylinder outlined in green, a second wine bottle outlined in white with green label and white, with two cards having a white interior and pink heart, and the third card having a green and white outline of a diamond. To the right of the women is half of a circular pink table with two chairs outlined in green and pink with a pink cushion. On one chair is seated another woman in cream
with a green outline, green hair, necklace made of green circles, a cream hat outlined in green with green interior waves, a cream shirt with green oval designs. On her table is a wine bottle outlined in white with a green label with light pink liquid, and a wine glass outlined in green and white with a pink liquid. At the bottom of the image is the fourth circular pink table with the tops of two chairs outlined green and white. On this table is a wine glass outlined in green and white with pink liquid, a cream wine bottle outlined in green with a label with green crosshatching, six playing cards outlined in white and green with one card having a black diamond outline, one card having a white diamond outline, and two cards having a white background with a pink heart, and a green bird cage with the outline of a white bird inside the cage. The mark background is cream. On the upper third of the mark is the black wording "THE PALE". **Color Drawing**: Yes
