For Couplings and transmission components in the nature of drive shafts, power take-off drive shafts, joints, clutches, and gearboxes for land vehicles; couplings for land vehicles; replacement parts for all the aforesaid goods; connecting pieces, namely, attachment and locking elements for use with couplings for land vehicles, other than parts of motors and engines; trailer hitches for vehicles, namely, tractors and utility vehicles; attachment devices, namely, hitches, and their parts for tractors and utility vehicles; trailers for vehicles, namely, tractors; tractor parts, namely, trailing hitch locking mechanisms and hold-down clamps sold as a unit therefor for attaching agricultural implements to tractors; vehicle parts, namely, drive shafts, universal joint shafts being couplings, double joint shafts being couplings, cardan shafts being couplings, universal joints, joint forks being parts of couplings, constant velocity joints, universal cardan joints, universal joints, and universal joint yokes being parts of couplings, all the aforesaid goods for land vehicles, and replacement parts therefor; drive shafts and transmission shafts for land vehicles; clutches and components, namely, houses, hubs, yokes, bearings, cams, and thrust plates, and replacement parts therefor for land vehicles; drive shafts, engine mounts, and thrust bearings for boats; universal joint shafts being couplings for power transmission, joints being couplings for power transmission, couplings, overload couplings, and freewheel couplings, and gearboxes, all for tractors, and replacement parts therefor; couplers in the nature of trailer hitches for connecting tractors to machine-driven agricultural implements or non-mechanically driven agricultural implements and integral components sold as a unit and replacement parts therefor, namely, coupling frames, lower links, upper links, coupling hooks, lateral struts, lateral stabilizers, spacers, lifting struts, and ball guide cones; universal joint shaft couplers for connecting tractors and machine-driven agricultural implements; protective devices for covering the rotatable parts of universal joint
shafts, gearboxes, and couplings for tractors, namely, guard tubes, protective covers, guard cones, and safety shields; drives and spare parts thereof for tractors, self-propelling work machines, and self-propelling agricultural and construction machines; hydraulic pumps, hydraulic cylinders, hydraulic valves, and hydraulic engines for tractors, self-propelling work machines, and self-propelling agricultural and construction machines; electric drives for tractors; engines for tractors; hydraulic engines for tractors

**International Classes** | 12 - Primary Classes  **US Classes** | 19, 21, 23, 31, 35, 44  **International Class Title** | Vehicles

**For** Machine couplings and transmission components, except for land vehicles; couplings for machines except for land vehicles; couplings for machines; replacement parts for all the aforesaid goods; hydraulically, pneumatically, and mechanically operated lifting apparatus in the nature of mechanical and hydraulic lifts, and mountings sold together as a unit, for attachments of tractors; electrical control units specially adapted for mechanical and hydraulic lifts; drive shafts being couplings for power transmission as parts of machines; machine parts in the nature of joints, namely, universal joint shafts being couplings for power transmission as parts of machines; double-joint shafts being couplings for power transmission as parts of machines; cardan shafts being couplings for power transmission as parts of machines; joints, namely, single joints, double joints, wide angle joints, and power drive joints; machine parts in the nature of joint forks, namely, yokes; constant velocity joints being couplings for power transmission for machines; cardan joints being couplings for power transmission for machines; universal joint being couplings for power transmission for machines; universal joint yokes, namely, inboard yokes, double yokes, quick-disconnect yokes, hub yokes, and flange yokes, all of the aforesaid goods for machines, and components, namely, universal joint crosses and replacement parts therefor; machine parts, namely, shafts for power transmission; clutches for machines and replacement parts therefor, except for land vehicles; drive shafts, joints, namely, couplings, overload couplings, and freewheel couplings, and gearboxes, all for machine-driven agricultural implements and agricultural machines, and replacement parts therefor; gearboxes for machines and replacement parts therefor; couplers for connecting machine-driven agricultural implements or non-mechanically driven agricultural implements to each other and replacement parts therefor, namely, coupling frames, lower links, upper links, coupling hooks, lateral struts, lateral stabilizers, spacers, lifting struts, and ball guide cones; universal joint shaft couplers for connecting machine-driven agricultural implements to each other; machine parts in the nature of protective devices for covering the rotatable parts of universal joint shafts, gearboxes, and couplings for machine-driven agricultural implements, namely, guard tubes, protective covers, guard cones, and safety shields; drives, namely, drives for machines, work machines, and agricultural and construction machines and replacement parts therefor; hydraulic pumps, hydraulic cylinders, hydraulic valves, and hydraulic engines for machines, work machines, and agricultural and construction machines

**International Classes** | 7 - Primary Classes  **US Classes** | 13, 19, 21, 23, 24, 31, 34, 35  **International Class Title** | Machinery

**For** Servicing, overhauling, and reconditioning, namely, maintenance, and repair of components and accessories of agricultural machines, agricultural implements, and tractors; servicing, overhauling, and reconditioning, namely, maintenance and repair of transmission components, drive units, and drive lines of machines, machine-driven implements, and vehicles; installation of transmission components, drive units; and drive lines; installation of components and accessories of agricultural machines, agricultural implements, and tractors; servicing, overhauling, and reconditioning, namely, maintenance, repair, and installation of transmission shafts, universal joint shafts, gearboxes, and individual parts thereof
International Classes  37 - Primary Classes US Classes  100, 103, 106 International Class Title  Construction and Repair

For  Measuring devices and display units for tractors and machine-driven agricultural implements, namely, torque measuring hubs being torque sensors, speed sensors, position sensors, load indicators, and overload warning devices, namely, gauges for checking power rating of tractors and machine-driven agricultural implements; gauges, namely, gauging tools for measuring tolerances in production tools

International Classes  9 - Primary Classes US Classes  21, 23, 26, 36, 38 International Class Title  Electrical and Scientific Apparatus

For  Hand-operated assembly tools, namely, special fitting tools for the assembly of joints, profile tubes, and couplings

International Classes  8 - Primary Classes US Classes  23, 28, 44 International Class Title  Hand Tools

For  Technological consulting services in the fields of agricultural engineering and propulsion technology and design relating thereto; industrial analyses, namely, technical analyses of material grades in the fields of agricultural engineering and propulsion technology; technical planning and engineering services, namely, customized development of drive lines and their components in the fields of agricultural engineering and propulsion technology and consultancy therefore; technological consultancy services in the fields of agricultural engineering and propulsion technology; design and development of drive shafts, cardan shafts, and drive line sections of universal joint shafts; technology consultancy services in the field of propulsion technology; technological analyses, namely, technological analyses in the fields of agricultural engineering and propulsion technology; technical surveillance in the nature of inspection via the Internet of drive shafts, universal joint shafts, gear boxes, drive units, and drivelines in machines and vehicles for quality control purposes; inspection of drive shafts, universal joint shafts, gearboxes, drive units, drive lines, and their individual parts for the purpose of detecting wear leaks, cracks, tear, and out-of-balance conditions; engineering services

International Classes  42 - Primary Classes US Classes  100, 101 International Class Title  Scientific and computer services

GOODS AND SERVICES INFORMATION
For Internal combustion engines for power generation, other than for land vehicles; steam engine boilers for power generation, other than for land vehicles; gas operated power generators; turbines, other than for land vehicles; gas turbines for power generation other than for land vehicles; replacement parts for all of the aforesaid goods
International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 24, 31, 34, 35 International Class Title Machinery
For gas burners; gas stoves; steam accumulators; steam generating installations; treatment installations, namely, sewage treatment plants for biomass and biodegradable waste; apparatus for dehydrating food waste; steam generating installations; gas operated devices, namely, electric air dryers and mechanical air dryers used in drying of agriculture, forest, chemical and industrial products; air dryers for production processes; heating apparatus for solid, liquid or gaseous fuels; HVAC units for heating, ventilation and air conditioning; regulating accessories, namely, metered valves for regulating water, steam valves, air valves for steam heating installations; drying apparatus, namely, electric air dryers and mechanical air dryers for drying of agriculture, chemical and industrial products for industrial, chemical and agriculture processing; installations for the collection of gases, namely, direct vents for gas appliances; industrial ovens and furnaces not for food or beverages; drying machines for agriculture; safety accessories for water or gas apparatus and pipes, namely, meter valve meter regulating accessories for water or gas apparatus and pipes; drying apparatus, namely, drying of agriculture, chemical and industrial products for industrial, chemical and agriculture processing; air cooling apparatus; heating installations; automatic ash conveyor installations, namely,
furnace ash boxes; water heaters for industrial use; air-conditioning ventilation installations and apparatus; evaporators for air conditioners and industrial processes; cooling installations and machines, namely, absorption cooling machines and refrigerators; animal feed drying apparatus; gas boilers; industrial drying installations, namely, food, forage and kiln drying apparatus; gas burners for industrial purposes; hot air apparatus, namely, hot air blowers; hot air space heating apparatus for industrial purpose; apparatus for dehydrating food waste; gas fired water heaters; refrigerating machines; cooling appliances and installations, namely, absorption cooling machines and air conditioners; cooling installations, namely, absorption cooling machines and refrigerators for liquids; apparatus for vapour producing installations, namely, steam vaporizers for adding humidity to the air; heat generating apparatus, namely, heat generators; water heaters; desiccating apparatus, namely, desiccating units for agriculture products and industrial and chemical processes; installations for the burning off of gases, namely, flare stacks for use in the oil industry and the bioenergy industry; drying installations, namely, drying machines for food and industrial applications; harvest drying machines; gas boilers; installations for evaporating, namely, heating and cooling evaporators; apparatus for heating, namely, hot water tanks and hot water pipelines sold as a unit; hot water heating installations, namely, hot water tanks and hot water pipelines sold together as a unit; refrigerating apparatus and machines, namely, refrigerators; hot water heaters; gas fired heating installations, namely, water, liquid and air heaters; burners, boilers and heaters, namely, natural and biogas burners, heating boilers; heating boilers; heating, ventilating, and air conditioning and purification equipment, namely, solar water heaters, water purification installations for rainwater and dirt water, sewage and sludge purification installations; hot air space heating apparatus; gas burners; replacement parts for all of the aforesaid goods

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 24, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Installation of generators and machinery for generating electricity; repair of power generating apparatus and installations; installation of plants for solar, wind, hydro, and biomass renewable energy production; servicing, namely, maintenance and repair of power generating apparatus and installations; installation of power generating apparatus; maintenance and repair of cooling appliances and installations; repair or maintenance of power generators; maintenance of commercial electrical systems; servicing, namely, maintenance and repair of power generating apparatus and installations; maintenance and repair of gas and electricity installations; maintenance and repair of energy generating installations; maintenance of power generating apparatus and installations; maintenance of plants/installations for solar, wind, hydro, and biomass renewable energy production

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** Rental of electricity generators; electricity generating; energy production; production of electrical power from renewable sources; leasing of energy generating equipment; gas production services; rental of apparatus for the treatment and transformation of materials, namely, fossil and nonfossil feedstock, solar, wind and hydro, for the generation of energy and customised contract manufacture

**Environmental Control Apparatus**

**For**  Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking being supervision, life-saving and teaching apparatus and instruments, namely, precision balances; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, or controlling electricity, namely, electricity conduits; apparatus for recording, transmission or reproduction of sound or images, namely, computers; blank magnetic data carriers, blank recording discs; blank compact discs, blank DVDs and other blank digital recording media in the nature of USB flash drives; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment in the nature of computers, and computers; downloadable computer software for designing lighting fixtures for industrial use; fire-extinguishing apparatus; 3D spectacles; abacuses; accelerometers; accumulator boxes; accumulator jars; accumulators, electric; accumulators, electric, for vehicles; acid hydrometers; acidimeters for batteries; acoustic alarms; acoustic conduits; acoustic couplers; actinometers; adding machines; aerials; aerometers; air analysis apparatus; alarm bells, electric; sound alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers; amplifying tubes being tubes specifically designed for use in tube
amplifiers; amplifying valves being valves specifically designed for use in valve amplifiers; anemometers; downloadable video recordings being animated cartoons; anode batteries; anodes; answering machines; antennas; anticathodes; anti-glare glasses; anti-interference electricity devices being filters for radio interference suppression; anti-theft warning apparatus being a sound alarm; optics being apertometers; apparatus and installations for the production of X-rays, not for medical purposes; apparatus and instruments for astronomy, namely, telescopes; apparatus and instruments for physics, namely, laboratory apparatus for the exchange of substances and heat; apparatus for changing record player needles; apparatus for editing cinematographic film; laboratory apparatus being apparatus for fermentation; apparatus for recording distance; apparatus to check franking, namely, microscopes for examination purposes; audio- and video-receivers; audio interfaces; audio mixers; audiovisual teaching apparatus in the nature of touchscreen monitors; automated teller machines (ATM); automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; balances being steelyards; balancing apparatus being precision balances; barcode readers; barometers; bathroom scales; batteries, electric; batteries, electric, for vehicles; batteries for electronic cigarettes; batteries for lighting; battery boxes; battery chargers; battery jars; beacons, luminous; bells being warning devices; betatrons; binoculars; biochips for research and scientific purposes; electronic black boxes for recording data; blueprint machines; boiler control instruments; bullet-proof clothing; bullet-proof vests; bullet-proof waistcoats; electric buzzers; cabinets for loudspeakers; cables, electric; calibrating rings, namely, industrial calibration sensors; calipers for measuring; calorimeters; camcorders; cameras for photography; capacitors; capillary tubes for laboratory testing purposes and not for medical use; carriers for dark plates, namely, carriers for exposed photographic films; cathodes; cathodic anti-corrosion apparatus, namely, cathodes; electrical cell switches; cellular phones; centering apparatus for photographic transparencies, namely, transparency projection apparatus; central processing units being processors; chargers for electric batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, laboratory pipettes; integrated circuit chips; choking impedance coils, namely, choking coils for use in electrical apparatus; chromatography apparatus for laboratory use; chronographs being a time recording apparatus; circuit breakers; circuit closers; circular slide rules; clinometers; close-up lenses; protective clothing especially made for laboratories; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; coaxial cables; coils, electric; coin-operated mechanisms for television sets; electric collectors, namely, solar panels for the production of electricity; commutators; blank compact discs for audio-video media; blank compact discs for read-only memory; comparators; compasses for measuring; downloadable computer game software; computer hardware; computer keyboards; computer memory devices; downloadable computer operating programs; computer peripheral devices; downloadable computer-aided engineering (CAE) software; recorded process controlling software, namely, property management and facility management software with breakdown and failure management functions, scheduled maintenance functions, worksheet handling functions and warehouse management functions; recorded software for monitoring, controlling and running physical world operations, namely, property management and facility management software with breakdown and failure management functions, scheduled maintenance functions, worksheet handling functions and warehouse management functions; recorded building management software, namely, property management and facility management software with breakdown and failure management functions, scheduled maintenance functions, worksheet handling functions and warehouse management functions; recorded web application and server software, for with breakdown and failure management, scheduled maintenance management, worksheet handling, and warehouse managements; recorded application software for breakdown and failure management, scheduled maintenance management, worksheet handling, and warehouse management; computer programs recorded on computer media for designing lighting industrial use; computers; computer screen saver software, recorded and downloadable; downloadable
computer software applications for design lighting for industrial use; computer software platforms that is recorded on computer media or downloadable for design lighting for industrial use; conductors, electric; connected bracelets being measuring instruments in the nature of magnetically encoded identification bracelets; connections, electric; connections for electric lines; electric power connectors; contact lenses; contacts, electric; containers for contact lenses; electric control panels; converters, electric; copper wire, insulated; cordless telephones; optical correcting lenses; counters; data processing equipment being couplers; couplings, electric; covers for electric outlets; laboratory equipment being crucibles; laboratory equipment, namely, cupels; current rectifiers; cyclotrons; darkroom lamps for use exclusively in the development of photography; darkroom lamps for use in photography; data processing apparatus; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers not for medical use; electronic capture detectors; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food; diaphragms being acoustic membranes; diaphragms for scientific apparatus being filters for diagnostic apparatuses for testing food; photographic diaphragms being camera shutters; dictating machines; microscopy diffraction apparatus being a microscope lense; digital signs; digital weather station instruments being wind sensors; directional compasses; discharge tubes, electric, other than for lighting; disk drives for computers; blank disks, magnetic; distance measuring apparatus; distance recording apparatus; distillation apparatus for scientific purposes; electricity apparatus being distribution boards; electricity apparatus being distribution boxes; electricity apparatus being distribution consoles; dosimeters; downloadable graphics for mobile phones; downloadable image files containing images of lights; downloadable music files; electrical ducts; DVD players; dynamometers; electrical adapters; electric and electronic effects units for musical instruments; electric apparatus for commutation, namely, radios; electric apparatus for remote ignition, namely, electric igniters used in connection with ballasts to start discharge lamps; electric discharge tubes, other than for lighting; electric door bells; electric installations for the remote control of industrial operations; electricity conduits; electric loss indicators, namely, electronic devices for measuring electric current; electric wire harnesses for automobiles; electrified fences; electrified rails for mounting spot lights; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolyzers; electromagnetic coils; electronic access control systems for interlocking doors; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic notice boards; electronic numeric displays; electronic pens being visual display units; electronic pocket translators; downloadable electronic publications, namely, magazines in the fields of lighting design; electronic sheet music, downloadable; electronic tags for goods; encoded identification bracelets, magnetic; encoded key cards; encoded magnetic cards; photography enlarging apparatus, namely, microscopes; epidiascopes; equalisers being audio apparatus; equalizers being audio apparatus; ergometers not for medical purposes; light exposure meters for photography; eyeglass cases; eyeglass chains; eyeglass cords; eyeglasses; eyeglass frames; eyeglass lenses; protective eyepieces; eyewear; facsimile machines; fiber optic cables; fibre optic cables; filters for non-medical respiratory masks; filters for ultraviolet rays, for photography; photography filters; fire alarms; fire beaters; fire engines; fire extinguishers; fire extinguishing apparatus; fire hose; fire hose nozzles; flash-bulbs for photography; light-emitting signals being flashing lights for life-saving purpose; flashlights specifically adapted for cameras; blank floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; frames for photographic transparencies; frequency meters; furnaces for laboratory use; furniture especially made for laboratories; fuses; fuse wire; galena crystal detectors for use in electronics; galvanic batteries; galvanic cells; galvanometers; garments for protection against fire; gasoline gauges; gasometers being measuring instruments; gas testing instruments; light gauges; glazing apparatus for photographic prints, namely, drying apparatus for photographic prints; global positioning system (GPS) apparatus; gradient
indicators; graduated glassware; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones;
headphones; heat regulating apparatus, namely, voltage regulators for heat creating electric power; heliographic apparatus;
hemline markers, namely, measuring tape; high-frequency apparatus, namely, high frequency switches; high tension batteries;
holders for electric coils; hologram apparatus; hourglasses; humanoid robots with artificial intelligence; hydrometers;
hygrometers; identification sheaths for electric wires; identification threads for electric wires; identity cards, magnetic; electric
igniting apparatus for igniting at a distance and used in connection with ballasts to start discharge lamps; inclinometers;
icubators for bacteria culture; electricity inductors; infrared detectors; instruments containing eyepieces, namely, microscopes;
integrated circuit cards being smart cards; integrated circuits; interactive touch screen terminals; intercommunication apparatus, namely, telephones incorporating intercommunication systems; interfaces for computers;
inverters for electricity; ionization apparatus not for the treatment of air or water but for scientific use; tool measuring
instruments being jigs; joysticks for use with computers, other than for video games; juke boxes for computers; electricity
junction boxes; junction sleeves for electric cables; kilometer recorders for vehicles; laboratory centrifuges; laboratory robots;
laboratory trays; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes; lenses for
astrophotography; lens hoods; letter scales; level measuring machines for surveying; level measuring machines for surveying
being levelling staffs; instruments for determining the horizontal, namely, levels indicators; lever scales [steelyards]; life belts;
life buoys; life jackets; life nets; lifesaving apparatus and equipment, namely, life-saving capsules for natural disasters; life-
saving capsules for natural disasters; life-saving rafts; electric light dimmers regulators; light-emitting diodes (LED); light-
emitting electronic laser pointers; lighting ballasts; lightning arresters; lightning conductors; lightning rods; electric light
regulators being dimmers; electricity limiters; locks, electric; measuring instruments being logs, namely, navigation apparatus
for boats; loudspeakers; magic lanterns; magnetic data storage media; magnetic encoders; magnetic resonance imaging (MRI)
apparatus, not for medical purposes; blank magnetic tapes for tape recorders; magnetic tape units for computers; magnetic
wires; magnets; magnifying glasses; manometers; marine compasses; marine depth finders; marking buoys; marking gauges
for joinery purposes; masts for wireless aerials; materials for electricity mains being electrical wires and cables; material
testing instruments and machines, namely, electronic apparatus for testing compression, strength, hardness and tensile
characteristics of industrial materials; mathematical instruments, namely, calculator; measuring rulers; measuring apparatus,
namely, distance measuring sensors, measuring rulers; electric measuring devices, namely, distance measuring sensors;
measuring glassware; measuring instruments, namely, measuring rulers; measuring spoons; mechanical signs; mechanisms for
counter-operated apparatus, namely, tool measuring apparatus; megaphones; memory cards for video game machines; mercury
levels being mercury switches; metal detectors for industrial or military purposes; meteorological balloons; meteorological
instruments; laser distances meters; metronomes; micrometer gauges; micrometers; micrometer screws for optical instruments;
microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; optical
mirrors being inspection mirrors; modems; money counting and sorting machines; monitoring apparatus, other than for
medical purposes being voltage monitor mirrors; computer hardware being monitors; downloadable computer programs for
monitoring light output from residences; computer peripheral being a mouse; mouse pads; mouth guards for sports; nautical
apparatus and instruments, namely, nautical and photographic apparatus and instruments being underwater housing for
cameras; naval signalling apparatus, namely, signaling mirrors; electronic navigational instruments; navigation apparatus for
vehicles being on-board computers; needles for surveying compasses; neon signs; nets for protection against accidents;
notebook computers; microscope objectives lenses; observation instruments, namely, electronic infrared detectors; octants;
ohmeters; optical apparatus and instrument, namely, optical reflectors; optical character readers; optical condensers; blank
optical data media carriers; blank optical discs; light conducting filaments being optical fibers; light conducting filaments being optical fibres; optical lenses made of glass; optical lamps; optical lanterns; optical lenses; oscillographs; ovens for laboratory use; oxygen transvasing apparatus, namely, oxygen regulators; ozonisers being ozonators; parking meters; particle accelerators; pedometers; peepholes being magnifying lenses for doors; periscopes; personal stereos; petrol gauges; blank phonograph records; photographic, electrostatic, and thermic photocopiers; photographic racks; photometers; phototelegraphy apparatus; photovoltaic cells; pince-nez; laboratory pipettes; Pitot tubes; plane tables being surveying instruments; planimeters; plates for batteries; plotters; electrical connectors in the nature of plugs, sockets and other contacts; plumb bobs; plumb lines; pocket calculators; polarimeters; portable media players; precision balances; precision measuring apparatus, namely, precision balances; pressure gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuit boards; printed circuits; document printers for use with computers, prisms for use with optics; probes for scientific purposes; processors being central processing units; slide projection apparatus; projection screens; protection devices against X-rays, not for medical purposes, namely, gloves for protection against x-rays for industrial purposes; protection devices for personal use against accidents, namely, protective masks; protective films adapted for computer screens; protective films adapted for smartphones; protective helmets; protective masks being protective industrial face masks; protective suits for aviators; measuring instruments being protractors; punched card machines for offices; push buttons for bells, namely, electric door bells; pyrometers; quantity indicators being water level indicators; radar apparatus; radiological apparatus for industrial purposes, namely, industrial wireless point-to-multipoint radio; radiology screens for industrial purposes; radio pagers; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances being railway signals; range finders for cameras; optical readers being data processing equipment; rearview cameras for vehicles; record players; reducers being electronic controllers to reduce power consumption; reflective articles for wear, for the prevention of accidents; reflective safety vests; refractometers; refractor telescopes; electric regulating apparatus, namely, voltage regulators for electric power relays; relays, electric; remote control apparatus being an electric apparatus for the remote control of industrial operations; rescue laser signalling flares; resistances, electric; respirators for filtering air being protective industrial respirators; respiratory masks, other than for artificial respiration being respiratory masks for the prevention of accident or injury; teaching apparatus being resuscitation mannequins; resuscitation training simulators; retorts for use in high temperature chemical reactions; retort stands specifically designed for retorts for use in high temperature chemical reactions; revolution counters being motion sensors; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; surveying instruments being rods; surveying instruments being rulers; surveying instruments being rules; saccharometers; safety nets; safety tarpaulins; salinometers; satellite finder meters; satellite navigational apparatus, namely, global positioning system (GPS); satellites for scientific purposes; scales; data processing equipment being scanners; screens for photoengraving being flat panel display screens for photoengraving machines; computer screens for cameras; screw-tapping gauges; security surveillance robots; semiconductors; sextants; sheaths for electric cables; shutter releases for cameras; shutters for cameras; sighting telescopes for firearms; signal bells; signal lanterns being traffic light apparatus; signalling buoys; signalling panels, luminous or mechanical being flat panel display screens; signalling whistles; signals, luminous or mechanical being flat panel display screens; signs, luminous; simulators for the steering and control of vehicles; sirens; slide calipers; slide projectors; slide-rules; photographic slides; slope indicators; blank smart integrated circuit cards; smartglasses; smart rings; smartwatches; smoke detectors; solar batteries; solar panels for the production of electricity; solderers' helmets; electromagnetic switches being solenoid valves; sonars; sound alarms; sounding apparatus and machines, namely, sound alarms; sound locating instruments being
microphones; sound recording apparatus; sound recording carriers, namely, blank USB flash drives; sound recording discs, namely, blank CDs; sound recording strips, namely, blank USB flash drives; sound reproduction apparatus; sound transmitting apparatus; speaking tubes; spectacle cases; spectacle chains, spectacle cords; spectacle frames; spectacle lenses; spectacles; spectrograph apparatus; spectrometers; speed checking apparatus for vehicles, namely, speedometers; speed indicators; shutter speed measuring apparatus for photographic purposes; speed regulators for record players; spherometers; spirit levels; spools for cameras; sprinkler systems for fire protection; square rulers for measuring; stage lighting regulators; stands for photographic apparatus; battery starter cables for motors; steelyards being lever scales; steering apparatus, automatic, for vehicles, namely, simulators for the steering and control of vehicles; step-up transformers; stereoscopes; stereoscopic apparatus being stereoscopes; stills for laboratory experiments; stroboscopes; styli, namely, needles for record players; subwoofers; sulfiometers; sunglasses; surveying apparatus and instruments; surveying chains; surveying instruments; surveyors' levels; switchboards; switchboxes being electric switches; switches, electric; tablet computers; tachometers; tape recorders; taximeters; teaching robots; telecommunication apparatus in the form of jewellery, namely, smartwatches; telegraph apparatus; telegraph wires; telemeters; telephone receivers; telephone transmitters; telephone wires; teleprinters; teleprompters; telerupters, namely, electronic relays; telescopes; telescopic sights for artillery; telescopic sights for firearms; teletypewriters; temperature indicator labels, not for medical purposes; temperature indicators; terminals, namely, electronic terminal boxes; testing apparatus for testing printed circuit boards not for medical purposes; test tubes; theft prevention installations, namely, sound alarms, electric; theodolites; thermal imaging cameras; thermionic tubes; thermionic valves; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; thin client computers; thread counters; time clocks, namely, time recording devices; time switches, automatic; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; safety traffic cones; traffic-light apparatus being signaling devices; electrical transformers; electrical transistors; transmitters of electronic signals; telecommunications transmitters; transmitting sets, namely, telecommunications transmitters; photographic transparencies; transparency projection apparatus; transponders; triodes; tripods for cameras; T-squares for measuring; T-squares for measuring; blank USB flash drives; vacuum gauges; radio vacuum tubes; variometers; vehicle breakdown warning triangles; vehicle radios; verniers; video baby monitors; blank video cassettes; video game cartridges; video recorders; video screens; blank videotapes; video telephones; viewfinders, photographic; virtual reality headsets; viscometers; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; photographic washing trays; water level indicators; wavemeters; wearable activity trackers; wearable computers, namely, smartwatches; wearable video display monitors; weighbridges; weighing apparatus and instruments; weighing machines; weights for use with weighing scales; whistle alarms; wind socks for indicating wind direction; electric wire connectors; wires, electric; workmen's protective face-shields; wrist rests for use with computers; apparatus and instruments for storing or checking electricity, namely, batteries; magnetic media for storing data and sound, namely, blank USB flash drives; LED drivers; starters for discharge lamps and replacement starters for LED applications, namely, starters for LED lighting fixtures; electrical circuit boards; solar cells for electricity generation; electronic transformers; halogen transformers; halogen transformers and power sources, namely, batteries; external electronic power supplies for LED modules, for LED fixtures and for the current and voltage regulation that is necessary for LED lamps, namely, electrical power supplies; external electronic transformers for operating low-voltage halogen lamps; ignition electrical current regulators, electrical current regulators and voltage regulator equipment and apparatus being a regulator for LED lamps, linear fluorescent lamps and other lighting apparatus, namely, LED and HID light controls; electronic or magnetic ballasts for gas discharge lamps being high intensity discharge lamps; external electronic or magnetic ballasts for ignition...
current and voltage regulation required for the operation of linear fluorescent lamps (LFL), namely, lighting ballasts; external electronic or magnetic ballasts for ignition current and voltage regulation required for the operation of high intensity discharge lamps; flashlights, photographic flashbulbs; electrical control apparatus, namely, lighting panel control boards; LED parts included in this class, namely, LED circuit boards; traffic lights and signal lights including those used in water, air, railway, road and other ground traffic and components and accessories for the installation, fixing, connection and operation thereof all in the nature of rotating signal lights; LED controlling apparatus; products for controlling LED modules being LED lighting control apparatus, LED lights and LED lamps; other units, apparatus and instruments for controlling lighting, including products for controlling lights and lighting apparatus of any kind; instruments for controlling light intensity, motion detection, or light detection and instruments for controlling lighting in accordance with other lighting-related aspects; electrical apparatus and instruments capable of destroying or repelling bacteria and other organisms, namely, steam sterilizers for laboratory use; electrical apparatus and instruments for cleaning or disinfecting, namely, steam sterilizers for laboratory use

**MARK INFORMATION**

| Standard Character Claim | No | Mark Drawing Type | 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) | Description of the Mark | The mark consists of a three-dimensional configuration of goods comprising a set of binoculars consisting of six views of the configuration. The front of the top left image comprises the pot shaped-like compass housing on the left part of the mark and a three-dimensional structure built through parallel line-protrusions on the surface of the right part of the mark, all in black. The compass housing further includes a circular design element with the wording "COMMANDER RACE EDITION" in white followed by "7 X 50" in white and "HD-STABILIZED COMPASS" in white, all on a background of black and gray curved lines. On the left front of the binoculars in the top left image is the wording "STEINER" in white followed by a white shaded rectangle with a black shaded triangle in the middle. Below this is the wording "GERMANY" in white. The other images show the three dimensional structure in black. There is a yellow locking device below the thumb wheel in all the images. On the right and left eye pieces in all the images are the terms "SPORTS AUTO FOCUS" in white. On the back view of the binoculars in all the images is the wording "CLICLOC" in white. There are covering lenses in all the images and the wording "STEINER MADE IN GERMANY" is in in darker shade of black on these elements. The matter shown in the drawing in broken lines are not part of the mark and that they serve only to show the position of the mark on the goods. | Color |

GOODS AND SERVICES INFORMATION
For actuators especially made as an integrated part of medical and surgical treatment apparatus and equipment in the nature of hospital beds for use by burn patients, examination couches specially made for dental use, examination couches specially made for medical use, beds for surgical use, medical patient treatment chairs, patient litters in the nature of stretchers, chairs specially made for medical use, chairs specially made for dental use, medical instrument tables, patient hoists, patient lifts and wheelchairs; electrically operated massagers; sensor apparatus for medical use in diagnosis, namely, wet bed sensors, sensors for measuring heart rate, out of bed detectors, weight sensors, sensors for monitoring patients movements and clinical thermometer; patient monitoring sensors and alarms; dentists' armchairs; chairs especially made for medical procedure use; sensor apparatus for medical use in monitoring the vital signs of patients; invalid lifts; patient lifters; actuators especially made for patient lifters; bed bases for beds especially made for medical purposes; beds specially made for medical purposes; tables for use in the treatment of patients, namely, medical exam table, medical procedure table, operating tables for surgical use; patient monitoring instruments, namely wet bed sensors, sensors for measuring heart rate, sensors for monitoring patients movements, out of bed detectors, weight sensors and clinical thermometer; apparatus for monitoring vital signs; heart rate monitoring apparatus; heart signal monitors; incontinence bed pads; beds specially made for medical use by burn patients; patient examination tables; stair climbing machines for medical therapeutic use; lifting devices for aiding the disabled, namely, patient lifts, patient hoists; lifting apparatus for the disabled, namely, patient lifts, patient hoists; invalids' lifting hoists; lifting chairs for the disabled in the nature of patient lifts; therapeutic and assistive devices adapted for the disabled, namely, patient
lifts, patient hoists; assistive devices adapted for the disabled namely, patients lifts, patients hoists; therapeutic devices adapted for the disabled, namely, patients lifts, patient hoists; actuators especially made as integrated part of medical and surgical furniture including beds, couches and treatment apparatus specifically for surgical purposes; parts and accessories not included in other classes specially adapted for the aforesaid goods

**International Classes** 10 - Primary Classes US Classes 26, 39, 44 **International Class Title** Medical Apparatus

For actuators especially made for the incorporation in vehicles and other means of transportation by land, water or air being aircrafts, cars, bicycles, boats, buses, motorcycles, trains, trucks, tractors, agricultural vehicles; actuators especially made for activating and controlling movement of mechanical apparatus for vehicles and other means of transportation by land, water or air being aircrafts, cars, bicycles, boats, buses, motorcycles, trains, trucks tractors, agricultural vehicles; actuators especially made for adjustment of seats within land vehicles; actuators especially made for wheelchairs; actuators especially made for electrically operated wheelchairs; lifting columns for wheelchairs; parts and not included in other classes specially adapted for the aforesaid goods

**International Classes** 12 - Primary Classes US Classes 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

For Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools, namely, harvesters, plows, mowers, reapers, bailing machines, cultivators, seed planting machines, livestock feeding machines, automatic feeding apparatus for livestock; actuators for mechanisms, namely, linear and rotary actuators; linear mechanical and linear electro-mechanical actuators; hydraulic valve actuators; linear actuators; linear actuators being mechanical, pneumatic valve actuators; pneumatic actuating apparatus, namely, linear and rotary actuators; rotating actuators; rotary actuators; actuator systems comprised primarily of linear actuators; linear actuators for valves; linear actuators for use in wind turbines; linear actuators for automation of manufacturing processes; linear actuators integrated in feeding machines; linear actuators integrated in automatic feeding apparatus for livestock; linear actuators integrated in agricultural machines; linear actuators for outdoor power equipment, such as lawn mower blades and pull-type attachments for machine tools; Motor drive units other than for land vehicles for machines; electric motors for actuators, lifting columns and actuator systems; electrical brakes for machines; linear actuating mechanisms for slats and pergolas and slats for shading installations; linear actuators for solar energy collectors for generating electricity; linear actuators for solar energy collectors for electricity generation; actuators for operating of valves; parts and accessories not included in other classes specifically adapted for the aforesaid goods; power operated lifting platforms; power operated lifting tables; power operated lifting columns; linear actuators designed as lifting columns, linear actuators designed as drive units for lifting columns; mechanical, electro-mechanical and electric lifting columns; robotic mechanisms for lifting, namely, agricultural machinery and implements for lifting, mobile industrial machinery for material handling for lifting, stationary machinery for material handling for lifting; lifting and hoisting equipment, namely, elevators and escalators; stairlifts; mobile stairs being motorised; mechanical and hydraulic lifts; lifting apparatus, namely, agricultural machinery for lifting, mobile industrial machinery for material handling for lifting, stationary machinery for material handling for lifting; elevating apparatus, namely, elevating agricultural machinery, elevating mobile industrial machinery for material handling, elevating stationary machinery for material handling; remotely controlled lifting machines being agricultural machinery for lifting, mobile industrial machinery for material handling for lifting, stationary machinery for material handling for lifting; lifting chairs; parts and accessories not included in other classes specifically adapted for the aforesaid goods
International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 24, 31, 34, 35 International Class Title Machinery For Furniture; actuators especially made as an integrated part of height-adjustable tables; frames with built-in actuators which are especially made for tables being furniture; actuators integrated in height-adjustable store counters and check-out counters being parts of the store interior; frames specially adapted for height-adjustable tables; height-adjustable desks; height-adjustable worktables; table legs; actuators especially made as integrated in height-adjustable kitchen furniture; actuators integrated in modular shelving being furniture; actuators integrated in furniture, including adjustable beds, recliners being chairs and sofas; fastening and anchoring devices not of metal specially adapted for securing actuators to furniture including hospital furniture, office furniture and kitchen furniture; hospital beds; slatted bases for beds; mattress bases; bed rails; beds; adjustable beds; subframes for beds; bed frames; ladders and movable steps, non-metallic; furniture for the physically handicapped, namely, those of reduced mobility and invalids, namely, adjustable beds, adjustable chairs, adjustable tables, adjustable shelves, adjustable kitchen counters, adjustable cabinets; furniture parts being feet for furniture; parts and accessories not included in other classes specially adapted for the aforesaid goods

International Classes 20 - Primary Classes US Classes 2, 13, 22, 25, 32, 50 International Class Title Furniture and Articles Not Otherwise Classified For actuators especially made as an integrated part of pellet heating plants being pellet ovens; actuators especially made as an integrated part of solar thermal collectors for the purpose of heating; actuators especially made as an integrated part of extractor hoods for kitchens; actuators especially made as an integrated part of ventilating fans for industrial purposes and household use; actuators especially made for fire vents for use in fire hazard zones; actuators especially made for ventilation flaps in the nature of vent flaps specially adapted for use in fire hazard zones; actuators especially made for smoke release dampers; actuators especially made for extractor hoods for kitchens; light plugs in the nature of plugs specially adapted for light fixtures; LED light guides being lighting fixtures that integrate different types of light into a single fixture; LED light fixtures; parts and accessories not included in other classes specially adapted for the aforesaid goods

International Classes 11 - Primary Classes US Classes 13, 21, 23, 24, 31, 34 International Class Title Environmental Control Apparatus For Installation, maintenance, servicing and repair of actuators, actuator systems and lifting devices

International Classes 37 - Primary Classes US Classes 100, 103, 106 International Class Title Construction and Repair For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electricity conduits, switches, and transformers; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media, namely, e-Books, videos in the field of actuators and software for control, configuration, adjustment, data read-out, and maintenance of actuators; computers and computer peripheral devices; electric actuators; linear actuators being electric; electric actuator systems comprising primarily of electric linear actuators; frequency converters for actuators; peripherals specially adapted for use with computers and other smart devices; electric actuators for solar energy collectors for generating electricity; electric actuators for solar energy collectors for electricity generation; electric actuators for operating of valves; downloadable software for monitoring, analysing, controlling and running physical world operations; downloadable factory automation software; downloadable computer software for
remote monitoring and analysis; downloadable computer software for controlling self-service terminals; downloadable interactive computer software for creating user manuals; downloadable movement recognition software; downloadable software for movement controllers; downloadable machine learning software for healthcare; downloadable workout logging software; electric actuators for controlling apparatus for climate control; electric actuators integrated in monitors being computer hardware; downloadable application software for controlling and monitoring actuators; downloadable applications for monitoring, configuring, data read-out and adjustment of agricultural machinery and implements, care and rehabilitating equipment, hospital equipment, hospital and care beds, operating and treatment tables, industrial equipment for material handling, desks, counters, beds, reclining chairs, equipment for personal care, equipment for sport and gymnastics and home devices for use with mobile devices; batteries for mobile devices; batteries for adjustable medical devices; multi battery chargers; battery chargers; adaptors for electricity; adapters for connection between media devices; USB adapters; downloadable application software for controlling wireless devices; wireless remote controls for controlling actuators; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; operating panels, namely, control panels for operating other electrical, electronic, and mechanical devices or systems; touch sensitive control panels, namely, for operating other electrical, electronic, and mechanical devices or systems; electric operating units, namely, control panels for operating other electrical, electronic, and mechanical devices or systems; downloadable computer software for configuring actuators; security control apparatus, namely, panels and motions detectors; electronic or electric control modules and control boxes, namely, controllers for operating other electrical, electronic, and mechanical devices or systems; electronic or electric junction boxes; electronic or electric sensors being end stops including switches for end stops; communication interface units for control boxes; AC/DC connector; motions sensors; electronic sensors; electric sensors; gyroscopic sensors; downloadable sensory software; object detecting sensors; intelligent motor control devices for electric and electronic actuators; downloadable health monitoring software; sensors for monitoring physical movements; measuring, detecting and monitoring instruments, indicators and controllers, namely, instruments for measuring detecting and monitoring actuators; intelligent gateway interface in the nature of computer network interface devices for software defined storage; digital sensors; optical sensors; piezoelectric sensors; magnetic sensors; motion sensors for security lights; movement sensors; motion sensors, motion detectors; electronic brakes specially adapted for electric actuators; mounting brackets specially adapted for electric actuators; mounting cords being electrical; light-emitting diodes [LED]; weighing apparatus and instruments for weighing patients in hospital beds; downloadable computer software and computer hardware for testing, remotely monitoring, analyzing, fault and status reporting, maintaining and generating service data; electric, electronic and optical remote controls, hand controls and foot controls for operating other electrical, electronic, and mechanical devices or systems; computer switches, electric switches, limit switches, electronic limit switches, safety limit switches being safety switches, circuit breakers, fault current breakers; fire alarms and moisture alarms; electrical and electronic circuits, potentiometers for measuring variable electric resistances, antennas, electromagnetic coils, faulted circuit indicators being electric, temperature indicators, speed indicators, pressure indicators, level indicators being an instrument for determining the horizontal plane, tachometers, revolution counters, encoders including magnetic and optical encoders; extension cords and cables, electrical plugs and sockets plugs and plug connectors, and cable junctions and junction boxes; electric apparatus and instruments specifically adapted for automatic positioning devices for the remote control of agricultural machinery and implements, care and rehabilitating equipment, hospital equipment, hospital and care beds, operating and treatment tables, industrial equipment for material handling, desks, counters, beds, reclining chairs, equipment for personal
Care, equipment for sport and gymnastics and home devices; external power supply units being electric; external power supply units being transformers; power supply units being electric; external power supply units in the nature of batteries; scales with body mass analyzers; weighing scales for medical use; parts and accessories not included in other classes specially adapted for the aforesaid goods
