Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking, life-saving and teaching apparatus and instruments, namely, telescopes, microscopes, cameras, scanners, computer printers for printing documents, binoculars, optical shutters, photographic slide transparencies, fire and gas alarms, barometers, electronic warning bells, signal bells; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric cables and wires, electric circuit closers, electric control panels, electric converters, electric power converters, electric transformers, electricity conduits, power switches, power transformers, electrical power distribution blocks, electrical connectors for power converters; apparatus for recording, transmission or reproduction of sound or images, namely, audio and video cassette recorders, audio tape recorders, DVD recorders, magnetic tape recorders, tape recorders and players, telephone recorders, video tape recorders, digital audiotape players, USB card readers, radio receivers and transmitters, telephone transmitters, television transmitters; blank magnetic data carriers; blank recording discs; blank compact discs, DVDs and other digital recording media, namely, CD-ROMs, diskettes, flash memory cards, digital audiotapes; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; fire-extinguishing apparatus, namely, fire extinguishers; handheld electronic units for adjusting sound levels in hearing aids; adapters for connecting telephones to hearing aids; batteries for use in hearing aids; stetoclip hearing aid listeners; remote control apparatus for air conditioning installations; measuring and control devices for air conditioning technology, namely, electric current controllers and regulators for air conditioning apparatus, electric control panels for air conditioning apparatus; digital thermostats; air conditioning, heating, ventilation and drying control devices, being climate control systems, namely, Climate control systems consisting of digital thermostats, air conditioning, heating, ventilation and drying control devices; humidity meters; electrical and electronic control apparatus for use with apparatus or installations for heating, namely, electrical control systems for heating and air conditioning systems; electric control devices for heating management; electric control devices for heating and energy management; battery power supplies for medical ventilators; audio players; audio tape players; digital audio players; audio cassette players; digital audio tape players; DVD player; video players; disc players, namely, video disc players, optical disc players; videotape players; tape players; record players; DVD players; cassette players; CD players; MP3 players; videodisc players; mp4 players; record player turntables; handheld media players; gramophone record players; portable DVD players; optical disc players; digital video players; digital music players; portable music players; phonograph record players; compact disc players; styli for record players, namely, phonograph needles; portable radio cassette players; speakers for record players; needles for record players; cases for MP3 players; wearable portable media players; covers for MP3 players; docking stations for MP3 players; speakers for portable media players; combination video players and recorders; tone arms for record players; cases adapted for CD players; cases for digital media players; covers for portable
media players; cases adapted for DVD players; cases for portable media players; covers for digital media players; speed
regulators for record players; docking stations for digital music players; compact disc players for use with computers; carrying
cases for portable music players; carrying cases for digital music players; wireless transmitters and receivers; display
devices, television receivers and film and video devices, namely, editing appliances for cinematographic films, slide film
mounts, movie film developing machines; wireless audio and video receivers; display modules for television receivers;
digital transmitters; data transmitters; wireless transmitters; optical transmitters; video transmitters; FM transmitters in the
nature of radio transmitters; portable transmitters; electrical transmitters; broadcast transmitters; television transmitters;
satellite transmitters; radio transmitters; telecommunications transmitters; audio transmitter units; radio-frequency
transmitter; sound transmitting apparatus; speakers; audio speakers; loud speakers; wireless speakers; portable speakers;
audio speaker enclosures; speakers for computers; audio speakers for home; auxiliary speakers for mobile phones;
amplifiers; amplifier tuners; image amplifiers; electronic amplifiers; optical amplifiers; digital amplifiers; electrical
amplifiers; signal amplifiers; electroacoustic amplifiers; sound amplifiers; audio amplifiers; stereo amplifiers;
loudspeakers with built in amplifiers; electrical amplifiers for sound signals; sound mixers with integrated amplifiers; sound
bars; cinematographic projectors; home cinema systems, namely, home theatre surround sound systems; cinematographic
apparatus and instruments; apparatus for editing cinematographic film; interactive television terminal sets; software for
connecting computer networks and digital media with interactive televisions; closed circuit television apparatus; satellite
television receiving apparatus; satellite television signal scramblers; radio and television aerials; television and video
converters; filters for television screens; filters for television sets; closed-circuit television systems; displays for television
receivers; closed circuit television cameras; programmable digital television recorders; high definition televisions; ultra high
definition televisions; Internet protocol televisions; high definition televisions (HDTVs); remote controls for televisions;
television and video recorders; transmitting apparatus for television broadcasting; television apparatus for projection
purposes; antennas for radio, for television; liquid crystal display (LCD) televisions; digital multimedia broadcasting
television; uhd (ultra high definition) televisions; anti-glare filters for televisions; plasma display panel (pdp) televisions; wall
mountings adapted for television monitors; repeaters for radio and television stations; operating system programs for smart
television; coin-operated mechanisms for television sets; screen filters for computers and televisions; transmitting and
receiving apparatus for television broadcasting; mounts and mounting brackets adapted for televisions; cables for transmitting
and receiving cable television signals; television screen protectors in the nature of acrylic shields to be mounted over television
screens; display screen filters adapted for use with televisions; anti-glare filters for televisions and computer monitors; colour
filters for television and motion picture film cameras; display devices, namely, computer display screens, liquid crystal
displays, video display terminals, electroluminescent display panels, digital signage display panels; Internet-ready televisions;
Internet protocol televisions; stands for televisions; television signal amplifiers; television receiving dishes; television
monitoring apparatus, namely, television cameras; television display apparatus; television camera tubes; cable television
converters; television standards converters; cable television transmitters; portable televisions; car televisions; television
electrical outlets; television cameras; televisions; high definition set-top boxes; digital set-top boxes; set-top boxes; car
antennas; car stereos; car audio apparatus; car cassette players; vehicle stereos; vehicle radios; multi-camera systems for
vehicles; video recording apparatus for vehicles; navigation compasses in the nature of directional compasses; electrical navigational instruments; car navigation computers; marine navigation apparatus; GPS navigation device; electronic navigation systems; electronic navigation apparatus; loran navigation machines; satellite navigation devices; electric navigational instruments; inertial navigational instruments; satellite-aided navigation systems; underwater sonar navigational apparatus; dashboard mounts for navigation devices; software for satellite navigation systems; software for GPS navigation systems; cases for satellite navigation devices; satellite navigational system for bicycles; avionic sensor systems, namely, navigation systems; control devices for vehicle navigation apparatus, namely, air traffic control radio equipment, cruise controls for motor vehicles; computer application software for vehicle navigation apparatus, namely, software for software for calculating and displaying route, geographic, map, travel, traffic, weather and point-of-interest information; vehicle navigation systems featuring interactive displays; navigation apparatus for vehicles; interactive computer software that provides navigational and travel information; computer programs for use in the autonomous navigation of vehicles; cameras; camera casings; camera straps; camera mounts; camera lenses; camera filters; camera hoods; camera cases; camera tripods; camera stands; camera flashes; camera goggles in the nature of googles containing cameras; camera covers; camera bipods; camera monopods; camera shutters; camera shutters; video cameras; cine-cameras; photographic cameras; still cameras; infrared cameras; plate cameras; security cameras; underwater cameras; digital cameras; disposable cameras; view cameras; dashboard cameras; tv cameras; helmet cameras; digital cameras for industrial use; digital single-lens reflex (dslr) cameras; headsets, namely, headsets for telephones, wireless headsets for smartphones; headphone headsets; wireless headsets; virtual reality headsets; wireless headsets for smartphones; headphones for mobile telephones; headsets for use with computers; wireless headsets for smart phones; wireless headsets for mobile phones; hands-free headsets for cell phones; headphones; headphone amplifiers; headphone consoles; stereo headphones; music headphones; headphone-microphone combinations; in-ear headphones; two-way plugs for headphones; personal headsets for sound transmitting apparatuses; personal headphones for use with sound transmitting systems; dc/ ac inverters; ac/ dc power supplies; wearable computer peripheral devices; wearable audio equipment; wearable activity trackers; wearable smart phones; wearable computer peripherals; wearable telecommunication apparatus; smart watches; smart bracelets; watchbands that communicate data to smartphones in the nature of smartwatch bands; bands with sensors being watchbands with sensors to communicate data to smartphones and personal computers communicate data to smartphones in the nature of smartwatch bands; watchbands that communicate data to personal digital assistants, smartphones, and personal computers through Internet websites and other computer and electronic communication networks communicate data to smartphones in the nature of smartwatch bands; bracelets that communicate data to personal digital assistants, smartphones, and personal computers through Internet websites and other computer and electronic communication networks virtual reality software in the nature of smart bracelets; head-mounted video display apparatus; data gloves; data capture apparatus, namely, camcorders; helmet camera mounts; multiple purpose cameras; action cam being action cameras; marine radios; marine compasses; marine communication apparatus; marine depth sounders; marine depth finders; tablet computer; tablet pcs; tablet monitors; tablet covers; tablet computers; digital tablets; electronic tablets; graphics tablets; tablet docking stations; keyboards for tablets; cases for tablet computers; software for tablet computers, namely, computer operating systems; leather cases for tablet computers; flip covers for tablet computers; protective cases for tablet computers; protective covers for tablet computers; stands adapted for tablet computers; computer tablet holders adapted for use in cars; display screen filters adapted for use with tablet computers; computers; computer terminals; micro-computer; computers and computer hardware; personal computers; portable computers; mobile computers; handheld computers; micro-
computers; mainframes computers; trip computers; process computers; netbook computers; communications computers; desktop computers; palmtop computers; laptop computers; underwater dive computers; thin client computers; computer components and parts; pocket computers for note-taking; monitors, namely, computer monitors, video monitors, computer tablet monitors, television monitors, TV monitors, video baby monitors, video monitors; computer monitor frames; baby monitors; led monitors; LCD monitors; colour monitors; display monitors; monitor speakers; monitor screens; wide-aspect ratio monitors in the nature of computer monitors; monitors for commercial purposes; video baby monitors; document printers; printer sharers, namely, USB sharing switches; printer programs, namely, computer utility programs for managing, scheduling, queuing and execution of batch printing jobs; computer document printer; dot matrix printers; optical document printers; plotter document printers; colour document printers; digitizing document printers; xerographic document printers; laser document printers; thermal printers; impact printers; photo printers; video printers; printer spooler software; thermal printer heads; laser printer controllers; ink jet document printers; stands for document printers; digital colour document printers; integrated output document printers; laser colour document printers; laser beam document printers; port sharing document printers; bar code printers; daisy wheel printers; dry film document printers; non-impact document printers; inkjet colour document printers; print heads for printers; dry laser imager document printers; document printers for use with computers; controlling software for computer printers; toner cartridges, unfilled, for printers; laser printers for dry films; unfilled ink cartridges for computer printers; printer cables; printer hubs; printer converters; printer servers; printer buffers; fax devices; fax machines; multifunctional devices which incorporate copier and facsimile functions in the standalone mode; scanners; image scanners; 3d scanners; computer peripherals; computer peripheral apparatus; computer peripheral devices; computer peripheral equipment; wireless computer peripherals; firmware for computer peripherals, namely, firmware for controlling paper availability, firmware for controlling printer ink and data integrity in a printer; upi software; computer peripheral devices for data reproduction; computer joysticks, namely, joysticks for use with computers other than for video games; computer cabling; computer modems; computer mice; computer daughter boards; computer motherboards; blank computer diskettes; computer chipsets; blank computer discs; computer housings; computer memories; computer keypads; computer touchscreens; computer hardware; computer groupware for email, calendaring, project management, text chat, wiki, social networking and bookmarking; computer programs for use in database management, use in electronic storage of data; computer keyboards; computer stylists; computer cables; computer database servers; computer software packages, namely, computer operating programs; computer network routers; computer telephony equipment; computer mouse pads; wireless computer mice; computer disk drives; downloadable computer software for navigation purposes; computer sub-assemblies, namely, electronic circuit board, electronic circuits, computer cables; computer antivirus software; recorded computer programs for use in database management, and for use in electronic storage of data; computer operating programmes; computer firewall software; lan computer cards; trackballs; computer heat sinks; computer card adapter; computer graphics boards; computer accelerator board; touchpads for computers; input devices for computers; storage apparatus for computer data, namely, blank hard discs; storage apparatus for computer programs, namely, blank hard discs; storage racks for computer discs; blank hard disks for computers; computer networking and data communications equipment, namely, network routers, wide area network (WAN) routers; computer peripherals adapted for use with computers; wrist rests for use with computers; wrist rests for use with computer peripherals; dust covers for computers; computer cases; DVD cases; CD cases; cases for diskettes; compact disc cases; computer carrying cases; laptop carrying cases; cases for pdas; notebook computer carrying cases; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; shield cases for magnetic disks; sleeves for laptops; pre-recorded DVD s featuring games; memory cards for video game machines; pre-recorded compact discs
featuring games; pre-recorded audio tapes featuring games; pre-recorded video tapes featuring games; pre-recorded laser discs featuring games; cellular phones; digital cellular phones; telecommunications instruments for use in cellular radio networks, namely, radio receivers and transmitters; smartphones; phablet; straps for cellular phones; covers for smartphones; cases for smartphones; chargers for smartphones; displays for smartphones; docking stations for smartphones; protective cases for smartphones; protective covers for smartphones; leather cases for smartphones; mobile phone straps; mobile phone cases; mobile phone docking stations; chargers for mobile phones; batteries for mobile phones; keyboards for mobile phones; cases for mobile phones; downloadable game software for use on mobile phones; displays for mobile phones; carriers adapted for mobile phones; holders adapted for mobile phones; dashboard mounts for mobile phones; downloadable application game software for use on mobile phones; battery chargers for mobile phones; leather cases for mobile phones; cases adapted for mobile phones; downloadable graphics for mobile phones; computer software for mobile phones for receiving and transmission of message in the nature of data, text, language, sound, image and video; flip covers for mobile phones; protective cases for mobile phones; auxiliary batteries for mobile phones; display modules for mobile phones; stands adapted for mobile phones; downloadable ring tones for mobile phones; dustproof plugs for jacks of mobile phones; mobile phone display screen protectors in the nature of films; power supplies for smartphones; operating system programs for smartphones; selfie sticks used as smartphone accessories; liquid crystal protective films for smartphones; voip phones; digital phones; video phones; Internet phones; telecommunication apparatus; telecommunication equipment; electronic telecommunications apparatus, namely, electronic computers; audio conference apparatus, namely, video transmitters, video-telephones, audio speakers; audio-video conference apparatus, namely, conference phones; target trackers, namely, satellite; electric light dimmers; light sensors; light diodes; light switches; light pens; darkroom lights; lighting dimmers; batteries for lighting; photographic darkroom lighting; stage lighting regulators; electric light dimmers; electric light switches; ballasts for halogen lights; electric warning lights; safety equipment, namely, beacon lights; photovoltaics; photovoltaic modules; photovoltaic cells; photovoltaic inverters; photovoltaic solar modules; photovoltaic installations for generating electricity; calibrated photovoltaic reference cells; photovoltaic apparatus and installations for generating solar electricity; photovoltaic apparatus for converting solar radiation to electrical energy; watches that communicate data to personal digital assistants, smartphones, and personal computers through Internet websites and other computer and electronic communication networks in the nature of smart watches; watches incorporating cameras and MP3 players, and that communicate data to smartphones and pda in the nature of smart watches; emergency warning lights; solar panels for production of electricity; photovoltaic solar modules for production of electricity; solar batteries; solar cells; solar wafers; solar powered radios; solar panel arrays for production of electricity; solar battery chargers; solar powered telephones; solar-powered rechargeable batteries; wafers for solar cells; solar batteries for domestic use; solar panels for electricity generation; solar cells for electricity generation; solar batteries for industrial use; electronical sensors for measuring solar radiation; solar energy collectors for electricity generation; portable solar panels for generating electricity; personal security alarms; security software, downloadable, for home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); security warning apparatus in the nature of personal security alarm; security control apparatus in the nature of security alarm controller; security surveillance apparatus in the nature of cameras, switchers, monitors, microphones, and recorders; holographic security apparatus in the nature of security mirrors; personal security alarms; keypads for security alarms; downloadable computer security computer application software for smart phones, mobile phones, smart televisions and handheld electric communication devices for use in Internet of things for
home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); motion recognizing sensors; gyro sensors using GPS functions in the nature of electronic sensors; motion detectors; invader alarm sensors; alarm sensors for privacy protection; alarm sensors for refrigerators; alarm sensors for laundry washing machines; electronic range sensors; digital sensory devices in the nature of electronic sensors; electronic sensor controllers; electronic pressure sensors; electronic sensors for measuring instruments; electronic window opening and closing detecting sensors; electronic object detecting sensors; electronic door opening and closing detecting sensors; remote control apparatus for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, electric devices; USB dongle being wireless network adaptors; transmitters and receivers of electronic signals for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, emergency signals, electric devices; adapters for connecting wireless network; multifunctional touch buttons in the nature of electronic controllers; electronic sensor stations for surveillance and monitoring purposes; computer hardware, namely, monitors; electric door locks; TV remote controls; remote controls for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, electric devices; home network devices, namely, home networking modules comprising electronic components being electric cabling panels, voice and data boards, video splitters and associated wiring; electronic security system for home network comprised of cameras, switchers, monitors, microphones, recorders, computer hardware, wireless and wired controllers, and downloadable software for automating appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access; home automation device, namely, home automation hubs comprised of voice-activated speakers, computer hardware, and recorded software for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; downloadable smart phone application software for home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); electronic display interfaces and peripheral devices for computers; cloud computer server; computer server for home network system; computer server for home automation; digital audio interface apparatus, namely, interfaces; wireless audio/video receivers; wireless communication apparatus for voice, data or image transmission; battery charge devices; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer programs for the remote control of electronic apparatus/ home appliances for installation of electronic apparatus and home appliances; downloadable and recorded computer programs for the remote control of electronic apparatus/ home appliances; downloadable and recorded computer programs for connecting remotely to computers or computer networks; digital electronic controllers for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms,
emergency signals, electric devices; electric plugs; electric sockets, plugs and other electric contacts; downloadable and recorded computer software and firmware used to allow electronic devices to share data and communicate with each other; downloadable and recorded computer operating system software; electronic device software, namely, external computer hardware drives that allow computer hardware and electronic devices to communicate with each other; downloadable and recorded middleware for management of software functions on electronic devices; downloadable and recorded computer software for computer network and device security; downloadable and recorded computer software for others to use for the development of software to manage, operate and connect Internet of things; downloadable and recorded software for mobile device management; electrical locks, namely, electronic locks; digital door locks; electronic locking apparatus, namely, electronic locks; card operated electronic locks; electric locks with alarms; mechanical locks electric, metal; mechanical dialling locks electric; electric combination metal locks; radio-frequency controlled locks; central door locking apparatus, namely, electronic locks; safety locking devices electric, namely, electric locks; radio operated door lock controls; electronic locking mechanisms for safes, namely, electronic locks; detectors for the use in security systems, namely, motion detectors, infrared detectors, smoke detectors, carbon monoxide detectors, carbon dioxide detectors, fire detectors, heat detectors, fluid detectors; infrared detectors; approximation detectors; heat detectors; laser motion detectors for use in security systems, vehicles and electronics; leak detectors; voltage detectors; fire detectors; flame detectors; smoke detectors; passive infrared detectors; motion sensors and detectors for use in security systems, vehicles and electronics; computer controllers for the operation of controlling security systems, vehicles and consumer home electronics; electric multiport controllers for controlling security systems, vehicles and electronics; controllers, namely, voltage regulators; motion controllers, namely, security control panels and motion detectors; power controllers, namely, electronic controllers for use with power converters; communications controllers in the nature of downloadable and recorded software for monitoring and controlling communication between computers and electronic devices; electrical controllers for security systems, vehicles and electronics; fire control apparatus, namely, manual control panels for use in carbon dioxide fire suppression systems; electronic access control devices for accessing premises, vehicles, computer applications and consumer home electronic devices; thermostat control apparatus; energy control devices, namely, electric control devices for heating and energy management; power controlling apparatus electric, namely, electronic controllers used to reduce power consumption; process control units electronic for controlling security systems, vehicles and consumer home electronics; temperature control apparatus thermostats; biometric access control systems comprised of biometric identification apparatus, biometric fingerprint door locks, biometric scanners, biometric retinal scanners, voice detectors, face recognition scanner, and eyes recognition scanner; electric current control devices; wireless transmitters and receivers for use with hearing aids; electronic timing control instruments; electric access control apparatus for accessing premises, vehicles, computer applications and consumer home electronic devices; electric access control installations for accessing premises, vehicles, computer applications and consumer home electronic devices; electric access control units for accessing premises, vehicles, computer applications and consumer home electronic devices; process control units electric for processing premises, vehicles, computer applications and consumer home electronic devices; access control cards encoded or magnetic; apparatus for controlling static electricity; multiple control
signal transmission units; electronic sensors used in plant control; measuring, detecting and monitoring instruments, indicators and controllers, namely, security systems, vehicles and consumer home electronics; monitoring instruments, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, Temperature and humidity sensors, Pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; monitoring units electric, namely, thermometers, burglar alarms; monitoring apparatus, electric, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, Temperature and humidity sensors, Pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; monitoring units electric, namely, electronic proximity sensors and switches, high-resolution cameras; monitoring control apparatus electric, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, Temperature and humidity sensors, pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; downloadable and recorded cloud network monitoring software; temperature monitors for household use; temperature monitors for industrial use; listening devices for monitoring babies; network monitoring cameras for surveillance; video cameras adapted for monitoring purposes; vapour monitoring apparatus for the detection of leaks; wireless controllers to remotely monitor and control the function and status of security systems; video surveillance systems comprising electronic sensors and detectors; video surveillance cameras; electronic video surveillance apparatus; network surveillance cameras; electric and electronic video surveillance installations; sirens; electric door bells; closed circuit television systems (CCTV) for security and surveillance, namely, camera, switches, monitors, microphones and recorders; batteries; rechargeable batteries; lithium batteries; dry batteries; electrical batteries; anode batteries; galvanic batteries; accumulators batteries; ignition batteries; electric batteries; power units batteries; dry-cell batteries; power packs batteries; batteries for lighting; rechargeable electric batteries; electronic cigarette batteries; high tension batteries; electrical storage batteries; lithium ion batteries; mobile telephone batteries; nickel-cadmium batteries; lithium secondary batteries; electric storage batteries; electrical cells and batteries; nickel-cadmium storage batteries; vehicle batteries; batteries for electric vehicles; portable battery pack for charging electric devices and electric apparatus; chargers for electric batteries; battery adapters; battery packs; battery leads; battery jump starters; battery starter cables; battery testers; battery cases; battery boxes; battery booster cables; battery testing apparatus; battery charging equipment, namely, chargers; cell phone battery chargers for use in vehicles; battery chargers for use with telephones; vehicle engine diagnostic apparatus, namely, handheld diagnostic scanners; downloadable and recorded computer software for diagnostics and troubleshooting of electronics, security systems, computer software and vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing vehicles; testing apparatus for diagnostic purposes other than medical, namely, diagnostic apparatus for testing vehicles; downloadable and recorded utility programs for performing computer system diagnostics; downloadable and recorded mobile application software for mobile phones, portable media players and handheld computers for controlling and monitoring security systems, vehicles and consumer home electronics; downloadable and recorded computer application software for mobile phones, portable media players and handheld computers for controlling and monitoring security systems, vehicles and consumer home electronics; application processors, namely, data processors, digital signal processors and digital sound processors; downloadable and recorded computer application software for TV for streaming audiovisual and multimedia content via the internet and global communications networks, searching, organizing, and recommending multimedia content, for purchasing, accessing, and viewing movies, tv shows, videos, and multimedia content; gaming; downloadable and recorded application software for cloud computing services for security systems, vehicles and consumer home electronics; magnetically encoded credit cards; credit card terminals; card readers for credit cards; credit card encoding machines; magnetically encoded prepaid credit cards;
downloadable and recorded computer software for facilitating secure credit card transactions; thermostats for vehicle engines; vehicle breakdown warning triangles; vehicle breakdown warning lamps; vehicle drive training simulators; vehicle speed control systems comprising electronic speed controllers; cruise controls for vehicles; vehicle autonomous driving control systems featuring interactive displays comprised of downloadable computer software therefor; downloadable and recorded computer applications for automatic vehicle driving control; downloadable and recorded computer applications for automated vehicle parking control; on-board electronic systems in land vehicles for providing parking assistance comprised of downloadable computer software therefor; display monitors for providing an all-around view for a vehicle; video processors for providing an all-around view for a vehicle; downloadable and recorded computer programs for providing an all-around view for a vehicle; downloadable and recorded computer programs for use in the assisted driving of vehicles; pressure in vehicle tires, namely, automatic indicators of low pressure in tires; automatic indicators of low pressure in vehicle tires; integrated electronic driver assistance systems for land vehicles comprised of proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; acoustic alarms and warning equipment, namely, electric warning bells and horns; fuses; vehicle fuses; jumper cables; battery jump starters; alcohol breath testing apparatus

vehicles; video recording apparatus for vehicles; navigation compasses in the nature of directional compasses; electrical navigational instruments; car navigation computers; marine navigation apparatus; GPS navigation device; electronic navigation systems; electronic navigation apparatus; loran navigation machines; satellite navigation devices; electric navigational instruments; inertial navigational instruments; satellite-aided navigation systems; underwater sonar navigational apparatus; dashboard mounts for navigation devices; software for satellite navigation systems; software for GPS navigation systems; cases for satellite navigation devices; satellite navigational system for bicycles; avionic sensor systems, namely, navigation systems; control devices for vehicle navigation apparatus, namely, air traffic control radio equipment, cruise controls for motor vehicles; computer application software for vehicle navigation apparatus, namely, software for software for calculating and displaying route, geographic, map, travel, traffic, weather and point-of-interest information; vehicle navigation systems featuring interactive displays; navigation apparatus for vehicles; interactive computer software that provides navigational and travel information; computer programs for use in the autonomous navigation of vehicles; cameras; camera casings; camera straps; camera mounts; camera lenses; camera filters; camera hoods; camera cases; camera tripods; camera stands; camera flashes; camera goggles in the nature of goggles containing cameras; camera covers; camera bipods; camera monopods; camera shutters; camera shutters; video cameras; cine-cameras; photographic cameras; still cameras; infrared cameras; plate cameras; security cameras; underwater cameras; digital cameras; disposable cameras; view cameras; dashboard cameras; tv cameras; helmet cameras; digital cameras for industrial use; digital single-lens reflex (dslr) cameras; heads; heads, namely, heads for telephones, wireless headsets for smartphones; telephone headsets; wireless headsets; virtual reality headsets; wireless headsets for smartphones; headphones for mobile telephones; headsets for use with computers; wireless headsets for smartphones; hands-free headsets for cell phones; headphones; headphone amplifiers; headphone consoles; stereo headphones; music headphones; headphone-microphone combinations; in-ear headphones; two-way plugs for headphones; personal headphones for sound transmitting apparatuses; personal headphones for use with sound transmitting systems; dc/ ac inverters; ac/ dc power supplies; wearable computer peripheral devices; wearable audio equipment; wearable activity trackers; wearable smart phones; wearable computer peripherals; wearable telecommunication apparatus; smart watches; smart bracelets; watchbands that communicate data to smartphones in the nature of smartwatch bands; bands with sensors being watchbands with sensors to communicate data to smartphones and personal computers communicate data to smartphones in the nature of smartwatch bands; watchbands that communicate data to personal digital assistants; smartphones, and personal computers through Internet websites and other computer and electronic communication networks communicate data to smartphones in the nature of smartwatch bands; bracelets that communicate data to personal digital assistants; smartphones, and personal computers through Internet websites and other computer and electronic communication networks virtual reality software in the nature of smart bracelets; head-mounted video display apparatus; data gloves; data capture apparatus, namely, camcorders; helmet camera mounts; multiple purpose cameras; action cam being action cameras; marine radios; marine compasses; marine communication apparatus; marine depth sounders; marine depth finders; tablet computer; tablet pcs; tablet monitors; tablet covers; tablet computers; digital tablets; electronic tablets; graphics tablets; tablet docking stations; keyboards for tablets; cases for tablet computers; software for tablet computers, namely, computer operating systems; leather cases for tablet computers; flip covers for tablet computers; protective cases for tablet computers; protective covers for tablet computers; stands adapted for tablet computers; computer tablet holders adapted for use in cars; display screen filters adapted for use with tablet computers; computers; computer terminals; micro-computer; computers and computer hardware; personal computers; portable computers; mobile computers; handheld computers; micro-
computers; mainframes computers; trip computers; process computers; netbook computers; communications computers; desktop computers; palmtop computers; laptop computers; underwater dive computers; thin client computers; computer components and parts; pocket computers for note-taking; monitors, namely, computer monitors, video monitors, computer tablet monitors, television monitors, TV monitors, video baby monitors, video monitors; computer monitor frames; baby monitors; led monitors; LCD monitors; colour monitors; display monitors; monitor speakers; monitor screens; wide-aspect ratio monitors in the nature of computer monitors; monitors for commercial purposes; video baby monitors; document printers; printer sharers, namely, USB sharing switches; printer programs, namely, computer utility programs for managing, scheduling, queuing and execution of batch printing jobs; computer document printer; dot matrix printers; optical document printers; plotter document printers; colour document printers; digitizing document printers; xerographic document printers; laser document printers; thermal printers; impact printers; photo printers; video printers; printer spooler software; thermal printer heads; laser printer controllers; ink jet document printers; stands for document printers; digital colour document printers; integrated output document printers; laser colour document printers; laser beam document printers; port sharing document printers; bar code printers; daisy wheel printers; dry film document printers; non-impact document printers; ink-jet colour document printers; print heads for printers; dry laser imager document printers; document printers for use with computers; controlling software for computer printers; toner cartridges, unfilled, for printers; laser printers for dry films; unfilled ink cartridges for computer printers; printer cables; printer hubs; printer converters; printer servers; printer buffers; fax devices; fax machines; multifunctional devices which incorporate copier and facsimile functions in the standalone mode; scanners; image scanners; 3d scanners; computer peripherals; computer peripheral apparatus; computer peripheral devices; computer peripheral equipment; wireless computer peripherals; firmware for computer peripherals, namely, firmware for controlling paper availability, firmware for controlling printer ink and data integrity in a printer; upi software; computer peripheral devices for data reproduction; computer joysticks, namely, joysticks for use with computers other than for video games; computer cabling; computer modems; computer mice; computer daughter boards; computer motherboards; blank computer diskettes; computer chipsets; blank computer discs; computer housings; computer memories; computer keypads; computer touchscreens; computer hardware; computer groupware for email, calendaring, project management, text chat, wiki, social networking and bookmarking; computer programs for use in database management, use in electronic storage of data; computer keyboards; computer stylists; computer cables; computer database servers; computer software packages, namely, computer operating programs; computer network routers; computer telephony equipment; computer mouse pads; wireless computer mice; computer disk drives; downloadable computer software for navigation purposes; computer sub-assemblies, namely, electronic circuit board, electronic circuits, computer cables; computer antivirus software; recorded computer programs for use in database management, and for use in electronic storage of data; computer operating programmes; computer firewall software; lan computer cards; trackballs; computer heat sinks; computer card adapter; computer graphics boards; computer accelerator board; touchpads for computers; input devices for computers; storage apparatus for computer data, namely, blank hard discs; storage apparatus for computer programs, namely, blank hard discs; storage racks for computer discs; blank hard disks for computers; computer networking and data communications equipment, namely, network routers, wide area network (WAN) routers; computer peripherals adapted for use with computers; wrist rests for use with computers; wrist rests for use with computer peripherals; dust covers for computers; computer cases; DVD cases; CD cases; cases for diskettes; compact disc cases; computer carrying cases; laptop carrying cases; cases for pdas; notebook computer carrying cases; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; shield cases for magnetic disks; sleeves for laptops; pre-recorded DVD s featuring games; memory cards for video game machines; pre-recorded compact discs
featuring games; pre-recorded audio tapes featuring games; pre-recorded video tapes featuring games; pre-recorded laser discs featuring games; cellular phones; digital cellular phones; telecommunications instruments for use in cellular radio networks, namely, radio receivers and transmitters; smartphones; phablet; straps for cellular phones; covers for smartphones; cases for smartphones; chargers for smartphones; displays for smartphones; docking stations for smartphones; protective cases for smartphones; protective covers for smartphones; leather cases for smartphones; mobile phone straps; mobile phone cases; mobile phone docking stations; chargers for mobile phones; batteries for mobile phones; keyboards for mobile phones; cases for mobile phones; downloadable game software for use on mobile phones; displays for mobile phones; carriers adapted for mobile phones; holders adapted for mobile phones; dashboard mounts for mobile phones; downloadable application game software for use on mobile phones; battery chargers for mobile phones; leather cases for mobile phones; cases adapted for mobile phones; downloadable graphics for mobile phones; computer software for mobile phones for receiving and transmission of message in the nature of data, text, language, sound, image and video; flip covers for mobile phones; protective cases for mobile phones; auxiliary batteries for mobile phones; display modules for mobile phones; stands adapted for mobile phones; downloadable ring tones for mobile phones; dustproof plugs for jacks of mobile phones; mobile phone display screen protectors in the nature of films; power supplies for smartphones; operating system programs for smartphones; selfie sticks used as smartphone accessories; liquid crystal protective films for smartphones; voip phones; digital phones; video phones; Internet phones; telecommunication apparatus; telecommunication equipment; electronic telecommunications apparatus, namely, electronic computers; audio conference apparatus, namely, video transmitters, video-telephones, audio speakers; audio-video conference apparatus, namely, conference phones; target trackers, namely, satellite; electric light dimmers; light sensors; light diodes; light switches; light pens; darkroom lights; lighting dimmers; batteries for lighting; photographic darkroom lighting; stage lighting regulators; electric light dimmers; electric light switches; ballasts for halogen lights; electric warning lights; safety equipment, namely, beacon lights; photovoltaics; photovoltaic modules; photovoltaic cells; photovoltaic inverters; photovoltaic solar modules; photovoltaic installations for generating electricity; calibrated photovoltaic reference cells; photovoltaic apparatus and installations for generating solar electricity; photovoltaic apparatus for converting solar radiation to electrical energy; watches that communicate data to personal digital assistants, smartphones, and personal computers through Internet websites and other computer and electronic communication networks in the nature of smart watches; watches incorporating cameras and MP3 players, and that communicate data to smartphones and pda in the nature of smart watches; emergency warning lights; solar panels for production of electricity; photovoltaic solar modules for production of electricity; solar batteries; solar cells; solar wafers; solar powered radios; solar panel arrays for production of electricity; solar battery chargers; solar powered telephones; solar-powered rechargeable batteries; wafers for solar cells; solar batteries for domestic use; solar panels for electricity generation; solar cells for electricity generation; solar batteries for industrial use; electronical sensors for measuring solar radiation; solar energy collectors for electricity generation; portable solar panels for generating electricity; personal security alarms; security software, downloadable, for home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); security warning apparatus in the nature of personal security alarm; security control apparatus in the nature of security alarm controller; security surveillance apparatus in the nature of cameras, switchers, monitors, microphones, and recorders; holographic security apparatus in the nature of security mirrors; personal security alarms; keypads for security alarms; downloadable computer security computer application software for smart phones, mobile phones, smart televisions and handheld electric communication devices for use in Internet of things for
home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); motion recognizing sensors; gyro sensors using GPS functions in the nature of electronic sensors; motion detectors; invader alarm sensors; alarm sensors for privacy protection; alarm sensors for refrigerators; alarm sensors for laundry washing machines; electronic range sensors; digital sensory devices in the nature of electronic sensors; electronic sensor controllers; electronic pressure sensors; electronic sensors for measuring instruments; electronic window opening and closing detecting sensors; electronic object detecting sensors; electronic door opening and closing detecting sensors; remote control apparatus for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, electric devices; USB dongle being wireless network adaptors; transmitters and receivers of electronic signals for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, emergency signals, electric devices; adapters for connecting wireless network; multifunctional touch buttons in the nature of electronic controllers; electronic sensor stations for surveillance and monitoring purposes; computer hardware, namely, monitors; electric door locks; TV remote controls; remote controls for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms, electric devices; home network devices, namely, home networking modules comprising electronic components being electric cabling panels, voice and data boards, video splitters and associated wiring; electronic security system for home network comprised of cameras, switchers, monitors, microphones, recorders, computer hardware, wireless and wired controllers, and downloadable software for automating appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access; home automation device, namely, home automation hubs comprised of voice-activated speakers, computer hardware, and recorded software for controlling networked devices in the internet of things (IoT), operating internet-enabled and connected lighting apparatus and home security alarms; downloadable smart phone application software for home and office automation of appliances, lighting, HVAC, security, electrical power, water supplies, alarms, secure entry and exit door access and for controlling networked devices in the internet of things (IoT); electronic display interfaces and peripheral devices for computers; cloud computer server; computer server for home network system; computer server for home automation; digital audio interface apparatus, namely, interfaces; wireless audio/ video receivers; wireless communication apparatus for voice, data or image transmission; battery charge devices; downloadable and recorded computer software for the remote control of security apparatus; downloadable and recorded computer software for the remote control of office machines; downloadable and recorded computer software for the remote control of electronic lighting apparatus; downloadable and recorded computer application software for the remote control of electronic apparatus and home appliances; downloadable and recorded computer programs for the remote control of electronic apparatus/ home appliances for installation of electronic apparatus and home appliances; downloadable and recorded computer software for the remote control of telephones and wireless phones; downloadable and recorded computer software for the remote control of vacuum cleaners, printers and computers; electric access security apparatus, namely, electronic access systems for interlocking doors and for controlling access to a premises; control panels for security alarms; motion sensors for security lights; downloadable and recorded software to control building environmental, access and security systems; cards encoded with security features for identification purposes; security apparatus for processing audio signals, namely, audio signal processors; photocells for use with security lighting; remote control apparatus for controlling lighting; downloadable and recorded computer software for controlling and managing access server applications; downloadable and recorded computer programs for connecting remotely to computers or computer networks; digital electronic controllers for radios, televisions, stereos, cameras, home appliances, lighting, HVAC, security devices, electrical power, water supplies, alarms,
emergency signals, electric devices; electric plugs; electric sockets, plugs and other electric contacts; downloadable and recorded computer software and firmware used to allow electronic devices to share data and communicate with each other; downloadable and recorded computer operating system software; electronic device software, namely, external computer hard drives that allow computer hardware and electronic devices to communicate with each other; downloadable and recorded middleware for management of software functions on electronic devices; downloadable and recorded computer software for computer network and device security; downloadable and recorded computer software for others to use for the development of software to manage, operate and connect Internet of things; downloadable and recorded software for mobile device management; electrical locks, namely, electronic locks; digital door locks; electronic locking apparatus, namely, electronic locks; card operated electronic locks; electric locks with alarms; mechanical locks electric, metal; mechanical dialling locks electric; electric combination metal locks; radio-frequency controlled locks; central door locking apparatus, namely, electronic locks; safety locking devices electric, namely, electric locks; radio operated door lock controls; electronic locking mechanisms for safes, namely, electronic locks; detectors for the use in security systems, namely, motion detectors, infrared detectors, smoke detectors, carbon monoxide detectors, carbon dioxide detectors, fire detectors, heat detectors, fluid detectors; infrared detectors; approximation detectors; heat detectors; laser motion detectors for use in security systems, vehicles and electronics; leak detectors; voltage detectors; fire detectors; flame detectors; smoke detectors; passive infrared detectors; motion sensors and detectors for use in security systems, vehicles and electronics; infrared detectors; programmable electronic controls for use in security systems, vehicles and electronics; thermostat controllers; electric thermostats; electronic control circuits for use in security systems, vehicles and electronics; programmable electronic controls for use in security systems, vehicles and consumer home electronics; pressure controls, namely, automatic pressure control machines and instruments; electrical controls, namely, control devices for heating and energy management; thermal controls, namely, thermostats; process control digital controllers for controlling security systems, vehicles and consumer electronics; computer controllers for the operation of controlling security systems, vehicles and consumer home electronics; electric multiport controllers for controlling security systems, vehicles and electronics; controllers, namely, voltage regulators; motion controllers, namely, security control panels and motion detectors; power controllers, namely, electronic controllers for use with power converters; communications controllers in the nature of downloadable and recorded software for monitoring and controlling communication between computers and electronic devices; electrical controllers for security systems, vehicles and electronics; fire control apparatus, namely, manual control panels for use in carbon dioxide fire suppression systems; electronic access control devices for accessing premises, vehicles, computer applications and consumer home electronic devices; thermostat control apparatus; energy control devices, namely, electric control devices for heating and energy management; power controlling apparatus electric, namely, electronic controllers used to reduce power consumption; process control units electronic for controlling security systems, vehicles and consumer home electronics; temperature control apparatus thermostats; biometric access control systems comprised of biometric identification apparatus, biometric fingerprint door locks, biometric scanners, biometric retinal scanners, voice detectors, face recognition scanner, and eyes recognition scanner; electric current control devices; wireless transmitters and receivers for use with hearing aids; electronic timing control instruments; electric access control apparatus for accessing premises, vehicles, computer applications and consumer home electronic devices; electric access control installations for accessing premises, vehicles, computer applications and consumer home electronic devices; electric access control units for accessing premises, vehicles, computer applications and consumer home electronic devices; process control units electric for processing premises, vehicles, computer applications and consumer home electronic devices; access control cards encoded or magnetic; apparatus for controlling static electricity; multiple control
signal transmission units; electronic sensors used in plant control; measuring, detecting and monitoring instruments, indicators and controllers, namely, security systems, vehicles and consumer home electronics; monitoring instruments, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, Temperature and humidity sensors, Pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; monitoring units electric, namely, thermometers, burglar alarms; monitoring apparatus, electric, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, Temperature and humidity sensors, Pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; safety monitoring apparatus electric, namely, electronic proximity sensors and switches, high-resolution cameras; monitoring control apparatus electric, namely, voltage monitors, electrical conductivity monitor, battery monitors, level and gas indicators, temperature and humidity sensors, pressure switches and sensors, electronic vibration, shock, motion and angle (blind spot) monitors, baby monitors; downloadable and recorded cloud network monitoring software; temperature monitors for household use; temperature monitors for industrial use; listening devices for monitoring babies; network monitoring cameras for surveillance; video cameras adapted for monitoring purposes; vapour monitoring apparatus for the detection of leaks; wireless controllers to remotely monitor and control the function and status of security systems; video surveillance systems comprising electronic sensors and detectors; video surveillance cameras; electronic video surveillance apparatus; network surveillance cameras; electric and electronic video surveillance installations; sirens; electric door bells; closed circuit television systems (CCTV) for security and surveillance, namely, camera, switchers, monitors, microphones and recorders; batteries; rechargeable batteries; lithium batteries; dry batteries; electrical batteries; anode batteries; galvanic batteries; accumulators batteries; ignition batteries; electric batteries; power units batteries; dry-cell batteries; power packs batteries; batteries for lighting; rechargeable electric batteries; electronic cigarette batteries; high tension batteries; electrical storage batteries; lithium ion batteries; mobile telephone batteries; nickel-cadmium batteries; lithium secondary batteries; electric storage batteries; electrical cells and batteries; nickel-cadmium storage batteries; vehicle batteries; batteries for electric vehicles; portable battery pack for charging electric devices and electric apparatus; chargers for electric batteries; battery adapters; battery packs; battery leads; battery jump starters; battery starter cables; battery testers; battery cases; battery boxes; battery booster cables; battery testing apparatus; battery charging equipment, namely, chargers; cell phone battery chargers for use in vehicles; battery chargers for use with telephones; vehicle engine diagnostic apparatus, namely, handheld diagnostic scanners; downloadable and recorded computer software for diagnostics and troubleshooting of electronics, security systems, computer software and vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing vehicles; testing apparatus for diagnostic purposes other than medical, namely, diagnostic apparatus for testing vehicles; downloadable and recorded utility programs for performing computer system diagnostics; downloadable and recorded mobile application software for mobile phones, portable media players and handheld computers for controlling and monitoring security systems, vehicles and consumer home electronics; downloadable and recorded computer application software for mobile phones, portable media players and handheld computers for controlling and monitoring security systems, vehicles and consumer home electronics; application processors, namely, data processors, digital signal processors and digital sound processors; downloadable and recorded computer application software for TV for streaming audiovisual and multimedia content via the internet and global communications networks, searching, organizing, and recommending multimedia content, for purchasing, accessing, and viewing movies, tv shows, videos, and multimedia content, gaming; downloadable and recorded application software for cloud computing services for security systems, vehicles and consumer home electronics; magnetically encoded credit cards; credit card terminals; card readers for credit cards; credit card encoding machines; magnetically encoded prepaid credit cards;
downloadable and recorded computer software for facilitating secure credit card transactions; thermostats for vehicle engines; vehicle breakdown warning triangles; vehicle breakdown warning lamps; vehicle drive training simulators; vehicle speed control systems comprising electronic speed controllers; cruise controls for vehicles; vehicle autonomous driving control systems featuring interactive displays comprised of downloadable computer software therefor; downloadable and recorded computer applications for automatic vehicle driving control; downloadable and recorded computer applications for automated vehicle parking control; on-board electronic systems in land vehicles for providing parking assistance comprised of downloadable computer software therefor; display monitors for providing an all-around view for a vehicle; video processors for providing an all-around view for a vehicle; downloadable and recorded computer programs for providing an all-around view for a vehicle; downloadable and recorded computer programs for use in the assisted driving of vehicles; pressure in vehicle tires, namely, automatic indicators of low pressure in tires; automatic indicators of low pressure in vehicle tires; integrated electronic driver assistance systems for land vehicles comprised of proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors; acoustic alarms and warning equipment, namely, electric warning bells and horns; fuses; vehicle fuses; jumper cables; battery jump starters; alcohol breath testing apparatus

### GOODS AND SERVICES INFORMATION
For building and construction materials, not of metal, namely, flooring materials, piles, fiberglass panels and polymer concrete elements, namely, concrete blocks and concrete stair treads; buildings and structures not of metal, namely, non-metallic transportable buildings, non-metal structures for mounting solar panels; concrete rings and plates; polymer concrete building structures and structural supports, namely, pads, walls, posts, concrete flooring; non-metallic drainage installations; non-metallic reinforcements for concrete and wood building construction, fiberglass structures and materials, namely, fiberglass panels, fiberglass board, fiberglass utility enclosures; plastic or polymer trench system for use in water drainage systems; polymer concrete products, namely, hydraulic drop structures, flooring tiles and blocks and grout therefor, structural beams and slabs and support stands, and drainage systems consisting of channels and drain outlets; non-metallic products, namely, channel supports, drain outlets, frames, catch basins and grates, all used for drainage and retention systems; underground structures made of polymer concrete, namely, bases for telephone equipment and transformers; fiberglass composite plates and beams for use in construction and as road hole covers and trench covers; fiberglass composite panels for trench shoring; fiberglass composite compression pads for outriggers; fiberglass composite panels for protecting shallow gas mains; fiberglass composite covers for manholes and vaults; concrete pipes and concrete piers for use in providing foundation support and stabilization; non-metal building products, namely, utility vaults and utility enclosures, bases, baffles/tamper shields, pop caps and cover plates for utility vaults, splice boxes and bases, extensions and lids for underground splice boxes, support pads for transformers and telephone equipment, cable trenches and roadway service boxes for traffic control all made from reinforced polymer concrete or plastic
International Classes  19 - Primary Classes  US Classes  1, 12, 33, 50  International Class Title  Non-metallic Building Materials
For  HAND-HELD BATTERY ACTUATED hydraulic crimping tools; Hydraulic crimping tools; Battery operated power tools, namely, crimping tools for applying crimp connectors to electrical conductors; battery operated tools for cutting electrical conductors

International Classes  7 - Primary Classes  US Classes  13, 19, 21, 23, 24, 31, 34, 35  International Class Title  Machinery
For  Lighting equipment, namely, optical lens covers that improve light output and uniformity and protect the LED, sold as a feature of an LED lighting system

International Classes  11 - Primary Classes  US Classes  13, 21, 24, 31, 34  International Class Title  Environmental Control Apparatus
For  Operation of smart grid energy transmission, distribution and consumption software application systems FOR ELECTRIC UTILITIES SERVICE PROVIDERS; Billing services IN THE FIELD OF ENERGY; Distributorship services in the field of utility supplies and equipment

International Classes  35 - Primary Classes  US Classes  100, 101, 102  International Class Title  Advertising and Business
For  Maintenance, repair, updating and installation services for electronic equipment, utility products, telecommunications equipment, industrial lighting, high voltage equipment, marine electrical products, indoor and outdoor lighting, and other storage devices, NAMELY, external computer hard drives, blank flash drives; Installation of equipment for energy distribution management, utility asset management, and utility network management in the nature of electricity power grid load shifting

International Classes  37 - Primary Classes  US Classes  100, 103, 106  International Class Title  Construction and Repair
For  Electrical and electronic connectors and parts thereof, electrical conductor cable hangers and ties; electrical switch components, electric switch frames, electrical switch-arms, electrical switch-contacts, electrical switch-magnets, electrical switch blow-outs, electrical switch blow-out ears, electrical resistance-grids, electrical relays, electrical overload-relays, electrical acceleration relays, electrical limit-switches, electrical master-switches, electrical alternating-current relays, electrical push-button switches, and spare parts for the above-named electrical apparatus; electrical transmission apparatus and equipment, namely, cables and wires for electrical transmission, transformers, fuses, lightning arresters, relays, electric switches, conductors, connectors, distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards, electrical grounding apparatus and equipment, namely, for detecting and removing hazardous voltage conditions, and replacement parts therefor; electrical terminals; electrical cable connectors; electrical cable and wires; termination blocks and earthing terminals; electrical switches and junction boxes and parts and fittings therefor; electrical boxes, namely, switch, outlet, ceiling, cable, conduit, utility, junction, cutout, pull and receptacle, concrete rings, covers and plates for electrical boxes, bar hangers for electrical boxes, and clamps for electric cable and conduit, switch boxes, outlet boxes and covers, ground clamps; splice boxes, splice connectors; enclosures for utility, telecommunications, fiber optic and cable lines, namely, splice boxes and bases therefor, and parts for underground splice boxes, namely, extensions and lids; electrical connectors; electrical connectors for electrical utilities, commercial, industrial and residential contractors, maintenance and repair
companies, as well as the telecommunication and renewable energies markets; electrical outlet covers, bushings, insulators and housings for electrical equipment, namely, electrical cables, electrical switches, electrical connectors, electrical substations, and electrical load interrupter switches; and electrical cable accessories, namely, plugs, computer network interface devices, conductors, multi-point junctions, fuse mounts and terminal blocks; electrical cable assemblies; pre-wired junction boxes in the nature of power system distribution assemblies; electrical transformers in the nature of power system supply assemblies; panel mount receptacles and inlets, tees, pass thru and closure caps; cable connectors; electrical cables; connection cables; electrical wires; power transformers; electrical lighting controls and power controllers; electrical outlets; electrical receptacles; electrical sockets; electrical switches; transformers; voltage surge protectors; lighting surge protectors; lighting transformers; heat sinks for use in electronic components; distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards; computer networking and data communication equipment, namely, hardware, internet and computer servers; electrical transmission and substation disconnect electric switches; inverters, cover plates for electric switches and receptacles and electric outlet boxes; enclosures, comprised in whole or in part of steel, for utility, telecommunications, fiber optic and cable lines, namely, splice boxes and bases therefor, and parts, comprised in whole or in part of steel, for underground splice boxes, namely, extensions and lids; distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards; computer hardware for remotely controlling lighting devices within a building; DOWNLOADABLE AND RECORDED computer application software and computer hardware for use in connection with mobile phones and other hand-held computing apparatuses that allow wireless connectivity to various electronic devices and that enable applications to be run on such mobile phones and hand-held computing apparatuses; electrical products, namely, sectionalizers and reclosers for electrical distribution lines; High voltage bushings in the nature of electrical conduits and connectors made of capacitance graded cores with an exterior insulation; Insulated electrical connectors in the nature of electrical bushings through which electrical current passes used to connect electrical components; Component parts of transformers, namely, insulated electrical bushings; Component parts of oil-filled circuit breakers, namely, insulated electrical bushings; Housings, enclosures, pedestals and vaults for holding, containing and supporting above ground electrical utility equipment, namely, electrical transformers while providing access thereto from underground and above ground wiring; Time division multiplexers, protective electronic relays, circuits for transmitting electronic protective relay messages, and electrical power line communication machines and circuits; High voltage electric power circuit interrupting equipment, namely, reclosers and switch gears; bushings for use in transformers and oil circuit breakers; switches used in the transmission and distribution of electrical power, namely, capacitor switches; Electrical connectors, namely, splices for utility pole conductor lines and guy wires; Metal clamps specifically adapted for use with electric cables; metal connectors, fittings, and couplings adapted for use with electric cables; wire connectors; splices for electrical transmission lines; automatic splices for electrical transmission lines; splices for electrical transmission lines; sleeves for electrical transmission lines; bolted splices for electrical transmission lines; bracket splices for electrical transmission lines; metal grounding clamps for electric cable and conduit for use only as parts and fittings for coaxial cable, and not for non-electric cable or machinery or machine parts; metal grounding clamps for use only as parts and fittings for coaxial cable, and not for non-electric cable or machinery or machine parts; electrical connectors; electrical wire connectors; semi-conducting ties; electrical cable connectors; enclosures and closures specially adapted for housing utility, telecommunications, fiber optic and cable lines; electric cables, wires, conductors and connection fittings therefor; electrical protection devices in the nature of electrical arrester connectors for cables; formed wire in the nature of electrical wires; fuse wire; fusible links; electrical protection devices in the nature of electrical arresters for installation on electrical transmission and distribution cables; electrical surge arresters; electrical surge arrester connectors; wildlife protectors and guards in the...
nature of housings specially adapted for cutout switches and metal grounding bushings for use as parts and fittings for coaxial cable and not for non-electric cable, machinery or machine parts; insulated bushings and high voltage power line connectors; line taps and tee taps specifically adapted for use with electric cable; transmission assemblies in the nature of electrical shielding spacers for cables and cable assemblies for use with electric cables; electrical compression connectors; electrical compression fittings for use with electric cable; grounding connectors for use with electrical circuits; lightning arresters for installation on electrical transmission and distribution lines; vibration dampeners for use with electric cables; jumper terminals in the nature of jumper cables; Utility use monitoring devices, namely, meters, meter interfaces, transponders, data collection units in the nature of meters, computers, servers, tablets, hand held devices, electrical energy utilization metering devices complete with related software, substation equipment in the nature of desktop computers, power-line transmission machines and apparatus, transmitters and receivers; portable electronic utility meter reading and billing unit, namely, automatic billing machine for processing accounting information; DOWNLOADABLE AND RECORDED computer software for use in data collection and control, communications and data exchange, electronic meter reading, off-site meter reading, keyed meter reading, and meter data recorders, all for use in the utilities and energy industries; Smart grid sensors and analytic devices; Valve Monitor controls; Pressure monitors and control devices, namely, electronic controllers; Smart grid sensors, namely, computer hardware and recorded computer software for analyzing smart grid functions; Cellular communication devices for meters; and Residential and Commercial electric meters; Computer, communications and sensor hardware and electrical grid devices for use in smart grid and other electric utility applications from production through consumption, namely, electrical energy management systems, integration and management of utility energy assets for electrical generation, renewable energy generation, transmission, storage, distribution and consumption, energy load management and control, energy demand management and control, electrical consumption monitoring and control, electric grid monitoring and control; DOWNLOADABLE and recorded Computer software for meter data and AMI/meter device management, revenue management, distribution asset planning and analysis, customer care, efficiency and demand management, substation automation, SCADA, distribution automation, mobile workforce management, sensor monitoring, home area networks, and commercial area networks for use in monitoring utility use, specifically, electricity, water, and natural gas; DOWNLOADABLE and recorded Computer software for continuous electrical utility power grid monitoring and wireless network communications, namely, utility power line mounted electrical power monitoring and wireless reporting nodes and utility data management and analysis software; DOWNLOADABLE and recorded Computer software and software platform accessed via global communication networks for managing utility, water and energy costs and uses and for optimizing water and energy procurement procedures by collecting, managing, analyzing, mining, integrating, reporting, benchmarking, validating, managing load-reduction programs, forecasting, billing, managing, analyzing, and reporting water, energy and energy-related data; DOWNLOADABLE and recorded Computer software for surveying and engineering in connection with transmission and distribution line design and optimization, and design and designation of transmission and distribution lines and substations; DOWNLOADABLE and recorded Computer software for programming, activating, modifying, controlling and communicating with utilities systems and energy equipment; DOWNLOADABLE and recorded Computer software for use by the utilities and energy industries for automating and monitoring the distribution of utility, energy and water services to customers; DOWNLOADABLE and recorded Computer software for scheduling, assigning, dispatching and monitoring field operations for the utilities and energy industries; DOWNLOADABLE AND RECORDED Computer software for billing customer accounts, for scheduling customer orders and for managing utility meters and energy equipment; Electrical outlets;
electrical charging stations for charging electric vehicles; communications networks for monitoring and managing electrical charging stations comprised of computer hardware and DOWNLOADABLE COMPUTER AND RECORDED software, cables, computer network adapters, switches, routers and hubs, and encoded smart cards for accessing and making payments at charging stations; meters for electrical monitoring; computer hardware and DOWNLOADABLE AND RECORDED COMPUTER software for charging EV batteries; DOWNLOADABLE recorded communications software for monitoring and managing electrical charging stations and networks; computer hardware and DOWNLOADABLE COMPUTER and recorded software for processing financial payments for electricity; DOWNLOADABLE COMPUTER Software for use in smart grid and other electric utility applications from production through consumption, namely, for providing electrical energy management systems, integration and management of utility energy assets for electrical generation, renewable energy generation, transmission, storage, distribution and consumption, energy load management and control, energy demand management and control, electrical consumption monitoring and control, electric grid monitoring and control; Utility use management, monitoring, optimization and sensing devices, namely, meters, meter interfaces, transponders, data collection units, computer servers, tablet computers, substation equipment, and DOWNLOADABLE computer software for meter data and AMI/meter device management, revenue management, distribution asset planning and analysis, customer care, efficiency and demand management, substation automation, SCADA, distribution automation, mobile workforce management, sensor monitoring, home area networks, or commercial area networks for use in monitoring utility use, specifically, electricity, water, and natural gas; Transformers; Power switches; electrical switches; disconnect switches; power switch connectors; grounding switches; auxiliary switches; switches, relays used in the transmission and distribution of electrical power, namely, capacitor switches, vacuum switches, oil switches, multiple relay lighting controls; Capacitance graded bushings for use in transformers and oil circuit breakers; DOWNLOADABLE Computer software and applications that enable and/or facilitate design, monitoring, selection, configuration, communication, control, operation, management, metering, networking, modeling, mapping, scheduling, testing, data sharing, integration, data aggregation and/or data analysis of, among and/or related to buildings, systems and infrastructure, both indoor and outdoor environments, electrical devices, electrical, gas, and water utility systems, lighting, tools, telecommunications, transit, transport and mining components, devices, hardware and controls, and consulting, development, design and other services related thereto

International Classes  9 - Primary Classes US Classes  21, 23, 26, 36, 38 International Class Title  Electrical and Scientific Apparatus

For  Communication services, in the nature of electronic data exchange services between computer terminals and meter, detectors and data readers; providing multiple-user access to local and wide area networks; Wired and wireless DATA AND TELEPHONE telecommunications services associated with electric and gas utility services, namely, transmission of information and data associated with electric and gas utility services; Wired and wireless telecommunications NETWORK services associated with electric and gas utility services, namely, transmission of information and data associated with electric and gas utility services

International Classes  38 - Primary Classes US Classes  100, 101, 104 International Class Title  Communication

For  Transportation and storage services via air, rail, ship, truck; Utility services, namely, electricity power grid load shifting

International Classes  39 - Primary Classes US Classes  100, 105 International Class Title  Transportation and Storage
For Custom manufacture of specialty and custom piping products for the gas utilities industry; Custom manufacture of transformers to the specification of others

**International Classes** 40 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Material Treatment

For High voltage bushings made of filled epoxy for insulation; electrical bushings, namely, electrical insulators through which electrical current passes used to connect electrical components; electrical insulators and surge arresters

**International Classes** 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

For Hand tools for installing bolted and mechanical connectors; hand tools and hand instruments, namely, connector wrenches and tools for use in installing mechanical connectors; speed wrenches; linemen's wrenches; ratchet wrenches, eye-loop wrenches, and socket wrenches; Manually-operated splicing devices used to splice together copper and aluminum conductor lines and guy wires; Pole line construction and maintenance tools, namely, transformer gins, anchor wrenches, wire grips, three phase auxiliary arm tool sets, single phase auxiliary arm tool sets, hinged auxiliary arm tool sets, dead end tool sets, single and double arm tool sets, semi-corner tool sets, suspension tool sets, dual auxiliary arm, rigid and hinged, with attachments; Distribution auxiliary arm; wire tongs, wire tong heads and butts, wire tong bands, wire tong blade clamps, wire tong saddle and extension, cross arm wire tong saddle, tower type wire tong saddle, rope snubbing bracket, single and double lever wire tong support, wire tong pole clevis and saddle clevis, insulated gin pole, strain link stick, roller link stick, shepherd hooks, suspension link stick, pole splices, link sticks, one pole and two pole strain carriers and ratchet strain jack; Strain jack brackets for double wood arm for T beam for tower dead end, for double L, for inverted T for L beam and insulator cradles; Tie sticks of the fixed blade, rotary blade, three-prong, two prong and rotary prong type; Pole hand guards; Wire cutters of the lever type and rotary type, insulated handles for pliers and cutters, telescoping disconnect sticks, hinged clamp sticks, damper tools and hot splice tools; Pole supported tools, namely, enclosed cutout tool, saddle clamp tool, fuse applicator, fuse puller plug, plug fuse tool, wire cutter, ratchet wrench, skinning knives, tie stick heads, hack saws, pruning saws, clamp stick heads, mirrors, link stick heads, bolt holders, strain insulator hooks, U bolt connector tools, fiber insulator forks, adjustable insulator forks, cotter key tools, ball socket adjuster, and flux ring grabs

**International Classes** 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

For Providing online non-downloadable software for managing and operating electrical vehicle charge stations; computer technology consultancy; providing temporary use of online non-downloadable cloud-based, mobile, and networked software and applications provided as a service, that enable and facilitate design, monitoring, selection, configuration, communication, control, operation, management, metering, networking, modeling, mapping, scheduling, testing, data sharing, integration, data aggregation and data analysis related to buildings, systems and infrastructure, both indoor and outdoor environments, electrical, gas, and water utility systems, lighting, telecommunications, transit, transport and mining components; maintenance, repair, updating and installation services for computer software, electronic data storage, and computer networks; Consultation in the field of ergonomics, namely, designing workplace facilities and equipment to optimize efficiency and safety; maintenance services relating to software for smart grid applications for utilities
For Metal hardware, namely, springs, washers, bolts; nuts, bolts, washers excluding tap washers, and fasteners, namely, fasteners for utility component brackets, scaffolds, metal bars and chains, metal threaded fasteners, of metal all made of metal; non-electric cables, and wires, of metal; metallic products, namely, channel supports, metallic frames, metallic grates, metallic grate retainers, all used for drainage and retention systems; structural joint connectors made of metal; structures of metal, namely, transportable buildings; metal utility vaults and parts and fittings thereof; metal utility vaults for access to underground utility, telecommunications, fiber optic and cable lines; metal parts for the aforesaid goods, namely, bases, baffles, tamper shields, pop caps and cover plates; metal mounting brackets for electrical outlet boxes; metal enclosures, cabinets, consoles and boxes for use with electrical, electronic and heat transfer components; metal pipes, tubes and hoses and fittings therefor, including valves of metal; structural joint connectors and couplings of metal; metal junctions for pipes; metal pipe connectors; metal pipe collars; metal pipe fittings; metal connectors and fittings for connecting pipes to electrical boxes and electrical junction boxes; piles of metal; poles of metal; anchors of metal for anchoring guy-wire; metal foundation support systems consisting of helical piles, anchors, helical anchors, helix anchors, piers, piles and anchor square shaft lead sections or termination adapters; metal utility vaults, comprised in whole or in part of steel, for access to underground utility, telecommunications, fiber optic and cable lines; metal and steel pipes and metal and steel piers for use in providing foundation support and stabilization; metal piles; poles of metal for electric lines; couplings of metal for pipes; fixture hangers, namely, bar hangers and parts and fittings therefor made of metal for electrical fixtures/housing, lighting fixtures; unions, namely, adapter and pipe unions made of metal.

**GOODS AND SERVICES INFORMATION**

For Building and construction materials, not of metal, namely, flooring materials, piles, fiberglass panels and polymer concrete elements, namely, concrete blocks and concrete stair treads; buildings and structures not of metal, namely, non-metallic transportable buildings, non-metal structures for mounting solar panels; concrete rings and plates; polymer concrete building structures and structural supports, namely, pads, walls, posts, concrete flooring; non-metallic drainage installations; non-metallic reinforcements for concrete and wood building construction, fiberglass structures and materials, namely, fiberglass panels, fiberglass board, fiberglass utility enclosures; plastic or polymer trench system for use in water drainage systems; polymer concrete products, namely, hydraulic drop structures, flooring tiles and blocks and grout therefor, structural beams and slabs and support stands, and drainage systems consisting of channels and drain outlets; non-metallic products, namely, channel supports, drain outlets, frames, catch basins and grates, all used for drainage and retention systems; underground structures made of polymer concrete, namely, bases for telephone equipment and transformers; fiberglass composite plates and beams for use in construction and as road hole covers and trench covers; fiberglass composite panels for trench shoring; fiberglass composite compression pads for outriggers; fiberglass composite panels for protecting shallow gas mains; fiberglass composite covers for manholes and vaults; concrete pipes and concrete piers for use in providing foundation support and stabilization; non-metallic building products, namely, utility vaults and utility enclosures, bases, baffles/tamper shields, pop caps and cover plates for utility vaults, splice boxes and bases, extensions and lids for underground splice boxes, support pads for transformers and telephone equipment, cable trenches and roadway service boxes for traffic control all made from reinforced polymer concrete or plastic

**International Classes** 19 - Primary Classes **US Classes** 1, 12, 33, 50 **International Class Title** Non-metallic Building Materials
For HAND-HELD BATTERY ACTUATED hydraulic crimping tools; Hydraulic crimping tools; Battery operated power tools, namely, crimping tools for applying crimp connectors to electrical conductors; battery operated tools for cutting electrical conductors

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

For Lighting equipment, namely, optical lens covers that improve light output and uniformity and protect the LED, sold as a feature of an LED lighting system

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Operation of smart grid energy transmission, distribution and consumption software application systems FOR ELECTRIC UTILITIES SERVICE PROVIDERS; Billing services IN THE FIELD OF ENERGY; Distributorship services in the field of utility supplies and equipment

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

For Maintenance, repair, updating and installation services for electronic equipment, utility products, telecommunications equipment, industrial lighting, high voltage equipment, marine electrical products, indoor and outdoor lighting, and other storage devices, NAMELY, external computer hard drives, blank flash drives; Installation of equipment for energy distribution management, utility asset management, and utility network management in the nature of electricity power grid load shifting

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Electrical and electronic connectors and parts thereof, electrical conductor cable hangers and ties; electrical switch components, electric switch frames, electrical switch-arms, electrical switch-contacts, electrical switch-magnets, electrical switch blow-outs, electrical switch blow-out ears, electrical resistance-grids, electrical relays, electrical overload-relays, electrical acceleration relays, electrical limit-switches, electrical master-switches, electrical alternating-current relays, electrical push-button switches, and spare parts for the above-named electrical apparatus; electrical transmission apparatus and equipment, namely, cables and wires for electrical transmission, transformers, fuses, lightning arresters, relays, electric switches, conductors, connectors, distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards, electrical grounding apparatus and equipment, namely, for detecting and removing hazardous voltage conditions, and replacement parts therefor; electrical terminals; electrical cable connectors; electrical cable and wires; termination blocks and earthing terminals; electrical switches and junction boxes and parts and fittings therefor; electrical boxes, namely, switch, outlet, ceiling, cable, conduit, utility, junction, cutout, pull and receptacle, concrete rings, covers and plates for electrical boxes, bar hangers for electrical boxes, and clamps for electric cable and conduit, switch boxes, outlet boxes and covers, ground clamps; splice boxes, splice connectors; enclosures for utility, telecommunications, fiber optic and cable lines, namely, splice boxes and bases therefor, and parts for underground splice boxes, namely, extensions and lids; electrical connectors; electrical connectors for electrical utilities, commercial, industrial and residential contractors, maintenance and repair companies, as well as the telecommunication and renewable energies markets; electrical outlet covers, bushings, insulators and housings for electrical equipment, namely, electrical cables, electrical switches, electrical connectors, electrical substations, and electrical load interrupter switches; and electrical cable accessories, namely, plugs, computer network interface devices,
conductors, multi-point junctions, fuse mounts and terminal blocks; electrical cable assemblies; pre-wired junction boxes in the nature of power system distribution assemblies; electrical transformers in the nature of power system supply assemblies; panel mount receptacles and inlets, tees, pass thru and closure caps; cable connectors; electrical cables; connection cables; electrical wires; power transformers; electrical lighting controls and power controllers; electrical outlets; electrical receptacles; electrical sockets; electrical switches; transformers; voltage surge protectors; lighting surge protectors; lighting transformers; heat sinks for use in electronic components; distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards; computer networking and data communication equipment, namely, hardware, internet and computer servers; electrical transmission and substation disconnect electric switches; inverters, cover plates for electric switches and receptacles and electric outlet boxes; enclosures, comprised in whole or in part of steel, for utility, telecommunications, fiber optic and cable lines, namely, splice boxes and bases therefor, and parts, comprised in whole or in part of steel, for underground splice boxes, namely, extensions and lids; distribution equipment, namely, circuit breaker enclosures, disconnect switches and panelboards; computer hardware for remotely controlling lighting devices within a building; DOWNLOADABLE AND RECORDED computer application software and computer hardware for use in connection with mobile phones and other hand-held computing apparatuses that allow wireless connectivity to various electronic devices and that enable applications to be run on such mobile phones and hand-held computing apparatuses; electrical products, namely, sectionalizers and reclosers for electrical distribution lines; High voltage bushings in the nature of electrical conduits and connectors made of capacitance graded cores with an exterior insulation; Insulated electrical connectors in the nature of electrical bushings through which electrical current passes used to connect electrical components; Component parts of transformers, namely, insulated electrical bushings; Component parts of oil-filled circuit breakers, namely, insulated electrical bushings; Housings, enclosures, pedestals and vaults for holding, containing and supporting above ground electrical utility equipment, namely, electrical transformers while providing access thereto from underground and above ground wiring; Time division multiplexers, protective electronic relays, circuits for transmitting electronic protective relay messages, and electrical power line communication machines and circuits; High voltage electric power circuit interrupting equipment, namely, reclosers and switch gears; bushings for use in transformers and oil circuit breakers; switches used in the transmission and distribution of electrical power, namely, capacitor switches; Electrical connectors, namely, splices for utility pole conductor lines and guy wires; Metal clamps specifically adapted for use with electric cables; metal connectors, fittings, and couplings adapted for use with electric cables; wire connectors; splices for electrical transmission lines; automatic splices for electrical transmission lines; splices for electrical transmission lines; sleeves for electrical transmission lines; bolted splices for electrical transmission lines; bracket splices for electrical transmission lines; metal grounding clamps for electric cable and conduit for use only as parts and fittings for coaxial cable, and not for non-electric cable or machinery or machine parts; metal grounding clamps for use only as parts and fittings for coaxial cable, and not for non-electric cable or machinery or machine parts; electrical connectors; electrical transmitters; semi-conducting ties; electrical cable connectors; enclosures and closures specially adapted for housing utility, telecommunications, fiber optic and cable lines; electric cables, wires, conductors and connection fittings therefor; electrical protection devices in the nature of electrical arrester connectors for cables; formed wire in the nature of electrical wires; fuse wire; fusible links; electrical protection devices in the nature of electrical arresters for installation on electrical transmission and distribution cables; electrical surge arresters; electrical surge arrester connectors; wildlife protectors and guards in the nature of housings specially adapted for cutout switches and metal grounding bushings for use as parts and fittings for coaxial cable and not for non-electric cable, machinery or machine parts; insulated bushings and high voltage power line connectors;
line taps and tee taps specifically adapted for use with electric cable; transmission assemblies in the nature of electrical shielding spacers for cables and cable assemblies for use with electric cables; electrical compression connectors; electrical compression fittings for use with electric cable; grounding connectors for use with electrical circuits; lightning arresters for installation on electrical transmission and distribution lines; vibration dampeners for use with electric cables; jumper terminals in the nature of jumper cables; Utility use monitoring devices, namely, meters, meter interfaces, transponders, data collection units in the nature of meters, computers, servers, tablets, hand held devices, electrical energy utilization metering devices complete with related software, substation equipment in the nature of desktop computers, power-line transmission machines and apparatus, transmitters and receivers; portable electronic utility meter reading and billing unit, namely, automatic billing machine for processing accounting information; DOWNLOADABLE AND RECORDED computer software for use in data collection and control, communications and data exchange, electronic meter reading, off-site meter reading, keyed meter reading, and meter data recorders, all for use in the utilities and energy industries; Smart grid sensors and analytic devices; Valve Monitor controls; Pressure monitors and control devices, namely, electronic controllers; Smart grid sensors, namely, computer hardware and recorded computer software for analyzing smart grid functions; Cellular communication devices for meters; and Residential and Commercial electric meters; Computer, communications and sensor hardware and electrical grid devices for use in smart grid and other electric utility applications from production through consumption, namely, electrical energy management systems, integration and management of utility energy assets for electrical generation, renewable energy generation, transmission, storage, distribution and consumption, energy load management and control, energy demand management and control, electrical consumption monitoring and control, electric grid monitoring and control; DOWNLOADABLE and recorded Computer software for meter data and AMI/meter device management, revenue management, distribution asset planning and analysis, customer care, efficiency and demand management, substation automation, SCADA, distribution automation, mobile workforce management, sensor monitoring, home area networks, and commercial area networks for use in monitoring utility use, specifically, electricity, water, and natural gas; DOWNLOADABLE and recorded Computer software for continuous electrical utility power grid monitoring and wireless network communications, namely, utility power line mounted electrical power monitoring and wireless reporting nodes and utility data management and analysis software; DOWNLOADABLE and recorded Computer software and software platform accessed via global communication networks for managing utility, water and energy costs and uses and for optimizing water and energy procurement procedures by collecting, managing, analyzing, mining, integrating, reporting, benchmarking, validating, managing load-reduction programs, forecasting, billing, managing, analyzing, and reporting water, energy and energy-related data; DOWNLOADABLE and recorded Computer software for surveying and engineering in connection with transmission and distribution line design and optimization, and design and designation of transmission and distribution lines and substations; DOWNLOADABLE and recorded Computer software for programming, activating, modifying, controlling and communicating with utilities systems and energy equipment; DOWNLOADABLE and recorded Computer software for use by the utilities and energy industries for automating and monitoring the distribution of utility, energy and water services to customers; DOWNLOADABLE and recorded Computer software for scheduling, assigning, dispatching and monitoring field operations for the utilities and energy industries; DOWNLOADABLE AND RECORDED Computer software for billing customer accounts, for scheduling customer orders and for managing utility meters and energy equipment; Electrical outlets; electrical charging stations for charging electric vehicles; communications networks for monitoring and managing electrical charging stations comprised of computer hardware and DOWNLOADABLE COMPUTER AND RECORDED software, cables, computer network adapters, switches, routers and hubs, and encoded smart cards for accessing and making payments at
charging stations; meters for electrical monitoring; computer hardware and DOWNLOADABLE AND RECORDED
COMPUTER software for charging EV batteries; DOWNLOADABLE recorded communications software for monitoring and
managing electrical charging stations and networks; computer hardware and DOWNLOADABLE COMPUTER and recorded
software for processing financial payments for electricity; DOWNLOADABLE COMPUTER Software for use in smart grid
and other electric utility applications from production through consumption, namely, for providing electrical energy
management systems, integration and management of utility energy assets for electrical generation, renewable energy
generation, transmission, storage, distribution and consumption, energy load management and control, energy demand
management and control, electrical consumption monitoring and control, electric grid monitoring and control; Utility use
management, monitoring, optimization and sensing devices, namely, meters, meter interfaces, transponders, data collection
units, computer servers, tablet computers, substation equipment, and DOWNLOADABLE computer software for meter data
and AMI/meter device management, revenue management, distribution asset planning and analysis, customer care, efficiency
demand and management, substation automation, SCADA, distribution automation, mobile workforce management, sensor
monitoring, home area networks, or commercial area networks for use in monitoring utility use, specifically, electricity, water,
and natural gas; Transformers; Power switches; electrical switches; disconnect switches; power switch connectors; grounding
switches; auxiliary switches; switches, relays used in the transmission and distribution of electrical power, namely, capacitor
switches, vacuum switches, oil switches, multiple relay lighting controls; Capacitance graded bushings for use in transformers
and oil circuit breakers; DOWNLOADABLE Computer software and applications that enable and/or facilitate design,
monitoring, selection, configuration, communication, control, operation, management, metering, networking, modeling,
mapping, scheduling, testing, data sharing, integration, data aggregation and/or data analysis of, among and/or related to
buildings, systems and infrastructure, both indoor and outdoor environments, electrical devices, electrical, gas, and water
utility systems, lighting, tools, telecommunications, transit, transport and mining components, devices, hardware and controls,
and consulting, development, design and other services related thereto

International Classes   9 - Primary Classes US Classes   21, 23, 26, 36, 38 International Class Title   Electrical and
