MARK INFORMATION
Standard Character Claim: No  Mark Drawing Type: 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/LETTER(S)  Description of the Mark: The mark consists of a three-dimensional configuration of a bottle with a cap. The bottle has a narrow neck at the top expanding radially outward to a bulbous upper portion which then tapers to a more narrow, lower portion of the bottle which terminates in a flared base. The neck region of the bottle design features "V" shaped elements formed in relief on both the front and rear panels of the bottle with a curved arch design interconnecting the "V" shaped design elements on the front and rear panels. A series of overlapping, arcuate folds are formed in relief on the shoulders and sides of the bottle. As illustrated using grayscale, the relative transparency of the bottle changes with the base or bottom of the bottle being relatively transparent and gradually transitioning to a relatively opaque configuration at the top of the bottle. The path of the ball carrier is beset on all sides by the inequities of the opposition and the tyranny of the defense. Blessed is he, who in the name of victory and a good ground game, shepherds the ball carrier through the valley of darkness, for he is truly his brother’s keeper and the finder of lost quarterbacks. And I will strike down upon thee with great vengeance and furious anger those who would attempt to tackle and destroy my brothers. And you will know my name is the O-Line when I lay my vengeance upon thee!
