For   Machines for spraying; Machines and machine tools for treatment of materials and for manufacturing, namely, drilling machines, trueing machines for metalworking parts, turning machines in the nature of lathes, lathes, milling machines, power drills, involute, internal, screw, rotary, word, vibratory, and centrifugal grinding machines, dust collector being vacuum machinery, power drill chucks and power drill bits, spindle tapping machines, thread milling cutters, metalworking machine tools, gear cutters; Shaping and moulding machines, namely, Shaping machines for metalworking, injection plastic, compression, injection, and extrusion moulding machines; Machines, machine tools, and power operated tools and apparatus, for fastening and joining, namely, machines, machines tools and power operated tools, namely, electric power drills for
fastening and connecting moldings, plastics, wood used with machines and machine tools for manufacturing; Material production and processing machines, namely, grinding machines, material handling machines, semiconductor wafer processing machines; pulp processing machines; Cutting, drilling, abrading, sharpening and surface treatment machines and apparatus, namely, cutting machines, sharpening machines, power drills, power-operated machine tool for abrasive jet cutting and machining; Machines utilizing rotational motion for high energy surface finishing and material treatment; Folding machine, namely, industrial paper folding machines, industrial carton folding machines; Moulding machines, namely, extrusion moulding machines, injection moulding machines, plastic jet moulding machines; Blowing machines, namely, blow molding machines, blowing machines for the compression, exhaustion and transport of gases, fiber blowing machines; Etching apparatus for use in manufacturing display panels; Hydraulic tools, hand-held battery actuated hydraulic crimp tool, hydraulically actuated hammers, hydraulically actuated piers; Hydraulic hammers; Honing machines for metalworking; Tempering machines; Industrial robots for working plastic material; Machines for making tools, namely, machines for making machine tools, hand-operated tools, pneumatic tools; Mechanical system control instruments, namely, pressure transducers and transmitters that convert hydraulic or pneumatic pressure into analog electrical signals for monitoring and controlling hydraulic or pneumatic systems sold as a unit with manufacturing machines; Industrial pneumatic tools, namely, pneumatic shears, pneumatic screwdrivers, pneumatic hammers; Pneumatic process control instruments, namely, pneumatic controls for machines, motors and engines; Pneumatic system control instruments, namely, pneumatic controls for machines, motors and engines; Pneumatic system control instruments, namely, pneumatic controls for machines, motors and engines; Air-powered tools, namely, impact wrenches, ratchet wrenches, drills, grinders; Pneumatic machine tools, namely, vices for use in the precision clamping of work pieces, jaws for use in the precision clamping of work pieces, clamps for use in the precision clamping of work pieces; Precision machine tools for machining workpieces, namely, vices for use in the precision clamping of work pieces, jaws for use in the precision clamping of work pieces, clamps for use in the precision clamping of work pieces; Precision machine tools being parts of sets, namely, clamps, vices, and jaws for use in the precision clamping of work pieces sold as a set; Precision machine tools, namely, hard metal tools, high speed steel (HSS) tools, carbide tools, ceramic tools, poly crystalline diamond (PCD) tools, and diamond-coated and diamond-uncoated tools, and hard metal tools, all for use in the cutting and forming of materials by others; Industrial robots for machine tools; Robotic finishing machines, namely, straw rope finishing machines with industrial robots, gear cutting and finishing machines with industrial robots; Robotic mechanisms for working metal, namely, metal working machines with industrial robots; Rotary machine tools, namely, rotary dies for cutting boxes for packaging industry, rotary compressors, rotary blowers, rotary pumps; Compacting machines, namely, Machine tools for compacting powder materials; Tools for machine tools, namely, tool bits for metalworking machines, dies for use with machine tools; Machine tools, namely, machine tools for forming, riveting, swaging, and flaring of metal and plastics, machine tools being powered machines for cutting or shaping or finishing metals or other materials; Robotic separators, namely, robotic oil separators, robotic centrifugal separators, separating machines for chemical processing; Separators for liquid solutions, namely, separating machines for chemical processing, oil-water separators for pneumatic controls being part of machines; Speed governors for machines, engines and motors; Die-cutting and nut-tapping machines; Threading machines; Parts of machines or engines, namely, housings in the nature of bearing housings; Hydraulic controls for machines; Pumps, namely, pumps for cooling engines, rotary pumps, reverse osmosis pumps; Parts of machines and engines, namely, pistons; Machines for use in assembly lines, namely, a series of machines for assembling machines and machine tools for treatment of materials and for manufacturing in successive stages; Transporting machines, namely, conveyer belts, conveyers being machines, conveying system equipment in the nature of blowers; Linear transfer machines, namely, industrial robots for transferring
manufactured goods between machine tools, ball transfer table units for use in conveyor systems; Filtering machines, separators and centrifuges, namely, filtering machines for chemical processing, sand, chemical and reverse osmosis filters, air filters for pneumatic controls being part of machines, centrifugal machine, separating machines for chemical processing; Industrial robots for welding; Transportation robots, namely, industrial robots for transferring manufactured goods between machine tools; Industrial robots; Moving and handling equipment, namely, power-operated lifting and moving equipment in the nature of pipe layers, fork lifts, telehandlers, and lifts, oil field equipment in the nature of drilling rig mechanical handling machines and devices; Couplings for machines

**International Classes**  7 - Primary Classes **US Classes**  13, 19, 21, 23, 24, 31, 34, 35 **International Class Title**  Machinery

**For**  Training, namely, training in the field of maintenance, repair, commissioning, operation of machines and machine tools for material processing and production, and parts thereof; Vocational training services, namely, providing training in the form of classes and video seminars in the field of the maintenance, repair, commissioning and operation of machines and machine tools for the treatment of materials and production, and parts therefore; Further education, namely, providing live and on-line continuing professional education seminars in the field of setup operations, repair and maintenance of machines for making metal parts; Teaching, namely, providing classes and seminars in the field of setup operations, repair and maintenance of machines for making metal parts; Exercise classes, namely, providing exercise classes in the field of setup operations, repair and maintenance of machines for making metal parts; Correspondence courses, namely, providing education services in the field of machine tools for making metal parts rendered though correspondence courses; Conducting instructional courses, namely, providing instructional courses in the field of machine tools for making metal parts; Software, namely, non-downloadable software for operation, maintenance and control of machine tools for making metal parts, data storage

**International Classes**  41 - Primary Classes **US Classes**  100, 101, 107 **International Class Title**  Education and Entertainment

**For**  Advertising, marketing and promotional services; Business assistance in the nature of business management assistances; Business management and administrative services; Administrative data processing; Office functions services; Business consultancy and advisory services; Administrative support, namely, business support staff services, and data processing services; Assistance with business planning; Data processing, systematization and management, namely, data compiling and analyzing relating to business management, systematization of data in computer databases

**International Classes**  35 - Primary Classes **US Classes**  100, 101, 102 **International Class Title**  Advertising and Business

**For**  Building, construction and demolition, namely, Construction, and demolition work of buildings, offices, manufacturing plants for use with machines and machine tools for treatment of materials and for manufacturing; Installation, cleaning, repair and maintenance of machines and machine tools for the treatment of materials and production and parts thereof; Construction and commissioning of machine tools, namely, installation of machine tools for material processing and production, except for the commissioning of honing machines, honing tools and related accessories; Rental of science and technology equipment, namely, rental of machines and machine tools for the treatment of materials and production and parts thereof; rental of industrial robots and robots for building construction; IT services, namely, installation, maintenance, and repair of computer hardware
International Classes  37 - Primary Classes  US Classes  100, 103, 106  International Class Title  Construction and Repair

For  Recorded content, namely, sound recordings, audio recordings, video recordings, and prerecorded DVD's, all featuring operation and performance instructions regarding machine tools for metal parts; Databases, namely, electronic database in the field of machine tools for metal parts recorded on computer media; Media content, namely, sound recordings, audio recordings, video recordings, and prerecorded DVD's, all featuring operation and performance instructions regarding machine tools for metal parts; Software, namely, downloadable software for operation, maintenance and control of machine tools for making metal parts, data storage; Recording apparatus, namely, apparatus for recording of sound or images; Information technology and audiovisual equipment, namely, audiovisual receivers, computers data processors; Calculating devices, namely, calculators; Data processing apparatus; Computers; Fire extinguishers; Testing and quality control devices, namely, devices for testing and quality control of the use and configuration of machines and machine tools for the treatment of materials and production, and parts therefor; Measuring devices, namely, rulers, devices for measuring the length and width of tools, devices for measuring the functionality and performance of tools, devices for measuring length, rotation, angular velocity and displacement; Monitoring instruments, namely, electronic carbon dioxide monitors, other than for medical use, electric, electronic, or electrochemical oxygen monitors and sensors for environmental use; Acceleration sensors; Screw-thread measuring machines and instruments; Tool measuring instruments; Instruments for measuring angles, namely, angular velocity measuring instruments; Instruments for measuring physical data, namely, levelling staffs being rods, surveying instruments, surveying apparatus and instruments; Pressure gauges; Measuring apparatus, namely, resistance measuring apparatus, rotational measuring apparatus, angular velocity measuring apparatus, displacement measuring apparatus, motion measuring apparatus, power consumption measuring apparatus, voltage measuring apparatus, amperage measuring apparatus, pressure measuring apparatus, fluid levels measuring apparatus; Gauges with digital readout, namely, digital torque gauges, digital force gauges; Measuring instruments, namely, resistance measuring instruments, rotational measuring instruments, angular velocity measuring instruments, displacement measuring instruments, motion measuring instruments, power consumption measuring instruments, pressure measuring instruments, fluid levels measuring instruments; Precision measuring apparatus, namely, derived unit measuring machines and apparatus, astronomic measuring machines; Teaching apparatus, namely, video and slide projectors, and safety training simulators for use with machines and machine tools for treatment of materials and for manufacturing; Scientific research and laboratory apparatus, educational apparatus and simulators, namely, scientific research and laboratory apparatus for use with machines and machine tools for treatment of materials and for manufacturing, namely, betatrons, capillary tubes, chemistry apparatus, namely, burners, tubes, chromatography apparatus for laboratory use, containers for microscope slides, crucibles, cyclotrons, diaphragms for scientific apparatus, diffraction apparatus, distillation apparatus for scientific purpose, furnaces for laboratory use, ovens for laboratory use, microscopes, microtomes, particle accelerators, Pitot tubes, probes for scientific purposes, telescopes, test tubes, teaching apparatus, namely, video and slide projectors, and safety training simulators for use with machines and machine tools for treatment of materials and for manufacturing; Weighing machines; Safety, security, protection and signalling devices, namely, safety, protective and signaling devices and equipment for use with machines and machine tools for treatment of materials and for manufacturing, namely, smoke detectors, luminous beacons, warning bells, electric buzzers, flashing lights as luminous signals, signalling bells, signal lanterns, signalling panels, signalling whistles; Security control apparatus, namely, Security alarm controllers, Wireless controllers to remotely monitor and control the function and
status of other electrical, electronic, and mechanical devices or systems in the nature of security systems; Protective and safety equipment, namely, protective work gloves, safety goggles; Mechanical system control instruments, namely, control and regulating instruments on electrical basis for controlling apparatus for use with machines and machine tools for treatment of materials and for manufacturing

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Measurement evaluation services, namely, evaluation of measurement devices to determine conformity with certification standards, quality evaluation and analysis, assurance and control, in the field of machine tools for making metal parts; Engineering services in the field of designing machines and assembly production lines for the productions of machine tools for making metal machine parts; scientific and technological services in the field of design and development of machines and machine tools for treatment of materials and for manufacturing, namely, scientific and manufacturing machinery research, and technological consultancy in connection with the use and configuration of machines and machine tools for material processing and production, and parts therefor; Surveying and exploration services, namely, oil explorations services, mining exploration and mineral exploration services, engineering surveying; Consultancy services relating to the design of engineering products; Technology assessment in the field of technology provided by engineer, namely, assessing longevity of machines, efficiency of machines and the need for machine replacement, in the field of machine performance for machining metal parts; Engineering services, namely, assessment provided by engineers in the fields of longevity of machines, efficiency of machines and the need for machine replacement, in the field of machine performance for machining metal parts; Computer assisted engineering design services; Computer-aided engineering design services; Computer-aided engineering design and drawing services in the nature of design and drawing in the nature of conceptual construction in the field of machining and assembly lines and machine installations; Electrical engineering services; Draftsman's services in the nature of technical drawing, namely, engineering drawing services for others; Engineering consultancy services, namely, consulting services in the field of industrial engineering, designing and development of engineering processes; Provision of information relating to industrial engineering; Research in the field of electrical engineering; Research relating to mechanical engineering; Software engineering services relating to automatic data processing; Mechanical engineering; Engineering services for the design of buildings; Software engineering services relating to data processing technology; Engineering consulting services relating to information technology; Engineering services relating to the design and development of robots; Engineering consultation services for the design of machinery; Technological engineering analysis, namely, technological advisory services relating to machine design engineering analysis; Engineering consultancy relating to the design of data-processing equipment; Engineering consultancy, namely, engineering consultancy related to manufacture, use and configuration of machines and machine tools for material processing and production; Technological advisory services relating to machine design engineering analysis; Engineering services in the field of the design and development of machines and machine tools for treatment of materials and for manufacturing of machine tools; IT consulting services; Testing, authentication and quality control, namely, product testing, document authentication and quality control services in the field of machines and machine tools for treatment of materials and for manufacturing; Engineering services, namely, machine tool design and development, and inspection of machine tools for quality control purposes; Technical support services, namely, technical administration of servers for others and troubleshooting in the nature of diagnosing server problems, and administration and troubleshooting of web and database applications; Providing temporary use of non-downloadable software for use in the operation, maintenance and control of machine tools for

Description of the Mark  The mark consists of a brown circus horse with a black and brown mane, dark brown hooves, brown and black spots, black and white eyes, and white teeth. The horse is wearing an orange saddle with gold stars, lined with a turquoise band. At the hem of the saddle are orange tassels with a gold circle at the end of each tassel. There is a turquoise band around the horse and the saddle. The horse is wearing a turquoise harness with gold circles. At the center of harness is a gold plate with a red ruby. The horse is wearing a turquoise halter around its head with a pink rose by the horses eye. The halter has a gold ring around the nose band. On the mane of the horse are red bands with a red circle at the end of each band. The horse is wearing a headpiece consisting of a gold circle with red, purple, and turquoise feathers. On the ankles of the horse is a gold bracelet with gold circles and purple and red feathers. The horse is standing on its hind legs, facing the right, on top of an orange, pink, and red platform with two gold bands and gold stars. On top of the horse, on the saddle, is a white dog with tan spots, wearing a turquoise and gold collar. The dog is standing on its hind legs, facing the right, with a gold and red ball balanced on its nose. On the bottom right of the image are the words DOG & PONY SHOW ASHEVILLE, NC written in brown, stacked on top of each other. The entire image is outlined in black, set against a tan background. Color Drawing  Yes  Color Claimed  The color(s) brown, red, purple, orange, gold, turquoise, pink, tan, black, and white is/are claimed as a feature of the mark. Disclaimer  "ASHEVILLE, NC"

Mark Literal(s) EXPRESS PLUMBING HEATING & AIR EXPRESSPLUMBINGIDaho.com

CASE IDENTIFIERS
Serial Number 90733776 Application Filing Date May 25, 2021 Register Principal Mark Type Service Mark
Publication Date Sep. 20, 2022

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of three-dimensional configuration of product packaging as applied to the exterior of a service truck, including the elements contained on the front, back and both sides of the truck for the applied-for goods and services. The broken lines depicting the truck tires, wheels, door handles, front and rear vehicle lights, grille, license plate, windshield and windows, mirrors, and plastic trim all indicate placement of the mark on the service truck, and are not claimed as part of the mark. The product packaging consists of the following: [1] on the front panel, the words "EXPRESS PLUMBING HEATING & AIR" appear above the windshield in white lettering. Other than the lettering, the front panel is blue. [2] The right-side panel of the service truck has blue extending from the front panel. The blue paint transitions into a wave of water as it extends towards the rear. The water waves crest in two locations, near the front door of the truck and near the rear of the truck. Above the water is a white background. Superimposed over the white background, the words "EXPRESS PLUMBING HEATING & AIR" appear in blue except for the word "HEATING" which is in red. A logo is superimposed over the wave towards the rear end of the van. The logo is a bald man superimposed over circular background. The man is facing away with his head turned to the left and his left arm is extended down his left side with his hand partially clenched. The man is holding a wrench over his right shoulder. The man is wearing a short-sleeved shirt with the letters "EPS" encircled on the back. "ExpressPlumbingIdaho.com" and a space for a telephone number appears at the top of the service truck. [3] The left-side panel of the service truck mirrors the right side, with the exception that the logo remains the same. On the right-side panel the man in the logo is facing towards the rear while on the left-side panel the man is facing towards the front of the truck. [4] The rear panel has blue towards the bottom that extends into a wave that crests on the right side of the rear. Above the blue and the wave is a white background. The same logo described above is superimposed over the cresting wave. A space for a phone number is positioned to the left of the logo. The words "EXPRESS PLUMBING HEATING & AIR" is positioned at the top of the rear panel in blue, with the exception that the word "HEATING" is in red. The words "ExpressPlumbingIdaho.com" in red is positioned below the logo across the rear panel. Color Drawing Yes Color Claimed The color(s) red, white, and blue is/are claimed as a feature of the mark. Disclaimer "PLUMBING HEATING & AIR"
