Register: Principal  Mark Type: Service Mark  Date Cancelled: Oct. 28, 2022  Publication Date: Jan. 26, 2016

MARK INFORMATION
Standard Character Claim: No  Mark Drawing Type: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
Description of the Mark: The mark consists of an image depicting the right half of an ape's head as if from an angle looking straight forward into the ape's face. Specifically the ape appears to resemble a gorilla or some other large ape. The words "GOLDEN APE" appear as a partial acrostic to the left of the image, with the word "GOLDEN" being vertical and the word "APE" being horizontal with the final letter of "APE" ("e") being a shared letter with the "e" in "GOLDEN". In the bottom right corner of the entire image the word "RECORDS" appears horizontally in a slightly smaller font than "GOLDEN" and "APE". Color Claimed: Color is not claimed as a feature of the mark.

Disclaimer: "RECORDS"

**MARK INFORMATION**
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the word "DRAW" shown as an acronym in the following manner- "D.R.A.W." with the word "SCHOOL" in all caps under it. The word "school" is slightly smaller in width than word "D.R.A.W.". In the background is a shield similar to a police badge, though generic in shape. It has three points at the top and one at the bottom. The three items make up the logo itself. Included in a variation of the logo are the words "Law Enforcement" in a rounded fashion over the top of the shied, and the words "Firearms Training" in a rounded fashion under the shield. Both sets of words are designed to read "Law Enforcement Firearms Training" in a circular pattern.

For education services, namely, providing classes, seminars, and workshops in the field of space activity; training in the field of space activity; entertainment services, namely, arranging and conducting special events for social entertainment purposes in the field of space activity; production of films on videotapes; production of entertainment, namely, multimedia production services; radio entertainment production; televised entertainment, namely, a continuing news show broadcast over television; rental of sound recordings, film production, videotape film production, information in the field of education, information in the field of entertainment, rental of cine-films, editing of videotapes, editing of radio and television programs; arranging and conducting of colloquiums, conferences and congresses for educational or cultural purposes; organization of exhibitions for cultural or educational purposes; booking of seats for shows; * all these services being strictly intended for use with a device for centralizing satellite survey data feeding into databases that allow the Earth to be viewed with an array of aerial and satellite photographs in the context of a global program named e-CORCE and excluding all activity linked directly or indirectly to audiovisual technology, tele vision, cinema and shows that do not enter into this framework * ]
International Classes  41 - Primary Classes  US Classes  100, 101, 107  International Class Title  Education and Entertainment

For  [ advertising services and sales promotion for third parties and related advice services, all these services provided on-line or in non-real time from data processing systems, computer databases, computer or telematic networks, including the internet and the world wide web; advertising via web pages on the internet for others; advertising and promotion of scientific projects for others, all these services provided on line or in non-real time from data processing systems, computer databases or computer or telematic networks, including the internet and the world wide web; advertising and promotional services broadcast via cable and satellite; * all these services being strictly intended for use with a device for centralizing satellite survey data feeding into databases that allow the Earth to be viewed with an array of aerial and satellite photographs in the context of a global program named e-CORCE and excluding all activity linked directly or indirectly to audiovisual technology, television, cinema and shows that do not enter into this framework * ]

International Classes  35 - Primary Classes  US Classes  100, 101, 102  International Class Title  Advertising and Business

For  [ downloadable electronic publications in the nature of books, magazines, and information leaflets in the field of scientific projects, space exploration and earth observation; [ scientific, nautical, surveying, photographic, cinematographic, optical and teaching apparatus and instruments, namely, downloadable electronic books for teaching purposes in the field of scientific projects, space exploration and earth observation; ] apparatus and instruments for recording, transmission, reproduction or processing of sound or images; blank magnetic data carriers, prerecorded magnetic data carriers featuring space information; recording disks, namely, pre-recorded compact discs and video discs featuring space information; data processors and computers; telecommunications transmitters; antennas; tape recorders; cameras; video cameras; blank audio and video compact disks; prerecorded audio and video compact disks featuring space information; blank magnetic disks; prerecorded magnetic disks featuring space information; blank optical disks; prerecorded optical disks featuring space information; blank optical data carriers; prerecorded optical data carriers featuring space information; transmitters of electronic signals; telecommunication receivers, namely, satellite receivers; audio-video receivers and electronic signal receivers for earth observation by space; communications computer software for connection to databases or the internet and telecommunication apparatus, namely, modems for connection to databases or the internet; data processing apparatus, namely, data processors; specially adapted carrying cases for dark plates used in photography; recorded computer software for imaging the earth surface in the field of space activity; computer game software; observation instruments, namely, telescopes; satellites; computer programs being downloadable computer software for earth image processing in the field of space activity; satellite navigation apparatus, namely, global positioning systems and earth imaging systems; satellites for scientific use; remote control apparatus, namely, remote control transmitter for radio-controlled devices; * all these goods being strictly intended for use with a device for centralizing satellite survey data feeding into databases that allow the Earth to be viewed with an array of aerial and satellite photographs in the context of a global program named e-CORCE and excluding all activity linked directly or indirectly to audiovisual technology, television, cinema and shows that do not enter into this framework * ]

International Classes  9 - Primary Classes  US Classes  21, 23, 26, 36, 38  International Class Title  Electrical and Scientific Apparatus
For telecommunications, namely, information transmission via electronic communications networks; communications by
computer terminals; service provider, namely, providing user access to a global computer network; computer-aided
transmission of messages and images; satellite transmission; telecommunication services, namely, the transmission and
communication of information by electronic means, computer and telephone means; telecommunication services, namely, the
transmission and communication of messages, information and all other data, including data provided on line or in non-real
time from data processing systems, computer databases or computer or telematic networks, including the internet and the
world wide web; transmission of information and news by via telecommunication networks; services that provide access via
telecommunication, namely, providing access to telecommunication networks and providing telecommunications connections
to computer databases or to computer or telematic networks, including the internet and the world wide web;
telecommunication services, namely, electronic exchange and transmission of information derived from earth observation
satellites provided via the internet; communication by fiber-optic networks; electronic message sending, transmission of
messages and images by satellites; transmission of agents' computer programs accessible by access code via interfaces of
personalized network pages; transmission of periodical publications and other printed matter accessible by access code via
computers and communication networks; providing access to discussion forum websites on the internet; rental of access time
to global computer networks for accessing interfaces to personalized network pages for access to agents' computer programs;
transmission of information on-line from computer or telematic databases or the internet; computer chat room services,
namely, providing on-line facilities for real-time interaction with other computer users concerning topics of general interest;
rental of access time to communication networks, including the internet for access to texts, electronic documents, databases,
graphics and audiovisual information; * all these services being strictly intended for use with a device for centralizing satellite
survey data feeding into databases that allow the Earth to be viewed with an array of aerial and satellite photographs in the
context of a global program named e-CORCE and excluding all activity linked directly or indirectly to audiovisual technology,
television, cinema and shows that do not enter into this framework *

International Classes  38 - Primary Classes US Classes  100, 101, 104 International Class Title Communication

For  [ design and development of computers and software; scientific and technological services as well as research and design
in the field of satellite telecommunication; industrial analysis and research services in the field of satellite telecommunication;
recovery of computer data; conversion of data and computer programs, not physical conversion; technical project studies,
namely, conducting of feasibility studies; surveying being engineering services; computer programming; engineering work; *
all these services being strictly intended for use with a device for centralizing satellite survey data feeding into databases that
allow the Earth to be viewed with an array of aerial and satellite photographs in the context of a global program named e-
CORCE and excluding all activity linked directly or indirectly to audiovisual technology, television, cinema and shows that do
not enter into this framework ]

GOODS AND SERVICES INFORMATION
For Apparatus for locomotion by air, namely, space vehicles, aircraft, aeroplanes, unmanned aircraft, drones, helicopters, space shuttles, and rockets for space purposes; structural parts for cockpits for aerospace vehicles; brakes and braking systems comprised of main brake cylinders for aerospace vehicles; suspensions systems for aircrafts and shock absorbers for suspensions; landing gear for lifting landing gear for aerospace vehicles; thrust reversers for aerospace vehicles; dashboards; structural parts for airplanes, namely, joysticks for piloting comprising controls; excluding tires, wheels and component parts thereof

International Classes 12 - Primary Classes US Classes 19, 21, 23, 31, 35, 44 International Class Title Vehicles

For Passports, visa documents, identity cards, driving licenses, health cards, voting cards, residency cards, resident's permits, professional health cards and other personal administrative documents comprising a machine-readable area, all these documents being of paper or cardboard, and all these goods being used and/or intended for the fields of defense or security

International Classes 16 - Primary Classes US Classes 2, 5, 22, 23, 29, 37, 38, 50 International Class Title Paper Goods and Printed Matter
For [ Machine tools, namely, metalworking machine tools; machines for repairing and manufacturing parts, for use in aeronautical and space propulsion systems, namely, aircraft engine pods and thrust reversers, brakes, satellites, rocket, missiles, turbojet, ramjet and pulse jet engines, and rocket propelled engines; industrial robots; compressors for engines and machines; machine coupling and transmission and propulsion components, namely, valves being parts of machines for machines excluding those for land vehicles; ] propulsion systems for aeronautical and space vehicles comprised of motors and engines, propulsion units, nacelles, and thrust reversers; auxiliary power units for supplying electrical power for air and land vehicles; stands for machines used for testing motors and engines and other propulsion units for aeronautical and space vehicles, namely, nacelles; mechanical braking devices, namely, brakes for machines; structural parts for motors and engines for aerospace vehicles, namely, machine coupling and transmission and propulsion components, namely, valves being parts of machines, motor and engine air filters, fan casings in the nature of fans for machine engines, exhaust manifold for engines, and thrust reversers; all these goods being used in the fields of aerospace, defense [ or security ]

International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 24, 31, 34, 35 International Class Title Machinery

For Assistance regarding business organization and management to industrial or commercial companies that keep a fleet of aircraft; business advisory services concerning the methods to use in the commercial business management and mediation of contracts for purchase and sale of systems, equipment and parts for aeronautical and space vehicles; business advisory services concerning the methods to use in the commercial business management of a pool of aerospace vehicle systems, equipment and parts; business management consultation regarding the commercial aspects of repairing, checking, upkeep, upgrading and maintenance of aerospace vehicle systems, equipment and parts; provision of information and advice to consumers regarding the selection of tools for repairing, checking, upkeep, bringing up to standard and maintenance of aerospace vehicle systems, equipment and parts to be purchased; [ market research and market research studies in the field of aerospace; compilation of statistics relating to the management of a pool of aerospace vehicle systems, equipment and parts; compilation of information into computer databases; procurement, namely, purchasing spare parts for the repair, maintenance and checking of aerospace vehicle systems, equipment and parts for others ]

International Classes 35 - Primary Classes US Classes 100, 101, 102 International Class Title Advertising and Business

For Repair and maintenance of aerospace vehicles and component parts thereof; [ construction and installation of industrial buildings; ] repair and reconditioning of all aerospace vehicle components made of composite materials with high heat resistance, combustion chambers, rocket chambers and thrust nozzles; repair of electrical and electronic apparatus, instruments, systems, materials and equipment used in the field of aerospace; repair, revision, upkeep and maintenance services for aerospace vehicle systems, equipment and parts and their component parts, including motors and engines, engine pods, reactors, propulsion units, thrust reversers, braking systems, landing systems, and cables; under wing maintenance, repair, revision and upkeep services for all kinds of aerospace vehicle systems and equipment and parts; standard replacement, upgrading and renovation of aerospace vehicle equipment and parts; round the clock and 7 day a week on-line assistance services in the field of repairing, checking, upgrading, upkeep, maintenance and standard replacement for aerospace vehicle systems, equipment and parts; advisory services concerning the methodology to use in the repair, checking, upkeep, upgrading and maintenance of aerospace vehicle systems, equipment and parts; technical advice and assistance concerning the manufacture, upkeep, repair and revision of aeronautical vehicles and component parts thereof, including for engine pods,
reactors, propulsion units, thrust reversers, aeronautical vehicles, braking systems, landing systems, and cables; repair of ancillary structural materials and tools for aerospace vehicle systems, equipment and parts; installation and repair of electrical apparatus for applications in the military, aeronautical or maritime fields; installation and repair of electronic equipment for the modernization of aeroplanes, missiles, ships and submarines; maintenance and repair of aeronautical or marine equipment; all these services being used and/or intended for the fields of aerospace, defense [or security]

CASE IDENTIFIERS
Serial Number  90035128  Application Filing Date  Jul. 03, 2020  Registration Number  6414748  Registration Date  Jul. 13, 2021  Register  Principal  Mark Type  Trademark  Publication Date  Apr. 27, 2021

MARK INFORMATION
Standard Character Claim  No  Mark Drawing Type  2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/LETTER(S)  Description of the Mark  The mark consists of a three-dimensional configuration of a light therapy apparatus for the face. Horizontal lines flow from one side of the apparatus to the other side in different wave-like formations and patterns. There are no such lines in the middle of the apparatus, creating two horizontal oval-like images, with an upside down "Y" in between the two ovals. There is a rectangular piece about one third of the way down from the top of apparatus and over the two horizontal ovals. The rectangular piece curves down on both the left and right sides. The matter displayed in broken lines representing the apparatus's Y-shaped nose piece and ear pieces is not claimed as a part of the mark. Color Claimed  Color is not claimed as a feature of the mark. Acquired Distinctiveness  In whole
