For [ Insurance consultation; financial management; monetary exchange; real estate affairs, namely, real estate appraisal, real estate investment; credit card services; financing of sporting and cultural activities; rental of buildings and outbuildings designed for hosting business entertainment; asset based and private label financing services; financial analysis and consultation; credit card financial services; credit card services, namely, extension of credit to others; financial asset management for others; insurance and re-insurance services, namely, underwriting services for all types of insurance; equity investment services; insurance underwriting services in the field of bonds; financial guarantee assurance underwriting services; personal loan financing; mortgage banking services; acquisition financing services; commercial financing services; commercial real estate agency services; mutual fund investment; private equity and debt investment; consultancy, advisory and information services relating to all the foregoing services; leasing and rental of mobile and modular buildings, insurance ]
brokerage services, credit agency services in the fields of consumer and commercial credit, real estate loan financing services 
and banking and financing services; computerized services in connection with financial and monetary operations relating to 
electronic commercial transactions, namely, electronic funds transfers, electronic debit and credit card transactions; banking, 
namely, bank card services and store account card services; financial clearing-house services; issuing of cheques and letters of 
credit; financial trust operations; bill payment services; debit card services; charge card services; pre-paid card services; 
electronic credit and debit transactions; electronic funds transfer; smart card and electronic cash card services; electronic cash 
disbursements services; cash replacement rendered by credit card and debit cards; electronic cash transactions; cheque 
verification; cheque cashing; deposit access and automated teller machine services; payment processing services, namely, 
credit card and debit card transaction processing services; providing financial information via a global computer network; 
financial sponsorship of musical concerts and festivals; information services in the tourist field, namely, providing financial 
information in regard to financial matters for the assistance of tourists; providing information related to commodity trading ]

For: Surgical apparatus and instruments for medical, dental and veterinary use, artificial limbs, eyes and teeth; orthopaedic 
articles, namely, orthopaedic joint implants, orthopaedic support bandages, orthopaedic braces, orthopaedic soles, orthopaedic 
footwear; suture materials; clinical medical test kits for use in anti-doping tests, comprised of test tubes, test plates and 
indicator charts for evaluating test results; medical apparatus for the dispensing of measured unit doses of pharmaceutical 
preparations; vials for medical use; cannulas for medical use; syringes for medical use; fluid injectors for medical use; 
cartridges for medical use sold empty; medical devices, namely, infusion pumps for intravenous administration of fluids; 
needles for medical purposes; implantable radiation therapy devices consisting of encapsulated radioisotope brachytherapy 
 sources; radiation therapy delivery system consisting of radioactive seeds and a bio-absorbable carrier assembly; cardiac 
output monitors; heat and moisture exchangers for medical use; bacteria filters for medical use; gas analyzers for medical 
purposes; anesthesia record keeping and data management systems and patient monitor systems, namely, gas monitors, pulse 
oximeters, multi-parameter monitors, ECG monitors, invasive and non-invasive blood pressure monitors, neuromuscular 
transmission monitors, metabolic monitors and spirometers for anesthesia, intensive care and diagnostic applications; 
anesthesia machines and ventilators for patient care; intensive care and anesthesia accessories for single patient use, namely, 
gas sampling lines, airway adapters, breathing circuits, spirometry sensors and tubes, tubes, water traps, pulse oximetry 
sensors, non-invasive blood pressure cuffs, intravenous flushing sets, anesthesia masks, carbon dioxide absorbers, temperature 
probes and nebulizers; central nervous system monitors; gastrointestinal tonometers; gradient coils, namely, magnetic gradient 
coils used in magnetic resonance imaging; medical diagnostic devices, namely, bone densitometers; fetal monitoring 
apparatus, namely, fetal pulse and vital signs monitors; patient monitoring apparatus, namely, heart and vital signs monitors 
medical imaging systems, namely, ultrasounds, medical diagnostic imaging machines, imaging devices for screening and 
diagnostic applications for use in planning intervention and surgery, and parts thereof and attachments thereto; medical 
diagnostic apparatus for displaying diagnostic images, namely, spot film apparatus, x-ray image intensifiers, x-ray 
fluoroscopes, mobile x-ray units, radiographic film viewers, computerized tomography scanners, nuclear resonance scanners, 
ultra sound scanners, magnetic resonance scanners, positron emission tomography (pet) scanners; and parts thereof and 
attachments thereto including tables and pads; electronic blood pressure meters, laser medical treatment devices, namely, lasers 
for medical use, ultrasonic medical diagnostic apparatus, hearing aids, laser scalpels, electric massagers, hand-held vibrators

11116
for medical use, low frequency electronic muscle stimulator for medical use, high frequency electromagnetic therapy apparatus for medical use, air mattresses for medical use, electric heating pads for medical purposes, medical bone densitometers for use in the diagnosis of osteoporosis; radiation dosimeters for assessing therapeutic doses of radiation delivered to patients; body fat monitors ]

**For** Building construction; repair, installation and maintenance of computer systems hardware, computer network hardware and computer hardware; construction, installation, repair, replacement, overhaul and maintenance of power plants, engines, turbines, wind turbines, motors and apparatus, equipment and instrument for the generation of power and electricity and their component parts, fittings and accessories; installation, maintenance and repair services for compressors and pumps, namely, machine pumps and compressors, turbo expanders, fuel pumps and fuel distribution equipment, CNG refueling equipment, gas turbines, steam turbines, air cooled heat-exchangers, steam condensers, heavy wall reactors and tubular reactors; oil and gas pipeline maintenance and repair services; drilling and pumping of oil and gas; drilling for crude oil; oil well casing, tubing and drill pipe installation; rental of oil and gas well drilling tools; diagnostic repair and maintenance services rendered in the repair and maintenance of aircraft engines, turbines, electrical equipment, medical equipment, locomotives including accessories and component parts of all the foregoing; construction equipment leasing; chemical cleaning services for glass-lined reactor vessels used in the chemical and pharmaceutical processing industries; maintenance services for heat transfer systems and condensers; maintenance and repair services in the field of computerized cooling system equipment, repair and maintenance of machinery, instruments, electrical equipment and appliances, namely, oil and gas equipment maintenance and repair services; installation of point of sale terminals in shops; computer maintenance; electric appliance installation and repair, repair of radio receivers and television receivers, repair and maintenance of electrical communication apparatus and instruments, repair and maintenance of household electric appliances, repair and maintenance of electric lighting apparatus, repair and maintenance of power distribution and control apparatus, repair and maintenance of electric motors, repair and maintenance of measuring and testing machines and instruments, repair and maintenance of medical apparatus and instruments, repair and maintenance of metalworking machines and tools, repair and maintenance of cooking appliances, repair and maintenance of automatic distribution machines, repair and maintenance of water purifying apparatus, repair and maintenance of musical instruments, watch and clock repair and maintenance, repair and maintenance of gas water heaters for household purposes, repair and maintenance of bath equipment, repair of toilet stool units with washing water squirting features, installation, maintenance and repair of computer hardware, repair and maintenance of air conditioning apparatus, office machines and equipment installation, maintenance and repair, machinery installation, maintenance and repair, vehicle repair, repair and maintenance of electrical communication apparatus and instruments, repair and maintenance of computers, repair and maintenance of electronic printers, telephone repair, repair and maintenance of consumer electronics and telecommunications equipment ]
For Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, namely, biscuits and cookies, bread, pastry and confectionery, namely, cakes, fruit ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces as condiments, namely, mayonnaise, ketchup and relish; spices; ice.

For Blank magnetic data carriers, blank recording discs, namely, compact discs; cash registers, calculating machines, data processing equipment and computers; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports glasses, namely, sports goggles for use in skiing, racquetball, swimming; computer software for individual and multi-player network games and interactive evolutive scenario games; fuel pumps for service stations for fueling airplane engines; fuel distribution equipment, namely, metered fuel pumps, electrical fuel level gauges, control valves for regulating the flow of gases and fuel lines; automated fuel station management systems, comprised of computer operating software, metered fuel pumps, rate control panels, fuel lines and dispensing nozzles for fueling land and marine vehicles and marine vehicles and aircraft; gas meters; automated railway track switch machines; Global Position System (GPS) based tracking and monitoring systems for the railroad and transit industries; electrical devices and electrical power distribution products, namely, capacitors, circuit breakers, circuit breaker load centers, circuit closers, circuit interrupters, commutators, contactors, current rectifiers, current limiters, electric contacts, electric collectors, electric conductors, electric connectors, electric controllers, electric inductors, electric power supplies, electricity distribution boards and boxes, electricity distribution consoles, electricity switchboards and switchboxes; computer software for troubleshooting and maintaining programmable controllers, for analyzing blood vessels including cardiac vessels which also provides calculation functions with respect to blood vessels, for use with medical patient monitoring equipment, for receiving, processing, transmitting and displaying data, for use in developing personalized asset allocation programs, for use on-line to enable office equipment dealers to submit applications, manage portfolios and communicate with the company, for use in accessing mortgage and insurance information, for collecting data involving vital medical signs, for use with electrical power systems analyses and instructional manual sold as a unit therewith, for use by employees for financial institutions for determining financial investments for clients and in processing the sale of the identified investments, for obtaining information on the flood-hazard status of real property, for the development of graphical user interfaces and data visualization, for use to calculate mortgage payments, for regulating and managing vehicle fleet maintenance services, for use in connection with accessing and utilizing commercial computer services, for use by customers to obtain lease portfolio information, for a radiology information system for use by radiologists and radiology department in the database management of employee and patient information, for patient monitoring and archival purposes, installed on and used in connection with PCs and medical monitoring equipment, for graphical user interface, for use in sending encrypted and compressed data over paging carrier systems, for providing access to websites where buyers and sellers can conduct business electronically, and for horizontal navigation, namely, for navigation of down hole probe assembly for oil drilling and drilling assemblies for routing underground utilities; electrical goods, electrical power generation and distribution products and electrical voltage and overvoltage surge products, namely, arresters, busways, capacitors, lighting contactors, controllers and input/output devices in the nature of keyboards and monitors, fuses, lighting controllers, switch boxes, LEDs, namely, light emitting diodes, voltage regulators for electric power, voltage surge protectors, voltage surge suppressors, voltmeters, electrical circuit boards, relays and timers, solenoids and limit switches, full-voltage manual starters,
reduced voltage starters, electrical switches and disconnects, circuit board terminal blocks and pumping panels, circuit breakers and disconnects, transformers, electrical lighting and power circuit boards, electrical wires, cables, cords, and conductors, electrical wiring, lightning arresters, electricity meters, power meters, grounding resistors, humidity and temperature sensors; building and wood sensors, specifically sound wave and vibration sensors; industrial calibration sensors, specifically, proximity sensors; push buttons, motor control centers comprised primarily of physical groupings of combination starters in one assembly; electrical resistance heating wires and electrical controllers therefor and voltage regulators; software and software programs for data collection, data management and data analysis for use in industrial, research, and medical use; apparatus for electrophoresis not for medical use; chromatography columns and pumps; apparatus for bioinformatics systems, namely, computer hardware and software for processing biological information; apparatus for scintillation, namely, scintillation counter to measure beta-emitting nuclides; imaging apparatus for radioactive and luminescent emissions, namely, cameras and scanners; synthesis and purification integrated systems, namely, chromatography columns, cartridges, fraction collectors, mixers, monitors, pumps, recorders and analysis software; apparatus for microarrays, namely, probes, slides, buffers, bacterial controls, racks and trays; laser based optical apparatus for digital imaging not for medical use; laboratory articles, namely, microarray slides; laboratory glassware, vials and microvials and microtitre plates; computer software for hospital operating room management; computer software for critical care information management; industrial process control software; computer software programs and program manuals sold as a unit for use in factory management; graphical user interface based computer programs for controlling machines in industrial automation applications; software for creating graphics displays and editing dynamic data interfaces for real time graphics applications for industrial and business applications; communications software for connecting computer network users; industrial process software for plastic injection molding; software for control, monitoring, simulation, communications, data logging and collection, and factory automation; software to integrate manufacturing machine operations, control processes, provide data for visualization, track problems and generate production reports; packaged software for use in the operation and programming of grinding machines in the manufacturing industry; industrial process control hardware, namely, computer monitors; laptop computers, ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer peripherals, displays and terminals; computer whiteboards; system boards and processors; industrial process controllers featuring call control, operator interface, gage interfaces and data collectors; computer software for control and manufacturing applications, namely, statistical process control, data collection, and distributed numerical control; manufacturing execution systems and document management software; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; machine tools, namely, an adaptive control product in the nature of an external controller to optimize machine tool cutting performance of rough and semi-rough cuts; distributed and remote input/output computer hardware devices, input/output modules, interface modules, power supplies and mounting hardware therefor; intrusion and burglar alarm systems, security devices, namely, programming logic computers, control panels, electronic intrusion detectors, electronic glass-break sensors, electronic vibration sensors, magnetic contacts for use in security systems, electronic switch plates, electronic motion sensors for alarm systems, electronic motion sensitive switches, hard-wire sirens, audio speakers, electronic drivers, access control and alarm monitoring systems; fire, heat and smoke detecting and alarm units; computer card operated access control systems; card readers, card encoders, and encoded cards for use with card operated access control systems; video cameras; video object recognizers; video object trackers; video license plate readers; video alarm verifiers; video face recognizers; video vehicle recognizers; video traffic detectors; video access door controllers; video intrusion detectors; processing hardware and software that analyzes digital video images to
automatically extract, record and report intelligence, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; cameras; closed circuit video systems; closed circuit video system comprising one or more cameras, and a camera housing; short range, wireless, radio frequency transceivers; power line transceivers; communication control hardware for operating closed circuit camera; communication control hardware, namely, keypad controllers, matrix switches, multiplexers, digital video recorders, integrated pan-tilt-zoom domes, remote video controllers, receivers, electronic alarm, management controls and triggers, and video transmission devices sold separately or as part of a system for operating closed circuit cameras; personal digital assistant devices configured for use by real estate professionals; communications interface devices for use with personal digital assistant devices, fiber-optic transmission systems, namely, fiber optic transmitters, receivers and transceivers used in the transmission of video, audio, and data signals over optical fiber; electrical switches; electro-mechanical locks; magnetic locks; electric keys; hand held electronic hardware for receiving, controlling, storing, manipulating, displaying and transmitting data and for operating elec ]
