GOODS AND SERVICES INFORMATION
For Printed material, namely, manuals, catalogues, user guides, and operating instructions sold as a unit with software and data processing programs in the field of powder coating, wet paint coating and adhesive bonding
International Classes 16 - Primary Classes US Classes 2, 5, 22, 23, 29, 37, 38, 50  International Class Title Paper Goods and Printed Matter
For spray guns, mechanical squirting, spraying and casting apparatus, mechanical hot spraying apparatus, and spraying and casting installations, for sputtering, squirting, spraying, and misting liquids, gases, and solids, in particular pulverulent materials, paints, lacquers, dispersions, adhesives, resins, coolants and lubricants, and disinfectants, namely, spraying machines, power-operated spray guns, powder coating spray guns, electro-static coating machines; Machines and varnishing machines for coating, in particular by means of powdered and liquid varnishes, namely, electrostatic coating machines, wet paint spray guns, powder coating spray guns, and spraying machines; structural and replacement parts for the aforesaid goods, in particular atomising nozzles, nozzle extensions of plastic and metal, nozzle changing and nozzle rotating devices, nozzle pivoting devices, namely, manually pivotable nozzle holders, nozzle sets, pipes of metal and plastic, pumps, compressors and pressurised containers, storage containers of metal and plastic, paint heaters, control and regulating apparatus, power supply units, high voltage generators, electrodes, and equipment carriers for spraying apparatus
International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 24, 31, 34, 35  International Class Title Machinery
For Repair and maintenance of installations and installation components for powder coating, for wet paint coating and for adhesive bonding; providing information, consultancy and advice relating to paint or powder coating and adhesive bonding

International Classes 37 - Primary Classes US Classes 100, 103, 106 International Class Title Construction and Repair

For Downloadable computer programs and software being mobile operating systems for operating powder coating, wet paint coating, or adhesive bonding apparatuses and machines; downloadable computer software platforms in the nature of mobile applications for gathering, processing, and reporting data related to the performance, operation, and maintenance of coating and bonding apparatuses and installations in the field of powder coating, wet paint coating and adhesive bonding, all for the purpose of technical monitoring, inspecting, controlling, and regulating installations and installation components; downloadable computer software in the nature of mobile applications for use in connection with industrial manufacture and production planning, in particular digital control programs and machine tool operating programs in the field of powder coating, wet paint coating and adhesive bonding; downloadable industrial software in the nature of mobile applications for gathering, processing, and reporting data related to the performance, operation, and maintenance of coating and bonding apparatuses and installations in the field of powder coating, wet paint coating, and adhesive bonding, all for the purpose of technical monitoring, inspecting, controlling, and regulating installations and installation components; downloadable software and applications for mobile devices for gathering, processing, and reporting data related to the performance, operation, and maintenance of coating and bonding apparatuses and installations in the field of powder coating, wet paint coating, and adhesive bonding, all for the purpose of technical monitoring, inspecting, controlling, and regulating installations and installation components; downloadable industrial process control software in the nature of mobile applications; Recorded content, namely, electronic handbooks and manuals in the form of pre-recorded CDs, pre-recorded usb cards, and DVDs featuring information about installations and installation components for powder coating, wet paint coating, or adhesive bonding; all of the aforesaid goods for use in connection with cloud computing, cloud networks, and the IoT (Internet of Things), in particular in the machine engineering sector; downloadable or pre-installed mobile application software in the nature of mobile operating systems in the field of powder coating, wet paint coating and bonding; downloadable mobile apps for providing instruction in the use of installations and installation components for powder coating, wet paint coating, and adhesive bonding, for providing consultancy in the use of such installations, for requesting and implementing customer service in the field of powder coating, wet paint coating and bonding, for technical monitoring and control of coating and bonding installations, and for controlling and regulating installations and installation components for powder coating, wet paint coating, and adhesive bonding; downloadable or pre-installed software for evaluating user behaviour in the use of installations and installation components for powder coating, wet paint coating, and adhesive bonding; downloadable software in the nature of mobile applications for operating powder coating, wet paint coating, and adhesive bonding apparatuses and machines sold as a unit with printed manuals, catalogues, user guides and operating instructions

International Classes 9 - Primary Classes US Classes 21, 23, 26, 36, 38 International Class Title Electrical and Scientific Apparatus
For providing information, consultancy and advice relating to surface and material treatment in the nature of coating and bonding products during manufacture, specifically in relation to paint or powder coating and adhesive bonding

**International Classes**  40 - Primary Classes **US Classes**  100, 103, 106  **International Class Title**  Material Treatment

For hand-operated spray guns for sputtering, squirting, spraying, and misting liquids, pulverulent materials, paints, lacquers, dispersions, adhesives, resins, coolants and lubricants, and disinfectants

**International Classes**  8 - Primary Classes **US Classes**  23, 28, 44  **International Class Title**  Hand Tools

For cloud computing featuring software for evaluating user behaviour in operating installations, for use in the field of powder coating, wet paint coating, and adhesive bonding; Software as a service (SAAS) services featuring software in the nature of mobile applications for operating installations, for use in the field of powder coating, wet paint coating, and adhesive bonding; Platform as a Service featuring computer software platforms in the nature of mobile applications for operating installations, for use in the field of powder coating, wet paint coating, and adhesive bonding

Mark Literal(s) WONDERFUL MARKET

CASE IDENTIFIERS
Serial Number   90132880 Application Filing Date  Aug. 24, 2020  Registration Number   7008779
Registration Date  Mar. 28, 2023  Register  Principal  Mark Type  Service Mark  Publication Date  Jan. 10, 2023

MARK INFORMATION
Standard Character Claim  No  Mark Drawing Type  3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark  The mark consists of the stylized wording "WONDERFUL MARKET" and design. The design consists of a horizontally positioned rectangle shape with an oval in the center and within the oval is the image of a Chinese chef with thumbs up, wearing a hat and a long sleeve pullover and centered at the top of the pullover is a Chinese character. Within the rectangle on each side of the oval is a vertical rectangle that contains four Chinese characters. Below the design is a horizontally positioned rectangle containing the wording "WONDERFUL MARKET". Disclaimer  "MARKET" AND THE NON-LATIN CHARACTERS THAT TRANSLITERATE TO "CHAO SHI" AND THE NON-LATIN CHARACTERS THAT TRANSLITERATE TO "CHU" Translation  The four non-Latin characters on the left in the mark transliterate to "wan hui chao shi" and this means "Wanhui Supermarket" in English. The four non-Latin characters on the right in the mark transliterate to "huang shu yu chu" and this means "chef for emperor's uncle" in English. The non-Latin characters on the shirt in the mark transliterate to "hui" and this has no meaning in a foreign language

Registration Date Mar. 28, 2023 Register Principal Mark Type Service Mark Publication Date Jan. 10, 2023

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark
The mark consists of three-dimensional trade dress configuration of a red and white color ceiling fascia in the shape of an incomplete exclamation mark, in the interior of a retail store. The exclamation mark design is composed of two separate fascia, one is a V shape with a red color outline, a white color center and a rounded corner; and the second is a circle with a red color outline and a white color center. The circle fascia is located in front of the corner of the V shape fascia. The V shape fascia runs from the entrance of the store and the circle fascia is above the checkout stand of the store. The fascia have recessed lightings on their surface. The broken lines depicting the check-out stand, lighting fixtures, walls, windows, clothing racks and shelves only show the position of the trade dress in the retail store and are not claimed as individual features of the mark. Color Drawing Yes Color Claimed The color(s) red and white is/are claimed as a feature of the mark. Disclaimer RECESSED LIGHTINGS

computers and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for printers, facsimile machines and copiers with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for multi-function machines with copying, facsimile, scanning and printing function with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Photographic, electrostatic, and thermic photocopiers; digital copiers; electrostatic copying machines; thermal and photo copiers; parts and fittings for thermal, and photo copiers, namely, equipment incorporating punching function for copiers, equipment incorporating stapling function for copiers, equipment incorporating function of folding paper for copiers, equipment incorporating sorting function for copiers, automatic manuscript feeding device for copiers, and paper feed tray for copiers; Facsimile machines; telecommunication machines and apparatus, namely, data transmitters, data receivers, mobile terminals, mobile phones, data transceivers and remote monitoring apparatus, namely, apparatus for monitoring photocopiers remotely; laser bar code, document, and image printers; ink-jet bar code and document printers; dye-sublimation printers; document, bar code, digital photo, and impact printers; parts and fittings for document, digital photo, and impact printers, namely, paper feeders for printers, equipment incorporating punching function for printers, equipment incorporating stapling function for printers, equipment incorporating function of folding paper for printers, equipment incorporating sorting function for printers, automatic manuscript feeding devices for printers, paper feed trays for printers and label printers; scanners; parts and fittings for scanners, namely, automatic manuscript feeding devices for scanners and contact image scanner sensor and maintenance kits for scanners comprised primarily of sets of replacement parts for scanners, namely, pick rollers for scanners and also including cleaning papers for scanners and liquid cleaners for scanners; multi-function machines for use in printing, copying and scanning documents and images; multi-function machines with copying, facsimile, scanning and printing function for use with documents and images; plotters; bar code and document printers with copy, facsimile, scanning function and their replacement parts and fittings; photosensitive drum for thermal and photocopiers; photosensitive drum for computer document and bar code printers; photosensitive drum for facsimile machines; photoreceptor drum for multi-function machines with printing, facsimile, copying and scanning function for use with documents and images; thermal print head for document printers and plotters; ink jet head for ink jet document printers; LED print head for document printers and plotters; Print heads for document and bar code printers and plotters; light-emitting diodes (LED); laser diodes; Lasers not for medical use; organic light-emitting diodes (OLED); semi-conductor power elements; downloadable computer software for document management and creating or document and image processing; downloadable computer software for scanning images and documents; downloadable computer software for document creating and workflow management; downloadable computer program for data processing; downloadable computer program and software for image processing; downloadable computer operating software for use with computer document printer servers; downloadable computer software for diagnostics and troubleshooting problems with photocopiers and laser document printers; downloadable computer software for digital print application development; downloadable application software for use in computer network security management, print processing, image reading, displaying data analysis result, automatic document creation, management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register
information in the nature of financial, insurance, education and medical information; downloadable application software for database management; downloadable computer operating programs for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer programs for use in management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; electronic machines, apparatus and their parts, namely, display units for computers, electrostatic copying machines, blank electronic chip cards, integrated circuit card reader, downloadable computer programs for electronic surveillance; downloadable computer screen saver software; credit card terminals, bar code reader, electronic circuits, authentication devices, namely, Radio-frequency identification (RFID) readers; battery charging devices; projectors, namely, digital projectors, LCD projectors, multimedia projectors; paper feed trays for document printers; paper discharge trays for document printers; stacker trays for document printers; integrated circuit card generators and integrated circuit card writers; toner cartridges, unfilled; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled; personal digital assistants; Downloadable electronic publications, namely, magazines, and manuals in the field of business, market research, and advertising, downloadable user manuals for printing and telecommunication devices containing application examples of devices, service information and product information related to the devices; parts and accessories for telecommunication machines and apparatus, namely, Global Positioning System (GPS) apparatus, electric installations for the remote control of industrial operations, telecommunications hardware for monitoring and managing document printers and photocopiers, namely, electronic monitoring apparatus, other than for medical purposes, login information management devices, error information management devices, expendables information management devices, network routers, wireless LAN hardware and network security devices; computers; network servers; print servers, namely, network servers; document data management servers; image data management servers; display monitors for servers; back-up power supply devices; network servers for management of device operation histories; computer hardware, namely, data storage device; data processors; Communications servers for management of expense data and login data; communications and network servers for use in management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer operating software platforms for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; recorded computer software platforms for use in management of expense data and login data; recorded computer software platforms for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer software platforms for data processing, analysis and aggregation; optical character readers; downloadable computer operating software applications for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer software applications for management of expense data and login data; downloadable computer software applications for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable computer software applications for data processing, analysis and aggregation; Computer bar code and document printers; Data processing equipment for use in management of document data, image data and business information; network servers for cloud computing; document and image data processors; document and image data capturing apparatus; downloadable and recorded computer software for processing, analyzing or archive of document data; downloadable computer software for data management; downloadable computer software for database management; downloadable computer software for document
management; computer software for document management, recorded; downloadable and recorded computer software for converting document images into electronic formats; downloadable software for word processing

**International Classes**  9 - Primary Classes **US Classes**  21, 23, 26, 36, 38  **International Class Title**  Electrical and Scientific Apparatus

**For**  Printing services via computer networks; electronic printing services using computers and their related equipment; consultancy and providing information relating to printing services using computers and their related equipment; consultancy and providing information relating to printing; printing services; recycling of toner cartridges, wasted; recycling of office machines or industrial equipment; recycling of waste and trash; rental of printing machines and apparatus; rental of 3D printers; bookbinding; rental of bookbinding machines

**International Classes**  40 - Primary Classes **US Classes**  100, 103, 106  **International Class Title**  Material Treatment

**For**  Consultancy relating to design and development of computer software and computers for printing; consultancy in the field of computerized information processing systems design; design and development of electronic data security systems; rental of computers; leasing of computer programs; Computer software design, computer programming, and maintenance of computer software; testing the functionality of machines, and electronic apparatus and instruments; research on machines, and electronic apparatus and instruments; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; digitization of documents, namely, scanning; cloud computing featuring software for use in database management and for use in monitoring photocopiers and computer document printers; electronic data storage; computer technology consultancy; Information technology (IT) consulting services; technology consulting services in the field of the performance and operating methods of computers, automobiles, and other machines which require a high degree of specialized knowledge, skills, or experience for their operation; rental of scanners; off-site data backup; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to ensure proper functioning and for detecting data breach; computer system design; computer software design; upgrading of computer software; maintenance of computer software; copying of computer programs; data encryption services; conversion of data or documents from physical to electronic media; monitoring of computer systems for detecting unauthorized access or data breach; software as a service (SaaS) services featuring software for use in database management, word processing, and for operating and managing photocopiers, document and image printers; Hosting the web sites of others on a computer server for a global computer network; rental of computer software; platform as a service (PaaS) services featuring computer software platforms for use in database management, word processing, and for operating and managing photocopiers, document and image printers; server hosting; Data collection and storage services using proprietary software to collect, analyze and store electronic data log information obtained from copiers, printers and electronic office equipment; Data collection and storage services using proprietary software to collect, analyze and store electronic big data; data collection and storage services using proprietary software to collect, analyze and store electronic big data obtained from copiers, printers and electronic office equipment; providing online non-downloadable computer software for technical and scientific analysis by artificial intelligence (AI); providing on-line non-downloadable computer software for corporate data analysis and reporting; Data collection and storage services using proprietary software to collect, analyze and store electronic data; providing online non-downloadable software for word processing; design, development, maintenance, updating and rental of computer software for word processing; providing information in the field of the design of computer equipment for word processing; installation and maintenance of
computer programs for document management; design, programming and maintenance of computer software for word processing; computer programming services for electronic data security; electronic data security consultancy; computerized conversion of electronic data; remote monitoring of computer system for word processing to ensure proper functioning; monitoring of computer programs for word processing for preventing the intrusion of unauthorized access by others; software as a service (SaaS) services featuring online application software for document management

GOODS AND SERVICES INFORMATION
For Toner; pigments; printing ink for printers; printing ink for copiers; printing ink for scanners; printing ink for facsimiles; toner for printers; toner for copiers; toner for digital copiers; toner for electrostatic copying machines; toner for copiers; toner for scanners; toner for facsimiles; printing ink; dry inks; ink for 3D printers; mimeographing ink; colors for painting pictures, namely, paints; filled toner cartridges; filled toner cartridges for printers with copying, facsimile and scanning function; filled toner cartridges for printer; filled toner cartridges for copiers; filled toner cartridges for facsimile machines; filled toner cartridges for office machines and industrial equipment; filled ink cartridges; filled ink cartridges for printers with copy, facsimile, scanning function; filled ink cartridges for printers; filled ink cartridges for copiers; filled ink cartridges for facsimile machines; filled ink cartridges for photocopiers; filled ink cartridges for office machines or industrial equipment; filled toner cartridges for printers; filled toner cartridges for photocopiers; filled toner cartridges for office machines or industrial equipment; dyestuffs; paints; nonferrous metals in foil or powder form for painters, decorators, printers and artists; precious metals in foil or powder form for painters, decorators, printers and artists; 3D printers; bookbinding machines for commercial or industrial use; printing rollers for machines; inking apparatus for printing machines; printing plates; paper feeders for commercial or industrial printing machines; printing cylinders for commercial or industrial printing machines; bookbinding machines for industrial purposes;
printing machines for use on sheet metal; packaging and wrapping machines; packaging machines; Electronic label printing machines for commercial use

**International Classes**  7 - Primary Classes  **US Classes**  13, 19, 21, 23, 24, 31, 34, 35  **International Class Title**  Machinery

For  Photographic, electrostatic, and thermic photocopiers; digital copiers; electrostatic copying machines; thermal and photo copiers; parts and fittings for thermal, and photo copiers, namely, equipment incorporating punching function for copiers, equipment incorporating stapling function for copiers, equipment incorporating function of folding paper for copiers, equipment incorporating sorting function for copiers, automatic manuscript feeding device for copiers, and paper feed tray for copiers; Facsimile machines; telecommunication machines and apparatus, namely, data transmitters, data receivers, mobile terminals, mobile phones, data transceivers and remote monitoring apparatus, namely, apparatus for monitoring photocopiers remotely; laser bar code, document, and image printers; ink-jet bar code and document printers; dye-sublimation printers; document, bar code, digital photo, and impact printers; parts and fittings for document, digital photo, and impact printers, namely, paper feeders for printers, equipment incorporating punching function for printers, equipment incorporating stapling function for printers, equipment incorporating function of folding paper for printers, equipment incorporating sorting function for printers, automatic manuscript feeding devices for printers, paper feed trays for printers and label printers; scanners; parts and fittings for scanners, namely, automatic manuscript feeding devices for scanners and contact image scanner sensor and maintenance kits for scanners comprised primarily of sets of replacement parts for scanners, namely, pick rollers for scanners and also including cleaning papers for scanners and liquid cleaners for scanners; multi-function machines for use in printing, copying and scanning documents and images; multi-function machines with copying, facsimile, scanning and printing function for use with documents and images; plotters; bar code and document printers with copy, facsimile, scanning function and their replacement parts and fittings; photosensitive drum for thermal and photocopiers; photosensitive drum for computer document and bar code printers; photosensitive drum for facsimile machines; photoreceptor drum for multi-function machines with printing, facsimile, copying and scanning function for use with documents and images; thermal print head for document printers and plotters; ink jet head for ink jet document printers; LED print head for document printers and plotters; Print heads for document and bar code printers and plotters; light-emitting diodes (LED); laser diodes; Lasers not for medical use; organic light-emitting diodes (OLED); semi-conductor power elements; downloadable computer software for document management and creating or document and image processing; downloadable computer software for scanning images and documents; downloadable computer software for document creating and workflow management; downloadable computer program for data processing; downloadable computer program and software for image processing; downloadable computer operating software for use with computer document printer servers; downloadable computer software for diagnostics and troubleshooting problems with photocopiers and laser document printers; downloadable computer software for digital print application development; downloadable application software for use in computer network security management, print processing, image reading, displaying data analysis result, automatic document creation, management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable application software for database management; downloadable computer operating programs for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer programs for use in management of user and customer information, expenses and login data,
data processing, data analysis, data aggregation, and the management of official documents and family register information in
the nature of financial, insurance, education and medical information; electronic machines, apparatus and their parts, namely,
display units for computers, electrostatic copying machines, blank electronic chip cards, integrated circuit card reader,
downloadable computer programs for electronic surveillance; downloadable computer screen saver software; credit card
terminals, bar code reader, electronic circuits, authentication devices, namely, Radio-frequency identification (RFID) readers;
battery charging devices; projectors, namely, digital projectors, LCD projectors, multimedia projectors; paper feed trays for
document printers; paper discharge trays for document printers; stacker trays for document printers; integrated circuit card
generators and integrated circuit card writers; toner cartridges, unfilled; toner cartridges, unfilled, for printers and
photocopiers; ink cartridges, unfilled; personal digital assistants; Downloadable electronic publications, namely, magazines,
and manuals in the field of business, market research, and advertising, downloadable user manuals for printing and
telecommunication devices containing application examples of devices, service information and product information related to
the devices; parts and accessories for telecommunication machines and apparatus, namely, Global Positioning System (GPS)
apparatus, electric installations for the remote control of industrial operations, telecommunications hardware for monitoring
and managing document printers and photocopiers, namely, electronic monitoring apparatus, other than for medical purposes,
login information management devices, error information management devices, expendables information management devices,
network routers, wireless LAN hardware and network security devices; computers; network servers; print servers, namely,
network servers; document data management servers; image data management servers; display monitors for servers; back-up
power supply devices; network servers for management of device operation histories; computer hardware, namely, data storage
device; data processors; Communications servers for management of expense data and login data; communications and
network servers for use in management of official documents and family register information in the nature of financial,
insurance, education and medical information; recorded computer operating software platforms for security management
devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business
information management devices; recorded computer software platforms for use in management of expense data and login
data; recorded computer software platforms for use in the management of official documents and family register information in
the nature of financial, insurance, education and medical information; recorded computer software platforms for data
processing, analysis and aggregation; optical character readers; downloadable computer operating software applications for
security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management
devices and business information management devices; downloadable computer software applications for management of
expense data and login data; downloadable computer software applications for use in the management of official documents
and family register information in the nature of financial, insurance, education and medical information; downloadable
computer software applications for data processing, analysis and aggregation; Computer bar code and document printers; Data
processing equipment for use in management of document data, image data and business information; network servers for
cloud computing; document and image data processors; document and image data capturing apparatus; downloadable and
recorded computer software for processing, analyzing or archive of document data; downloadable computer software for data
management; downloadable computer software for database management; downloadable computer software for document
management; computer software for document management, recorded; downloadable and recorded computer software for
converting document images into electronic formats; downloadable software for word processing
Consultancy relating to design and development of computer software and computers for printing; consultancy in the field of computerized information processing systems design; design and development of electronic data security systems; rental of computers; leasing of computer programs; Computer software design, computer programming, and maintenance of computer software; testing the functionality of machines, and electronic apparatus and instruments; research on machines, and electronic apparatus and instruments; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; digitization of documents, namely, scanning; cloud computing featuring software for use in database management and for use in monitoring photocopiers and computer document printers; electronic data storage; computer technology consultancy; Information technology IT consulting services; technology consulting services in the field of the performance and operating methods of computers, automobiles, and other machines which require a high degree of specialized knowledge, skills, or experience for their operation; rental of scanners; off-site data backup; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to ensure proper functioning and for detecting data breach; computer system design; computer software design; upgrading of computer software; maintenance of computer software; copying of computer programs; data encryption services; conversion of data or documents from physical to electronic media; monitoring of computer systems for detecting unauthorized access or data breach; software as a service (SaaS) services featuring software for use in database management, word processing, and for operating and managing photocopiers, document and image printers; Hosting the web sites of others on a computer server for a global computer network; rental of computer software; platform as a service (PaaS) services featuring computer software platforms for use in database management, word processing, and for operating and managing photocopiers, document and image printers; server hosting; Information services in the nature of data collection and storage services using proprietary software to collect, analyze and store electronic data; Data collection and storage services using proprietary software to collect, analyze and store electronic data log information obtained from copiers, printers and electronic office equipment; Information services in the nature of data collection and storage services using proprietary software to collect, analyze and store electronic data log information obtained from copiers, printers and electronic office equipment; Data collection and storage services using proprietary software to collect, analyze and store electronic big data; Information services in the nature of data collection and storage services using proprietary software to collect, analyze and store electronic big data obtained from copiers, printers and electronic office equipment; providing online non-downloadable computer software for technical and scientific analysis by artificial intelligence (AI); providing on-line non-downloadable computer software for corporate data analysis and reporting; Data collection and storage services using proprietary software to collect, analyze and store electronic data; providing online non-downloadable software for word processing; design, development, maintenance, updating and rental of computer software for word processing; providing information in the field of the design of computer equipment for word processing; installation and maintenance of computer programs for document management; design, programming and maintenance of computer software for word processing; computer programming services for electronic data security; electronic data security consultancy; computerized conversion of electronic data; remote monitoring of computer system for word processing to ensure proper functioning; monitoring of computer programs for word processing for preventing the intrusion of unauthorized access by others; software as a service (SaaS) services featuring online application software for document management

GOODS AND SERVICES INFORMATION
For  Rental of copiers, typewriters, word processors, and other office machines; photocopying services; document reproduction in the nature of photocopying services; business consultancy relating to purchase and operation of copiers, printers, scanners, and other office machines and industrial equipment and providing information relating thereto; copying and duplicating of documents using printers, photocopiers, copiers, scanners, facsimile machines, and other office machines and industrial equipment; computerized file management of documents and images and consultation related thereto; business assistance relating to the operation of computers for document management; business assistance relating to the operation of computers, typewriters, data processors, other office machines and industrial equipment; Accountancy, namely, drawing up of statements of accounts; office functions, namely, filing of documents or magnetic tapes; computerized file management; providing information and consultancy about systemization of information into computer databases; compilation of information into computer databases; input of information into computer databases; registration of written communications and data in the field of ownership of photocopiers and computer document printers; business management analysis and business consultancy; marketing research and analysis; provision of information concerning commercial sales; computerized digital data file management; computerized word processing and file management; computerized document file management; updating and maintenance of data in computer databases; systemization of information into computer databases; analysis of business information; marketing services using analysis of big data, data logs and electronic data; analysis of business data; aggregation and analysis of data based on marketing research; management and compilation of computerized databases; computerized file management and computer database file management; database management services; computerized digital
data file management, and business consultancy and information services relating thereto; Business information services in the field of file management by means of digitalization, storage and output of pictures and documents; business consultancy services relating to data processing; business consultancy services relating to file management of electronic data; management and maintenance of document data or image data in computer databases; business management; Business consultation, information services, research, analysis and expert evaluation relating to business; computerized word and data processing services

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102 **International Class Title** Advertising and Business

**For** Installation, maintenance and repair of printers, photocopiers, copiers, scanners, plotters, facsimile machines, office machines and other office equipment and providing information relating thereto; installation, maintenance and repair of 3D printers and providing information relating thereto; cleaning of office machines; refilling of toner cartridges; installation, maintenance and repair of printing and bookbinding machines and apparatus and providing information relating thereto; disinfecting of telephone hand-sets; installation, maintenance and repair of computer hardware and providing information relating thereto; installation, repair or maintenance of electronic office machines and apparatus and providing information relating thereto; installation, repair or maintenance of telecommunication machines and apparatus, other than telephone apparatus, radio receivers and television receivers, and provision of information relating thereto; installation, repair or maintenance of computers and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for printers, facsimile machines and copiers with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for multi-function machines with copying, facsimile, scanning and printing function with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto.

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** Photographic, electrostatic, and thermic photocopiers; digital copiers; electrostatic copying machines; thermal and photo copiers; parts and fittings for thermal, and photo copiers, namely, equipment incorporating punching function for copiers, equipment incorporating stapling function for copiers, equipment incorporating function of folding paper for copiers, equipment incorporating sorting function for copiers, automatic manuscript feeding device for copiers, and paper feed tray for copiers; Facsimile machines; telecommunication machines and apparatus, namely, data transmitters, data receivers, mobile terminals, mobile phones, data transceivers and remote monitoring apparatus, namely, apparatus for monitoring photocopiers remotely; laser bar code, document, and image printers; ink-jet bar code and document printers; dye-sublimation printers; document, bar code, digital photo, and impact printers; parts and fittings for document, digital photo, and impact printers, namely, paper feeders for printers, equipment incorporating punching function for printers, equipment incorporating stapling function for printers, equipment incorporating function of folding paper for printers, equipment incorporating sorting function for printers, automatic manuscript feeding devices for printers, paper feed trays for printers and label printers; scanners; parts and fittings for scanners, namely, automatic manuscript feeding devices for scanners and contact image scanner sensor and maintenance kits for scanners comprised primarily of sets of replacement parts for scanners, namely, pick rollers for scanners.
and also including cleaning papers for scanners and liquid cleaners for scanners; multi-function machines for use in printing, copying and scanning documents and images; multi-function machines with copying, facsimile, scanning and printing function for use with documents and images; plotters; bar code and document printers with copy, facsimile, scanning function and their replacement parts and fittings; photosensitive drum for thermal and photocopiers; photosensitive drum for computer document and bar code printers; photosensitive drum for facsimile machines; photoreceptor drum for multi-function machines with printing, facsimile, copying and scanning function for use with documents and images; thermal print head for document printers and plotters; ink jet head for ink jet document printers; LED print head for document printers and plotters; Print heads for document and bar code printers and plotters; light-emitting diodes (LED); laser diodes; Lasers not for medical use; organic light-emitting diodes (OLED); semi-conductor power elements; downloadable computer software for document management and creating or document and image processing; downloadable computer software for scanning images and documents; downloadable computer software for document creating and workflow management; downloadable computer program for data processing; downloadable computer program and software for image processing; downloadable computer operating software for use with computer document printer servers; downloadable computer software for diagnostics and troubleshooting problems with photocopiers and laser document printers; downloadable computer software for digital print application development; downloadable application software for use in computer network security management, print processing, image reading, displaying data analysis result, automatic document creation, management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable application software for database management; downloadable computer operating programs for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer programs for use in management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; electronic machines, apparatus and their parts, namely, display units for computers, electrostatic copying machines, blank electronic chip cards, integrated circuit card reader, downloadable computer programs for electronic surveillance; downloadable computer screen saver software; credit card terminals, bar code reader, electronic circuits, authentication devices, namely, Radio-frequency identification (RFID) readers; battery charging devices; projectors, namely, digital projectors, LCD projectors, multimedia projectors; paper feed trays for document printers; paper discharge trays for document printers; stacker trays for document printers; integrated circuit card generators and integrated circuit card writers; toner cartridges, unfilled; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled; personal digital assistants; Downloadable electronic publications, namely, magazines, and manuals in the field of business, market research, and advertising, downloadable user manuals for printing and telecommunication devices containing application examples of devices, service information and product information related to the devices; parts and accessories for telecommunication machines and apparatus, namely, Global Positioning System (GPS) apparatus, electric installations for the remote control of industrial operations, telecommunications hardware for monitoring and managing document printers and photocopiers, namely, electronic monitoring apparatus, other than for medical purposes, login information management devices, error information management devices, expendables information management devices, network routers, wireless LAN hardware and network security devices; computers; network servers; print servers, namely, network servers; document data management servers; image data management servers; display monitors for servers; back-up power supply devices; network servers for management of device operation histories; computer hardware, namely, data storage
device; data processors; Communications servers for management of expense data and login data; communications and network servers for use in management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer operating software platforms for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; recorded computer software platforms for use in management of expense data and login data; recorded computer software platforms for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer software platforms for data processing, analysis and aggregation; optical character readers; downloadable computer operating software applications for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer software applications for management of expense data and login data; downloadable computer software applications for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable computer software applications for data processing, analysis and aggregation; Computer bar code and document printers; Data processing equipment for use in management of document data, image data and business information; network servers for cloud computing; document and image data processors; document and image data capturing apparatus; downloadable and recorded computer software for processing, analyzing or archive of document data; downloadable computer software for data management; downloadable computer software for database management; downloadable computer software for document management; computer software for document management, recorded; downloadable and recorded computer software for converting document images into electronic formats; downloadable software for word processing

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Consultancy relating to design and development of computer software and computers for printing; consultancy in the field of computerized information processing systems design; design and development of electronic data security systems; rental of computers; leasing of computer programs; Computer software design, computer programming, and maintenance of computer software; testing the functionality of machines, and electronic apparatus and instruments; research on machines, and electronic apparatus and instruments; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; digitization of documents, namely, scanning; cloud computing featuring software for use in database management and for use in monitoring photocopiers and computer document printers; electronic data storage; computer technology consultancy; Information technology (IT) consulting services; technology consulting services in the field of the performance and operating methods of computers, automobiles, and other machines which require a high degree of specialized knowledge, skills, or experience for their operation; rental of scanners; off-site data backup; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to ensure proper functioning and for detecting data breach; computer system design; computer software design; upgrading of computer software; maintenance of computer software; copying of computer programs; data encryption services; conversion of data or documents from physical to electronic media; monitoring of computer systems for detecting unauthorized access or data breach; software as a service (SaaS) services featuring software for use in database management, word processing, and for operating and managing photocopiers, document and image printers; Hosting the web sites of others on a computer server for a global computer network; rental of computer software; platform as a service (PaaS) services featuring computer software platforms for use in
database management, word processing, and for operating and managing photocopiers, document and image printers; server hosting; Data collection and storage services using proprietary software to collect, analyze and store electronic data log information obtained from copiers, printers and electronic office equipment; Data collection and storage services using proprietary software to collect, analyze and store electronic big data; data collection and storage services using proprietary software to collect, analyze and store electronic big data obtained from copiers, printers and electronic office equipment; providing online non-downloadable computer software for technical and scientific analysis by artificial intelligence (AI); providing on-line non-downloadable computer software for corporate data analysis and reporting; Data collection and storage services using proprietary software to collect, analyze and store electronic data; providing online non-downloadable software for word processing; design, development, maintenance, updating and rental of computer software for word processing; providing information in the field of the design of computer equipment for word processing; installation and maintenance of computer programs for document management; design, programming and maintenance of computer software for word processing; computer programming services for electronic data security; electronic data security consultancy; computerized conversion of electronic data; remote monitoring of computer system for word processing to ensure proper functioning; monitoring of computer programs for word processing for preventing the intrusion of unauthorized access by others; software as a service (SaaS) services featuring online application software for document management

Goods and Services Information

For: Rental of copiers, typewriters, word processors, and other office machines; photocopying services; document reproduction in the nature of photocopying services; business consultancy relating to purchase and operation of copiers, printers, scanners, and other office machines and industrial equipment and providing information relating thereto; copying and duplicating of documents using printers, photocopiers, copiers, scanners, facsimile machines, and other office machines and industrial equipment; computerized file management of documents and images and consultation related thereto; business assistance relating to the operation of computers for document management; business assistance relating to the operation of computers, typewriters, data processors, other office machines and industrial equipment; Accountancy, namely, drawing up of statements of accounts; office functions, namely, filing of documents or magnetic tapes; computerized file management; providing information and consultancy about systemization of information into computer databases; compilation of information into computer databases; input of information into computer databases; registration of written communications and data in the field of ownership of photocopiers and computer document printers; business management analysis and business consultancy; marketing research and analysis; provision of information concerning commercial sales; computerized digital data file management; computerized word processing and file management; computerized document file management; updating and maintenance of data in computer databases; systemization of information into computer databases; analysis of business information; marketing services using analysis of big data, data logs and electronic data; analysis of business data; aggregation and analysis of data based on marketing research; management and compilation of computerized databases; computerized file management and computer database file management; database management services; computerized digital data file management, and business consultancy and information services relating thereto; Business information services in the
field of file management by means of digitalization, storage and output of pictures and documents; business consultancy services relating to data processing; business consultancy services relating to file management of electronic data; management and maintenance of document data or image data in computer databases; business management; Business consultation, information services, research, analysis and expert evaluation relating to business; computerized word and data processing services

**International Classes**  35 - Primary Classes  **US Classes**  100, 101, 102  **International Class Title**  Advertising and Business

**For**  Printing services via computer networks; electronic printing services using computers and their related equipment; consultancy and providing information relating to printing services using computers and their related equipment; consultancy and providing information relating to printing; printing services; recycling of toner cartridges, wasted; recycling of office machines or industrial equipment; recycling of waste and trash; rental of printing machines and apparatus; rental of 3D printers; bookbinding; rental of bookbinding machines

**International Classes**  40 - Primary Classes  **US Classes**  100, 103, 106  **International Class Title**  Material Treatment

**For**  Consultancy relating to design and development of computer software and computers for printing; consultancy in the field of computerized information processing systems design; design and development of electronic data security systems; rental of computers; leasing of computer programs; Computer software design, computer programming, and maintenance of computer software; testing the functionality of machines, and electronic apparatus and instruments; research on machines, and electronic apparatus and instruments; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; digitization of documents, namely, scanning; cloud computing featuring software for use in database management and for use in monitoring photocopierson and computer document printers; electronic data storage; computer technology consultancy; Information technology (IT) consulting services; technology consulting services in the field of the performance and operating methods of computers, automobiles, and other machines which require a high degree of specialized knowledge, skills, or experience for their operation; rental of scanners; off-site data backup; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access to ensure proper functioning and for detecting data breach; computer system design; computer software design; upgrading of computer software; maintenance of computer software; copying of computer programs; data encryption services; conversion of data or documents from physical to electronic media; monitoring of computer systems for detecting unauthorized access or data breach; software as a service (SaaS) services featuring software for use in database management, word processing, and for operating and managing photocopiers, document and image printers; Hosting the web sites of others on a computer server for a global computer network; rental of computer software; platform as a service (PaaS) services featuring computer software platforms for use in database management, word processing, and for operating and managing photocopiers, document and image printers; server hosting; Data collection and storage services using proprietary software to collect, analyze and store electronic data log information obtained from copiers, printers and electronic office equipment; Data collection and storage services using proprietary software to collect, analyze and store electronic big data; data collection and storage services using proprietary software to collect, analyze and store electronic big data obtained from copiers, printers and electronic office equipment; providing online non-downloadable computer software for technical and scientific analysis by artificial intelligence (AI); providing on-line non-downloadable computer software for corporate data analysis and reporting; Data collection and storage
services using proprietary software to collect, analyze and store electronic data; providing online non-downloadable software for word processing; design, development, maintenance, updating and rental of computer software for word processing; providing information in the field of the design of computer equipment for word processing; installation and maintenance of computer programs for document management; design, programming and maintenance of computer software for word processing; computer programming services for electronic data security; electronic data security consultancy; computerized conversion of electronic data; remote monitoring of computer system for word processing to ensure proper functioning; monitoring of computer programs for word processing for preventing the intrusion of unauthorized access by others; software as a service (SaaS) services featuring online application software for document management

GOODS AND SERVICES INFORMATION
For Installation, maintenance and repair of printers, photocopiers, copiers, scanners, plotters, facsimile machines, office machines and other office equipment and providing information relating thereto; installation, maintenance and repair of 3D printers and providing information relating thereto; cleaning of office machines; refilling of toner cartridges; installation, maintenance and repair of printing and bookbinding machines and apparatus and providing information relating thereto; disinfecting of telephone hand-sets; installation, maintenance and repair of computer hardware and providing information relating thereto; installation, maintenance and repair of electronic office machines and apparatus and providing information relating thereto; installation, repair or maintenance of electronic office machines and apparatus and providing information relating thereto; installation, repair or maintenance of telecommunication machines and apparatus, other than telephone apparatus, radio receivers and television receivers, and provision of information relating thereto; installation, repair or maintenance of computers and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for printers, facsimile machines and copiers with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto; installation, maintenance and repair of finishing equipment in the nature of processing apparatus for multi-function machines with copying, facsimile, scanning and printing function with function of folding, stapling, punching and laminating of printed paper and provision of information relating thereto
For Photographic, electrostatic, and thermic photocopiers; digital copiers; electrostatic copying machines; thermal and photo copiers; parts and fittings for thermal, and photo copiers, namely, equipment incorporating punching function for copiers, equipment incorporating stapling function for copiers, equipment incorporating function of folding paper for copiers, equipment incorporating sorting function for copiers, automatic manuscript feeding device for copiers, and paper feed tray for copiers; Facsimile machines; telecommunication machines and apparatus, namely, data transmitters, data receivers, mobile terminals, mobile phones, data transceivers and remote monitoring apparatus, namely, apparatus for monitoring photocopiers remotely; laser bar code, document, and image printers; ink-jet bar code and document printers; dye-sublimation printers; document, bar code, digital photo, and impact printers; parts and fittings for document, digital photo, and impact printers, namely, paper feeders for printers, equipment incorporating punching function for printers, equipment incorporating stapling function for printers, equipment incorporating function of folding paper for printers, equipment incorporating sorting function for printers, automatic manuscript feeding devices for printers, paper feed trays for printers and label printers; scanners; parts and fittings for scanners, namely, automatic manuscript feeding devices for scanners and contact image scanner sensor and maintenance kits for scanners comprised primarily of sets of replacement parts for scanners, namely, pick rollers for scanners and also including cleaning papers for scanners and liquid cleaners for scanners; multi-function machines for use in printing, copying and scanning documents and images; multi-function machines with copying, facsimile, scanning and printing function for use with documents and images; plotters; bar code and document printers with copy, facsimile, scanning function and their replacement parts and fittings; photosensitive drum for thermal and photocopiers; photosensitive drum for computer document and bar code printers; photosensitive drum for facsimile machines; photoreceptor drum for multi-function machines with printing, facsimile, copying and scanning function for use with documents and images; thermal print head for document printers and plotters; ink jet head for ink jet document printers; LED print head for document printers and plotters; Print heads for document and bar code printers and plotters; light-emitting diodes (LED); laser diodes; Lasers not for medical use; organic light-emitting diodes (OLED); semi-conductor power elements; downloadable computer software for document management and creating or document and image processing; downloadable computer software for scanning images and documents; downloadable computer software for document creating and workflow management; downloadable computer program for data processing; downloadable computer program and software for image processing; downloadable computer operating software for use with computer document printer servers; downloadable computer software for diagnostics and troubleshooting problems with photocopiers and laser document printers; downloadable computer software for digital print application development; downloadable application software for use in computer network security management, print processing, image reading, displaying data analysis result, automatic document creation, management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable application software for database management; downloadable computer operating programs for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer programs for use in management of user and customer information, expenses and login data, data processing, data analysis, data aggregation, and the management of official documents and family register information in the nature of financial, insurance, education and medical information; electronic machines, apparatus and their parts, namely,
display units for computers, electrostatic copying machines, blank electronic chip cards, integrated circuit card reader, downloadable computer programs for electronic surveillance; downloadable computer screen saver software; credit card terminals, bar code reader, electronic circuits, authentication devices, namely, Radio-frequency identification (RFID) readers; battery charging devices; projectors, namely, digital projectors, LCD projectors, multimedia projectors; paper feed trays for document printers; paper discharge trays for document printers; stacker trays for document printers; integrated circuit card generators and integrated circuit card writers; toner cartridges, unfilled; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled; personal digital assistants; downloadable electronic publications, namely, magazines, and manuals in the field of business, market research, and advertising, downloadable user manuals for printing and telecommunication devices containing application examples of devices, service information and product information related to the devices; parts and accessories for telecommunication machines and apparatus, namely, Global Positioning System (GPS) apparatus, electric installations for the remote control of industrial operations, telecommunications hardware for monitoring and managing document printers and photocopiers, namely, electronic monitoring apparatus, other than for medical purposes, login information management devices, error information management devices, expendables information management devices, network routers, wireless LAN hardware and network security devices; computers; network servers; print servers, namely, network servers; document data management servers; image data management servers; display monitors for servers; back-up power supply devices; network servers for management of device operation histories; computer hardware, namely, data storage device; data processors; Communications servers for management of expense data and login data; communications and network servers for use in management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer operating software platforms for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; recorded computer software platforms for use in management of expense data and login data; recorded computer software platforms for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; recorded computer software platforms for data processing, analysis and aggregation; optical character readers; downloadable computer operating software applications for security management devices, printers, scanners, copiers, facsimile machines, communications servers, data management devices and business information management devices; downloadable computer software applications for management of expense data and login data; downloadable computer software applications for use in the management of official documents and family register information in the nature of financial, insurance, education and medical information; downloadable computer software applications for data processing, analysis and aggregation; Computer bar code and document printers; Data processing equipment for use in management of document data, image data and business information; network servers for cloud computing; document and image data processors; document and image data capturing apparatus; downloadable and recorded computer software for processing, analyzing or archive of document data; downloadable computer software for data management; downloadable computer software for database management; downloadable computer software for document management; computer software for document management, recorded; downloadable and recorded computer software for converting document images into electronic formats

Mark Literal(s) HABANERO'S SALSA CALIENTE

CASE IDENTIFIERS
Serial Number   90744708 Application Filing Date  May 31, 2021 Registration Number   7009003
Registration Date  Mar. 28, 2023 Register  Principal Mark Type  Trademark Publication Date  Jan. 10, 2023

MARK INFORMATION
Standard Character Claim  No Mark Drawing Type  3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark  The mark consists of an orange banner with an inner green outline followed by a white outline and then an outer red outline. Within the banner is the design of a man outlined in black who is wearing a brown and black hat, a black tie, and a white shirt that is outlined in black. The man's skin is cream, and his hair, eyebrows, mustache, eyes, and mouth are black. The orange background of the banner is mixed with white directly behind the man and creates the impression of light rays. The very top of a brown and black guitar can be seen between the man's arms. Below the man is the stylized wording "Habanero's," which has a shadow. "Habanero's" in both the wording and shadow is red with a white outline and with gray and black shading around the letters. Below "Habanero's" is the stylized black wording "Salsa Caliente," which is outlined in white. At the bottom are the designs of four green peppers with gray shading thereon. The remainder of the white in the drawing represents background areas only and is not part of the mark. Color Drawing  Yes Color Claimed  The color(s) RED, ORANGE, GREEN, BLACK, WHITE, CREAM, GRAY AND BROWN is/are claimed as a feature of the mark. Disclaimer  "HABANERO'S SALSA CALIENTE" AND THE PICTORIAL REPRESENTATION OF THE PEPPERS Translation  The English translation of "SALSA CALIENTE" in the mark is "HOT SAUCE."

Mark Literal(s) ATD BUILDING PERSONAL CAPABILITY IMPACTING ORGANIZATIONAL CAPABILITY TD DEVELOPING PROFESSIONAL CAPABILITY

CASE IDENTIFIERS
Serial Number 90907112 Application Filing Date Aug. 27, 2021 Registration Number 7009314 Registration Date Mar. 28, 2023 Register Principal Mark Type Service Mark Publication Date Jan. 10, 2023

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of a circle comprised by three swirls, of which the upper swirl is green, the lower right swirl is blue, and the lower left swirl is yellow. Each swirl contains a border in a darker shade of the same color as the rest of the swirl. On the green swirl is the wording "BUILDING PERSONAL CAPABILITY" above a darker green circle in which there is a stylized profile of a human head on which is superimposed a gear or settings design, with the wording and design in white. On the blue swirl is the wording "DEVELOPING PROFESSIONAL CAPABILITY" underneath a darker blue circle in which there is a stylized representation of a human figure climbing stairs or steps, with the wording and design in white. On the yellow swirl is the wording "IMPACTING ORGANIZATIONAL CAPABILITY" above a darker yellow circle in which there is a stylized representation of a pointed flag on which are the capital letters "TD" above a representation of an ascending graph, with the wording and design in white. The white background between the swirl sections represents background, outlining, shading, and/or transparent areas and is not part of the mark. In the center of the mark is a smaller circle in white, inside of which is the lettering "ATD" in stylized form, such that the left side of the "A" is yellow and gradually fades to orange as the reader looks to the right, the left side of the "T" is orange and gradually fades to dark orange as the reader looks to the right, and the left side of the "D" is dark orange and gradually fades to red as the reader looks to the right. Color Drawing Yes Color Claimed The color(s) green, blue, white, red, and orange is/are claimed as a feature of the mark.
