Prime Life Technologies

Reg. No. 6,208,084

Registered Dec. 01, 2020

Corrected Apr. 18, 2023

Int. Cl.: 36, 37, 42

Service Mark

Principal Register

Prime Life Technologies Corporation (JAPAN Corporation)
2-16-4 Konan, Minato-ku
Tokyo 108-0075
JAPAN

CLASS 36: Acceptance of deposits, namely, securities deposit services and substitute bond issuance and acceptance of fixed interval installment deposits, namely, securities deposit services; loans financing and discount of bills; domestic exchange settlement, namely, monetary exchange; liability guarantee and acceptance of bills, namely, financial guarantee and surety; securities lending; acquisition and transfer of monetary claims; safekeeping of valuables including securities and precious metals, namely, safe deposit services; money exchange; exchanging money; trusteeship of financial futures contracts, namely, trustee services; trusteeship of money, securities, monetary claims, personal property, land, rights on land fixtures, surface rights or lease on land, namely, trusteeship representatives; agencies for bond subscriptions; foreign exchange transactions; letter-of-credit services; brokerage for hire-purchase; issue of tokens of value; agencies for collecting gas or electric power utility payments; consigned collection of payment for goods; buying and selling of securities; trading of securities index futures; trading of securities options; trading of overseas market securities futures; agencies for brokerage of securities, securities index futures, securities options, and overseas market securities futures; agencies for brokerage of entrusting agents with on-commission trading in domestic markets of securities, securities index futures and securities options; agencies for brokerage of entrusting agents with on-commission trading in overseas markets of securities and securities index futures; agencies for brokerage of forward agreement of securities, for forward agreement of securities index futures, for forward agreement of securities options, spot and forward transaction of securities index futures; brokerage for securities liquidation; securities underwriting; securities offering, namely, trading in securities; brokerage services relating to securities subscription or offering; providing stock market information; agencies for commodity futures trading; life insurance brokerage; life insurance underwriting; agencies for non-life insurance; claim adjustment for non-life insurance; non-life insurance underwriting; insurance premium rate computing; management of buildings; agency services for the leasing or rental of buildings; leasing or renting of buildings; purchase and sale of buildings; agency services for the purchase or sale of buildings; real estate appraisal; land management; agency services for the leasing or rental of land; leasing of land; purchase and sale of land, namely, land acquisition services; agency services for the purchase or sales of land, namely, real estate agencies; providing information in buildings or land real estate; antique appraisal; art appraisal; precious stone appraisal; used automobiles appraisal; financial assessment of company credit; charitable fund raising; rental of paper money and coin counting or processing machines; rental of cash dispensers or automated-teller machines

CLASS 37: Construction of buildings; construction consultancy; repair and maintenance of building equipment; shipbuilding; repair or maintenance of vessels; aircraft repair or maintenance; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stocks; repair or maintenance of two-wheeled motor

Katherine Kelly Vidal

Director of the United States
Patent and Trademark Office

vehicles; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and apparatus; repair or maintenance of photographic machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of office machines and apparatus; repair or maintenance of air conditioners; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus; repair or maintenance of electronic machines and apparatus; repair or maintenance of telephone apparatus; repair of radio receivers or television receivers; repair or maintenance of telecommunication machines and apparatus other than telephone apparatus, radio receivers and television receivers; repair or maintenance of construction machines and apparatus; repair or maintenance of consumer electric appliances; repair or maintenance of electric lighting apparatus; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments; repair or maintenance of firearms; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; repair or maintenance of shoe making machines; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of machines and apparatus for lumbering, woodworking, or veneer or plywood making; repair or maintenance of textile machines and apparatus; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus; repair or maintenance of plowing machines and implements, other than handheld tools; repair or maintenance of cultivating machines and implements; repair or maintenance of harvesting machines and implements; repair or maintenance of plant fiber processing machines and implements; repair or maintenance of fodder presses; repair or maintenance of fodder cutting machines; repair or maintenance of fodder mixing machines; repair or maintenance of fodder mills; repair or maintenance of milk filtering machines; repair or maintenance of milking machines; repair or maintenance of chick brooders; repair or maintenance of egg incubators; repair or maintenance of sericultural machines and implements; repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packaging or wrapping machines and apparatus; repair or maintenance of sewing machines; repair or maintenance of reservoirs; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of bicycle parking apparatus; repair or maintenance of industrial dishwashers; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of electric washing machines for industrial purposes; repair or maintenance of vehicle washing installations; repair or maintenance of vending machines; repair or maintenance of power-driven floor cleaning machines; repair or maintenance of amusement machines and apparatus; repair or maintenance of apparatus and instruments for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus for industrial purposes; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines; repair or maintenance of divers' apparatus; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; furniture restoration; umbrella repair; repair or maintenance of musical instruments; safe maintenance or repair; shoe repair; clock and watch repair or maintenance; sharpening of scissors and kitchen knives; setup or repair of locks; repair or maintenance of gas water heaters; repair or maintenance of nonelectric cooking

heaters; repair or maintenance of cooking pots and pans; repair or maintenance of signboards; repair of bags or pouches; repair of personal ornaments; repair of toys or dolls; repair of sports equipment; repair of billiard equipment; repair of game machines and apparatus; repair or maintenance of bath fittings; repair of toilet stool units with a washing water squirts; repair of fishing tackle; repair of spectacles; fur care and repair; laundering; pressing of clothing; clothing repair; mending clothing; fluffing of cotton batting for futon; repair of tatami mats; chimney sweeping; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; reservoirs cleaning; disinfecting of telephone hand-sets; [vermin exterminating other than for agriculture, aquaculture, horticulture and forestry;] sterilization of medical apparatus and instruments; rental of construction machines and apparatus; rental of floor cleaning machines; rental of mops; rental of car-washing apparatus; rental of electric washing machines; rental of laundry dryers; rental of spin dryers for clothes; rental of mining machines and apparatus; rental of air conditioners; repair and maintenance of 3D printers; rental of dish drying machines for industrial purposes; rental of dish washing machines for industrial purposes

CLASS 42: Scientific and technological research and testing, and design relating thereto; industrial analysis and industrial research services; design and development of computer hardware and software; computer software design; computer programming; maintenance of computer software; computer system design; configuration of computer systems; testing and research services relating to electric and electronic machines, apparatus and instruments; computer rental; providing temporary use of non-downloadable computer software for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; website design; hosting computer websites; updating of computer software; recovery of computer data; hosting and maintaining the websites of others; hosting and maintaining a website featuring technology enabling users to upload and download electronic files; hosting and maintaining a website for photo sharing featuring technology enabling users to upload, view, and download digital photos; providing non-downloadable computer software for use in digital image processing; providing non-downloadable computer software for browsing information on the Internet; electronic data storage; rental of electronic storage space on the Internet; rental of web servers; providing meteorological information; technological consultation in the technology field of computers, automobiles and industrial machines; testing and research services in the field of electricity; architectural design; computer aided designing services, other than for advertising purposes; cartography services; hosting and maintaining a website enabling users to upload and download electronic files; hosting and maintaining a website enabling users to edit photos, create photo albums and upload photos and photo albums; hosting and maintaining a website featuring technology that enables online electronic conference systems via cloud computing; computer diagnostic services; providing computer systems for remote desktop solutions through cloud computing; computer system design and installation; computer system monitoring and maintenance; technological support services relating to design, development and maintenance of computer systems; technological advice relating to equipment inspection; technological advice in the field of scientific and industrial research; technological advice relating to information security diagnosis; technological advice relating to assessment of information security vulnerability; technological * information * [advice] relating to data and information analysis; technological advice relating to cloud computing; technological advice relating to business information security and protection; * advice in the field of information technology relating to Internet of Things (IoT); advice in the field of information technology relating to machine-to-machine (M2M) communication; advice in the field of information technology relating to digital content distribution * [technological advice relating to Internet of Things (IoT); technological advice relating to machine-to-machine (M2M) communication; technological advice relating to digital content distribution;] technological advice relating to identification and authentication of persons; * advice in the field of information technology relating to payment services in electronic commerce

transactions * [technological advice relating to payment services in electronic commerce transactions;] technological * information * [advice] relating to remote video monitoring; technological * information * [advice] relating to operation and control of plant factory systems; technological * information * [advice] relating to operation and control of agricultural apparatus; technological * information * [advice] relating to management and control of plant cultivation; technological * information * [advice] relating to operation and control of water treatment systems; technological * information * [advice] relating to monitoring of air contaminants and pollutants; technological * information * [advice] relating to visualization and analysis of air flow; technological * information * [advice] relating to operation and control of autonomous-driving vehicles; design, development and maintenance of computer systems and software for remote access to computer terminals and networks; design, development and maintenance of computer systems and software for scanning, detecting and eliminating of viruses, spyware and malware; design, development and maintenance of computer systems and software for search, analysis and elimination of security incidents and access logs; design, development and maintenance of computer systems and software for assessment of information security vulnerability; design, development and maintenance of computer systems and software for data and information analysis; design, development and maintenance of computer systems and software for cloud computing; design, development and maintenance of computer systems and software for sales management; design, development and maintenance of computer systems and software for computer database searches; design, development and maintenance of computer systems and software for providing storage, archiving, backup, and management of electronic data via network connection; design, development and maintenance of computer systems and software for detecting and analyzing the presence of individuals or objects; design, development and maintenance of computer systems and software for detecting and analyzing the location, staying time and moving route of individuals or objects; design, development and maintenance of computer systems and software for computer file management; design, development and maintenance of computer systems and software for VLC (visible light communications) for the transmission of electronic data, namely, video, music, image, text and sound; design, development and maintenance of computer systems and software for Internet of Things (IoT); design, development and maintenance of computer systems and software for machine-to-machine (M2M) communication; design, development and maintenance of computer systems and software for video surveillance; design, development and maintenance of computer systems and software for text-to-speech converting; design, development and maintenance of computer systems and software for remote video monitoring; design, development and maintenance of computer systems and software for simulation of interior space design and planning; design, development and maintenance of computer systems and software for management of customer information; design, development and maintenance of computer systems and software for point-of-sales [POS] systems; design, development and maintenance of computer systems and software for operation and control of plant factory systems; design, development and maintenance of computer systems and software for operation and control of water treatment systems; design, development and maintenance of computer systems and software for monitoring air contaminants and pollutants; design, development and maintenance of computer systems and software for visualization and analysis of air flow; software as a service [SaaS] featuring software for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; software as a service [SaaS] for management and control of mobile computer or communication devices; software as a service [SaaS] for data storage management; software as a service [SaaS] for scanning, detecting and eliminating of viruses, spyware and malware; software as a service [SaaS] for data and information analysis; software as a service [SaaS] for cloud computing; software as a service [SaaS] for sales management; software as a service [SaaS] for client and customer management; software as a service [SaaS] for detecting and analyzing the presence of individuals or objects; software as a service [SaaS] for detecting and analyzing the location, staying time and moving route of individuals or objects; software as a service [SaaS] for Internet of Things (IoT) featuring software for

use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; software as a service [SaaS] for machine-to-machine (M2M) communication; software as a service [SaaS] for digital content distribution; software as a service [SaaS] for text-to-speech converting; software as a service [SaaS] for computerized production management; software as a service [SaaS] for remote video monitoring; software as a service [SaaS] for simulation of interior space design and planning; software as a service [SaaS] for simulation of lighting planning; software as a service [SaaS] for management of customer information; software as a service [SaaS] for point-of-sales [POS] systems; software as a service [SaaS] for virtual reality image processing; software as a service [SaaS] for operation and control of water treatment systems; software as a service [SaaS] for monitoring air contaminants and pollutants; software as a service [SaaS] for visualization and analysis of air flow; * analysis of computer systems for computer database performance * [analysis of computer database performance;] cloud computing featuring software for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; providing computer programs on data networks, namely, providing temporary use of non-downloadable software for web content management; consultancy relating to cloud computing; digitization of documents [scanning]; infrastructure as a Service [IaaS] featuring software for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; * maintenance of programs for the Internet servers * [control/management of computer servers] ; design, development and hosting of computer databases; electronic storage of archived data; data security services [firewalls] ; * technical verification and validation of operation of the communication network system, computer systems and computer programs * [technical verification and validation of product operation; technical verification and validation of computer networks;] technical verification and validation of computer systems; new product design services; product design and development in the field of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments; * analysis and evaluation of products development and quality management * [analysis and evaluation of products, namely, product quality evaluation] ; structural analysis and evaluation of buildings; materials testing and analysing; chemical testing, research, analysis and evaluation services; research and analysis of network connection; consultancy relating to research and development of products; technical advice and inspection services in the field of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration; computer programming consultancy; creating and maintaining web sites for others; rental of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; computer technology consultancy; providing a web hosting platform on the Internet for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; platform as a service [PaaS] featuring computer software platforms for use in the operation and management of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration services; installation of computer software; design of telecommunication machines and apparatus and radio communication machines and apparatus, and consultancy relating to such design; design and development of computer hardware; rental of memory space for servers on the Internet; rental of computer servers; rental of measuring apparatus and rental of testing machines functionality instruments; rental of measuring apparatus; rental of laboratory apparatus and instruments; rental of technical drawing instruments; engineering services relating to measuring or testing machines and instruments; design of measuring or testing machines and instruments; design and development of navigation systems; research on building construction; research on city planning; testing or research on prevention of pollution; scientific research in the field of building construction, city planning, land formation, housing, real estate, interior and exterior home decoration; conducting technical project studies, in the field of new technologies; research and development of

new products for others; testing or research on electricity; product testing and product research on machines, apparatus and instruments; testing or research on civil engineering; conducting surveys on energy consumption and providing information thereof; consultancy and provision of information in the field of energy saving and efficiency; surveying; architectural consultation and providing information in the field of architectural design; geological surveys or research; design of building interiors and exteriors; monitoring of computer systems by remote access

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 04-26-2019 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1516638 DATED 10-25-2019, EXPIRES 10-25-2029

No claim is made to the exclusive right to use the following apart from the mark as shown: "TECHNOLOGIES"

SER. NO. 79-279,609, FILED 10-25-2019

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
