**MARK INFORMATION**

- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the stylized wording "HONI SOIT QUI MAL Y PENSE" inside the border of two concentric circles, with two thin circular line borders. The words are separated by small diamonds. At the bottom of the circular border appears a belt loop with decorations of geometric figures. In the center of the circle appears a shield crest, with two chevrons, and three roses with solid centers and pointy leaf accents. Two of the roses appear at the top of the shield above the chevron with one appearing centered at the bottom under the points of the chevrons. At the top of the circle and shield design appears a bishop's hat, with the top edges, center middle vertical portion of the hat, as well as the base of the hat all appearing shaded, with a decorative ivy design appearing in the center and bottom portion of the hat. A decorative ribbon with tassels, protrudes from the bishop's hat encircling the top of the circle and appearing behind the shield. In the two side pieces of the hat on the right and left side of the center portion, appear a flower and circular sun design, with the center of the sun design being shaded. On either side of the bishop's hat appears a stylized letter "W". At the bottom of the mark, under the circle and shield design, appears a banner scroll, with the word "MANNERS" appearing on the left side of the scroll with two small diamonds on either side, and with the wording "MAKYTH MAN" appearing on the right side. The wording is separated by the belt loop from the circular shield extending downwards over the scroll. **Translation**: The English translation of "HONI SOIT QUI MAL Y PENSE" in the mark is "Shame on him who thinks evil of it".

International Registration 1660819 International Registration Date Jun. 23, 2021

GOODS AND SERVICES INFORMATION
For Chronometric instruments, namely, chronometers, clocks, tachometers, watches and speedometers; parts for watches and clocks; clock cases being parts of clocks; watch accessories, namely, watch bands made of metal and steel; clock movements; cases adapted for holding watches and wristwatches; medals and medallions International Classes 14 - Primary Classes US Classes 2, 27, 28, 50 International Class Title Jewelry

For Containers for household use and kitchen use International Classes 21 - Primary Classes US Classes 2, 13, 23, 29, 30, 33, 40, 50 International Class Title Housewares and Glass

For Musical instruments; replacement parts for musical instruments; strings for musical instruments; accessories of musical instruments, namely, stands, cases, specially adapted carrying bags and storage bags International Classes 15 - Primary Classes US Classes 2, 21, 36 International Class Title Musical Instruments

For Vehicles and conveyances, namely, land vehicles, all-terrain vehicles, light rail vehicles, trailers, railbound vehicles, airplanes, helicopters, boats, ships and space vehicles; air vehicles for transport; aircraft landing gear; parts of aircrafts, namely, structural parts, fuselages, suspension struts and engine mounts; reinforcing plates, namely, stiffeners for doors and roofs; reinforcing plates, namely, stiffeners for aircraft wings; internal combustion engines and electric motors for land vehicles; structural parts for vehicles, land vehicles, water vehicles, air vehicles and space vehicles; chassis parts, axle parts and gear parts for land vehicles; structural parts and fittings for land vehicles; undercarriages for vehicles; chassis parts, structural parts and bodyworks for motor vehicles; outer skin parts of motor vehicles, namely, automotive exterior trim; panels for vehicle bodies; hood shields as structural parts of motor vehicles; casings for components of motor vehicles, namely, transmission cases and transfer cases; building components of metal for automobile construction, namely, metal body panels,
columns and sills for vehicles; vehicle building components of press-hardened steel for automobiles, namely, body panels, roof panels, door panels and hoods for vehicle bodies; floor panels being structural components of vehicles; components, not included in other classes, of press-hardening steel for construction of automobile bodies, namely, columns, bumpers, sills, side impact protection, side-members, crossmembers and crash boxes; holders and racks being structural parts of motor vehicles for batteries and battery packs; battery trays specially adapted for motor vehicles

**International Classes** 12 - Primary Classes **US Classes** 19, 21, 23, 31, 35, 44 **International Class Title** Vehicles

**For** Powered machines for cutting, shaping or finishing of metals or other materials; metalworking machines; cutting machines for cutting metals; machines and machine tools for treatment of material and production, namely, machines for cutting lines, punching lines, creasing rules, scoring lines, rotary rules, perforation lines and combination lines; metalworking machine tools; component parts of metalworking machines, stone working machines and machines for plastics working; machine tools, namely, thread mills, end mills, milling cutters, thread milling cutters, boring tools, rolling mills, face milling heads, forming tools, core drilling bits, die-cutting tools, molding tools, taps; machines for sheet metal packaging; punching machines; forming tools, punching tools and bending tools being parts of machines; slides for presses being machine parts; follow-on punching tools being machine parts; follow-on composite tools being machine parts; plastic injection molding machines; compression molding machines; die-casting and extrusion molding machines; parts of injection molding machines, plastic injection molding machines, compression molding machines, die-casting and extrusion machines, namely, molding presses and blow pins; blow pins, casting chambers and steel bolts being parts of machines; press parts for pressing jaws and metal molds being parts of machines; blades, knives and saws blades being parts of electric machine tools; electric welding and soldering machines; electric welding devices; oxyacetylene welding machines; laser welding devices; laser welding machines; robotic welding machines; welding robots; mechanical control apparatus for welding machines and welding devices; welding machines; electrodes for welding machines; electrodes for welding machines, namely, melting electrodes for arc welding; electric motors and structural parts of motors, not for land vehicles; electric motors and structural parts of motors for watercraft, aircraft and spacecraft; electric motors for machines; drives and their structural parts for machines; drives and their structural parts for motors; machine parts and control mechanisms for the operation of machines and motors, namely, brakes, valves, switches, sensors and hydraulic, pneumatic and electronic controls in machines and motors; clutches and apparatus for power transmission other than for land vehicles; radiators for engines; bearing housings and engine cases for machines and motors other than for land vehicles; electric motors and their parts for machines and machine tools, not for land vehicles; stators being parts of machines; valves being machine parts; axles for machines; gearboxes other than for land vehicles; structural parts of generators, couplings, turbines and engines other than for land vehicles, being machines parts; electric food processors for household purposes; dish washing machines and electric washing machines for household purposes; floor cleaning machines; steam cleaning machines; structural parts of turbines and engines for vehicles for transport by air; parts of turbines for jet engines, namely, engine discs

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

**For** Furniture of metal, with or without coating; metal cabinets; desk racks, namely, storage racks; furniture fittings, not of metal; furniture parts, namely, table legs; chairs; furniture parts, namely, table extension tops; furniture racks, namely, storage racks and display racks; elements of furniture racks, namely, shelves; shelves for file cabinets
For Chemical substances, chemical materials and chemical preparations for use in industry; unprocessed artificial and synthetic resins; chemical substances for galvanization processes; chemical substances for use in metallurgy; chemical substances for metal finishing and metalworking; acids for metal pickling for industrial purposes; pickling solutions, namely, industrial chemicals for removing coatings from metals; pickling solutions, namely, industrial chemicals for removing deposits from metals; chemical compounds for use in construction; chemical compounds for use in welding and brazing; chemicals for use in welding and brazing; chemical elements for use in welding and brazing; chemicals for use in welding, namely, welding powder; tempering substances for welding; flux for welding metals; flux for soldering; chemical tempering substances for soldering; chemical sprays for protection coating against weld spatter; chemicals for use in industrial manufacturing processes, namely, degreasing preparations for use in manufacturing processes; chemicals for use in manufacturing processes, namely, for removing deposit and surface coating on metal surfaces; chemical degreasers for use in welding processes; substances for tempering metal; coating chemicals other than paints; chemical additives for the manufacture of coatings; wear-resistant chemical coatings, other than paints for use in industry; chemical additives for wear-resistant chemical coatings; chemical substances as additives to asphalt

For Advertising, marketing and promotional services; advertising and public relations; sales promotion; advisory services in the field of advertising, marketing and promotional consultancy; commercial business support services, namely, commercial business management; negotiation of commercial transactions for third parties; procurement of steel, stainless steel, building materials and building elements of steel, semi-finished products of metal and stainless steel, profile sections for building and construction, sheet metal and shaped parts of metal or steel and stainless steel, bands, coils and strips of metal and steel and stainless steel, rails of metal, metal hardware, water pipes of steel, parts of oil pipelines and gas pipelines, vehicle parts and automobile parts, metal in powdered form as well as welding material and soldering material on behalf of other companies; business assistance, management and administration services; accountancy, book-keeping and business auditing; administrative data processing services; business consultancy; human resources management and personnel recruitment services; providing office functions services; payroll preparation; rental of office machinery; business project management services for construction projects; operational business assistance to companies; business data analysis, business research and business information services; analyzing and compiling of business data; wholesale store services featuring steel, stainless steel, semi-finished products of metal and stainless steel, sheet metal and shaped parts of metal or steel and stainless steel, bands, coils and strips of metal and steel and stainless steel, rails of metal, metal hardware, vehicle parts and automobile parts, metal in powdered form as well as welding material and soldering material; wholesale store services featuring building materials and building elements of metal; consultancy on the organization and management of companies that work to accomplish decarbonization of industrial plants and metallurgical plants
For Building construction, maintenance, repair and demolition services; construction, maintenance, repair of pipelines; building construction supervision; construction consultancy; construction of railways and consultancy in the field of railway construction; installation of building scaffolds, working platforms and building platforms; warehouse construction, and repair; road construction and consultancy services in the field of road construction; construction of civil engineer structures on agricultural land; construction project management services; refurbishment of industrial plant buildings; installation of industrial plant buildings; installation of shelving; installation, maintenance and repair of computer hardware and telecommunication devices; construction, installation, maintenance and repair of industrial plant buildings and metallurgical plant buildings; construction, installation, maintenance and repair of facilities for decarbonization of industrial plants and metallurgical plants and consultancy services related thereto; installation, maintenance and repair of machine tools for processing and treatment of metal; installation, maintenance and repair of welding machines and welding devices

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

For Downloadable and recorded sensory software to monitor and control factory manufacturing processes and for controlling networked devices in the internet of things; downloadable and recorded software for data processing; downloadable and recorded software and software applications for mobile devices for data processing; downloadable and recorded software for business technology for data processing; downloadable and recorded software for science, manufacturing and civil engineering for data processing; downloadable and recorded software for controlling industrial processes; electronic components for computers; computer cases; cases for electrical apparatus, namely, cases for electrical power supplies and computer network servers; cases for batteries and battery packs; electric control devices for welding machines and soldering machines; downloadable and recorded software for controlling welding machines and soldering machines; electronic devices for monitoring welding machines and soldering machines; electric power distribution units; AC/DC power converters; electrical power supplies; electronic power supplies for welding devices and welding machines; regulated electrical power supply apparatus for arc welding methods; welding transformers; electrical rectifiers; inverters for power supply devices; safety clothing for protection against accident or injury; protective helmets for welders; welding masks; protective goggles; protective industrial visors for the protection of welders; safety work gloves for protection against accident or injury; protective footwear for the prevention of accident or injury

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

For Metal treating; metal stamping; hardening of metals; metal casting; refining of metals; tempering of metals; metal treatment, namely, forging of metal goods to the order and specification of others; metal treatment by means of metalworking machines; parts molding; treatment of metal parts to harden the surface using physical and chemical vapor deposition methods; build-up welding, laser build-up welding and plasma treatment of surfaces, namely, metal treatment; build-up welding of components and tools; laser build-up welding of components and tools; production of 3D prints from metal and steel, namely, 3D printing for others; metal finishing; forming of metal, namely, treatment of metal; shaping of metal components, namely, treatment of metal; metallurgical smelting, namely, metal melting services; metal finishing services for others; treatment of metal parts to prevent corrosion; heat treatment of metals; heat treatment of metal surfaces; heat treatment of steel; heat treatment of pipes and tubes of metal; metal treatment, namely, plating and laminating of metal panels, metal bands, metal parts and metal goods for corrosion protection; metal treatment, namely, passivation of metal panels, metal bands, metal parts
and metal goods for corrosion protection; applying conductor traces in the nature of a coating on the surface of the metal articles, sheets, as well as on bands of metal and steel, plates of metal and steel, foils of metal and steel, by printing; surface treatment of metal goods; coating company services, namely, treatment of metal; application of wear-resistant coatings on metal surfaces, goods of metal, machine components and tools; welding; soldering of metal; brazing, namely, metal melting services; rental of welding equipment; rental of welding machines; recycling and waste treatment; recycling of metals; custom manufacture of metal goods, namely, building materials and building elements of metal, semi-finished products of metal, profile sections for building and construction, sheet metal and shaped parts of metal, bands, coils and strips of metal, rails of metal, water pipes of metal, parts of oil pipelines and gas pipelines, metal hardware, tools for machine tools, vehicle parts and automobile parts; transformation of metal for decarbonized steel production, namely, metal treatment

**International Classes**  40 - Primary Classes **US Classes**  100, 103, 106 **International Class Title**  Material Treatment

**For**  Hand-operated implements and tools for treatment of material as well as for construction, repair and maintenance work, namely, hand-operated cutting tools, saws, scissors, miter cutters, milling cutters, grooving tools, sharpening tools and instruments, planers, rasps, reamers, wrenches, chisels, sheet-metal shrinking and stretching devices, hand benders for use on pipes and conduits; hand-operated sharpening tools and instruments; dies for use with hand operated tools; drill bits for hand drills; punches being hand tools; household knives; hobby knives; utility knives; razor knives; cutlery made of stainless metal for cutting, namely, metal-cutting wrenches, saws and scissors; blades for knives and saws; hand saws; blades for hand saws; hand operated shears for cutting metal; knife steels; punching knife steels

**International Classes**  8 - Primary Classes **US Classes**  23, 28, 44 **International Class Title**  Hand Tools

**For**  Scientific and technological services, namely, scientific research, analysis and testing in the field of production and treatment of metal and steel; engineering services, namely, civil engineering, plant engineering and engineering design services and structural engineering design services; industrial research in the field of building construction and consulting services in the field of industrial engineering; engineering and industrial research in the field of production and treatment of metal and steel; scientific and technological research in the field of welding and soldering machines; engineering services, namely, engineering for the metal forming installations industry; engineering services, namely, engineering design services for the design of machinery and machine tools; engineering design services for the design of tools and components; design of computer-simulated models for the simulation of tools and components in production cycles or under operating conditions; metallurgical analysis; scientific research relating to metals; development of coatings for metals, namely, product development; development of industrial processes in the field of manufacturing processes; product testing; quality control for others; IT programming services, namely, programming of computer software for others; information technology [IT] consulting services; design and development of computer hardware; software design, development, programming and implementation; rental of computer hardware and data center facilities; industrial design services; computer software and computer hardware design services; construction drafting; planning and design of metal processing facilities; design of vehicles, vehicle parts and their components; design services, namely, design of metal-working tools; design of industrial plants; scientific and technological research in the field of decarbonization

**International Classes**  42 - Primary Classes **US Classes**  100, 101 **International Class Title**  Scientific and computer services
For building materials for metal and building elements of metal, namely, plates, building panels, cladding of metal for building; building flashing, ceiling panels, floor panels, ceiling boards, floor boards, wall panels, wall tiles, architectural columns, porches, window sills, door sills, beams, pillars and brackets, trim, wall framing, partitions, wall linings, reglets; reinforcement materials of metal for construction of building; construction elements made of metal, namely, fabricated metal components for building foundations; steel sheets for building purposes; construction elements made of metal, namely, supports, braces, piles, drains; construction elements made of metal, namely, fabricated metal components for building foundations; castings of metal for building purposes; steel forgings; track construction material of metal, namely, metal rails and railway sleepers of metal; rails of metal; material of metal for railway construction; railway points of metal and steel; transportable buildings of metal; modular metal structures for agricultural, commercial or industrial storage; structure joint connectors of metal; ladders and scaffolding, of metal; metal scaffolding for facades; metal facade panels and metal for buildings; pipes, tubes and hoses, and fittings thereof of metal and steel; valves of metal, other than parts of machines; metal pipe muffs; mechanical fastening elements of metal, metal pipe collars; branching pipes of metal; couplings of metal for pipes; metal water pipes; pipes of metal, for central heating installations; steel pipes for gas and oil transfer; ground tubes of steel; fittings of metal for pipes; branching pipes of metal; clips of metal for pipes; metal pipe connectors; metal valves for controlling the flow of gases in pipelines; metal pipe couplings; branching pipes, connectors and junctions for oil pipelines or gas pipelines; ducts of metal for gas pipelines; metal drill pipes for use in oil and gas drilling; metal drill pipes for use in well boring; drill pipe attachments, namely, metal drill collars; metal valves for controlling the flow of gases in pipelines; penstock pipes of steel; manifolds of metal for pipelines; drill strings for oil fields; pipe strings of metal for the transport of crude oil or natural gas; metal pipe fittings for oil pipelines or gas pipelines; steel constructions, namely, prefabricated platforms and building wall framing; framework of metal for building and constructions; steel frames for construction purposes; frames of metal for building; structural platforms and supporting structure of metal, namely, metal scaffolding; doors, gates and windows of metal; metal window trims, metal window frames and metal window casements; awnings of metal in the nature of building materials; metal building materials, namely, roofing sheets; metal containers for storage or transport; wrapping or binding bands of metal; unwrought or semi-wrought common metals; ores of metal; iron ores; iron ore in brick shape; metal in powdered form, namely, common metals and their alloys used in manufacturing; steel in powdered form for use in manufacturing; steel; steel alloys; stainless steel; common metals and their alloys; metal profiles and profiled metal sections made of steel, iron, nickel, titanium and other metals and their alloys; sheets and bands of common metals and their alloys; steel strip; slit strips and coiled bands of common metals and their alloys; steel sheets, blanks of steel sheet as components for automobile construction; steel and stainless steel in the form of strips; steel and stainless steel in the form of bands; steel and stainless steel in the form of coiled bands; steel sheets; steel sheets for automobile construction; steel panels for use in further manufacture of components for automobile construction; iron and steel for use as raw materials for automobile parts; metal alloy forgings; open-die metal forgings and die-forged metal parts; hollow steel bars, steel in the form of bars; bright steel; ironmongery of metal for building purposes, namely, rollers, rails, cables, carriers, pins, hooks, locks, buckles, spring buckles, clips, brackets and screws; metal castings; extruded semi-finished articles of steel; non-electric cables, wires and chains, of metal; wire rope; nuts, bolts and threaded fasteners; metal fasteners for scaffolds; door and window fasteners of metal; mechanical fastening elements of metal; structure joint connectors of metal; metal hinges, metal strap hinges and metal hinge clamps; furniture fittings of metal; shelving frames of metal for storage racks, namely, frames of metal for building; steel frames for building; metal structures for commercial or industrial storage; high-bay warehouse, namely, prefabricated metal
buildings; welding and soldering wire of metal; welding wires as welding auxiliaries; filled welding wires, namely, cored wires; welding wires with flux core; welding and soldering rods; welding rods of metal with flux coating; sheets of metal not of precious metal for welding; welding steel; strips of metal as welding material; common metal powder for welding, namely, common metal powders used in manufacturing; soldering material, namely, alloys and bars of common metal as soldering auxiliaries; soldering material, namely, hard solder and soft solder; all of the above being made in an environmentally friendly way

and analyzing data in real time from medical probes, sensors, and imaging apparatus being part of the surgical devices and instruments; recorded computer software for use in preparation for, performance of, real-time analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer software for use with medical imaging apparatus and probes for use in preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer software for use in selecting and positioning of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer software for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; recorded computer software for use with medical imaging apparatus and probes for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; recorded computer simulation software for pre-operation modelling of patient anatomy and surgery; recorded computer simulation software for post-operation modelling of patient anatomy, results, effectiveness, and durability; recorded computer simulation software for modelling of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded virtual reality computer software for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery training; recorded computer programs for controlling and managing patient medical information; recorded computer programs for processing digital images of the anatomy for diagnosis and treatment; recorded computer programs for use with surgical devices and instruments for medical teaching, processing and displaying images on ultrasound medical imaging machines, operating medical imaging apparatus, for controlling and managing patient medical information, and for recording, monitoring, and analyzing data in real time from medical probes, sensors, and imaging apparatus being part of the surgical devices and instruments; recorded computer programs for use in preparation for, performance of, real-time analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer programs for use with medical imaging apparatus and probes for use in preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer programs for use in selecting and positioning of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded computer programs for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; recorded computer programs for use with medical imaging apparatus and probes for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; recorded computer simulation programs for pre-operation modelling of patient anatomy and surgery; recorded computer simulation programs for post-operation modelling of patient anatomy, results, effectiveness, and durability; recorded computer simulation programs for modelling of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; recorded virtual reality computer programs for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery training; downloadable computer software for controlling and managing patient medical information; downloadable computer software for processing digital images of the anatomy for diagnosis and treatment; downloadable computer software for use with surgical devices and instruments for medical teaching, processing and displaying images on ultrasound medical imaging machines, operating medical imaging apparatus, for controlling and managing patient medical information, and for recording, monitoring, and analyzing data in real time from medical probes, sensors, and imaging apparatus being part of the surgical devices and instruments; downloadable computer software for use in preparation for, performance of, real-time analysis during, and post-operation verification of orthopedic surgery, arthroplasty,
general surgery, reconstructive surgery, and spinal surgery; downloadable computer software for use with medical imaging apparatus and probes for use in preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable computer software for use in selecting and positioning of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable computer software for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; downloadable computer software for use with medical imaging apparatus and probes for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; downloadable computer simulation software for pre-operation modelling of patient anatomy and surgery; downloadable computer simulation software for post-operation modelling of patient anatomy, results, effectiveness, and durability; downloadable computer simulation software for modelling of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable virtual reality computer software for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery training; downloadable Software as a Medical Device (SaMD) for use as a medical instrument for use in orthopedic surgery, general surgery, and spinal surgery; downloadable Software as a Medical Device (SaMD) for use as a medical instrument for use in knee arthroplasty, orthopedic spine surgery, hip replacement surgery, shoulder reconstructive surgery, hand reconstructive surgery, and foot reconstructive surgery; downloadable Software as a Medical Device (SaMD) for researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; downloadable software for recording and analyzing real-time surgical data to predict effectiveness and results of orthopedic surgery, general surgery, and spinal surgery; downloadable software for recording and analyzing real-time surgical data to predict effectiveness and results of knee arthroplasty, orthopedic spine surgery, hip replacement surgery, shoulder reconstructive surgery, hand reconstructive surgery, and foot reconstructive surgery; downloadable mobile applications for controlling and managing patient medical information; downloadable mobile applications for processing digital images of the anatomy for diagnosis and treatment; downloadable mobile applications for use with surgical devices and instruments for medical teaching, processing and displaying images on ultrasound medical imaging machines, operating medical imaging apparatus, for controlling and managing patient medical information, and for recording, monitoring, and analyzing data in real time from medical probes, sensors, and imaging apparatus being part of the surgical devices and instruments; downloadable mobile applications for use in preparation for, performance of, real-time analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable mobile applications for use with medical imaging apparatus and probes for use in preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable mobile applications for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; downloadable mobile applications for use with medical imaging apparatus and probes for use in researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; downloadable database management software for general use; recorded database management software for general use; recorded computer programs for patient data management; downloadable computer programs for patient data management; downloadable software for the transmission of data; downloadable software for the transmission of information; downloadable computer software platforms
for application development, web hosting, and database management; recorded computer software platforms for application
development, web hosting, and database management; downloadable computer software platforms for controlling and
managing patient medical information; recorded computer software platforms for controlling and managing patient medical
information; downloadable computer software platforms for processing digital images of the anatomy for diagnosis and
treatment; recorded computer software platforms for processing digital images of the anatomy for diagnosis and treatment;
downloadable computer software platforms for use with surgical devices and instruments for medical teaching, processing and
displaying images on ultrasound medical imaging machines, operating medical imaging apparatus, for controlling and
managing patient medical information, and for recording, monitoring, and analyzing data in real time from medical probes,
sensors, and imaging apparatus being part of the surgical devices and instruments; recorded computer software platforms for
use with surgical devices and instruments for medical teaching, processing and displaying images on ultrasound medical
imaging machines, operating medical imaging apparatus, for controlling and managing patient medical information, and for
recording, monitoring, and analyzing data in real time from medical probes, sensors, and imaging apparatus being part of the
surgical devices and instruments; downloadable computer software platforms for use in preparation for, performance of, real-
time analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive
surgery, and spinal surgery; recorded computer software platforms for use in preparing for, performance of, real-time
analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery,
and spinal surgery; downloadable computer software platforms for use with medical imaging apparatus and probes for use in
preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general surgery,
reconstructive surgery, and spinal surgery; recorded computer software platforms for use with medical imaging apparatus and
probes for use in preparation for, performance of, and post-operation verification of orthopedic surgery, arthroplasty, general
surgery, reconstructive surgery, and spinal surgery; downloadable computer software platforms for use in selecting and
positioning of medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery,
reconstructive surgery, and spinal surgery; recorded computer software platforms for use in selecting and positioning of
medical implants, prosthetics, and their parts for orthopedic surgery, arthroplasty, general surgery, reconstructive surgery,
and spinal surgery; downloadable computer software platforms for use in researching, treating, diagnosing, monitoring, and
examining musculoskeletal and neurological diseases and disorders; recorded computer software platforms for use in
researching, treating, diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders;
downloadable computer software platforms for use with medical imaging apparatus and probes for use in researching, treating,
diagnosing, monitoring, and examining musculoskeletal and neurological diseases and disorders; recorded computer software
platforms for use with medical imaging apparatus and probes for use in researching, treating, diagnosing, monitoring, and
examining musculoskeletal and neurological diseases and disorders; downloadable artificial intelligence software, namely,
computer software using artificial intelligence for assistance with and optimization of preparation for, performance of, real-
time analysis during, and post-operation verification of orthopedic surgery, arthroplasty, general surgery, reconstructive
surgery, and spinal surgery; recorded artificial intelligence software, namely, computer software using artificial intelligence for
assistance with and optimization of preparation for, performance of, real-time analysis during, and post-operation verification
of orthopedic surgery, arthroplasty, general surgery, reconstructive surgery, and spinal surgery; downloadable artificial
