United States Patent and Trademark Office

Reg. No. 6,541,638

Registered Nov. 02, 2021

Corrected Sep. 05, 2023

Int. Cl.: 7, 9

Trademark

Principal Register

BMTS Technology GmbH & Co. KG (GERMANY LIMITED PARTNERSHIP)
Löwentorstr. 78
70376 Stuttgart
FED REP GERMANY

CLASS 7: Motors and engines, except for land vehicles, and parts therefor; engines having motors with an electrically assisted turbocompressor, in particular for motor vehicles; machine coupling and transmission components, except for land vehicles, and parts therefor; compressors for machines; air compressors; compressors for gases, in particular electrically assisted compressors for gases, in particular turbocompressors, exhaust gas turbo compressors, high-performance turbocompressors, electrically assisted turbocompressors; parts of air compressors and compressors for gases, in particular of turbocompressors, exhaust gas turbocompressors, high-performance turbocompressors and electrically assisted turbocompressors, in particular flow-guiding devices, housings, parts of housings, rotors, valves, pressure regulators, compressor wheels, turbine wheels, oil pumps, shaft bearings, in particular plain bearings or hydrodynamic plain bearings; turbines, in particular with electric generators; electric motors for machines, in particular for air compressors; compressors for gases, in particular turbocompressors, exhaust gas turbocompressors, high-performance turbocompressors; electricity generators for machines; waste heat recovery systems, in particular for motor vehicles, namely, electric power generators using waste heat; parts of waste heat recovery systems, in particular heat exchangers, turbines, other than for land vehicles, and electric generators

CLASS 9: Measuring, signalling, detecting, testing and inspecting apparatus and instruments, namely, pressure sensors, electric sensors, coolant-temperature sensors, oil level sensors, and gas sensors for measuring gas concentration; apparatus and instruments for recording, transmitting, reproducing or processing data; recorded and downloadable digital media, computer software, computers and computer peripheral devices for use in data processing and regulating turbocompressors; accumulators; electric regulation apparatus, namely, control valves for regulating the flow of gases and

Director of the United States
Patent and Trademark Office

liquids for compressors for gases, in particular for use with electrically assisted compressors for gases, in particular turbocompressors, exhaust gas turbocompressors, high-performance turbocompressors, electrically assisted turbocompressors; regulation apparatus, namely, control valves for regulating the flow of gases and liquids for turbines, in particular for use with electric generators; regulation apparatus, namely, control valves for regulating the flow of gases and liquids for waste heat recovery systems; downloadable computer software for compressors for gases, in particular electrically assisted compressors for gases, in particular turbocompressors, exhaust gas turbocompressors, high-performance turbocompressors, electrically assisted turbocompressors; downloadable computer software for turbines, in particular with electric generators; downloadable computer software for waste heat recovery systems * ; all the aforementioned goods in this class only in connection with gas compressors, namely, turbo compressors, exhaust gas turbo compressors, high performance turbo compressors, electrically assisted turbo compressors *

PRIORITY DATE OF 01-30-2020 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1559832 DATED 07-24-2020,
EXPIRES 07-24-2030

SER. NO. 79-297,783, FILED 07-24-2020

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
