For Chemical processing equipment, namely, distillers for chemical processing; installations for chemical processing, namely, heat exchangers for chemical processing; recuperators for chemical processing; evaporators for chemical processing; steamers for chemical processing; drying apparatus for chemical processing; heat exchangers, other than parts of machines; heat exchangers for chemical processing; tube heat exchangers, other than parts of machines; shell heat exchangers, other than parts of machines; flushing apparatus, namely, flushing toilet tanks, flush levers for vacuum toilets and urinals, flush levers, flush handles for toilets; cooling installations and machines, namely, cooling installations for water, cooling units for industrial purposes; carbonizing furnaces for industrial purposes; thermal treatment furnaces; thermal fluid heaters for industrial purposes; thermal incinerators; biological reactors for clarifying industrial effluents, namely, for the treatment of wastewater; bioreactors for gas-solids reactions for the treatment of wastewater; bioreactors for use in the treatment of wastewater; water filtering apparatus; air filtering installations; mechanisms for controlling fluid level in water purification tanks, namely, level control valves; level control valves in tanks, namely, regulating accessories for water supply in the nature of metered valves; apparatus and equipment for water supply and sanitary purposes, namely, sinks, toilets; vacuum toilets; vacuum urinals being sanitary fixtures; parts and fittings for vacuum toilets and vacuum urinals, namely, toilet bowls, toilet seats, toilet seat lids, flush levers, flushometers; vacuum operated or vacuum enhanced sewage, water or liquid collection, transportation and treatment systems, installations, and plants, and inseparable components thereof, comprised of toilets, discharge valves for toilets, grey water valves, faucets, grease traps, floor drains, blowers, air and liquid ejectors, vacuum pumps, water filters, additive injectors for disbursing solids and liquids for purification and sterilization purposes, sluices, waste water treatment storage tanks, separators for the cleaning and purification of liquids, and controllers and monitoring units incorporated therein; vacuum operated and vacuum enhanced sewage, water or liquid collection, transportation and treatment systems, installations and plants comprised of toilets, flushometer valves, and toilet tanks; waste disposal incinerators; purification installations for waste material; heating apparatus for use in the treatment of waste; water and wastewater treatment installations, namely, bioreactors and reverse osmosis desalinators for use in the treatment of water and wastewater, sustainable onsite water recycling and wastewater treatment systems; water and wastewater purification units; water and waste water treatment tanks for industrial purposes; apparatus for dehydrating food waste; pressure supervision apparatus, namely, pressure regulators for water installations; plumbing fittings, namely, pressure relief valves for water pipes and water apparatus; plumbing fittings, namely, safety valves for water apparatus in the nature of vacuum release safety valve for flow shutoff in water tanks, water control valves for faucets; ballast water treatment systems comprised of UV reactors and water filtration units; control systems comprised of level controlling valves in water treatment tanks for ballast water treatment systems; water desalinating apparatus utilizing reverse osmosis for the generation of freshwater; desalination units; fresh water generation and treatment systems comprised of reverse osmosis units, water treatment unit for aerating and circulating water; hot water installations, namely, hot water tanks; structural replacement parts and fittings for the aforesaid goods; all of the aforementioned goods to be used in the field of waste and waste water collection and treatment solutions, including vacuum toilets, for the marine and offshore oil and gas industries, as well as in the field of hydrothermal carbonization, as well as in the field of waste water collection and treatment in the building industry, as well as waste treatment in the building industry
**Environmental Control Apparatus**

For: Repair, installation and maintenance of vacuum toilets and of water, waste and wastewater treatment apparatus and equipment; repair, installation and maintenance of electrodes, anodes, cathodes, copper electrodes, aluminium electrodes, electric fuses, electric fuse wire, electric switches, antifouling and impressed current cathodic protection anodes, titanium anodes, and impressed current cathodic protection and reference electrodes; repair, installation and maintenance of corrosion protection and marine growth preventing systems; repair, installation and maintenance of wind turbines and control apparatus for wind turbines; repair, installation and maintenance of desalination systems; installation and maintenance of electric control panels for use on ships and on other installations employing seawater for coolant or ballast to render the seawater non-corrosive through electrolytic action; installation and maintenance of reverse osmosis desalinators; installation and maintenance of fresh water generation and treatment systems; installation and maintenance of hull corrosion prevention systems; installation and maintenance of marine pipework antifouling systems; installation and maintenance of hot water systems for yachts and marine vessels; construction of hydrothermal installations being hydrothermal energy plants for waste and wastewater treatment; maintenance and repair of energy generating installations; all of the aforementioned services to be used in the field of waste and waste water collection and treatment solutions, including vacuum toilets, for the marine and offshore oil and gas industries, as well as in the field of hydrothermal carbonization, as well as in the field of waste water collection and treatment in the building industry, as well as waste treatment in the building industry.

**Construction and Repair**

For: Pressure measuring apparatus; filling level detectors; electronic control and monitoring systems comprised of electric control panels, touchscreen monitors, and water meters for machines and apparatus for the collection and treatment of water, waste and wastewater; electronic control and monitoring systems comprised of electric control panels, touchscreen monitors, and computers for machines and apparatus for use in corrosion protection, marine growth prevention, ballast water management and fresh water generation; computer hardware and recorded computer software for collecting and managing data and information for use in water, waste and wastewater collection and treatment as well as in corrosion protection, marine growth prevention, ballast water management and fresh water generation; electrodes; anodes; cathodes; copper electrodes; aluminium electrodes; electric fuses; electric fuse wire; electric switches; antifouling and impressed current cathodic protection anodes; titanium anodes; impressed current cathodic protection and reference electrodes; impressed current cathodic protection devices being anodes, cathodes, and electrodes; cathodic anti-corrosion apparatus being anodes, cathodes, and electrodes; cathodic protection apparatus in the nature of anodes, cathodes, and electrodes to prevent marine growth; cathodic hull corrosion prevention apparatus in the nature of anodes, cathodes, and electrodes for marine use; elliptical anodes; electric control panels; electric control panels for use on ships or on other installations employing seawater for coolant, or ballast to render the sea water non-corrosive through electrolytic action; electronic control systems for desalination apparatus; structural replacement parts and fittings for the aforesaid apparatus; all of the aforementioned goods to be used in the field of waste and waste water collection and treatment solutions, including vacuum toilets, for the marine and offshore oil and gas industries, as well as in the field of hydrothermal carbonization, as well as in the field of waste water collection and treatment in the building industry, as well as waste treatment in the building industry.
